Gentlemen — For years I have been a great sufferer from Dyspepsia, and could get no relief (having tried everything which was recommended) until, acting on the advice of a friend, who had been benefited by BROWN'S IRON BITTERS, I tried a bottle, with most surprising results. Previous to taking BROWN'S IRON BITTERS, everything I ate distressed me, and I suffered greatly from a burning sensation in the stomach, which was unbearable. Since taking BROWN'S IRON BITTERS, all my troubles are at an end. Can eat any time without any disagreeable results. I am practically another person. Mrs. W. J. FLYNN,
30 Maverick St., E. Boston.

BROWN'S IRON BITTERS acts like a charm on the digestive organs, removing all dyspeptic symptoms, such as tasting the food, Belching, Heat in the Stomach, Heartburn, etc. The only Iron Preparation that will not blacken the teeth or give headache.

State Prison Birds Singing.

There is quite an insurrection in the Massachusetts state prison, the first account of it being as follows:

The convicts at the state prison so misbehaved themselves on the night before the 4th by shouting in their cells for hours, that they were denied all privileges on Tuesday, being confined to their cells instead of being allowed several hours of freedom for conversation and recreation. Delicacies sent in by friends were also kept from them, and as a result the yelling was repeated on the night of the 4th. This misconduct is in spite of the fact that the warden has lately increased from twenty-six to 108 the number of periodicals which the prisoners may receive and read, and allows writing and visits from friends once every two months instead of every three months.

On Wednesday morning they made so much noise that people living half a mile away heard them. They were locked in their cells all day, and work has been suspended. About three-fourths of the convicts share the dissatisfaction, and they declare boldly that they will not do another hour's work until the holiday favor is granted. They have loudly cheered for Ex-Warden Chamberlain and Chaplain Barnes, and have called Warden Earle hard names. Wednesday morning they began to smash up the furniture in their cells, and it is thought that they have damaged the furniture and prison property to the amount of $5,000.

It is safe to suppose that under the administration of Ex-Warden Chamberlain the hundreds of depraved ruffians in the prison would not have attempted to "run the machine"—and it is certain that if they had tried it they would have failed. Such an insolent defiance of discipline is what might certainly be anticipated when a lot of morbid sentimentalists—such as the "Rev." Burnham Wardwell and his followers — are allowed to dictate the management of the prisons, and to dismiss any official who shall dare to use force to compel obedience to the rules on the part of rebellious murderers and thieves.

Two dories and portions of a wrecked fishing vessel, supposed an American, were picked up near Bay of Bulls, Newfoundland, on the 1st inst. It is supposed that the vessel was lost with all hands.

A three-year-old child of James Mellen, of Quincy, Mass., died on the 5th from injuries received the previous day through its clothing being set on fire by a cracker.

Mrs. Loton Reed of Boston, a young married lady of social prominence, died a few days ago from the effects of chloroform carelessly administered by Dr. R. A. Kinlock.

Lamb Broth.

Take six shanks, well broken, and put them in three pints or more (according to their size) of cold water. Add a few cloves and a little of the green of an onion top or a young onion, and a little rice. When sufficiently cooked, boil in it one dessert spoonful of Sea Moss Farine and a piece of butter.

At Rockland, Me., on the night of the 3d inst., when the boys began to celebrate, a young man named James Campbell engaged in a scuffle with Alonzo Nash for possession of a gun. In the course of it the gun was discharged, with the muzzle pressed against Campbell's stomach, and the wound inflicted will probably prove fatal.

At Taunton, Mass., on the 4th, Daniel Flavin, aged fourteen years, had his left hand badly lacerated by a toy pistol, and is in a precarious condition.

A Beneficent Action.

The miserable looks and feelings of those confined at desks or work-tables, are caused by weak stomach, kidneys or bowels. Parker's Ginger Tonic without intoxicating has such a beneficent action on these organs and so cleanses the poisonous matters from the system, that rosy cheeks and good health are soon brought back again.—*Express.*

Henry Chapin and Milton Patten of Monson, Me., were drowned accidentally by the upsetting of their boat while fishing, on the 4th inst.

Found at Last.

An agreeable dressing for the hair, that will stop its falling, has been long sought for. Parker's Hair Balsam, distinguished for its purity, fully supplies this want.

Bridget Finnegan of New York city is called the "champion stray woman." She is reputed to be 103 years old, and she gets lost on an average four or five times a week. In consequence her face is familiar at police stations.

Is He Your Friend!

Is the family doctor your friend? How many unnecessary visits does he make you? How many days does he keep you sick that you ought to be at your work, and so doing how many hard earned dollars does he extort from you. Would it not be better for you to place your trust in Sulphur Bitters? Try them, they will be a true friend. Saving you a long sickness and a large bill which you have hitherto paid to some avaricious doctors. —*Editor State Journal.*

The barque Edline, from New York for Norway, with oil, struck an iceberg June 13th, on the Grand banks, and sank. Her crew, thirteen in number, were picked up by a fishing schooner after being four days in their boat, and were landed at Gloucester, Mass., on the 5th inst.

The best preventive of fever and ague and all miasmatic diseases is Wheat Bitters. One trial will prove this. Sold by all druggists.

Howard Cahell, aged seventeen years, of South Boston, attempted suicide in his bed on the 5th inst., by shooting himself in the side of the head. He is not expected to recover.

How to mitigate the toil of wash day during these hot summer months is worth knowing; we are assured that James Pyle's Pearline does it effectually, without the slightest danger to the finest fabrics.

Gaspard Sullivan, aged ten years, hammered a cartridge with a stone, in Boston on the 5th inst., to make it explode. The ball struck him in the mouth, inflicting a dangerous wound.

"An Odd Street Scene."

He was seen in front of the office rubbing himself against the telegraph post like a flea-bitten dog. "What is wrong?" we ventured to ask. "Gotem, 'gent,'" he said laconically; have 'em every spring, small lumps form about the rectum; sore to the touch; they itch like blazes; "a telegraph pole's like an oasis in the desert to me." Here then, was poor humanity suffering from a complaint which a few applications of Swayne's Ointment for itching piles, would have thoroughly eradicated.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self cure, which he will send FREE to his fellow-sufferers, address J. H. REEVES, 43 Chatham St., N. Y.

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. [Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

Robeson's Naval Appropriation Bill.

This bill was before the house (in committee of the whole) on the 5th inst.

Mr. Robeson moved, as an additional section to the bill, a provision that officers of the navy may be required to perform such duties at the navy yards and stations as are now performed by civil employes, and that no officer of the navy shall be employed on shore duty except when the secretary of the navy shall determine that such employment is required by the public interests, and shall so state in the order of employment; and that all other officers who are not at sea shall be put on leave of absence or waiting orders, or on furlough, as the secretary may direct. After discussion, the amendment was adopted.

Mr. Reed, of Maine, offered an amendment providing that naval constructors and assistant naval constructors may be appointed from civil life. Adopted.

On the rising of the committee, the house without taking action on the amendments adjourned.

On the 6th the house adopted the amendments agreed upon in committee of the whole, and passed the bill by a vote of 119 to 75.

Naval Affairs.

Boatswain Henry P. Grace is detached from the gunnery ship Minnesota, and placed on waiting orders.

Leave of absence has been granted to Paymaster Edward May, for three months.

Passed Asst. Engineer Tobin has submitted to the engineer-in-chief his report on his trip to Glasgow, Scotland, where he was sent last year to obtain information about vessels of war for the advisory board.

Commodore Earl English, chief of the bureau of equipment and recruiting, was on the 26th of June appointed by the president to perform, in addition to his present duties, those of acting chief of the bureau of yards and docks during the absence of Rear Admiral Nichols.

Some time since Commander Gorringe addressed a letter to the New York chamber of commerce relative to the advisability of abolishing the Brooklyn navy yard. He has recently been advised by Secretary Chandler that if he has any opinions on the topic that the proper place to submit them is to his superiors.

It is said that the Hartford, Capt. C. C. Carpenter commanding, is to be made the flagship of the North Atlantic squadron, and that the Tennessee will be sent to the Pacific station to relieve the Pensacola.

Some time ago certain grave charges were made against the character of the Chinese empress by Commodore Shufeldt, and were published by Ex-Senator Sargent during the recent agitation over the Chinese bill. These charges have been brought to the attention of the Chinese authorities, and have aroused much indignation. Secretary Chandler has ordered Commodore Shufeldt home, and upon his arrival he will be censured without the formalities of a court martial. It is safe to say that Commodore Shufeldt will not again cruise in Asiatic waters.

News and Notes.

The doctors who made the autopsy on Guiteau's carcase have fallen to quarrelling, and the dispute bids fair to be as disgusting as was that of the doctors who attended President Garfield. Some of these learned men might learn a little bit of common decency without hurting themselves any.

The official figures for the recent Oregon election are in, and it is found that the republican victory is even greater than was at first supposed. George, for Congress, has a majority of 3,365; Moody, for governor, 1,428; Lord, for supreme judge, 1,401; Earhart, for secretary of state, 2,516; Hirsch, for treasurer, 2,652; McElroy, for superintendent of instruction, 3,143; Byers, for state printer, 2,428.

People who have supposed that the object of wealthy parents sending their beloved boys to college was to win in boat races, for which the training was far more intense than it was for study, will be glad to note that the recent boat race between the Harvard and some other college boys was declared "off," because neither class dared to try their strength against the other. The reporters lost a good chance, but perhaps it was as well for the boys. The great surplus production of college graduates beyond the requirements makes it necessary that many should be directed in the study of boating, lest the competition for professional success should be too much intensified.

Nine hundred and ninety Erie railroad track-walkers and their bosses, employed between Jersey City and Port Jervis, struck on the 5th inst. for an advance in wages from $1.10 to $1.50 per day.

In New York, on the evening of the 4th, John Burke, in a drunken fight, cut off the ear of Kate McEvoy, and then fled to the roof, from whence he fell to the sidewalk and was instantly killed.

Philip Casey was instantly killed by being crushed by the cars at Blackstone, Mass., on the 5th inst.

Braxton Terry and his wife's niece, Miss Anna Turner, are held at Norwich, Conn., in $2000 and $1000 bonds respectively, charged with murdering Miss Turner's infant child.

Mr. J. Bancroft Davis, assistant secretary of state, has resigned, to take effect upon the appointment of his successor. Mr. Walker Blaine, third assistant secretary of state, has also tendered his resignation. It is understood that Mr. Davis will be appointed to a seat in the court of claims. Mr. Blaine has resigned owing to continued ill-health.

The senate on the 5th inst. confirmed Hezekiah G. Welles of Michigan to be presiding judge, James Harlan of Iowa and Asa French of Massachusetts, to be judges, and Daniel W. Fessenden of Maine to be clerk, of the Court of Commissioners of Alabama Claims.

John L. Mitchell, the sixth victim of the railroad disaster near Long Branch, died on the 4th inst. The coroner's jury have finished their investigation, and have found the New York & Long Branch railroad company guilty of gross carelessness for the accident. As most of the six who met their death on account of this carelessness were millionaires, there is a chance that some punishment more substantial and tangible than censure will be meted out to the company.

The United States has seldom been so picturesquely and conspicuously honored as it was on the 4th, when all the war ships in the harbor of Alexandria, Egypt, representing every nation in the world, fired salutes in honor of American independence. The salutes, too, were given with such vigor that the Arabs in and around Alexandria, not knowing that there was any peculiar significance about the day, were terrified, and thought the bombardment of the city had begun.

Mrs. Lorinda Strickland of East Litchfield, Conn., aged seventy-nine years, was found dead on Sunday afternoon, July 2d. She was standing up, leaning over the bars of the cow yard, with a milk pail by her side. She is supposed to have died on Saturday evening. She lived alone, and when her body was accidentally discovered by a neighbor, decomposition had already begun.

In Harwinton, Conn., on the 4th, a young Irishman named Frank Dagan, while intoxicated, knocked down and killed his father, an old man. The latter had refused to allow his son to take his horse, and the fatal affray took place while the son was endeavoring to take the animal by force. The killing was witnessed by the wife and daughter of the deceased, and by a neighbor.

At Geneva, Nebraska, while a salute was being fired from a cannon on the 4th, one man was killed and several others horribly wounded by the explosion of the piece. Two young ladies, Emma and Sallie Lee, aged respectively eighteen and thirteen years, were burned by fireworks, and will probably die.

At Lonsdale, R. I., on the 4th, one boy was injured in the face, and two were wounded in the left hand, by toy pistols.

In Lowell, Mass., July 5th, Joseph Read, aged six years, died from the effect of injuries received from a rocket the previous evening, at the city's exhibition.

In Burlington, Vt., July 4th, four children of Bryan Foley, aged four, five, seven and nine years, were fatally poisoned, it is supposed by eating green currants with worms on them.

How Gen. Grant Behaved.

A gentleman who was on the train recently wrecked in New Jersey describes how Gen. Grant behaved. He says: "I knew the car was off the track and had not made up my mind what to do about it, when Gen. Grant got up, and stooping down in the aisle, grasped the ironwork of the seat on each side. I said to myself, 'Old man, your head is level, if you *are* a general,' and I got up and followed his example. Hardly had I changed my position when the car gave a lurch to the right, and then went down what seemed to be an interminable distance. It finally settled into the water, lying on its left side. The right side was above water, and Gen. Grant, poking out the window, drew himself up and climbed out of the car." A brakeman on the train is enthusiastic in his praises of the ex-president's coolness after getting out of the car, and of the excellent judgment he displayed in directing the horrified trainmen what to do to extricate the passengers still imprisoned in the cars.

The schooner Lizzie Newton, Moore master, of Parrsboro, N. S., with a cargo of culm coal consigned to W. D. Jobe of Boston and destined for Ipswich, Mass., arrived off Ipswich bar at about three o'clock in the morning on the 5th inst., but being unable to get in on account of the heavy sea, made for the Shoals, and not liking the looks of things in the roadstead there, ran into the lower harbor and anchored at about eleven o'clock in the forenoon. The schooners Eliza and Storm King were anchored at the Shoals when the Lizzie Newton was there, but came into the lower harbor later in the day. Capt. Moore reports that the crops in the provinces, so far as they came under his observation or as he heard, were promising better when he left than for several years past. He telegraphed for permission to discharge his cargo at this port.

—The two New Orleans editors who fought a duel recently exchanged eight shots before anyone was hit. It is very lucky for these gentlemen that they were not shooting at somebody else.

—"Yes," said the country member, "I went to that variety show because I felt sure there'd be nobody there who knew me! During the entire much of the whole legislature wasn't there."—*Chicago Inter-Ocean.*

—The wife of a Michigan farmer, who eloped with the hired man, broke the news to him by leaving a volume of Will Carleton's poems in a conspicuous place open at a selection entitled "Gone with a Handsomer Man."

Oak Hall Agency in Portsmouth.

Messrs. G. W. Simmons & Son, of Oak Hall, Boston, have established an agency for this city and vicinity for the sale of their custom and ready made men's and boys' clothing, at No. 32 Market street, Portsmouth, where anything contained at Oak Hall, Boston, can be procured, at the same prices as in Boston. Several dollars can be saved by buying your own and your children's clothing at the Oak Hall Agency, as they sell at the lowest prices in New England.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup. "It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere Twenty-five cents a bottle. eod&wtjan82

Isles of Shoals.

Appledore and Oceanic HOTELS.

THE staunch, sea-going steamer Appledore, Capt. Albert Rand, leaves Jones' wharf, near the foot of Deer street, for these favorite and widely-known ocean resorts, daily, (Sunday excepted,) at 11 o'clock A. M., and six o'clock P. M. Returning, leaves the Islands in season to connect with the morning and evening trains on the Eastern railroad for Boston and the west. Baggage checked through from Boston and intermediate stations, and returned free.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,
NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, **with the best of beds**, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Circulars, giving full particulars, may be obtained of

Stones In the Kidneys

And Bladder Expelled--Long Suffering of one of Troy's Best People--
A Lucky Man.

It is by no means a strange thing that Dr. Kennedy should have received the following letter. By reading it you will see in one minute why James Andrews was thankful:

TROY, N. Y., April 8th, 1880.

Dr. D. Kennedy, Rondout, N. Y.:

DEAR SIR:—Until within a recent date I had for several years suffered greatly from gravel, called by the doctors the Brick-dust Sediment. For about a year past this sediment has not passed off in the usual quantity, but has accumulated, causing me untold pain. Having heard of "Kennedy's Favorite Remedy" I tried it in my case, and after using about one one-half bottles, I voided a stone from the Bladder, of an oval shape, 7-16 of an inch long, and rough on its surface. I send you the largest piece that you may see of what it is composed. Since then I have felt no pain. I now consider myself cured, and cannot express my thankfulness and gratitude for so signal a deliverance from a terrible disease. You have my consent to use this letter, should you wish to do so, for the benefit of other sufferers.

Yours truly, JAMES ANDREWS.

No. 10 Marshal St., 1da Hill.

When we consider that the medicine which did this service for Mr. Andrews costs only one dollar a bottle, it would seem that persons afflicted in like fashion can afford the expense of testing its virtues. Get it of your druggist, or address Dr. David Kennedy, Rondout, N. Y. "Dr. Kennedy's Favorite Remedy" for sale by all druggists.

WHEAT BITTERS

THE BEST AND The Richest
BLOOD, BRAIN and NERVE
-F-O-O-D-

CAREFULLY PREPARED.
THOROUGHLY TESTED,
ACCEPTABLE AND RELIABLE.

The Phosphates of the Wheat are its most valuable food property, and are, when properly prepared, the most acceptable nutriment with which to build up the system.

The Blood, Brain and Nerves are the forces which govern the action of every day work and life, and in order to save sickness it is wise to BUILD FOR HEALTH.

Wheat Bitters are prepared, *not by fermentation* but by solution and are richest in the Phosphates, while the starch and impure matter are eliminated. These make in themselves a basis, to which is added the best and choicest medicinal qualities, necessary to make it a tonic and bitter. It is at once healthful, pleasant to the taste and must not be confounded with the thousand and one cheap alcoholic bitters which are sold as cure-alls. Medicine is doubly effective when used with food, so as to nourish while it corrects.

Sold by druggists, $1.00 per bottle.

Good For Bennett.

It was accidentally developed in a police court of New York, the other day, that the family of poor Jack Cole, the insane seaman of the Jeannette, have been and still are supported in a comfortable and almost luxurious manner at Mr. Bennett's expense; they not only have a comfortable house, but $75 per month for household expenses, and in addition to this a nurse is employed, at an expense of $21 a week, to take charge of the insane father. No one would ever have known this but for the fact that one of the family was arrested for assault and battery, and these facts were drawn out from the witnesses.

At an early hour in the morning on the 5th inst. an unknown man entered the sleeping apartment of Mrs. Rich, wife of a cigar dealer in Boston, at the Creighton house, and stole a breastpin containing nine diamonds, valued at $1000. As the thief was leaving the room Mr. Rich and his wife awoke, but the party made his escape. A person answering his description was locked up.

The wages of the brakemen on the middle divisions of the New York Central railroad were increased to $1.85 per day, July 4th.

Improvement for Mind and Body.

There is more strength-restoring power in a bottle of Parker's Ginger Tonic than in a bushel of malt, or a gallon of milk. As an appetizer, blood purifier and kidney corrector, there is nothing like it, and invalids consequently find it a wonderful invigorant for mind and body.—*Commercial.*

Edward Bennett, aged eight years, of Providence, R. I., was fatally injured by a pistol on the evening of the 4th inst.

The Housekeeper's Friend.

A friend in need is a friend indeed, and such a friend you will always find in Sulphur Bitters, they cured me of Dyspepsia when I had given life up in despair and was almost at death's door. They are a true friend to the sick.—*Mrs. R. Craigue, Hartford Connecticut.*

Ulric Duval of Thompson, Conn., nineteen years old, was killed on the 4th by the bursting of an old gun with which he and his companions were celebrating.

The Perpetuity of Fame.

As the name of the immortal Washington has been most sacredly perpetuated as that of a hero and statesman, so also has the fame of Swayne's Ointment for skin diseases, descended into perpetuity as the only reliable remedy in the market, for every character of skin disorders, and as the reward of well-deserving merit. Worth and merit go hand-in-hand. It is useless to contradict the worth of this article.

Summer Complaints

At this season, various diseases of the bowels are prevalent, *and many lives are lost* through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a *sure* cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is *perfectly safe.*

Read the following:

BAINBRIDGE, N. Y., March 22, 1881.
PERRY DAVIS' PAIN KILLER *never fails to afford instant relief* for cramp and pain in the stomach.
JOSEPH BURDITT.

NICHOLVILLE, S. Y., Feb. 5, 1881.
The *very best* medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is *sure cure* every time.
JULIUS W. DEE.

MONROONA, IOWA, March 12, 1881.
I have used PERRY DAVIS' PAIN KILLER in severe cases of cramp, colic, and cholera morbus, and it gave almost instant relief.
L. E. CALDWELL.

CARNESVILLE, GA., Feb. 26, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it *always cures.* Would not feel safe without a bottle in the house.
J. B. TYE.

THE

New Hampshire Gazette!

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, which to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

REMINISCENCES OF EX-GOV. GOODWIN.

The late Gov. Goodwin was the last survivor of the board of directors of the Chautauqua bank, which was chartered in 1836. Forty years ago there were nine directors on the board, with but three first names among them, each name being borne by three persons, as follows: Ichabod Goodwin, Ichabod Bartlett and Jared Rollins; Samuel Hale, Samuel Fowle and Samuel E. Cones; William Pepperrell, William M. Shackford and William Y. Hackett. The bank was succeeded at the expiration of its charter by the Chautauqua Exchange bank, which in turn was succeeded by the First National bank, whose charter expired the last day of April last. Gov. Goodwin's service as director in these banks was continuous for fifty years. He was chosen a trustee of the Portsmouth Savings bank in 1839, and served until a recent period.

He has been a trustee of the Rice Public Library of Kittery, Me., since its organization. The gift of thirty thousand dollars for the formation of this library, by the late Arabella Rice, was made after consultation with Gov. Goodwin, who was her friend and business adviser. After the death of the late Rev. Daniel Austin, Gov. Goodwin was chosen president of the board of trustees, and has faithfully served in that office, evincing much zeal for the success of the library; although frequently expressing a desire to be relieved from this service, his associates have urged him to remain in office. By his direction the funds have largely increased, and the vacancy caused by his death will not be easily filled.

The ship Elizabeth Wilson, in which Gov. Goodwin first went to sea, was built in 1816, at Durham; she was owned in part by Samuel Ham, who built and lived in the Woodbury mansion, and who gave the name to Islington road, after Islington in London, where had once lived Thomas Wilson, for whom another ship, owned by Mr. Ham and B. Brierly and others, was named. The Thomas Wilson was built by Master William Badger in 1809, on Badger's island.

Gov. Goodwin was chairman of the board of selectmen chosen in March, 1839, and of that board Mr. Benjamin Trefethen is now the sole survivor.

MUNICIPAL AFFAIRS.

Board of Mayor and Aldermen, regular meeting, Thursday evening, July 5. Mayor Sise in the chair:

Present, the full board.

The records of last meeting were read and approved.

Ingate & Downs appeared before the board, asking permission to put up poles for wires through the extension of Vaughan street, for a line to Dover. After discussion, the matter was referred to the committee on streets, with the mayor added, with power.

Dennis Shea was granted permission to open Ceres street to lay drain.

Petitions of Amos Pearson and others, for lights on Miller avenue, near the pump, and on the corner of Spring and Broad streets, were referred to the committee on street lights, to report.

The committee on claims announced that they were unable to report on the monthly bills for June, and were authorized to make special report to the mayor, so that the bills can be paid.

Ald. Green offered joint resolutions on the decease of Ex-Gov. Goodwin, which were passed under suspension of the rules; and it was voted that the city government attend the funeral.

A communication was received from Frank B. Johnson, relative to the removal from the sidewalk on Hanover street of the steps of his house. Referred to the committee on streets, to report.

The mayor announced a meeting in this city on Friday, July 7th, of the mayors of the several New Hampshire cities which have been sued on the "patent valve dodge."

Adjourned for two weeks.

YACHTING TRIPS.

The yacht William H. Russell, of this port, Drown master, arrived home on Sunday evening, the 2d inst., from a three weeks' cruise to Boston and intermediate places along the coast. During his stay in Boston, Capt. Drown gave complimentary invitations to about thirty ladies and gentlemen, most of them former residents of Portsmouth, for a trip down the harbor, and in company with the yacht Ambrotype, owned by Mr. Selwyn Badger, fleet captain of the Bunker Hill yacht club of Boston, visited Hull, Nantasket beach, and Long island. One of the features of the day, and a very pleasing one to the guests, was the serving of genuine down-east camping-out clam and fish chowders. There were in the party on board the Portsmouth yacht three printers, all of whom learned the trade in the CHRONICLE office, viz.: Mr. Merritt Webster, of the Boston *Transcript* force, Mr. Broderick of the *Republic*, and Mr. Will Hayes, who has left the profession to become clerk in a hide and leather establishment in Boston. The day was fine, and all enjoyed themselves to the fullest extent.

The Wm. H. Russell on Monday, the 3d, took out Mr. Wallace Ham of Boston (a son of the late John H. Ham of this city) and a party of friends, who passed the day very pleasantly in fishing, sailing, etc.

On Tuesday, the 4th, Hon. E. H. Winchester of this city, who has chartered the yacht on the 4th of July for six consecutive years, with his family and invited guests took a trip in her along the western shore, and with fishing and sailing, and the serving of a bountiful repast in which the proper yachting and fishing dishes had due place, passed the day pleasantly and satisfactorily.

A CARD.

NAVY YARD, PORTSMOUTH, N. H.,
July 6th, 1882.

Editor Chronicle: Will you permit the naval officers attached to this station to convey to Mr. C. E. Rymes, Manager, through the columns of your paper, their appreciation of his kindness and courtesy to them and their families on the occasion of the excursion to the Oceanic house, Star island, Isles of Shoals, on the 4th of July, which, greatly through his good offices, proved so agreeable and satisfactory.

***

Peter Donohue, who claims to be ninety-one years old and to have fought at Waterloo, and who looks so ancient that if he were to say he fought at the battle of Thermopylæ he might be believed, was an applicant for lodgings in the police station on Thursday evening last. It is said the old man has papers proving his statements.

Mr. George W. Hall, salesman with Ayers & Locke, has gone to the White mountains to spend a few weeks vacation.

The inside works of one of the thirteen gold watches dug up near the beach at Scituate, Mass., recently, are at Hutchinson's watch, clock and jewelry store on Market square. The man who found the watches is a fisherman, who some years ago built himself a small house at the head of the beach, and a few weeks since decided to enlarge it, to correspond with the enlargement of his family since the house was put up. In digging the cellar for the addition he came across three gold watches, and was encouraged to dig further, which resulted in the discovery of ten more. One of the watches the finder kept for himself, as a curiosity; for the cases of the other twelve he got $127. The ornamentation on the cases was of rare beauty, and the works much heavier than in modern time-pieces for the pocket; the watches did not seem to have been wrapped in anything when buried, yet they were in a better state of preservation than would naturally have been anticipated, considering that they must have been hidden in the sand over half a century ago—it is supposed by a gang of pirates, some of whom were hanged on Boston neck about 1820.

The schooner Grace Choate is fitting out for seining. She has carried into Gloucester since May 111,000 lbs. of salted fish.

The yacht Carrie, from Saco, arrived in the lower harbor on Wednesday of this week, bound west, but prevented from proceeding by the storm.

At a meeting of the proprietors of the Newcastle bridge, held July 4th, the following directors were elected: Elmer E. Tucker, David Urch, Wm. M. Spinney, Charles W. Rogers and Ephraim Urch. David Urch was chosen proprietors' clerk.

Among the natives of this city who came home to spend the 4th was Mr. Theodore Hutchins of Neponset, Mass., who arrived on the evening of the 1st inst. Mr. Hutchins left Portsmouth thirty-six years ago, when thirty years of age, and his last previous visit home was made nine years since; he was for sixteen years a member of the Boston fire department, and is now foreman in the Putnam horse-shoe nail works at Neponset, an establishment in which fifty men are employed.

Col. Noah Orr, the Ohio giant, has lately died at Marysville, Ohio. He was eight feet high, and weighed 540 pounds. He will be remembered as the giant in "Jack the Giant Killer," at Music hall a year or two ago, when that comic operetta was performed by the Corinne Opera Co., the contrast between the enormous size of the giant and the lack of size of the rest of the performers being ludicrous in the extreme.

Among the items added by the senate to the river and harbor bill as it came from the house, is one of $18,000 for the improvement of the Cocheco river.

Parties having Geneva Award claims against the government will do well to notice the card of J. F. Manning in our paper to-day.

EX-GOV. GOODWIN'S FUNERAL.

The funeral of Ex-Gov. Goodwin will take place at the Unitarian church on Saturday at twelve o'clock, noon.

no longer from Dyspepsia, Indigestion, want of Appetite, loss of Strength lack of Energy, Malaria, Intermittent Fevers, &c. BROWN'S IRON BITTERS never fails to cure all these diseases.

Boston, November 26, 1881.
BROWN CHEMICAL CO.
Gentlemen:—For years I have been a great sufferer from Dyspepsia, and could get no relief (having tried everything which was recommended) until, acting on the advice of a friend, who had been benefited by BROWN'S IRON BITTERS, I tried a bottle, with most surprising results. Previous to taking BROWN'S IRON BITTERS, everything I ate distressed me, and I suffered greatly from a burning sensation in the stomach, which was unbearable. Since taking BROWN'S IRON BITTERS, all my troubles are at an end. Can eat any time without any disagreeable results. I am, practically, another person. MRS. W. J. FLYNN, 30 Maverick St., E. Boston.

BROWN'S IRON BITTERS acts like a charm on the digestive organs, removing all dyspeptic symptoms, such as tasting the food, Belching, Heat in the Stomach, Heartburn, etc. The only Iron Preparation that will not blacken the teeth or give headache.

Only the General Manager.

At a station on one of the railroads leading out of Detroit the train had arrived and departed, the other day, when the station agent, who had been in the place about three weeks, and was looking for a call every hour to come to Detriot and take charge of the line, was approached by a quiet, well-dressed man, smoking a cigar, who asked:

"Keep you pretty busy here?"

"Yum," was the jerky reply.

"Business on the increase?"

"Yum," again.

"Do you run this station?" asked the quiet man after a turn on the platform.

"Nobody else runs it!" growled the agent. "Have you got a patent car-coupler?"

"Oh, no."

"I was going to tell you to go to thunder with it if you had. Want special freight rates, I suppose?"

"No, sir."

"I don't give any passes."

"I don't want any."

"Waiting for the next train?"

"Not particularly."

"Want to charter a special car?"

"No."

The agent left him on the platform, and entered the office and busied himself for half an hour, when the quiet man looked in on him and asked:

"What's the salary of a position like this?"

"That's my business," was the prompt response.

"What's the income from this station?"

"Ask the baggageman!"

"Your name is ——, isn't it?"

"Suppose it is?"

"Oh, nothing much—only I'm the general manager of the line, and I'd like to exchange cards with you."

"It was my wife's misfortune to be laid up with rheumatism," writes Peter Balliet, Alexander, Kan., "that she could not sleep because of the pain, and could not move her arm. Three days' use of St. Jacobs Oil cured her, as I can prove to any one's satisfaction."

—"Pulverized meat" is what the Belgian government is about to give out for army rations. This must be Belgian for "hash."

—It is reported that a New Jersey cigar maker has discovered that the leaf of the tobacco plant makes a very good cigar.

Nothing Short of Unmistakable Benefits

Conferred upon tens of thousands of sufferers could originate and maintain the reputation which AYER'S SARSAPARILLA enjoys. It is a compound of the best vegetable alteratives, with the Iodides of Potassium and Iron,—all powerful, blood-making, blood-cleansing and life-sustaining—and is the most effectual of all remedies for scrofulous, mercurial, or blood disorders. Uniformly successful and certain, it produces rapid and complete cures of Scrofula, Sores, Boils, Humors, Pimples, Eruptions, Skin Diseases and all disorders arising from impurity of the blood. By its invigorating effects it always relieves and often cures Liver Complaints, Female Weaknesses and Irregularities, and is a potent renewer of waning vitality. For purifying the blood it has no equal. It tones up the system, restores and preserves the health, and imparts vigor and energy. For forty years it has been in extensive use, and is to-day the most available medicine for the suffering sick.

For sale by all druggists.

—Once a woman, who was called in to do Garibaldi's washing, ventured to remark that she could not find his shirts. "My shirts! I have but two," he replied; "you must have one in the wash; I have the other on. With a little order and calculation two shirts are plenty."

Impure water, unhealthy climate, unripe fruit, unwholesome food, malaria and a thousand little ills are nothing to those fortified by the use of Sanford's Ginger, "the delicious."

—"Oh, yes," said the tramp, as a tear glistened like a gum drop upon his sunstained face: "I served during the entire war." After stowing away the comfortable breakfast that was given him he finished the sentence—"I was a waiter in a Canadian restaurant."

When pangs the mortal flesh assail,
And give a bitterness to life,
Making the cheek with anguish pale,
Amid the fierce internal strife;
Then Sanford's Ginger soothes the pain,
And smiling health looks up again.

—When a boy feels called upon to go west and tackle grizzlies he should be shut up in a yard for fifteen minutes with a dog about as big as a cider barrel. If that doesn't cure him then he was cut out for a great bear hunter.

Containing all the essentials of a true tonic, and sure to give satisfaction, is Brown's Iron Bitters.

—A Lexington, Ky., youth, who went to work in the country, wrote his girl, a June graduate, that he was raising a calf. Imagine his feelings when the girl replied: "I am glad you have begun to support yourself."

Why throw away so much money trying worthless medicines, when for 35 cents a remedy can be procured that will cure Coughs, Colds, sore Lungs and Croup? Give it a trial. Adamson Balsam will do it. Trial bottle, 10 cts.

—An Indianapolis ruralist seated himself in a restaurant the other day and began on the bill of fare. After employing three waiters nearly half an hour in bringing dishes to him, he heaved a heavy sigh and whispered, as he put his finger on the bill of fare, "Mister, I've et to that thar, an"—moving his finger to the bottom of the bill—"ef it isn't agin the rule, I'd like to skip from thar to thar."

Hay Fever.

MR. A. L. AVERY, Pharmacist, Newark, N. J.—Having been severely afflicted for eleven years with hay fever, after trying almost everything without avail, I gave up all hopes of being cured, when I purchased of you a box of Ely's Cream Balm. To my surprise, after a few applications, I was entirely relieved. R. WATSON HARRIS, Letter Carrier No. 14, New P. O., Newark, N. J.

I have been a hay fever sufferer for three years, and have often heard Ely's Cream Balm spoken of in the highest terms, but did not take much stock in it because of the many quack medicines. A friend persuaded me to try the Balm, and with the most wonderful success. This recommendation you can use for the benefit of hay fever sufferers. T. S. GEER, Syracuse, N. Y. Price fifty cents.

Apply into nostrils with little finger.

—An Ohio man, after reading of the allowances made to the doctors who attended President Garfield, declared that "Doctor Ignorance" got too great an allowance. "Why," said a friend, "Doctor Ignorance had nothing to do with the case!" "Yes, he had," answered the Ohio man, "don't you know that 'Ignorance is Bliss?'"—*Ohio State Journal.*

The peculiar action on the kidneys and urinary organs of asparagus is frequently noticed during the season. Prof. Bunsen recently proved in the case of the Emperor William and others that in combination with malt and quinine it is an absolute specific for diseases of the liver, kidneys and urinary organs. His method has been adopted by the Malt Bitters company, and this great German food is now composed of malt, hops, quinine bark and asparagus.—*Medical Times.*

—Many years ago, it is related, Emerson and Theodore Parker were walking in Concord, when a well-known leader of the Second Adventists rushed up to them in great excitement. "The world ceases at midnight!" he cried out. "Well," replied Parker coolly, "I am not concerned; I live in Boston." "As for me," added Emerson, equally undisturbed, "I can get along without it."

How to mitigate the toll of wash day during these hot summer months is worth knowing; we are assured that James Pyle's Pearline does it effectually, without the slightest danger to the finest fabrics.

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

James and Ernest O'Grady, belonging to a gang of horse thieves, were arrested in a cave three miles from Glen Falls, N. Y., last Thursday, after a sharp encounter, the thieves firing several shots at the officers. Other members of the gang are being closely pursued.

* * "Do boldly what you do at all," Boldly do we affirm that Kidney-Wort is the great remedy for liver, bowel and kidney diseases; rheumatism and piles vanish before it. The tonic effect of Kidney-Wort is produced by its cleansing and purifying action on the blood. Where there is a gravelly deposit in the urine, or milky, ropy urine from disordered kidneys, it always cures.

Guiteau's Autopsy.

Dr. Lamb, who conducted the autopsy on Guiteau's body, has published a report thereon in the *Medical News* of Philadelphia; it is a long document, of course filled with technical terms, and while it may interest doctors is of no interest to anybody else.

The *Medical News*, in the course of a long editorial says: "It must appear, from the report of the autopsy, that those psychiatrists who expected to demonstrate the assassin's criminal irresponsibility by the changes in his brain will have a rather difficult task. * It may be affirmed of Guiteau's brain that it presented as little evidence of pathological change as the brain of any one of his age dying of some other than cerebral disease."

It is to be hoped that we have heard about the last concerning Guiteau; the worthless creature is dead, and the public would be glad to forget that he ever cumbered the earth.

The Crisis in Egypt.

The condition of affairs in Egypt is menacing, and an armed collision between the Musselmen and Christians seems inevitable. An Alexandria despatch of July 6th states that the British admiral, Seymour, had ordered the Egyptians to instantly cease work on the earth-works they have been building to command the British fleet, under threat of immediate bombardment; work was at once stopped. The Spanish ironclad Arragon, and the British ironclads Achilles and Northumberland, have arrived at Malta on the way to Alexandria. Ordnance stores are being shipped on the ironclads Minotaur and Agincourt, the torpedo ship Hecla, and the troop ship Humber, and coal and war stores are being loaded on hired transports, at British dock-yards.

The "Scioto" Horror.

The list of persons missing by the sinking of the excursion steamer Scioto near Mingo Junction, Ohio, on the 4th, steadily increases. Up to eleven o'clock at night, on the 6th, twenty bodies had been recovered, and others could be seen held in the engine room and under the bow. The number of persons known to have been on board the ill-fated steamer at the time of the collision, and not since heard of, (except as their dead bodies have been found,) had reached the total of seventy-four on the 6th inst., and was hourly increasing.

New Hampshire Items.

Annie R. Richmond, daughter of Rev. John B. Richmond of Dover, was killed Thursday afternoon last, by a ball from a pistol in the hand of a lad named Ed. Frost. Frost was shooting at a mark on the stable door in the rear of the lady's residence, when she suddenly opened the door, and received the ball in the side of the neck, severing the jugular vein, and causing death in ten minutes.

Moulton & Johnson's saw and grist mill at West Campton was burned July 6th, with about $2000 worth of manufactured lumber.

Mrs. Anna Cates Cheney of Chelsea, Mass., an accomplished lady and a writer for magazines, died on Sunday, July 2d, at the home of her father, Isaac Cates of Rollinsford, at the age of forty years.

The "Gospel temperance tent" in which Wm. Hurd of Dover not long ago was went to conduct gospel temperance campaigns, was used at Rochester on the fourth as a "refreshment tent," having been hired by a Dover beer dealer named Kennedy; it is said that over 20,000 drinks were sold over the bars in the tent that day.

The democratic convention for the 1st congressional district of Maine met in Portland on the 6th inst., and nominated Joseph Dane of Kennebunk, a lawyer about sixty years old, to be beaten by Mr. Reed at the approaching election. The side-show democratic (*alias* greenback,) convention was held in Portland on the same day, and of course nominated the same candidate.

AROUND HOME.

Commodore C. W. Pickering, U. S. N., and family, will spend a portion of the heated term at Franconia.

A fleet of a dozen or more Georgesmen were anchored outside of Fort point, Friday morning, having arrived the evening previous from Gloucester, Mass., in response to a telegram saying that the Gerrish's island weirs were full of bait. Over two hundred barrels of small mackerel were taken from the weirs, and sold to the fishermen for a good price.

Mr. Christopher Killenbeck, while fishing in a whale-boat on the 4th inst., about fifteen miles southeast of the Shoals, was struck by a heavy squall out of a clear sky. The boat was knocked down in an instant, but being decked did not fill, and the mainsail being split to pieces and blown away when the squall struck, she soon righted. The puff was only momentary, and a schooner lying close by was not touched; she sent a boat at once to see if Mr. Killenbeck needed aid, but he required none; his boat was towed in by the schooner Storm King. He brought in 400 lbs. of fish, which he sold to Randall & Caswell.

The house of Albert N. Rollins of Stratham was broken into one night recently, but the intruders were frightened away without any plunder, by the barking of a dog. The house of James W. Rollins, living near by, was burglarized the same night, a sum of money being stolen, and a lunch partaken of by the thieves, who found the victuals in the pantry. The house of Simon Shaw at Hampton was also entered a few nights since, through a window in the ell, and a considerable sum of money stolen therefrom, belonging to the Congregational Sunday school and the town library; also a bank on the mantle containing money, a writing desk with its contents, and other articles. Several unoccupied summer cottages at Hampton beach have also been entered, it is supposed within a short time.

Mr. Elvin Newton on Thursday last put into the water at Commercial wharf a new whaleboat, built by Lowell Brown of Seabrook, and to be used by Mr. Newton in fishing. Her dimensions are as follows: Length seventeen feet on the keel, breadth of beam six feet two inches, depth two feet six inches. Her sails were made by Mr. Chas. S Drown.

The yacht Naiad, of Newbury, Mass., came up the river on Friday.

The name of the French girl killed at Salmon Falls on the 5th inst. by an Eastern railroad train, while crossing a bridge was Philonea Moren.

MATTERS IN RYE.

RYE, July 7th, 1882.

Mr. Editor: The summer tourists in town begin to remind us that the visiting season is upon us. Rye has two classes of residents,—those who profit by the boarders, and the other folks. We up in the back part of the town, are content with things as our fathers enjoyed them; but down at the sea, folks are not satisfied unless everything is turned upside down for the summer people.

The county commissioners came to town on Thursday, to see about the widening of the Sandy Beach road. The selectmen, who don't mean to see our money fooled away, found an old well had got into the new road, and the chairman just had the case hung up till the town could be ordered not to fill up the well, or pay for it. The most the commissioners did, I learn, was to eat a good dinner at the Ocean Wave, and listen to the palaver of Esq. Hackett and Judge Batchelder, and probably the visit will cost the town a good round sum. But we don't mean to have any more roads made or old ones widened unless we fight first. The constitution, I heard them say when I was a boy, and used to listen to the old sires at the store, guarantees every man in fishing. Her dimensions are as follows: Length seventeen feet on the keel, breadth of beam six feet two inches, depth two feet six inches. Her sails were made by Mr. Chas. S Drown. Her dimensions are as follows: Length seventeen feet on the keel, breadth of beam six feet two inches, depth two feet six inches. Her sails were made by Mr. Chas. S Drown. Her dimensions are as follows: Length seventeen feet on the keel, breadth of beam six feet two inches, depth two feet six inches. Her sails were made by Mr. Chas. S Drown.

Old Maj. Joe Locke used to announce this on town-meeting days at the center, when he predicted just such results as we now see, that the federalists would want to get possession of Rye and ride over us in their carriages, unless we voted them down. The old major was right, and our selectmen try to stand up like good ones for our rights. What we want is a new set of commissioners who won't lay out roads. Down by the sea they talk of Squire Emmons as a fit man for the office, if he will take it, but some of us don't like his railroad going right through our pastures and scaring the horses, and I think Rye would sooner vote for a man in the back part of the town, who is not so full of new fangled notions about "developing the resources" and "facilitating the approaches," and "accomodating the visitors," as Emmons seems to be. What we want in Rye is more men of the old school, conservative, well-balanced and not flighty.

The grass crop is mighty heavy this year, so heavy that much of it is badly lodged.

Rumor has it that Levi Thomas Sanborn has given up his position in the Boston custom house in order to devote his time to his summer boarders, and will serve them instead of the country this summer.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other sea-side resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, **with the best of beds**, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

GEORGE F. THOMPSON, Manager.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Food and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the digestive, strengthens the appetite, invigorates and builds up the entire system, and excites a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from lassitude and weariness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither palls upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and restores the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are inclined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of nourishing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fac simile of Baron von Liebig, and a fac-simile of his Signature, as well as that of A. VOGELER & CO., BALTIMORE, Md., Sole Agents for America.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

MEMORIAL RESOLUTIONS.

The following are the resolutions passed by the city council at their meeting July 6th, relative to the death of Ex-Gov. Goodwin:

Resolved, That we regard the decease of the Hon. Ichabod Goodwin as an irreparable loss, alike to his bereaved family, to his extensive circle of friends, and to this municipality, with whose best interests he has been so long and so closely identified.

Resolved, That we cherish with affectionate remembrance his valuable public services as governor of the state of New Hampshire, and, as a citizen, his genial friendship and his deep interest in our welfare.

Resolved, That these resolutions be entered upon our records, and that the city clerk be directed to transmit a copy thereof to the family of the deceased.

Resolved, That as a last tribute of respect to our departed friend, this city government will attend the funeral in a body.

THE FIGHTING MAYORS.

The weekly meeting of New Hampshire mayors whose cities have been sued by the Norton-Knibbs crowd on the paltry valve pretence, was held in this city Friday, the following named gentlemen from out of town being present:

Mayor Putnam and Solicitor Patten, of Manchester; Mayor Cummings and Solicitor Ray, of Concord; Mayor Fletcher and Solicitor Barnes, of Nashua; and Mayor Murphy and Solicitor McLane, of Dover.

The visitors were received on arrival by Mayor Sise and Solicitor Hackett of Portsmouth, and after a pleasant drive about the city proceeded to Newcastle, where the party dined at the Wentworth.

Returning to the city, they were joined by Alderman Quaid, of Dover, and the business meeting which occasioned the gathering was held in the city rooms at three o'clock in the afternoon; the meeting was necessarily secret, but we are authorized to say that the developments thus far in the matter are such as to encourage the several mayors and city solicitors to continue the fight against Norton's claims to the end.

The next meeting of the mayors will be held here, at a date yet to be decided on.

POLICE COURT.

FRIDAY, July 7; *Batchelder, J.*

Donohue, for drunkenness, was $3, costs being taxed at $6.90. Coachman for a party of sojourners at the hotel Wentworth, and having got a horse up to this city on Thursday, be shod, got fighting drunk, and scooped in by the police.

THE STEAMBOAT LINE.

The South Shore Steamship Co., (of which Mr. R. B. Beaumont is general freight and passenger agent, office in this city on Daniel street,) announce an important change of time in the direct steamboat service between this city and Boston, commencing Saturday, July 8th. The "Acushnet," which ran on the route last year, and this season up to the mentioned, has been reinforced by a splendid new boat "City of Bangor," one or the other of the two steamers thereafter leave this port for Boston every Monday, Wednesday and Friday, at half-past eight o'clock A. M., and returning, will leave Comey's wharf, Boston, for this port, every Tuesday, Thursday and Saturday, at 10:30 o'clock A. M.

ONE OF THE "OLD GUARD."

The old fellow whom we referred to in the CHRONICLE of Friday morning as having applied at the police station on the previous evening for lodgings, calling him "Peter Donohue," paid us a brief visit before he left town on Friday. He is a venerable yet comical-looking old man, with snow-white hair, and hat-ribbon stuck full of feathers and flowers, something after the style of "King David," the harmless lunatic who periodically appears in this vicinity. He informed us that he was not Peter Donohue at all; but as he has for years been irreverently addressed as Old Neptune, Rip Van Winkle, Santa Claus, Father Time, Wandering Jew, and by other names, he cared but little for our mistake in his appellation.

He says he is the Count J. Zoueski, a native of Warsaw, Poland, aged ninety-one years. From 1812 to 1815 he served in the French army, and was a member of the "Old Guard" under Napoleon Bonaparte. In 1851 he came to this country with Louis Kossuth, and subsequently was in the war of the rebellion, attached to a Pennsylvania regiment, under Gen. Franz Siegel. Since then he has been an inmate of the soldiers' home at Washington, and is now en route from that city to Montreal, Canada, whence he hopes to reach France, now the Mecca of his hopes.

INSTALLATION.

At the regular meeting of Osgood Lodge, I. O. O. F.; on Thursday evening, 6th inst., the following officers were installed for the ensuing term:

Wilber I. Trafton, N. G.;
Charles E. Hodgdon, V. G.;
Edward T. Morrison, Rec. Sec.;
Charles A. Neal, Treasurer;
Mark H. Fernald, W.;

EXCURSIONS.

An excursion party from Philadelphia, numbering ninety-four persons, arrived in this city on Thursday last, and went to the Shoals, where they passed the night. Returning to this city on Friday morning they took the Wentworth house coaches and barges for Newcastle and Rye beach, and passed the night at the Wentworth, which splendid summer resort they will leave this morning for the White mountains, via the Eastern railroad.

The beautiful steam yacht Theresa, of New York, with a party of ladies and gentlemen from that city and Brooklyn, left Central wharf, Boston, Friday morning, on a cruise along shore to Mount Desert, intending to make stops at the Shoals and Portsmouth. The Theresa is owned by Josiah M. Fiske, formerly a merchant in Boston, and now a retired millionaire. She ran up the river to this city Friday afternoon, turned around, and ran down again.

Members of the New Hampshire Press Association to the number of ninety-six arrived in this city by the evening train over the Concord railroad, Friday, supped at the Rockingham house, and took the Bangor express at nine o'clock, on their way to Mt. Desert island. Among the excursionists were Ex-Gov. Natt Head, and Mayor Fletcher of Nashua.

EX-GOV. GOODWIN'S FUNERAL.

The funeral of Ex-Gov. Goodwin will take place at the Unitarian church at twelve o'clock, noon, to-day. The mayor requests business men to close their stores and offices during the time of the obsequies.

SUNDAY SERVICES.

Rev. Dr. F. H. Hedge, one of the most distinguished theologians and preachers of America, will preach at the South Parish to-morrow.

Children's Sunday is to be observed at the Court street Christian church to-morrow forenoon. There will be floral and bird decorations, and an appropriate sermon by the pastor, Rev. John A. Goss.

Rev. Dr. Alden's lecture on Sunday evening will be to young men; subject, "A Good Name."

Rev. J. F. Chamberlain will preach in the Advent church on Sunday.

At the North church, Sunday evening, Rev. Mr. McGinley will deliver a sermon to young men, on "Lessons from the life and character of the late Gov. Goodwin."

Mrs. Joseph Dame, whose death occurred on the 5th, was found dead in bed at the residence of her daughter, Mrs. A. B. Fonda, on State street. Mrs. Fonda was absent from home at the time, in attendance on the marriage of her son, Mr. E. Percy Fonda of Boston, with a young lady of West Newbury, Mass.

The tug Leyden will be taken into the dry dock at the navy yard this morning. After she comes out the Vandalia will be taken up, to receive the necessary repairs, which it is estimated will cost $30,000, and require till the middle of September to complete; while the repairs on the ship are being made, it is said her crew will be quartered on the old storeship Guard.

We had a very pleasant half-hour's call on Friday afternoon from Mr. J. B. Quaid of Dover, who besides being an alderman of that city, is the lively and keen-scented reporter of Foster's *Democrat*. Mr. Quaid has the reputation of being able to smell a good item three-quarters of a mile off, against the wind.

Three thousand mackerel, of medium size and fatness, were brought in on Thursday last and bought by George W. Randall, who sent the lot to Newburyport.

Albert G. Symonds, the Eastern railroad freight brakeman who lost his foot a short time since through being run over by the cars at Salem, Mass., has been discharged from the hospital, and is able to be about on crutches.

The schooner Glenera, of and from St. John, N. B., with 110,000 shingles, 250,000 laths, and about 400,000 feet of long lumber, hauled inside Noble's island bridge on Thursday last, the larger part of her cargo being consigned to Thomas E. Call & Son, and the remainder to Converse & Hobbs of Dover.

Major Urch has secured two seals for his aquarium, from the eastward. He will go to Toronto, Canada, in a few weeks, to introduce his marine bicycle there.

Stones In the Kidneys

And Bladder Expelled—Long Suffering of one of Troy's Best People—A Lucky Man.

It is by no means a strange thing that Dr. Kennedy should have received the following letter. By reading it you will see in one minute why James Andrews was thankful:

TROY, N. Y., April 8th, 1880.

Dr. D. Kennedy, Rondout, N. Y.:

DEAR SIR:—Until within a recent date I had for several years suffered greatly from gravel, called by the doctors the Brick-dust Sediment. For about a year past this sediment has not passed off in the usual quantity, but has accumulated, causing me untold pain. Having heard of "Kennedy's Favorite Remedy" I tried it in my case, and after using about one and one-half bottles, I voided a stone from the Bladder, of an oval shape, 7-16 of an inch long, and rough on its surface. I send you the largest piece that you may see of what it is composed. Since then I have felt no pain. I now consider myself cured, and cannot express my thankfulness and gratitude for so signal a deliverance from a terrible disease. You have my consent to use this letter, should you wish to do so, for the benefit of other sufferers.

Yours truly, JAMES ANDREWS.

No. 10 Marshal St., Ida Hill.

When we consider that the medicine which did this service for Mr. Andrews costs only one dollar a bottle, it would seem that vendors afflicted in like fashion can afford the expense of testing its virtues. Get it of your druggist, or address Dr. David Kennedy, Rondout, N. Y. "Dr. Kennedy's Favorite Remedy" for sale by all druggists.

WHEAT BITTERS
THE BEST AND The Richest BLOOD, BRAIN and NERVE
-F-O-O-D-
CAREFULLY PREPARED,
THOROUGHLY TESTED,
ACCEPTABLE AND RELIABLE.
The Phosphates of the Wheat are its most valuable food property, and are, when properly prepared, the most acceptable nutriment with which to build up the system.
The Blood, Brain and Nerves are the forces which bear the strain of every day work and life, and in order to save sickness it is wise to
BUILD FOR HEALTH.
Wheat Bitters are prepared, not by fermentation but by solution and are richest in the Phosphates, while the starch and impure matter are eliminated. These make in themselves a basis, to which is added the best and choicest medicinal qualities, necessary to make it a tonic and bitter. It is at once healthful, pleasant to the taste and must not be confounded with the thousand and one cheap alcoholic bitters which are sold as cure-alls. Medicine is doubly effective when used with food, so as to nourish while it corrects.
Sold by druggists, $1.00 per bottle.

Railroad Building.

The *Railway Age*, giving the summary of railroad building in the United States for the first six months of 1882, says the totals are astonishing. Track has been laid on at least 179 lines, in thirty-seven states and territories, adding a mileage of main track aggregating 5000 miles. This includes only the main track, and does not include sidings, and second, third and fourth tracks, of which hundreds of miles have been laid. The aggregate reported for the same period last year was only a little over 2000 miles, and during the same period of no previous year has it equalled that amount. The total railway mileage of the United States is more than 107,000 miles.

Byron and His Publisher.

Byron gave his publisher, John Murray, as a birthday present, a Bible very nicely bound. On the outside, stamped in golden letters, was the inscription, "From Lord Byron, to his friend, John Murray, Esq."

This was ostentatiously laid on the centre-table of the great publisher's drawing-room, and Murray was very proud of the gift.

At a large party at his house one evening, a friend was turning over the leaves of the magnificent Bible, when he suddenly cried,—

"Murray, come here! Byron has been altering the Bible."

Saying this he pointed out to the astonished and indignant publisher, that Byron had altered a verse by drawing his pen through the word "robber" and substituting another word, so that the verse ran thus:

"Now, Barabbas was a publisher." After that unlucky discovery the book disappeared.

A False Conclusion.

The New York *Sun* thinks such a man as Col. Ingersoll would hardly have been invited twenty years ago to deliver the memorial address in New York, and the fact that he was invited this year indicates to the *Sun* "that there has been a general decline in religion; that infidelity is spreading in the community; that there is doubt and denial and there is scoffing now where reverence and adoration formerly prevailed. If this process continues for fifty years, the Christians will form a very small minority of the people of this country!"

Nonsense! Ingersoll was invited not because of but in spite of his religion. He was invited because he is the most eloquent orator of this country, and knows enough to confine himself to his theme. Thomas Jefferson was as much of an infidel as Ingersoll, but he wrote the Declaration of Independence and was afterwards twice chosen president of the "Puritan Republic." Dr. Franklin is one of the saints in our political, scientific and social calendar, but he was known as a free thinker and doubter. It isn't necessary for the people of a free and enlightened country to all think alike—to all become infidels because a few do—to wholly condemn a great man because of one idiosyncrasy or weakness or fault. Toleration is one of the crowning glories of true Christianity, and for our part we want no better evidence of the best religious training of this people and of the civilizing influence of the charity that Christ exalted as the chief virtue, than the decency and approval with which Ingersoll is listened to on some subjects by thousands who differ with him on one subject.—*Boston Times.*

Nervousness, debility, and exhausted vitality cured by using Brown's Iron Bitters.

—It has now been discovered that Billy Patterson was struck by lightning.

—It is said that paper can be compressed into a substance so hard that only diamonds can scratch it. That will be the boss paper on which to print election tickets.

Decline of Man.

Nervous weakness, dyspepsia, impotence, sexual debility, cured by "Wells Health Renewer." $1. Depot, J. H. Thacher's.

Kidney Disease.

Pain, irritation, retention, incontinence, deposits, gravel, etc., cured by "Buchupaiba." $1. Depot, J. H. Thacher's.

—A Pittsburg man who arrived at Newark, N. J., the other day, ordered a cabman to drive to the Newark steel works, and cabby inocently took him to the city hall.

The Perpetuity of Fame.

As the name of the immortal Washington has been most sacredly perpetuated as that of a hero and statesman, so also has the fame of Swayne's Ointment for skin diseases, descended into perpetuity as the only reliable remedy in the market, for every character of skin disorders, and as the reward of well-deserving merit. Worth and merit go hand-in-hand. It is useless to contradict the worth of this article.

Summer Complaints

At this season, various diseases of the bowels are prevalent, *and many lives are lost* through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a *sure* cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is *perfectly safe.*

Read the following:

BAINBRIDGE, N. Y., March 22, 1881.
PERRY DAVIS' PAIN KILLER *never fails to afford instant relief* for cramp and pain in the stomach.
JOSEPH BURDETT.

NICHOLVILLE, N. Y., Feb. 2, 1881.
The *very best* medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is *sure cure* every time.
JUDSON W. DEE.

MONROCCA, IOWA, March 12, 1881.
I have used your PAIN KILLER in severe cases of cramp, colic and cholera morbus, and it gave almost immediate relief.
L. E. CALDWELL.

CANNESVILLE, GA., Feb. 28, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and always *cures.* Would not feel safe without a bottle in the house.
J. B. IVIE.

SACO, ME., Jan. 29, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is *safe, sure, and reliable.* No mother should allow it to be out of the family.
W. I. NAYER.

ONEIDA, N. Y., Feb. 19, 1881.
We began using it over thirty years ago, and it always gives immediate relief. Would hardly dare to go to bed without a bottle in the house.
W. G. SPERRY.

CONWAYBORO, S. C., Feb. 22, 1881.
Nearly every family in this section keeps a bottle in the house.
DR. E. MORTON.

U. S. CONSULATE,
CREFELD, RHENISH PRUSSIA, Feb. 8, 1881.
I have been PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after years of observation and use I regard its presence in my household as an *indispensable necessity.*
I. S. POTTER, U. S. Consul.

BUDDO-OW-TEMPE, N.W.T., Feb.
I had been several days suffering severely from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, and found almost instant relief.
H. H. NOOTE.

31 MONTPAGIE ST., LONDON, ENG.
During a residence of twenty three years in India, I have given it in many cases of diarrhœa, dysentery, and cholera, and never knew it to fail to give relief.
S. CLARIDGE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

THE
New Hampshire Gazette!

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire Items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

— THE —
NEW HAMPSHIRE GAZETTE
Contains more original matter
Than any other paper of its size in the State, the editors working more with their pens than with their scissors.

TO ADVERTISERS

THE N. H. GAZETTE

Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

Failing!

That is what a great many people are doing. They don't know just what is the matter, but they have a combination of pains and aches, and each month they grow worse.

The only sure remedy yet found is BROWN'S IRON BITTERS, and this by rapid and thorough assimilation with the blood purifies and enriches it, and rich, strong blood flowing to every part of the system repairs the wasted tissues, drives out disease and gives health and strength.

This is why BROWN'S IRON BITTERS will cure kidney and liver diseases, consumption, rheumatism, neuralgia, dyspepsia, malaria, intermittent fevers, &c.

203 S. Paca St., Baltimore. Nov. 28, 1881.

I was a great sufferer from Dyspepsia, and for several weeks could eat nothing and was growing weaker every day. I tried Brown's Iron Bitters, and am happy to say I now have a good appetite, and am getting stronger.

JOS. MCCAWLEY.

BROWN'S IRON BITTERS is *not* a drink and does not contain whiskey. It is the only preparation of Iron that causes no injurious effects. Get the genuine. Don't be imposed on with imitations.

SULPHUR BITTERS

THE BEST AND GREATEST MEDICINE

It will drive the Humor from your system, and make your blood clean and smooth. *Those Pimples and Blotches* which mar your beauty are caused by impure blood, and can be removed in a short time, if you are wise and use the great blood purifier,

SULPHUR BITTERS. WHY suffer with Boils? Why have with that terrible Headache? Why Want skin on that face? Why Rheumatism? Why and loss on that and pain with Rheumatism? Why nervous and tired feeling? Your nerves are all running to pieces or poor watery blood is not a cheap glass like other preparations which stimulate only to DESTROY. It is composed of the choicest Roots, Herbs and Berries combined with the ex-TRACT OF SULPHUR in such proportions as to make a NATURAL GRAND NARCOTIC.

SULPHUR Bitters

The Dose is small—only a Teaspoonful. It is the *best and cheapest* medicine. Try it and you will be satisfied. Get it of your druggist.

Daily Chronicle.

"The Bridal March, and other stories:" by Bjornstjerne Bjornson; translated from the Norse by Prof. Anderson of Madison, Wis.

The Bridal March, the longer of these tales, was published first in 1872, and dedicated by the author to Hans Christian Andersen, the well-known Danish story teller. The other stories are "Thrond," written in 1856, "A Dangerous Wooing," "The Bear Hunt," etc. The remainder of the author's stories, including "Dust," recently written, will appear in a succeeding volume. The present volume has nine stories. This is the "author's edition," published by Houghton, Mifflin & Co., by special arrangement with the author, who designates Prof. Anderson as his American translator. Uniform with the other Bjornson novels; price $1.00. Sold by W. G. Myers.

"Aschenbroedel." The last of the twelve volumes of the second series of "No-name" novels is "Aschenbroedel." It is a story of an American girl, born of good stock and bred in a country town, where resort summer boarders from New York city. The girl, partly in a spirit of fun and partly from the benevolent desire to befriend a deserving neighbor, goes from her father's roof to the house where the boarders stay, and there waits on the table and does other work as "help," under an assumed given name. Her strong points are a love of the beautiful in nature, and the noble in her race. She is well educated, and is appreciated by one of the lady visitors who is a writer for the press, and loved by one of the accomplished New York beaux. This love comes near a climax, but the result is averted, and a favored friend of earlier years carries off the prize. The story has truthful delineations of the vulgar genteel elements of New York society, with a passing hit at political and financial sins. The leading character has a peculiar make-up, but all through the summer story the sympathetic admiration of the reader is incited, and as in all good tales, the triumph of the noble and true over the sham and heartless is happily shown. The publishers are Roberts Brothers of Boston, who will begin at once the publication of the third "No-Name Series," in uniform size with the first and second, but with a designating style of binding. Sold by Myers; price $1.00.

John Osgood of Dover jumped from a runaway team on the 5th inst., and broke one of his legs.

A freight train due in Nashua at eleven o'clock Friday night, met with an accident two miles from the station. Ten cars were piled in a heap and badly wrecked. The wrecking train hands were engaged until next forenoon in clearing the track. No one was injured. The accident was caused by a pair of trucks breaking away from a box car.

James McArdle, a farmer, was seriously and perhaps fatally injured through his team being struck by a train at Whitcher's crossing, Dover, on Friday.

Remarkable for penetration and mysterious in action is St. Jacobs Oil.

Mrs. Burdette, wife of the humorist, Bob Burdette, who is summering with her husband in West Gosben, N. Y., has so far improved in health that she is able to take short walks.

"Rough on Rats."

Clears out rats, mice, roaches, flies ants, bed-bugs, skunks, chipmunks, gophers. 15c. Druggists.

"Buchupaiba."

Quick, complete cure, all annoying kidney, bladder and urinary diseases. $1. Druggists. Depot, J. H. Thacher's.

A schooner at Halifax from Canso reports having sailed through a large number of bales of cotton on the 1st inst., near Sable island. The cotton is supposed to be part of the cargo of the barque Wild Hunter, of Boston, burned off Halifax in June.

The best preventive of fever and ague and all miasmatic diseases is Wheat Bitters. One trial will prove this. Sold by all druggists.

The cotton mill at Atlanta, Ga., was sold on the 6th inst. to satisfy a mortgage. It was bought by a man named Coffin, of Boston, for $101,000.

Containing all the essentials of a true tonic, and sure to give satisfaction, is Brown's Iron Bitters.

The youngest soldier in the German army is the son of Duke Paul Frederick of Mecklenburg-Schwerin, who is scarcely yet a month old, and who has just been enrolled by the veteran emperor in the 17th regiment of Mecklenburg dragoons.

Lamb Broth.

Take six shanks, well broken, and put them in three pints or more (according to their size) of cold water. Add a few cloves and a little of the green of an onion top or a young onion, and a little rice. When sufficiently cooked, boil in it one dessert spoonful of Sea Moss Farine and a piece of butter.

Joseph E. Kelley, eighteen years old, son of the superintendent of the Mechanics' mill in Fall River, Mass., was caught in a belt on the 5th inst., and whirled around a shaft until fatally injured. He was learning the machinists' trade in the mill.

Found at Last.

An agreeable dressing for the hair, that will stop its falling, has been long sought for. Parker's Hair Balsam, distinguished for its purity, fully supplies this want.

Joseph Belt, a young man of Lynn, Mass., ruptured a blood vessel in running to catch a train of cars, and died on the 5th inst.

Improvement for Mind and Body.

There is more strength-restoring power in a bottle of Parker's Ginger Tonic than in a bushel of malt, or a gallon of milk. As an appetizer, blood purifier and kidney corrector, there is nothing like it, and invalids consequently find it a wonderful invigorant for mind and body.—*Commercial.*

Capt. J. D. Rhodes and his brother Julian had a quarrel at Bradford, Pa., on Wednesday night, July 5th, and their mother attempted to separate them. She was knocked down and killed.

The Housekeeper's Friend.

A friend in need is a friend indeed, and such a friend you will always find in Sulphur Bitters, they cured me of Dyspepsia when I had given life up in despair and was almost at death's door. They are a true friend to the sick.—*Mrs. R. Craigue, Hartford Connecticut.*

Ruth Ford, nineteen years old, shot and killed Louis Burger, twenty-two years old, at Algiers, La., on the evening of the 5th inst., while he was walking with two young ladies. She said he had betrayed and deserted her.

How to mitigate the toil of wash day during these hot summer months is worth knowing; we are assured that James Pyle's Pearline does it effectually, without the slightest danger to the finest fabrics.

PATENTS!

R. H. EDDY,

No. 75 State St., Opposite Kilby, Boston,

SECURES PATENTS in the United States; also in Great Britain, France and other foreign countries. Copies of the claims of any Patent furnished by remitting one dollar. Assignments recorded at Washington. *No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.*

R. H. EDDY, Solicitor of Patents.

Testimonials.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 19, 1870.

R. H. EDDY, Esq.—*Dear Sir:* You procured for me, in 1840, my first patent. Since then you have acted for and advised me in hundreds of cases and procured many patents, reissues and extensions. I have occasionally employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self cure, which he will send FREE to his fellow-sufferers, address J. H. REEVES, 43 Chatham st., N. Y.

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

The Liquor Business.

There is some interesting reading in the liquor saloon census, as published by the United States internal revenue department, which makes up its record from the federal licenses issued. In proportion to population, New Hampshire has one retail saloon to every three hundred and seventy-six inhabitants; Maine one to every seven hundred and ninety-one; Massachusetts one to every two hundred and forty-five; Rhode Island one to every two hundred and ninety-six; Connecticut one to every two hundred and thirty-five; Vermont one to every eight hundred and twelve; the territories of Arizona and Montana have one to every fifty-one inhabitants.

News and Notes.

Charles Lunt, thirteen years old, son of Aaron Lunt, died of lockjaw at Haverhill, Mass., last Thursday, the result of wounding with a toy pistol a week before.

A party of nine Mormon cowboys recently entered the town of St. Johns, Arizona, and commenced shooting right and left, which brought on a general engagement. One ruffian getting wounded early in the fight, fled, followed by three others. Nat Green, the leader, and four others, fled to an adobe house and kept up the fight, resulting in the killing of James Vaughan, a Mormon, and Nathan C. Tenney, a prominent Mormon, and at one time a bishop. Dixie Green was wounded in the left hand. A surrender was forced, and Nat and Harris Green surrendered and are now in jail.

Perry Randall, five years of age, son of Levi Randall of Lewiston, Me., was attacked by a ferocious dog, Friday, and cruelly mangled. His skull was fractured, an arm broken, and the flesh torn terribly. The child is in a very critical condition. The dog was immediately killed by the police.

Nellie Wilcox, the sixteen-year-old girl who eloped the other day with E. A. DeWitt of Housatonic, Mass., was found with him at a St. Catharines (Ont.,) hotel. The officers threatened her arrest, and she returned home to Housatonic, in a brother-in-law's charge. DeWitt remains in Canada, as he could not be arrested there.

A cyclone on the 3d inst. killed twenty head of cattle near Van Buren, Ark., and of three men herding them one was killed, and two fatally hurt.

William Belcham, who was sentenced to be hanged at Cincinnati next Friday, has had his sentence changed by Gov. Foster to imprisonment for life. Belcham is over sixty years old.

On Sunday, July 2d, in the Indian territory, near McAllister, Ark., Rev. W. J. Spaugh, a Methodist minister, who had incurred the enmity of some young Indians whom he had corrected in school, was set upon by them, and after a determined struggle was killed.

Gen. M. D. Skobeleff, the famous Russian general, died last week at the age of forty years.

Crow Dog, who killed Spotted Tail, the Brule Sioux chief at Deadwood, D. T., on the 5th of August, 1881, was not hanged Friday, his case having gone to the United States supreme court on a writ of error, and will be argued in November. He takes the matter of his reprieve very philosophically.

Five hundred placards offering £20,000 reward for the discovery of the murderers of Lord Frederick Cavendish and Mr. Burke were posted in Dublin, Ireland, July 7th. An official return shows that 182 "suspects" are now detained in prison in Ireland.

On Thursday of last week, while on his way to St. Johnsbury, to visit his daughter, Uriah Howe of Moretown, Vt., was thrown down an embankment by an unmanageable horse, and killed.

It is stated at St. Petersburg, Russia, that 90,000 copies of a revolutionary proclamation, printed by a secret press and signed by Nicholas Constantinovich, cousin to the emperior, have been discovered at the office of the ministry of marine, and that immediately after the discovery the director of the department committed suicide.

A Maine paper relates that a maiden lady, now residing in the town of Lyman, that state, at the age of ninety-eight years, was in her youth engaged to be married to a respectable young man, and was making her wedding dress. Her father, entering the room, forbade the marriage. She answered, "Well, father, then you must maintain me as long as I live." She stuck her needle into the unfinished dress, arose and put it into the drawer, and there it has remained until the present time—seventy-five years.

The total receipts of the government for the fiscal year ending June 30th, were the largest since the foundation of the government, except for the years 1866 and 1867. In 1866 the total receipts were in round numbers, $520,000,000, and in 1867 $463,000,000. For the past year they have amounted to about $403,000,000, furnishing a net surplus of $151,684,350, which has been applied to the extinguishment of that amount of the outstanding debt. The various items from which this immense revenue was derived were as follows: Customs, $219,678,698; internal revenue, $146,147,976; miscellaneous, $37,634,610; total, $403,460,284.

How a sane man can be incarcerated for two years in an insane asylum without becoming insane is a psychological mystery. This has been the experience of Edwin C. Woodbury, confined in the Bloomington, N. Y., asylum, for two years. A jury has declared him sane, and Mr. Woodbury declares that others in the asylum are just as sane as he is.

A libel has been filed in the United States district court at Wheeling, West Virginia, by W. C. Beans, to compel the owners of the steamer Scioto, sunk at Mingo Junction, Ohio, on the 4th of July, to forfeit $8,150, for carrying a greater number of passengers than was authorized by her papers. It is now more than hinted that whiskey caused the disaster, the bottle having been passing freely among the passengers and officers of the wrecked boat during the day.

A water-spout in Bear Creek, Ark., and in Taney county, Mo., extended over half a mile in width, and swept away many fields of corn and wheat and much stock. No lives were lost.

Martin Rogan, aged sixty years, drowned himself on Friday night in Benedict pond, Providence, R. I. He leaves a wife and five children.

Fred Root, of Burlington, Vt., with another young man and two young women, went rowing on the St. Lawrence river on Saturday, and all were drowned in the rapids, near Norrisburg, Ont.

The body of John Welch, of North Adams, Mass., was found in the river at Williamstown, July 7th. He was evidently murdered and then thrown overboard, there being a bullet hole through his head, a deep gash in the top of his head and one over his eye, and his body badly bruised.

In a regatta at Marlow, England, Saturday, an American crew (the Hillsdales) beat the Marlow crew by a length.

Guiteau's skeleton is to be placed in the army medical museum at Washington.

Two regiments of British foot soldiers embarked at Portsmouth, Eng., for Egypt, on the 8th inst.

Maggie Mitchell will drive her black ponies and enjoy herself bathing, during her vacation, at Long Branch, where she has a cottage.

Eight years ago Saturday, Charlie Ross was stolen while playing near his father's house at Germantown, Pa. His father has never given up searching for him.

Since the first oil well was opened in 1859 the product of the wells has added $1,500,000,000 to the wealth of the United States in the value of the crude oil and its products. To-day the product of these wells lights the cathedrals of Europe, the mosques of Asia, the pagodas of Japan and even the huts on Africa's sunny soil. Its exports are over 1,000,000 gallons a day.

Cornelius Sweetser of Saco by his will left his widow the net income of $100,000 during her life, also his furnished residence, and horses and carriages. The provision of the will was waived by the widow, who took her dower in the real estate, and asked the judge of probate to make her an allowance of the personal estate. Judge Hobbs has allowed her $20,000. An appeal to the supreme court will probably be taken. Hon. John M. Goodwin of Biddeford and Judge Tapley of Saco are counsel for the widow, and Emery for the estate.

Mrs. Esther Strout of Limington, aged eighty-seven years, widow of the late Simeon Strout, died very suddenly a few days ago. She went across the street from her home to spend the day with her daughter, Mrs. Enoch Hobson, and while engaged there in doing some fine sewing suddenly dropped her work, and died in her chair without a struggle.

Daniel D. Cromby, formerly treasurer of one of the mills at Lawrence, Mass., has sold his residence in Boston, and removed to Kennebunkport.

At the recent wedding of Gen. Corse and Miss Fannie McNeil, at Winchester, Mass., the white roses worn by the bride were from a bush in the grounds of her aunt, Mrs. Tappan Wentworth of Lowell, transplanted from a bush at the McNeil homestead in Hillsborough, N. H., one hundred years ago, by her great-grandmother McNeil.

The Enterprise arrived at New York July 5th, from Norfolk.

As will be seen by a letter in our news column, the referee—himself a Harvard man—in the race which was not rowed between Harvard and Columbia, awards the colors to the latter, deciding Harvard to be clearly in fault. In this juncture, probably Bancroft, who, when captain of the Harvard crew, put up a sign over the quarters: "Reporters and loafers keep out," and who is now himself a reporter on the Boston *Herald*, will wish he had taken the advice of some reputable journalist, before he "queered" the Harvard's case as he did.—*Boston Post.*

PUBLIC MEETING.

IN accordance with the numerous requests of many citizens of Kittery and Portsmouth to that end I invite the citizens of those places to meet together at the Court House on

MONDAY EVENING, July 10th, at 7 1-2 O'clock,

to see if any steps can be taken to prevent the closing of the Navy Yard, and the reduction of the ordinary appropriation for the maintainance of the NAVAL STATION in this harbor.

As this is a subject of such vital interest to the citizens of Kittery, Portsmouth and other towns in the vicinity, it is hoped that there will be a full attendance on this occasion.

LIFE INSURANCE !

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, with the best of beds, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

THE NAVY YARD.

We are glad to see that a meeting is called for this evening, to consider the interests of our locality in relation to the Navy Yard.

Thirty years ago, when several ship yards gave employment to a large number of mechanics and little or no work was performed at the Navy Yard, there was [illegible]t small interest shown in the Congress[illegible]al appropriation for naval expenditures at this station. Previous to 1850 [illegible]had been built and launched at this [illegible] but eight vessels aggregating [illegible]s. while in some years the [illegible]f merchant vessels built upon [illegible] was nearly as great as this; in [illegible] example, the tonnage built at [illegible] yards of Geo. Raynes, Fernald [illegible]ew and Master Badger of Kit[illegible]regated over eight thousand tons. [illegible] not until the war demonstrated [illegible]acity of the yard for doing work, [illegible] of our shipwrights, the reliabili[illegible]ur mechanics, with no competing [illegible]tate, to prevent them performing [illegible]k for the government, that there was a [illegible]mand for skilled labor to any extent upon the Navy Yard. For several years, not only the mechanics, ship carpenters, joiners, blacksmiths, riggers, sailmakers, [illegible], and the class of workmen who [illegible]quired to construct and fit for sea [illegible]essels, resident upon the Piscat[illegible]ere in demand, but from along the [illegible]d near towns of Maine came men [illegible] the business, some of whom remained in this locality. The result was, as ship building for the mercantile marine declined, here and in Maine, these men sought and obtained employment at the Navy Yard. They gave up other engagements and prepared to work for the construction and maintainance of a navy.

Of late years there has been doled out to these men, than whom none in the world are better, more skillful or entitled to more encouragement from the government, small sums at certain intervals. They have worked half time or not at all, in the hope that after a parsimonious spasm relative to appropriating, a liberal policy would succeed and a fair share of work would be performed at our yard. We have two ships, one in process of repairs and one ready to be repaired now at the yard—the Omaha and the Plymouth; if the appropriation bill in its present form becomes an enactment, work upon these ships will of course cease and not be resumed for a year. Do our citizens realize that in times past we have had expended at the yard about $300,000 annually, and that we are in great danger of losing the benefits of this sum, which is equivalent to taking a thousand dollars for every working day from the families on either side of the river, and depriving our stores, banks and business men of so much circulating capital? There are certain retired mariners who seek to run the navy department at Washington who advocate the permanent closing of the navy yard, and claim that the country needs but three stations, New York, Norfolk and Mare island; and now after every industry of Portsmouth has become paralyzed, with perhaps the exception of the shoe factory and the breweries, we are in very great peril of being deprived of our chief source of income, arising from the employment of a share of our resident mechanics and laborers at the navy yard.

The result of the blow to Portsmouth can be anticipated. Shall we sit quietly by and see Congressman and Cabinet ministers influenced to take work from our Navy Yard, and give large fortunes from the treasury to the contractors, for work which could be better and more economically performed at the Navy Yards? Shall we see our stores and dwellings, vacated, and then ensue a set back compared with which the destruction of the Kearsarge Mills was but a trifle, without bestirring ourselves to place our claims to a proper treatment at the hands of the government, properly before Congress? We have never as a body of citizens acted in concert in these matters, and the meagre appropriations secured in times past have been, in a measure, obtained by the efforts of a few persons who have acted in this behalf, oft with the censure rather than the commendation of our citizens, some of whom have been greatly benefited by the results of their labors. But it is no time now for retrospection; what we want is an expression of our business men, our real estate owners, merchants, bankers and others as to this means of support by which Portsmouth, Kittery, Eliot and other towns, live, move and have their being. Let us take counsel together in a friendly spirit of co-operation. Let us sink private prejudices and personal and political animosities, and pull together for a common purpose of securing a fair appropriation for maintaining the navy yard as it should be. Located as the yard is, on deep, never freezing water, it has been in times past regarded as one of the best sites for a ship yard on the coast. Is there any reason now to change this opinion? We must at once send to Washington a delegation to urge our claim before the senate committee, and see if we can obtain a reasonable appropriation, or the result will be a sign of "to let" upon half of our houses, and a sheriff's notice upon more than half of the stores on our streets. We hope that every good citizen will realize how much there is at stake just at this moment.

EX-GOV. GOODWIN'S FUNERAL.

The funeral of Hon. Ichabod Goodwin took place on Saturday, the services being held in the Unitarian church, where the deceased had worshipped for many years. Rev. James DeNormandie, pastor of the South Parish, gave an eloquent eulogy. The church was filled, among those present to pay a last token of respect to the departed patriot being the city government, members of the banking and other corporations in which he was director, Ex-Governors Prescott, Smythe and Weston, officers of the navy attached to this station, United States District Attorney Sanger of Massachusetts, the president and superintendent of the Eastern railroad, Ex-Congressmen Marcy and Jones, and many other prominent citizens of this and other cities. Business was generally suspended throughout the city during the obsequies; flags were at half-mast, and a governor's salute of minute guns was fired from the navy yard at noon. The remains were deposited in the family tomb in the South cemetery.

POLICE COURT.

SATURDAY, July 8; *Batchelder J.*

Thomas Brown, alias Fred Turner, alias Mr. Hartford, a gentleman of the tramp persuasion, was held in $100 for trial at the October term of the supreme court. He will rest and refresh himself in jail until the court sits.

Charles Lynch, alias Charles Smith, alias "Haverhill Slim," another professional traveller, also went to jail in default of sureties in $100 for his appearance before the supreme court.

Charles Lewis, fined $3, with $6.90 costs, for drunkenness, did not go to jail, because he had $9.90.

James Smith, alias King David, alias the Count J. Zoueski, formerly of Warsaw, Poland, later of Napoleon's "Old Guard," and still later of the Union army, was before the court for drunkenness. The presiding magistrate, influenced by the culprit's advanced years, venerable appearance and eminent military services, and also in a slight degree by his promise to "skip the town" in a hurry if permitted, allowed the offender to depart.

The semi-annual meeting of the Rockingham Odd Fellows' Mutual Relief Association will be held at Odd Fellows hall, Tuesday evening, July 11th, at 7:30 o'clock.

It will be seen by announcement in our advertising columns that Mr. John J. Laskey has succeeded Mr. B. F. Mugridge, in the grocery store No. 63 Pleasant street. He has a new and extensive stock of goods, is experienced in the business, and is a gentleman of courtesy and fairness in dealing; and there is no reason that we know of why his store should not be a favorite place of trade, for the large section of the city south of State street, which its location will especially accommodate.

The three-masted schooner Jessie Elizabeth, which last week discharged a cargo of coal at E. F. Sise & Co.'s wharf, had a new foretopmast sent up on Saturday, in place of one carried away when making this harbor.

Some time last week, it is supposed on the night before the 4th, a fine buggy belonging to Dr. Potter and stored in a barn on Hill street was badly damaged by a charge of heavy shot fired into it by some malicious scoundrel.

The train on the Eastern railroad passing through this city from Boston shortly after eleven o'clock, Saturday forenoon, was a very heavy one, consisting of ten ordinary passengers cars, two Pullman palace cars, and two baggage cars; every car was packed with passengers or luggage.

The first new potatoes raised in this vicinity, brought into this market, were brought in on Saturday, from South Eliot. They were raised by J. W. Davis.

The semi-annual dividend of three per cent on shares of the Portland, Saco & Portsmouth railroad, will be paid on the 15th inst. at the treasurer's office in Boston.

The sale by auction of eighteen acres of standing grass, advertised for last Saturday afternoon at three o'clock, was postponed on account of the obsequies of Ex-Gov. Goodwin, to the same hour on Tuesday, July 11th.

Capt. J. Gilman Moses started on Saturday for a trip to Europe, intending to spend a month or two in Paris before he returns.

Some of the Boston papers last week mentioned that at one of the florist's stores in that city could be seen some roses 13 1-2 inches in circumference. Mr. John H. Slater of this city on Thursday last brought in four roses raised on his place, each five and a half inches in *diameter*, two being of the George IV. variety and two of the Palneron. Mr. Slater has about forty varieties of roses growing.

The schooner John & Frank, Lowe master, arrived in York harbor on the 2d inst. from Boston with a cargo of supplies for the stores and hotels at York, having made the round trip from York to Boston and back in five days; a previous trip, to Bangor and back, was made in seven days. Capt. Lowe formerly sailed out of this port as mate, serving in that capacity in a number of Portsmouth vessels; but the John & Frank runs altogether in the direct trade between York and other ports.

On Taursday of next week the North church Sunday school will have their annual picnic, which this season will be at Pinkham's grove, reached by the Eastern and the Dover & Portsmouth railroads. This grove is delightfully situated on the south-west side of the peninsula which forms Dover point. The Piscataqua river here divides and forms the Cocheco on one side, and the Bellamy on the other. One of the most attractive features of the trip will be the entrancing views on the banks of the Piscataqua, which for nearly the whole distance from Portsmouth to Dover point is skirted by the railroad.—*Newburyport Herald, 8th inst.*

Stones In the Kidneys

And Bladder Expelled--Long Suffering of one of Troy's Best People--A Lucky Man.

It is by no means a strange thing that Dr. Kennedy should have received the following letter. By reading it you will see in one minute why James Andrews was thankful:

TROY, N. Y., April 8th, 1880.

Dr. D. Kennedy, Rondout, N. Y.

DEAR SIR:—Until within a recent date I had for several years suffered greatly from gravel, called by the doctors the Brick-dust Sediment. For about a year past this sediment has not passed off in the usual quantity, but has accumulated, causing me untold pain. Having heard of "Kennedy's Favorite Remedy" I tried it in my case, and after using about one and one-half bottles, I voided a stone from the Bladder, of an oval shape, 7-16 of an inch long, and rough on its surface. I send you the largest piece that you may see of what it is composed. Since then I have felt no pain. I now consider myself cured, and cannot express my thankfulness and gratitude for so signal a deliverance from a terrible disease. You have my consent to use this letter, should you wish to do so, for the benefit of other sufferers.

Yours truly, JAMES ANDREWS.
No. 10 Marshal St., Ida Hill.

When we consider that the medicine which did this service for Mr. Andrews costs only one dollar a bottle, it would seem that persons afflicted in like fashion can afford the expense of testing its virtues. The Colored Voters.

Among the most interesting of the census bulletins is one recently issued that shows the number of males of the voting age, twenty-one years or over, classified as native white, foreign white, total white and total colored. It is seen by these tables that in but two states does the male colored population of the voting age outnumber the whites; Mississippi has 140,279 colored to 108,554 whites, and South Carolina has 188,889 colored to 86,900 whites; Louisiana is nearly divided, the colored numbering 107,977 to 108,810 whites. [These official figures furnish a striking illustration of the wonderful efficacy of the "Mississippi plan" (violence and fraud) and the South Carolina plan (fraud and violence) in reversing political majorities, Mississippi with its 22,000 colored majority, and South Carolina with its 82,000 colored majority, both being "reliably democratic."] Some states have surprisingly few of the colored males of twenty-one years or over. New Hampshire has but 237, Vermont 314 and Maine 664. Nebraska also has remarkably few—855. In these tables, also, the Chinese, Japanese and Indians count as colored.

Lovely Old "Christians."

The authorities of New College, Oxford, England, caused some jackdaws, which had confidingly built upon their chapel walls, to be bricked up, falling other means of dislodging them, because the cawing of these birds interfered with their most Christian service. The congregation heard the cries of the unfortunate creatures daily grow less and less, until, on the fifth day, death came to their release.—*Exchange.*

We should be very sorry to be crowded into a Heaven containing any such "Christians" as those, and wouldn't stop there a day if there was a possible chance to squeeze out and get to some other place.

—It is now beyond doubt that the annual rings of wood in trees are not a sure index of the age, as the gum tree of Australia, as is now proved, makes two circles a year. Some of the extravagan stories of the ages of trees will need rewriting.

Is He Your Friend!

Is the family doctor your friend? How many unnecessary visits does he make you? How many days does he keep you sick that you ought to be at your work, and so doing now many hard earned dollars does he extort from you. Would it not be better for you to place your trust in Sulphur Bitters? Try them, they will be a true friend. Saving you a long sickness and a large bill which you have hitherto paid to some avaricious doctors.—*Editor State Journal.*

A Beneficent Action.

The miserable looks and feelings of those confined at desks or work-tables, are caused by weak stomach, kidneys or bowels. Parker's Ginger Tonic without intoxicating has such a beneficent action on these organs and so cleanses the poisonous matters from the system, that rosy cheeks and good health are soon brought back again.—*Express.*

Mr. E. V. Smalley, now travelling through Dakota and beyond the line of finished railway, is engaged in spying out the land in the interest of the readers of the "Century" magazine. He is writing a series of papers on "The New Northwest," the first of which, describing the Dakota wheat region, the "Bad Lands," and the Yellowstone country, will appear in the midsummer holiday (August) Century. When completed, the series will form a journal of consecutive travel from Fargo to the cascades of the Columbia.

Nervousness, debility, and exhausted vitality cured by using Brown's Iron Bitters.

Gov. Plaisted of Maine attended the graduating exercises of the Maine normal school at Gorham on the 6th inst., and was the guest of Col. Fred. Robie, the republican candidate for governor of Maine.

Your vital energy is deficient; restore it by free use of Wheat Bitters.

Summer Complaints

At this season, various diseases of the bowels are prevalent, and many lives are lost through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a sure cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is perfectly safe.

Read the following:

BATHERSTON, N. Y., March 22, 1881.
PERRY DAVIS' PAIN KILLER saved my life and instant relief for cramp and pain in the stomach.
JOSEPH BURDITT.

NICHOLVILLE, N. Y., Feb. 2, 1881.
The very best medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is sure cure every time.
JULIUS W. DEE.

MONONA, IOWA, Sept. 3, 1881.
I have used your PAIN KILLER in severe cases of cramp, colic and cholera morbus, and have almost instant relief.
S. E. PALMER.

CARNESVILLE, GA., Feb. 28, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it always cures. Would not feel safe without a bottle in the house.
J. B. IVIE.

SACO, ME., Jan. 25, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is safe, sure, and reliable. No medicine should allow it to be out of the family.
H. I. SAYES.

ONEIDA, N. Y., Feb. 19, 1881.
We began using it over thirty years ago, and it always gives immediate relief. Would hardly dare to go to bed without a bottle in the house.
W. G. SPERRY.

CONWAYBORO, S. C., Feb. 22, 1881.
Nearly every family in this section keeps a bottle in the house.
DR. E. MORTON.

U. S. CONSULATE,
CREFELD, RHENISH PRUSSIA, Feb. 8, 1881.
I have known PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after years of observation and use I regard its presence in my household as an indispensable necessity.
B. S. PETTEN, U. S. Consul.

BURTON-ON-TRENT, ENG.
I had been several days suffering severely from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, and found almost instant relief.
H. J. NOONE.

94 MONTAGUE ST., LONDON, ENG.
During a residence of twenty-three years in India, I have given it in many cases of diarrhœa, dysentery, and cholera, and never knew it to fail to give relief.
R. CLARIDGE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

CatarrH

DIRECTIONS.

For Catarrh, Hay Fever or Cold in the Head, etc., insert with little finger a particle of the Balm into the nostrils; draw strong breaths through the nose. It will be absorbed, cleansing and healing the diseased membrane.

FOR DEAFNESS, Apply a particle into the ear, rubbing in thoroughly.

Hay-FeveR

—A fair trial will convince the most skeptical.—

ELYS' CREAM BALM

Effectually cleanses the nasal passages of Catarrhal virus, causing healthy secretions, allays inflammation and irritation, protects the membranal linings of the head from additional colds, completely heals the sores and restores the sense of taste and smell. Beneficial results are realized by a few applications. A thorough treatment as directed will cure Catarrh. As a household remedy for cold in the head and snuffles it is unequalled. The Balm is easy to use and agreeable. Sold by all druggists at 50 cts. On receipt of 50 cts. will mail a pack age. Send for circular with full information.

THE
New Hampshire Gazette!
Established 1756.
The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.
It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or offloaded by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

TO ADVERTISERS
THE N. H. GAZETTE
Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

Failing!

That is what a great many people are doing. They don't know just what is the matter, but they have a combination of pains and aches, and each month they grow worse.

The only sure remedy yet found is BROWN'S IRON BITTERS, and this by rapid and thorough assimilation with the blood purifies and enriches it, and rich, strong blood flowing to every part of the system repairs the wasted tissues, drives out disease and gives health and strength.

This is why BROWN'S IRON BITTERS will cure kidney and liver diseases, consumption, rheumatism, neuralgia, dyspepsia, malaria, intermittent fevers, &c.

203 S. Paca St., Baltimore. Nov. 28, 1881.

I was a great sufferer from Dyspepsia, and for several weeks could eat nothing and was growing weaker every day. I tried Brown's Iron Bitters, and am happy to say I now have a good appetite, and am getting stronger.

JOS. MCCAWLEY.

BROWN'S IRON BITTERS is *not* a drink and does not contain whiskey. It is the only preparation of Iron that causes no injurious effects. Get the genuine. Don't be imposed on with imitations.

SULPHUR BITTERS

THE BEST AND GREATEST MEDICINE

It will drive the Humor from your system, and make your skin clean and smooth. *Pimples and Blotches* which mar your beauty are caused by impure blood, and can be removed in a short time, if you are wise and use the great blood purifier,

SULPHUR BITTERS.

Why suffer with Boils, Pain in the Back, Headache? Why are you so troublesome? Your system is all out of order, and nature cries for help. Give her a little assistance by using Sulphur Bitters, and you will be amply rewarded. Do not let your blood become so impure and your system so weak that it will take months to assist nature to repair the damage which your neglect has caused. Sulphur Bitters is not a cheap, glaring, low priced article, but is a medicine of the purest and best quality, and will do its work quickly and thoroughly. Sulphur Bitters will stimulate only the *best and cheapest* medicine. Try it, and you will be satisfied. Get it of your druggist.

Saratoga Styles.

Most striking, perhaps, are the red outfits. I use the word "outfit," because not only is the costume one of entire redness, but equally red is the hat and parasol. Black stockings, gloves, and black lace scarf oftentimes give finish. With terra cotta outfits, however, the idea seems to be all or nothing; so we see the long terra cotta gloves, drawn ostentatiously to the elbow over the tight, untrimmed sleeve. For morning wear, fine gingham is in high favor, while as a rival are the white embroidered costumes made with long, half tight sacques, that may or may not be belted to the figure. More dainty white costumes worn at dinner or in the evening are combined with Surah with especially pretty effect. The embroidery is lavish; deep flounces of it, with lesser frills for waist and sleeves; the colored Surah forming a component part of the dress, laid in broad folds across the front, in panels, etc., or showing through the open work. Here too, come in the elegant sashes of the day, taking the place of Surah, and glowing among encircling masses of embroidery bought by the yard and made up like ordinary goods.

In the way of embroidery, indeed, we can hardly go astray: wise ones predict a coming *furore* for it, the advancing waves of which are already upon us. We shall be submerged in it; drowned and struggling by next winter. All sorts of common stuffs will be woven in such wise. The "Would-if-I-could's" will go forth enveloped therein; the elegants will indignantly free themselves, and then? Many will be the fruitless dollar thus expended on embroidery, but those masses of it can be laid away. Your grandchildren can, after many years, bring them out at the Saratoga of the future, just as you may now be fashionable at the Saratoga of to-day, if, perchance, you can draw from obscurity some embroidered cape or collar of needlework. Never mind about shape; the needlework will carry you through. Tis the needlework that is wanted—the self-same needlework which all along has caused its condemnation.

SURAH COSTUMES.

Surah is much used for costumes that can be worn at any time. Not too dressy for the morning concert, they are paraded at dinner, will answer for the afternoon drive, and also for tea and the evening concert, provided one is in a modest frame of mind. Not to say that the average Saratoga beauty would condescend to appear during the entire day in one change of raiment. Not so, most truly. But with one or two of these Surah dresses hanging conveniently at hand, one need never be at a loss for something to wear. Dowager mammas are moreover quite addicted to Surah. In dark shades it is at once dignified and dressy; serving to tone down too great portliness of form; or if a youthful comeliness of shape is undergoing a process of drying up, the soft Surah can be converted into any number of conveniently puffed out and becoming balloons. On the whole, we find cuirass corsages in the majority, because showing off the figure to advantage, and in this connection the partiality shown the new double hip novelty corset is not surprising. The bones of this beautifully fitting corset are placed diagonally in the front and back, by which improvement, stability, strength and symmetry are given. Perfect freedom of movement results because it is so pliable, while from that very reason it is extremely durable, since it yields without breaking. Every lady who wishes to dress well ought surely to have one, and could not therefore do better than to enclose $1.50 to the Novelty Corset Works, Nos. 212 to 232 West 26th street, New York. Red costumes are particularly liked for

LAWN TENNIS,

because so picturesque. Here of course, the waist must be loose to allow free motion, while the tennis apron of linen or Holland mitigates a too pervading redness. Sometimes this apron is quite long both back and front, with prettily shaped low waist and armholes. The trimming must be fanciful; an embroidered ruffle, etc.; and of course there is room for coquettish arrangement of the front pocket. More sober, but still jaunty enough tennis dresses are in telegraph blue, yellowish green or terra cotta; to say nothing of cheese cloth, or canvas finished with figures cut from cretonne and put on in applique style. For young ladies, these outfits are extremely effective and can be made at home with little cost, as the materials are very cheap. Looking really quite as well as expensive imported ones.

MRS. GARFIELD'S DRESS,

presented by the Woman's Silk Culture Association, was the greatest object of attention just previous to my leaving New York. It was shown in Lord & Taylor's window, where surrounding it was a magnificent display of American silks, showing very fine combinations of color and pattern in rare brocades. Mrs. Garfield's dress is of richest texture, displaying wide brocaded columns in floral design running lengthwise, while near by, to be used in combination if desired, was silk of similar weaving but in a mixture of gray and black. *** "Do boldly what you do at all." Boldly do we affirm that Kidney-Wort is the great remedy for liver, bowel and kidney diseases; rheumatism and piles vanish before it. The tonic effect of Kidney-Wort is produced by its cleansing and purifying action on the blood. Where there is a gravelly deposit in the urine, or milky, ropy urine from disordered kidneys, it always cures.

Skinny Men.

"Wells' Health Renewer" restores health and vigor, cures dyspepsia, impotence, sexual debility. $1. Depot, J. H. Thacher's.

Flies and Bugs.

Flies, roaches, ants, bed-bugs, rats, mice, gophers, chipmunks, cleared out by "Rough on Rats." 15c.

—Two countrymen paused in the serpent-house in the Zoological gardens and contemplated the boa-constrictor. "I say," said the first countryman, "what's the insect tied himself up in a knot for like that?" "Oh," replied his companion in a superior manner, "I suppose he wanted to remind himself of something when he woke up."

How to mitigate the toil of wash day during these hot summer months is worth knowing; we are assured that James Pyle's Pearline does it effectually, without the slightest danger to the finest fabrics.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self cure, which he will send FREE to his fellow-sufferers, address J. H. REEVES, 43 Chatham St., N. Y.

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

The Robeson Capture.

The democratic representatives in Congress have recently feasted on a delicious bit of crow. For years, ever since Mr. Robeson left the navy department, Mr. Whitthorne of Tennessee had charged that Robeson's administration of his office abounded in jobs, reeked with plunder, and was fragrant with fraud. True, when investigations were pursued, it was discovered after short progress had been achieved that some fresh democrat had yielded his virtue, and lines of search were dropped one after another, as it was found that the trap contained a full-fledged unterrified, instead of a naughty republican. Mr. Whitthorne then reserved his forces until the recent encounter with Mr. Robeson in the house. With his array of assertions, and the result of all his investigations at command, there seemed nothing left for the Tennessee investigator but to call "Gentleman George," the burly ex-secretary, a liar. Mr. Robeson's earlier experience during the session had taught him a lesson, by which he profited; he kept his temper, and carried his point. Of course with a majority of forty-four votes, the inference is that, in regard to the allegations of fraud in the navy department under Grant, it is not the member for New Jersey who is the liar.—or we must take the other horn, and believe that Mr. Robeson's endorsement was due to the blandishment of Washington appliances which had so clad in iron the judgment of the average democratic member that he kept step to the music of the jolly Jerseyman. It was perhaps due to the fact that Mr. Robeson had captured from the democratic caucus so many reformers, who turned their backs upon Whitthorne, that the Tennessean lost his temper on that occasion, as of course he will, upon this question, be compelled hereafter ever to hold his peace.

The Knit-Goods Bill.

The bill in relation to knit goods appears to have a hard time in becoming an enactment. To straighten out the democracy in Congress, Mr. Sullloway, flanked by Ex-Congressmen Hibbard and Jones, went to Washington, and as was supposed had a proper measure drafted. It is rumored that Hibbard, having forgotten that the world had moved since he was in Congress, read what he supposed was the existing law out of an old statute book, and proceeded to amend that, when the present law was of a later enactment. However, every one seems willing to help the knit goods interest in New Hampshire, as it deserves, in this respect. The republican senators agreed to pass the bill as it came from the house, amending only a clerical error. The manufacturers at Franklin, Laconia and Portsmouth will have justice done them by the new act.

The "Scioto" Horror.

Capt. Thomas of the ill-fated steamer Scioto has lost his reason. Warrants were issued on the 8th for the arrest of Pilot Long of the John Lomas, and Pilot Keller of the Scioto; the latter was arrested, but Long was not found. The wreck of the steamer had not been raised up to Saturday night; fifty-one bodies had been recovered, and the number reported to be missing was said to be six.

News and Notes.

It is feared that the Dutch iron-clad Adder has been lost, the body of her pilot having been washed ashore.

A steamship which arrived at New York on the 8th inst., from Europe, reports seeing a fishing schooner run down and sunk on the banks by a large ship.

At Kirkwood, Iowa, Saturday, a boy named Guy Smith, aged thirteen years, was punished by his father for outrageous conduct at the breakfast table. Shortly afterwards the father, Milton Smith, was standing in his door, when the boy placed a shot-gun to his side and fired, killing him in a few minutes. The murderer has for some time been noted for his vicious ill-temper, and has been a bad boy generally.

In East Greenwich, R. I., Saturday evening, a middle aged man took a seat on the steps of the Methodist church, placed a pistol to his left breast, and remarking "Here is the last of old Ira Fletcher," fired, and died in twenty minutes.

Phillip Black, seventeen years old, was drowned on Sunday while bathing at Putney, Conn.

Clifford Whitman of West Rochester, Vt., fourteen years old, accidentally hanged himself on the 2d inst., while making a swing.

At Montpelier, Vt., July 7th, Louis Marcutt, aged fourteen years, loaded a toy pistol with five large bird-shot, and fired at Frank Jangrow, aged five years, wounding him painfully but not dangerously. The young scoundrel was arrested.

Mrs. Emma J. B. Cotthans was burned to death in Lowell, Mass., Friday night. She was thirty-two years old.

John Taylor, of Chicopee, Mass., aged fifty years, drowned himself on the 8th inst.

Charles E. Courtney, the oarsman of Union Springs, N. Y., was badly poisoned on the fourth of July with thirty others at that village, by eating poisoned ice cream. He has been very ill, but now it is said that he will recover. Some miscreant put tartar emetic in the ice cream.

AROUND HOME.

Hon. Stanley Matthews, associate justice of the supreme court of the United States, visited the navy yard on Monday, and was honored with a salute of seventeen guns.

The schooner Loella, Capt. Amee of Kittery commanding, came off the marine railway at Kittery on the 10th inst., having while hauled out been fitted with new sister keelsons, been recalked, and had all other needed repairs made.

Orders have been received at the navy yard to discharge all persons whose compensation comes out of the appropriation for maintaining the civil establishment of the navy department, and in consequence thirteen clerks were on Monday notified that their services will not be required after the 31st inst.

On Saturday night last the house of Mr. Isaac Dow, at Prospect hill, Newington, was entered through the dairy window, and whatever there was in the dairy that was stealable was stolen; also ten lbs. of cooked corned beef, bread and cakes, and other articles, from the pantry. The thieves not only stole all they could get hold of in the eatable line, but confiscated a big tin pail to carry the plunder off in.

The schooner Chilion, Call master, which arrived at this port on Saturday from Hingham, Mass., was on Monday giving her rigging an overhaul, and getting ready for a trip to Bangor.

Our Rye correspondent informs us that Capt. Small, of the steamship Furnessia, which sailed from New York on Saturday for Glasgow, Scotland, has recently paid a visit to his daughter, Mrs. Frazier, wife of Manager Frazier of the ocean telegraph service, Rye beach.

The schooner Satellite, Adden on master, was at the draw of Portsmouth bridge on Monday with a cargo of bricks from Eliot, bound to Boston. Several other schooners were at the bridge at the same time, light, bound up the river for cargoes.

The mammoth excursion steamer Empire State made a trip from Boston to the Isles of Shoals on Sunday, with about 1000 passengers.

The yacht Wm. H. Russell, of this port, Drown master, came in on the 9th inst. from the Shoals with a party, having been out several days. The elliptic stern fitted to the schooner last winter is a great improvement, making her look much better, giving her more deck-room, and enabling her to carry a much larger mainsail than formerly; she is a comfortable and safe craft for a small party to cruise in, is a good sea-boat, sails well in a moderate breeze, and when she gets all the wind she can utilize will bother a good many of the crack yachts.

Mrs. Priscilla Moulton, wife of Mr. John Moulton of Raynes' Neck, York, died on Friday, the 7th inst., at the age of eighty-two years. Her funeral took place on Sunday from the Methodist church at York village.

Mr. George Jones, who was some time ago suspended from service as engineer of Kearsarge steam fire engine, No. 3, for alleged disobedience of orders, was on the 1st of July reinstated by the board of engineers. Mr. Jones has been engineer of this steamer for years; he is a thoroughly competent and trustworthy man for the place, and we believe would not willfully disobey any order from his superiors in the department. The members of the company are pleased at his reinstatement, knowing that his ability and energy help them materially in "getting a stream on" as soon after an alarm as other engines do.

Maine Central railroad stock sells at seventy-four, and the property is in such good condition that its friends expect six per cent dividends from it hereafter. Six per cent dividends on Maine Central stock would give the Eastern railroad, which holds 22,000 shares in this company, an additional annual net income of $132,000, which could easily pay the $100,000 required for the Eastern railroad bond sinking fund after the reduction of the debt to ten million dollars. And this reduction it is asserted can be easily accomplished by the issuance of preferred stock as now authorized by the Massachusetts legislature.

NO. 1 MARKET SQUARE,

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and secures a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from lassitude and weariness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither pals upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are hastened to Consumption—will find this preparation exactly suited to their needs. It is a specific for Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of fat-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fine engraved likeness of Baron von Liebig, and a wax-seal of his Signature, as well as that of J. VOGELER & CO., BALTIMORE, Md., Sole Agents for America.

LIFE INSURANCE !

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

HOTELS.

THE staunch, sea-going steamer Appledore, Capt. Albert Rand, leaves Jones' wharf, near the foot of Deer street, for these favorite and widely-known ocean resorts, daily, (Sunday excepted,) at 11 o'clock A. M., and at o'clock P. M. Returning, leaves the islands in season to connect with the morning and evening trains on the Eastern railroad for Boston and the west. Baggage checked through from Boston and intermediate stations, and returned free.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,
NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, with the best of beds, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address Portsmouth, N. H.

PUBLIC MEETING.

A meeting of indignation and alarm at the provision in the naval appropriation bill virtually placing the navy yards at the mercy of contractors, was held in the court house Monday evening; the room was filled with citizens of all classes, irrespective of politics, from York, Eliot, Kittery, Newcastle, this city and other places on both sides of the river.

Mayor Sise, at whose call the meeting assembled, was chosen chairman, and Hon. James W. Emery clerk. Spirited speeches were made by Col. Wm. H. Hackett, Ex-Mayor T. E. O. Marvin, Hon. Jas. W. Emery, Capt. Edw. D. Coffin, Messrs. Henry Peyser, James Janvrin, Calvin L. Hayes, and Collector A. F. Howard.

The speakers in turn referred to the excellent facilities of the navy yard; also to the noted superiority of the mechanics who have been bred here or have come here from other places to make homes, and the rights of the property owners who have cast their lot here on account of this yard, both classes of whom would suffer greatly were the yard closed. They also alluded with indignation to the apparent apathy of our representatives in Congress in regard to this matter, and their palpable disregard of the interests of the Piscataqua river region. The record of the famous ships built here was mentioned, and the rings of contractors who are employing corrupt influences in Congress in support of their personal schemes at the expense of the country's interests, were severely commented on. Allusion was made to the great extent of coast line and the numerous important ports, from Eastport to Hell Gate, which would be left practically undefended by the abandonment of the navy yards east of New York. Another point made was the acknowledged unequalled advantages of this port for a quarantine station for yellow fever, its physical features, and the willingness of the people to have it here under reasonable safeguards, being especially dwelt upon. The sentiments of the meeting were embodied in the following unanimous resolutions:

Resolved, That it is the duty of the government to maintain the navy yard on the Piscataqua river in a state of efficiency, as well for the building and repairing of vessels of war as for the reasons that it is the healthiest station in the country, surrounded by deep and never-freezing water, and has at hand skilled mechanics always at command.

Resolved, That we deplore the system which seeks to have the navy department of a great nation like ours placed under the control of contractors for the means of doing labor upon vessels, for the means of doing which the naval stations of the United States should be abundantly adequate, and for which at this station there is always an abundance of skilled labor ready to be employed.

Resolved, That a more economical and judicious outlay can be made for the government in building and repairing ships in a locality where trades-unions do not control labor and strikes were never known, and that the intelligent and trained mechanics and laborers upon this river can produce in the future, as has been the acknowledged result in the past, better, more satisfactory and finer ships, at a reasonable cost, than can be built in any other quarter of the globe.

Resolved, That we believe it is for the interest of the towns in this region that a delegation or representative be sent to Washington to urge the consideration upon Congress of the advantages of this naval station, and to have it excepted from the provision of the proposed law which will allow the secretary of the navy to close navy yards, and give reasons for such action to Congress afterward.

Resolved, That we appreciate the manly and able advocacy of the Hon. Selwyn Z. Bowman of Massachusetts, in the United States House of Representatives, of the economy and expediency of maintaining navy yards, as opposed to the contract system of labor.

A delegation consisting of Hon. Frank Jones, Hon. James W. Emery, Hon. Mark F. Wentworth, Col. Elbridge G. Peirce, Collector Alfred F. Howard and Col. William H. Hackett, was appointed to proceed to Washington and use all proper endeavor to influence the senate to take such action in regard to this navy yard as is for the best interests of the country.

A finance committee, representing this city and towns in Rockingham and York counties, was appointed to raise the required funds; and the meeting then adjourned.

POLICE COURT.

MONDAY, July 10; *Batchelder J.*

Henry Tetherly, for assault on Fred Folsom, a boy, was fined $3, costs $6.90.

John M. Lawson, John Lane and Walter Little, three seamen from the U. S. S. Vandalia, were before the court on a charge of brawling in the Seamen's Home on the previous night; case continued to Tuesday morning.

NOT A "FAINT" LILY.

About a year ago a girl named Lily Hutchins, daughter of Reuben Hutchins of Kittery Point, ran away from her home, and has since worked in manufacturing centres, among them being Newmarket, Lowell and Lawrence, her stay in any one place being brief, for reasons which Lily herself best knows. Her last place of business was Lawrence, and early last week she stole from her boarding house there $18 in money and several pieces of jewelry, invested part of the money in a second-hand silk dress and other gorgeous raiment, and came home on a visit to her sister in this city. Later in the week she managed to steal $10 from Theodore Keen's house at Kittery Point, and hiring a team in this city and taking her sister with her, drove to the hotel Wentworth at Newcastle on a quiet little time.

On Saturday City Marshal Entwistle was warned by the Lawrence marshal to watch for the girl, and she was described on the street that night just before midnight by the marshal, who attempted to take her into custody, a proceeding more easily planned than accomplished, however, for the girl at once inaugurated a race for liberty, with the marshal in pursuit. It would not be supposed, from a cursory glance at our sturdy chief of police, that he was built with special reference to speed and endurance as a footracer; but he can get over the ground at a lively rate when he sets out, and can keep it up as long as is necessary in most cases, when his competitor in the race is a flying law-breaker; he doesn't like to do it a bit, but he can, and will if occasion demands.

But the girl can run like a deer and skip over obstructions like a cat, and she led him a hot chase through lanes and alleys and side streets, and over fences and through back yards, until he at length treed her on the roof of a house on Dover street. After some time she was hunted from the roof, and was finally found in an upper room of the house, hidden between two mattresses and almost roasted. When captured she gave up the jewelry stolen in Lawrence, and $2 of Mr. Keen's money—all she had left. The age of this enterprising damsel is about sixteen years. She will be sent to Lawrence to answer to a charge of stealing.

The steamer "City of Bangor," Ray master, the splendid new boat of the South Shore Steamship Co., will make an excursion from this city to Gloucester, Mass., on Sunday next, the 16th inst.

Mr. James R. Yeaton is selling at his store on Congress street new potatoes raised on his place on Richards avenue. He brought in a quantity on Saturday, the 8th inst.

It is sometimes noticeable to see how the rival corporations — the Boston & Maine and Eastern railways—go neck-and-neck in some matters. Recently an engine running a train on the Boston & Maine struck a man walking on the track with such force that he was thrown over the telegraph wires, and into an adjoining river. The next day but one, an engine on the Eastern road struck a woman with such force that it threw her into a river, killing her as affectually as did the Boston & Maine engine the track-walker of the second day previous.

The new time-table of the Boston and Portsmouth steamboats went into operation on Saturday last; the boats now make three round trips a week. The advertisement can be found in another column.

The Middle street Baptist society will have a picnic at Pinkham's grove, Dover point, on Wednesday; tickets for the round trip, at forty cents each, can be procured at Montgomery's music store and Staples' dry goods store, and include free clam chowder, lemonade and coffee. Croquet, foot ball and other games will be provided.

The sloop yacht Sparkle, of New York, arrived at this port on Monday, and hauled in to Broughton's wharf. She left Annisquam, Cape Ann, in the morning on that day. The sloop yacht Ivy, of Boston, also arrived on Monday.

Two men named Whittem, belonging in Dover, were capsized out of a boat off Badger's island between ten and eleven o'clock Saturday night, through getting foul of one of the mooring lines of the contractor's sloop. The boat drifted away with the tide, leaving the men hanging on to the rope, from which unpleasant position they were rescued by the sloop's crew; their boat was afterward picked up, all right.

Mr. George Lane arrived home on the 9th inst., from a visit of several months to his former home in Wales. Mr. George Watkins, of the New York *Sun* staff, is home on a vacation. Mr. W. H. Fernald, of Davenport, Iowa, is also on a visit to the scene of his boyhood days, with his family.

Stones In the Kidneys

And Bladder Expelled--Long Suffering of one of Troy's Best People--A Lucky Man.

It is by no means a strange thing that Dr. Kennedy should have received the following letter. By reading it you will see in one minute why James Andrews was thankful:

TROY, N. Y., April 5th, 1880.

Dr. D. Kennedy, Rondout, N. Y.:

DEAR SIR:—Until within a recent date I had for several years suffered greatly from gravel, called by the doctors the Bright's disease. For about a year past this sediment has not passed off in the usual quantity, but has accumulated, causing me untold pain. Having heard of "Kennedy's Favorite Remedy" I tried it in my case, and after using about one one-half bottles, I voided a stone from the bladder, of an oval shape, 7-16 of an inch long, and rough as its surface. I send you the largest piece that you may see of what it is composed. Since then I have felt no pain. I now consider myself cured, and cannot express my thankfulness and gratitude for so signal a deliverance from a terrible disease. You have my consent to use this letter, should you wish to do so, for the benefit of other sufferers.

Yours truly, JAMES ANDREWS.

No. 10 Marshal St., Ida Hill.

When we consider that the medicine which did this service for Mr. Andrews costs only one dollar a bottle, it would seem that persons afflicted in like fashion can afford the expense of testing its virtues. Get it of your druggist, or address Dr. David Kennedy, Rondout, N. Y., "Dr. Kennedy's Favorite Remedy" for sale by all druggists.

WHEAT BITTERS

THE Great LIQUID FOOD, FOR BLOOD, BRAIN AND NERVES.

IT'S A SUPERIOR NUTRITIVE MEDICINE, RICH IN PHOSPHATES AND NOT A CHEMICAL ALCOHOLIC DRINK.—It is highly recommended by Chemists and Physicians as

A POSITIVE TONIC, ALWAYS ACCEPTABLE AND RELIABLE, as it does not stimulate the brain or irritate the system and leave deleterious effects. A Marriage in Wyoming.

The inhabitants of a town in Wyoming recently elevated to the position of justice of the peace their worthy fellow citizen, Jonas Burton, and the squire has just been called upon to perform, for the first time, the marriage service. In anticipation of an agreeable relief from the monotony of frontier life, the entire population attended the ceremony. When the adventurous couple had stationed themselves before him, the squire began:

"Feller citizens, this yar man an' this yar woman have appeared before the court to be hitched in the legal bonds of wedlock. If any galoot in the mob knows of anything that moot block the game of took to a higher court, let him now toot his baroo, or else keep his jaw to himself now and forever. All in favor o' me proceedin', as authorized by law, say aye."

Nobody who knew squire and bridegroom felt disposed to vote against the motion, which was unanimously carried.

"Then," continued the squire, "by the power in me vested as justice of the peace in an' fur this precinct, I pronounce you, Amos Peabody, husband, an' you, Mandy Thomas, wife, an' legalize ye to remain as sich now an' furever more; an' you stand committed until the fees an' costs in this case be paid in full; an' may God have mercy on your souls."

An understanding was immediately reached in the matter of fees and costs, and Mr. and Mrs. Peabody departed for their cabin up the creek.

Miss Clara Alcott, of Mahwah, Bergen County, N. J., says: I bruised my limb and it became greatly swollen and stiff. A physician treated it without any benefit. Procured a bottle of St. Jacobs Oil which cured me. It acted like magic.

—Spinster landlady—"Then you and your mamma want the same rooms you had last year?" Young lady—"Yes, Miss Sprigging? only it isn't mamma who is with me, but my husband. I've got married since last year." S. L.—"Lor, now, have you? I'm glad to hear it. Yet, after all, I don't know why I should be glad: you never did me any harm, poor dear."

Why throw away so much money trying worthless medicines, when for 35 cents a remedy can be procured that will cure Coughs, Colds, sore Lungs and Croup? Give it a trial. Adamson Balsam will do it. Trial bottle, 10 cts.

—A judge has recently decided that a man's residence is where he gets his washing done. This is rough on the average bachelor.

Hay Fever.

Mr. A. L. AVERY, Pharmacist, Newark, N. J.—Having been severely afflicted for eleven years with hay fever, after trying almost everything without avail, I gave up all hopes of being cured, when I purchased of you a box of Ely's Cream Balm. To my surprise, after a few applications, I was entirely relieved. R. WATSON HARRIS, Letter Carrier No. 14, New P. O., Newark, N. J.

I have been a hay fever sufferer for three years, and have often heard Ely's Cream Balm spoken of in the highest terms, but did not take much stock in it because of the many quack medicines. A friend persuaded me to try the Balm, and with the most wonderful success. This recommendation you can use for the benefit of hay fever sufferers. T. S. GEER, Syracuse, N. Y. Price fifty cents.

Apply into nostrils with little finger.

—An impetuous man at Winona, Miss., failing to coax a girl to elope with and marry him, lassoed her as she was going to church, and was dragging her toward a justice's office when succor came.

*Both Lydia E. Pinkham's Vegetable Compound and Blood Purifier are prepared at 233 and 235 Western avenue, Lynn, Mass. Price of either, $1. Six bottles for $5. Sent by mail in the form of pills, or of lozenges, on receipt of price, $1 per box for either. Mrs. Pinkham freely answers all letters of inquiry. Enclose 3c. stamp. Send for pamphlet. Mention this paper.

—Among those present at Rossini's funeral was Auber. On returning after the ceremony, the witty composer, who was eighty-four, observed to his friend Gounod; "I fancy this is the last time I shall attend a funeral en amateur.

*** "By asking too much we may lose the little that we had before." Kidney-Wort asks nothing but a fair trial. This given, it fears no loss of faith in its virtues. A lady writes from Oregon: "For thirty years I have been afflicted with kidney complaints. Two packages of Kidney-Wort have done me more good than all the medicine and doctors I have had before. I believe it is a sure cure."

IT Fast, brilliant and fashionable are the Diamond Dye colors. One package colors one to four lbs. of goods. 10 cts. for any color.

—It is strange that a woman can ever be found to marry a king, for everybody knows that the king always beats the queen.

THE

New Hampshire Gazette!

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

Failing!

That is what a great many people are doing. They don't know just what is the matter, but they have a combination of pains and aches, and each month they grow worse.

The only sure remedy yet found is BROWN'S IRON BITTERS, and this by rapid and thorough assimilation with the blood purifies and enriches it, and rich, strong blood flowing to every part of the system repairs the wasted tissues, drives out disease and gives health and strength.

This is why BROWN'S IRON BITTERS will cure kidney and liver diseases, consumption, rheumatism, neuralgia, dyspepsia, malaria, intermittent fevers, &c.

203 S. Paca St., Baltimore, Nov. 28, 1881.
I was a great sufferer from Dyspepsia, and for several weeks could eat nothing and was growing weaker every day. I tried Brown's Iron Bitters, and am happy to say I now have a good appetite, and am getting stronger.
JOS. MCCAWLEY.

BROWN'S IRON BITTERS is *not* a drink and does not contain whiskey. It is the only preparation of Iron that causes no injurious effects. Get the genuine. Don't be imposed on with imitations.

Dangers of Running up Stairs.

A New York physician thinks that there is a connection between hastily ascending stairs and heart disease. He says:

"The greatest care is necessary in this matter for people with any heart trouble, either latent or developed. There certainly are among our 'business' and professional men many afflicted with some form of heart trouble, which has often been induced by severe attacks of rheumatism or kidney disease which was attributable alone to ascending stairs. Of course, the first effect of running or rapidly ascending is shortness of breath. That means that the arms and legs are moving quickly, while the motion of the heart, not having caught up, is slower. So a load of blood from the limbs is suddenly thrown upon the heart before it begins to move rapidly enough to dispose of it. This undue burden suddenly put upon the heart, and the temporary congestion in the lungs, cause imperfect action on their part, and we experience what every one has felt after running to catch a train. But, if the heart is perfectly sound, this exertion will not cause disease. But persons with weak hearts should go very carefully."

Barbarous Bookkeeping.

"No, sir," said a Comstock barber to a suspicious-looking transient customer, who affably remarked, as the latter was being laid on, that he supposed there were a good many men who failed to pay their shaving scores. "No, sir. I used to give credit, but I never do now—in fact, nobody ever asks for tick any more."

"How's that?"

"Well, you see," said the barber, trying the edge of his razor on his thumb nail, "I had a set of stiffs who used to ask me to chalk it down. I got tired of keeping books, and adopted a new system. Whenever I shaved one of those standbys I put a little nick in his nose with my razor, and kept tally in that way. They got so they did'nt want to run bills."

There was a tremor in the customer's voice, as he asked from beneath the lather, "Do you object to being paid in advance?"

The manufacturer of the Charm Baking Powder, Mr. Rohrer, 125 Locust street, St. Louis, Mo., says that St. Jacobs Oil cured his wife of chronic neuralgia in one night, after ineffectual treatment by the ablest physicians.

—"My son," said a fond mother, "I shall expect you to save some of your pennies for the missionary box. If not, you can have no fire-cracker money for the Fourth." "My dear ma," was the reply, "I regard your request in the light of a political assessment, and am advised by the civil service reform ring of the party not to heed it." He was shut up in a dark closet from which the jam jars had been carefully removed.

Milk Porridge.

To three pints of milk, or milk and water, use two tablespoonfuls of Indian meal or wheat flour, or part of each. Boil a cupful of raisins in the milk and a stick of cinnamon, if liked. Stir into it one dessert spoonful of Sea Moss Farine, and season with salt and sugar.

—A fashion item says "drawers are not gathered in at the knee for summer wear." No, they are not. They are gathered in at the twilight hour, though, if you leave them on the line long enough.

Statistics show that more people die of consumption than from any other cause. Slight colds are the true seeds of consumption. Beware of the slightest cough. Adamson's Botanic Balsam stands without a peer. Trial size, only ten cents.

—The correspondent of the New York *Herald* states that there are not more than fifty Americans in all Egypt. This is highly creditable to the intelligence of the American people.

Don't Waste Money

On trashy extracts when you can buy a lasting perfume so delightfully fragrant and refreshing as Floreston Cologne.

—At a German church a new organist had been engaged, who was very fond of adding some improvisations to every piece he played. On the first Sunday, when he had finished the "Gloria," he wished to add a few bars of his own, but the blower suddenly ceased to work. "Go on," the organist cried, angrily; "don't you see I am still playing?" "Playing, indeed," said the blower; "I have been in this business for the last thirty years, and I know just exactly how much wind is required for a 'Gloria.' I don't see why you should have any more than your predecessor.

A Beneficent Action.

The miserable looks and feelings of those confined at desks or work-tables, are caused by weak stomach, kidneys or bowels. Parker's Ginger Tonic without intoxicating has such a beneficent action on these organs and so cleanses the poisonous matters from the system, that rosy cheeks and good health are soon brought back again.—*Express.*

—A lady recently, speaking of her son, mentioned with pardonable motherly pride that Charles reads nothing but scientific works now. In a subsequent conversation with Charles it was discovered that the scientific works in which he was so much interested were written by one Jules Verne. His mother sees in Charles a prospective Newton, and is happy.

Is He Your Friend!

Is the family doctor your friend? How many unnecessary visits does he make you? How many days does he keep you sick that you ought to be at your work, and so doing how many hard earned dollars does he extort from you. Would it not be better for you to place your trust in Sulphur Bitters? Try them, they will be a true friend. Saving you a long sickness and a large bill which you have hitherto paid to some avaricious doctors.—*Editor State Journal.*

—"Ah, my friend," said a clergyman to a parishioner, whose wife was a termagant and who had made application for a divorce, "we should be yielding and forgiving. There are no divorces in heaven." "That's the reason," said the sufferer, "why I am so anxious to get a divorce here."

Impure water, unhealthy climate, unripe fruit, unwholesome food, malaria and a thousand little ills are nothing to those fortified by the use of Sanford's Ginger, "the delicious."

—A commercial traveler thus relates his experience; He and his companion were the sole occupants of the smoking car. They tried to converse, but the road was so rough that they were pitched from side to side like ship's passengers. At last they were able to make each other understand. One said: "Dan, the old thing is running smoother." To which Dan replies; "Yes; I guess she has got off the track."

When pangs the mortal flesh assail,
And give a bitterness to life,
Making the cheek with anguish pale,
Amid the fierce internal strife;
Then Sanford's Ginger soothes the pain,
And smiling health looks up again.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self-cure, which he will send free to his fellow-sufferers, address J. H. REEVES, 43 Chatham St., N. Y.

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

Portsmouth Chronicle.

WEDNESDAY, JULY 12, 1882.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

Hostilities Commenced.

The British fleet at Alexandria, Egypt, under Admiral Seymour, opened fire on the Egyptian works at seven o'clock in the morning on the 11th inst., eight powerful ships taking part. The fire from the forts was weak and ineffectual, and the ships were reported at a late hour in the day as having suffered no serious damage.

At eight o'clock fort Marsa el Karrat blew up; fort Ada was blown up soon after, and by noon four forts had had their magazines exploded, and others had had been silenced.

At the close of the day's cannonading the British had only forty men wounded, and none killed; the Egyptian loss was supposed to be heavy.

The Country Week.

The "Country Week," conducted under the auspices of the Boston Young Men's Christian Union, enters upon its eighth season with the present year. Through its instrumentality, sixty-seven hundred children, and others from among the city poor, have, since its inauguration in 1875, been enabled to visit for a week or longer in country homes, a pleasure which they could not otherwise have enjoyed. Aside from the pleasure which is afforded by these short visits, the moral advantage of the change in surroundings and influences is incalculable. "The children return with improved health, strengthened constitutions, and new and better aspirations."

The committee have already entered upon the list for the present season the names of over *two thousand children*; and they would ask those living in the country, to whose notice this article may come, who are willing to aid in the work by inviting one or more children to visit their homes for a week or ten days during the summer, to send their addresses and the number of children and ages preferred to the secretary, Miss H. G. Putnam, 18 Boylston street, Boston, who will cheerfully furnish any further information desired. The committee will pay all expenses of sending and returning children to and from the homes.

Possible Candidates.

The names of Edwin M. Wallace of Rochester, and Col. Charles H. Sawyer of Dover, are favorably mentioned in connection with the republican nomination for governor. Both are successful manufacturers and citizens of high repute, and either would make a winning candidate and excellent governor. It is suggested that Strafford county has never been honored with the governorship by the republicans, and her turn should come soon, if not now. The younger republicans of the state have their eye on Col. Sawyer already.

The name of Col. M. A. Haynes, of the Lake Village *Times*, is coming into prominence as a possible republican candidate for Congress in the first district. Col. Haynes was a three-years private in the old second regiment, and he would stand fire as a candidate for Congress as handsomely as he did all through the fiery ordeal of the civil war.

New Hampshire Items.

The Dover *Democrat* says the fifth schooner of the Dover Navigation Co.'s fleet will be launched by the builders, Messrs. Goss & Sawyer of Bath, Me., "by the end of this month. We presume she will be called after one of the stockholders, but this has not yet been decided. She will be commanded by Capt. Willetts, who has resigned the post of commander of the schooner Lucy M. Evans, for that purpose. Captain Willetts' successor on the Lucy M. Evans is Capt. Dole, a well known and energetic officer. No time will be lost in fitting out the new schooner, for sea."

A boy about six years old, living with J. G. Sargeant of East Tilton, on Saturday last while playing on a suspended chain, fell in such a manner as to cause a hook to penetrate his bowels several inches. Recovery is doubtful.

Mary E. Tucker has been held in $300 bail to answer to the charge of stealing about $340 from Sarah W. Ellis and Mary Brown at Ashland, Mass. The Tucker girl went to Ashburnham from the Indian Head hotel at Nashua, and was given a home by Mrs. Ellis. She was unable to secure bail, and was committed to await trial.

Charles Goldsmith, eighteen years old, student at the Exeter academy, was drowned in a pond in Hampstead last Sunday.

The new horse railway in Dover is doing finely, and this, says *Foster's Democrat*, "in spite of all the croakers and financial skinflints in the community."

Onslow H. Stearns was drowned Monday, while bathing in Salmon brook, at Nashua. His body was recovered in twenty minutes, but life was extinct.

Thomas Corrigan of Nashua, about eighty years old, was instantly killed Monday evening at the Vine street crossing of the Nashua & Worcester railroad in that city, by a train.

News and Notes.

James Christie and Dennie Warren, two young fellows, were walking on the railroad track in Lowell, Mass., Sunday evening. Warren had a loaded pistol in his hand, which was accidentally discharged, the ball striking Christie in the face, making a serious if not fatal wound.

Harry Welch, fourteen years old, errand boy for a firm in Providence, R. I., caught his head under the elevator guard at the level of the fourth floor Monday. The elevator was moving upward and drew his body across the bar, nearly severing the head from the neck. The body dropped to the ground floor, he being instantly killed.

A lady at the circus in Portland, Me., Monday, covered her babe with a shawl while nursing it, and the heat was so intense that when she removed the shawl the babe was dead.

Sevier county, Arkansas, was the scene of a tragedy recently which resulted in the death of a man at the hands of George and West McCraven, they killing him for his money. In arresting the murderers Constable Hetherly was accidentally killed by one of the arresting party, and George McCraven was shot dead by a deputy.

Lewis Allen, aged four years and six months, son of Noah Allen of Fall River, Mass., was accidentally shot with a pistol by a six-year-old companion, and will probably die.

The enforcement of quarantine regulations at New Orleans will prevent the transmission of West Indian and Mexican mails from that port for the present.

Mr. George H. Locke, the town tax-collector of Quincy, Mass., and his daughter, had a narrow escape from suffocation Sunday night. He was awakened by a feeling of oppression, and found the house filled with gas. On searching he discovered that the gas was escaping from an open jet in a room occupied by him as an office. The servant girl had blown the light out instead of turning off the gas.

Another "Straight-Out" Victory.

The South Carolina chivalry have won another shot-gun victory and has another hero to glorify and reward. Major L. W. Blair was a son of General James Blair, formerly a member of Congress from South Carolina, and was a well-educated, brave, and accomplished gentleman. He served in the confederate army, and after the war edited the Camden *Journal*, and then engaged in planting. Until 1878 he was a straight out democrat. In that year he joined the greenback movement, and was its candidate for governor. Lately he has been looked upon as an independent democrat, and having great influence among the poor whites of his county, and being outspoken in favor of a free ballot and fair count for both blacks and whites, he was doing a great deal towards weakening and demoralizing the shot-gun democracy. Not only this, but he had accepted an appointment as United States supervisor of elections, and made himself offensive by the honest and fearless discharge of his duties. Of course such a man was noted by the democratic leaders as an enemy to the public good, and an outlaw, and on the 4th of July Captain J. L. Haile concluded to earn the gratitude of the party by murdering him, which he did, shooting him dead as he was passing along the street. The gallant captain then proceeded to the county treasurer's office, sent word to the local authorities that he had killed his man, and in due course of time gave a bond to the amount of $5,000 to appear and answer to any charge that might be brought against him in connection with the affair. It remains for the Palmetto democracy to elect Captain Haile to the United States senate when Wade Hampton retires, as he says he is going to do. He will make a worthy colleague for Hamb urg Butler. —*Manchester Mirror.*

Books, Magazines, Etc.

"The Editor's Run in New Mexico and Colorado." This is a series of twenty-eight letters written by C. M. Chase, editor of the *Vermont Union* of Lyndon, Vt., to his paper, in the fall and winter of 1881, while on a tour to New Mexico. They are the hastily-jotted impressions of sights on the wing, in which Mr. Chase tells us just what he thinks of the country, the people, the crops, cattle-raising, society, morals, growth and prosperity of the region he visits. There is no attempt at fine writing, glowing recital or mincing matters, but as we infer, it is a true story of what he saw and heard. A well printed book of 229 pages, it contains much of interest as to the country, and it especially commends itself to all who contemplate visiting or investing in this region. Mr. Chase will send the book postpaid on receipt of price, seventy-five cents, remitted to him at Lyndon, where if the son was high, the price of his book of travels is low.

The July number of the Pathfinder railway guide has the latest summer time-tables and the authentic steamboat schedules. Price twenty-five cents per copy.

A despatch of the 10th inst. from Gloucester, Mass., says: "There is considerable excitement among the fishery owners and fishermen, caused by a threatened innovation in mackerel catching. Preparations are making to put a steamer into the mackerel catching, the fish to be manufactured into oil and guano, and diverted from their present use as food fish. There are now one hundred menhaden steamers, and, if the experiment is successful, all will engage in mackerel catching. The employment of these steamers has undoubtedly broken up and driven off the menhaden, and the same effect will be produced upon the mackerel. The general feeling is that some stringent laws should at once be enacted for the protection of the mackerel fishery, which gives employment to thousands, and is an important industry to the entire country.

Secretary Chandler has issued a general order that "after the first of August next the New Hampshire, the Minnesota, the Alarm and the Intrepid will not be considered as in commission for sea service."

Mothers! Mothers!! Mothers!!!
Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup. "It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. Twenty-five cents a bottle. eod&wtjans2

LIFE INSURANCE!
The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.
Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.
Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

THE WENTWORTH,
NEWCASTLE, N. H.
THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, with the best of beds, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.
An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.
At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

PARISH MEETING.

At a parish meeting of St. John's church, held on the 10th inst., Mr. George B. French was chosen junior warden, to fill a vacancy existing since the last regular annual meeting.

The resignation of Rev. Chas. A. Holbrook as rector was accepted, and the following resolution passed:

Resolved, That we, members of St. John's parish, in accepting the resignation of Rev. Charles A. Holbrook, regret that his long and faithful services are brought to an end, and express our earnest sympathy for him and his family in their present trouble and sickness.

POLICE COURT.

TUESDAY, July 11; *Batchelder, J.*

The continued case of John M. Lawson, John Lane and Walter Little, the three man-'o-wars-men charged with brawl and tumult in the Seamen's Home, was called up. Lane and Little were discharged; Lawson was fined $8 and costs, a total of $11.04.

CORPORATION MEETINGS.

The annual meeting of the Portsmouth, Great Falls & Conway railroad was held in this city Tuesday forenoon. E. P. Phillips, S. C. Lawrence, W. P. Phillips, Geo. E. B. Jackson and John Cumnock were chosen directors. The time of the annual meeting was changed to the first Monday in June.

The Proprietors of the Portsmouth Bridge, at their annual meeting held at the Eastern railroad station Tuesday forenoon, elected E. B. Phillips, A. P. Rockwell, G. E. B. Jackson, S. C. Lawrence, W. B. Bacon, J. S. H. Frink and W. H. Hackett as directors. It was voted to hold the annual meeting on the first Monday in June.

The Woman's Temperance League have taken a vacation; no more meetings will be held until the first Thursday in October.

Mr. Thomas Rand of Newcastle, while engaged in pitching on a load of hay on Tuesday, felt something in his pocket, and putting his hand in found a large snake. It is said that he was considerable surprised.

The steamer Mystic on Tuesday watered up the contractors' sloops at Gangway rock. While she was at the ledge the divers came up and went down again, as is generally the case, so that persons wishing to see the operation of submarine diving, by taking the Mystic on any of her trips to the rock can have a full view of it.

The Methodist society will have a picnic to-day at Stratham grove. Trains will leave the Concord railroad station at a quarter to eight o'clock and quarter to twelve.

The body of Mr. William Warburton, formerly of this city, a soldier in Co. K, 13th Reg't New Hampshire volunteers, during the rebellion, was brought here for interment on Tuesday. He died in Newmarket.

Collector Howard and Col. Wm. H. Hackett of this city, and Gen. M. F. Wentworth of Kittery, started for Washington on Tuesday afternoon, to present the views advanced at the citizens' meeting on Monday evening.

There was a hearing in equity on the 10th inst., at the county commissioners' room in Dover, before County Solicitor Burleigh, of Strafford county, the case being that of Thomas Granville of Dover vs. Dennis Shea of Portsmouth, to recover $8000, claimed as part profits as partner in the drain-pipe business. In Rockingham county a cross suit is brought for a similar amount by Shea vs. Granville. The counsel in the case are John R. Palmer of Strafford and Copeland & Edgerly of Great Falls for Granville; Frink & Batchelder of Portsmouth for Shea.

A company of the New Hampshire national Guards has been organized at Exeter to take the place of Co. D of Suncook, recently disbanded. The officers are Captain, Frank P. Cram; first lieutenant, Arthur F. Cooper; second lieutenant, Frank E. Rollins; orderly sergeant George E. Warren. The company numbers fifty-eight men, and has entered upon its organization with marked spirit, promising well for the future.

The most serious accident reported in this vicinity on the 4th occurred at Exeter. Herbert Brown of Hampton Falls, while too ardently celebrating the day, loaded an old fowling piece with a quarter of a pound of powder, and when about a mile from Exeter, discharged it. The gun burst, and terribly shattered one of the owner's hands. So heavy was the explosion that portions of the injured hand were driven into the branches of an adjoining tree. Doctors Perry and Bartlett of Exeter were summoned, and amputated what was left of the hand.

Mr. Dane of Kennebunk, nominated by the greenbackers (alias side-show democrats) of the first Maine district as a candidate for Congress, is president of a national bank.

It is probable that Secretary Lincoln will not spend the summer at Rye beach this year. His wife and children are now at Colorado Springs, Col., and Secretary Lincoln is to join them there after the adjournment of Congress.

Mr. Wm. Frye of Eliot was sun-struck on Monday, but not seriously.

The ladies of the Golden Cross Commandery of Eliot gave a strawberry, ice cream and cake festival in Brooks hall in that town on the evening of the 6th inst.; the entertainment was largely attended, and completely successful. A large floral centre-piece for the table—a real "golden cross" of beautiful flowers, presented by Mrs. Olive A. Tobey,—attracted great admiration.

Mr. Samuel Blaisdell of York fell from a load of hay on Monday, and struck on his temple, dying in a few minutes, without speaking after the accident. He was about sixty-six years of age, and very highly respected; he leaves a wife and several children. His funeral took place on Tuesday.

The first blueberries of the season were brought in on Tuesday by Mr. Peter Shaw, of Belle marsh, York; they were picked near the Summit house.

The schooner Henry Whitney is discharging a cargo of coal at Neal's wharf, Kittery.

The schooner Loella, Capt Amee, was towed into the stream from Kittery on Tuesday forenoon by the steamer James Sampson, and sailed away for the eastward.

Stones In the Kidneys

And Bladder Expelled—Long Suffering of one of Troy's Best People—A Lucky Man.

It is by no means a strange thing that Dr. Kennedy should have received the following letter. By reading it you will see in one minute why James Andrews was thankful:

TROY, N. Y., April 8th, 1880.

Dr. D. Kennedy, Rondout, N. Y.:

DEAR SIR:—Until within a recent date I had for several years suffered greatly from gravel, called by the doctors the Brick-dust Sediment. For about a year past this sediment has not passed off in the usual quantity, but has accumulated, causing me untold pain. Having heard of "Kennedy's Favorite Remedy" I tried it in my case, and after using about one and one-half bottles, I voided a stone from the bladder, of an oval shape, 7-16 of an inch long, and rough on its surface. I send you the largest piece that you may see of what it is composed. Since then I have felt no pain. I now consider myself cured, and cannot express my thankfulness and gratitude for so signal a deliverance from a terrible disease. You have my consent to use this letter, should you wish to do so, for the benefit of other sufferers.

Yours truly, JAMES ANDREWS.

No. 10 Marshal St., 5th Hill.

When we consider that the medicine which did this service for Mr. Andrews costs only one dollar a bottle, it would seem that persons afflicted in like fashion can afford the expense of testing its virtues. Get it of your druggist, or address Dr. David Kennedy, Rondout, N. Y. "Dr. Kennedy's Favorite Remedy" for sale by all druggists.

WHEAT BITTERS

THE Great LIQUID FOOD FOR BLOOD, BRAIN AND NERVES.

☞ A SUPERB NUTRITIVE MEDICINE, RICH IN PHOSPHATES AND NOT A CHEAP, ALCOHOLIC DRINK. ☜ Highly recommended by Chemists and Physicians as

A POSITIVE TONIC, ALWAYS ACCEPTABLE AND RELIABLE,

as it does not stimulate the brain or irritate the system and leave deleterious effects. On the contrary it furnishes just that which is necessary to the brain, strengthens and quiets the nerves, purifies the heart's blood, and thereby makes only the best flesh, bone and muscle. ☞ It works wonders, curing NERVOUS and GENERAL DEBILITY, MALARIA, DYSPEPSIA, INSOMNIA. Produces a healthy action of the Liver and Kidneys, fortifying the system against the miasmatic influences, and will be found invaluable in all pulmonary and bronchial difficulties. DELICATE FEMALES, NURSING MOTHERS and WEAKLY CHILDREN can find no remedy equal to this healthful blood and nerve food tonic. ☞ For sale by all Druggists. $1.00 per bottle. Prepared only by WHEAT BITTERS CO., Office 19 Park Place, New York City.

"Lights Along the Shore."

Numerous complaints have reached us from masters of vessels, especially steamship captains, of the alluring effect of the bright lights along our shore, where the several summer resorts have been established. In making the land at night it is almost impossible to distinguish the beacons, placed to mark the channel, from those lights erected on the beach for the pleasure of the excursionists. "It has got to be a perfect nuisance," as the captain of a British steamer remarked the other day. "A man is not sure where he is going with all these electric lights about him, which at a little distance much resemble the fixed white glare of a 'Steady light,' and it is with great difficulty that he can rightly shape his course." That this multiplicity of beach lights tends greatly to harass the movements, and often mislead the navigator, is undoubtedly true, but the remedy for the same is hard to decide; yet it seems as though the authorities which allow the people to illuminate portions of the sea coast should compel the use of such lights, or place them in such a position, as not to cause inconvenience to navigators.—*Boston Post.*

The Cincinnati *Commercial* states that Sarah Jackson, widow of the adopted son of Andrew Jackson, in whose arms Gen. Jackson died, is to-day on her sick pouch almost a pauper, to the eternal reproach of Congress, which, while providing for the surviving widows of ex-presidents an increase of pension, has passed by the daughter of Jackson, who was formerly the charming mistress of the white house. She has been bed-ridden for years, and resides with her son, who is unmarried, on the Hermitage plantation, now owned by the state of Tennessee, where, owing to this poverty, they are tenants at will.

Many of the Bitters advertised as tonics are simply cathartics. Wheat Bitters is not a cathartic.—E. P. Russell, M. D.

—Rev. Edward Dawe was accused of burning his parsonage at Deerfield, Mich. His Methodist congregation believed him innocent, and contributed the money to pay the expenses of his trial, which resulted in acquittal. Although Mr. Dawe has come through the tribulation unhurt in reputation, he says that he has had enough of a country in which such accusations can be made against a clergyman, and will return at once to his old home in England.

The peculiar action on the kidneys and urinary organs of asparagus is frequently noticed during the season. Prof. Bunsen recently proved in the case of the Emperor William and others that in combination with malt and quinine it is an absolute specific for diseases of the liver, kidneys and urinary organs. His method has been adopted by the Malt Bitters company, and this great German food is now composed of malt, hops, quinine bark and asparagus.—*Medical Times.*

The watchman at the Burlington depot in Chicago, on Saturday shot and killed "Duchy" Keifer, a well known hard character, who was exciting suspicions by his actions.

The Housekeeper's Friend.

A friend in need is a friend indeed, and such a friend you will always find in Sulphur Bitters, they cured me of Dyspepsia when I had given life up in despair and was almost at death's door. They are a true friend to the sick.—*Mrs. H. Craigue, Hartford Connecticut.*

Benj. P. Cheney of Boston offers to put a statue of Webster in the state house yard at Concord N. H.

Found at Last.

An agreeable dressing for the hair, that will stop its falling, has been long sought for. Parker's Hair Balsam, distinguished for its purity, fully supplies this want.

Franklin Bond, a carpenter and farmer of Dublin, hung himself Saturday, in his barn. He was eighty-one years old, and leaves a son and daughter.

Improvement for Mind and Body.

There is more strength-restoring power in a bottle of Parker's Ginger Tonic than in a bushel of malt, or a gallon of milk. As an appetizer, blood purifier and kidney corrector, there is nothing like it, and invalids consequently find it a wonderful invigorant for mind and body.—*Commercial.*

Statistics show that during the past three months there have been sixteen failures in business in this state. The amount of liabilities is given at $94,300. For six months in 1882 the failures in New Hampshire were thirty-seven, with an indebtedness of $807,295; for the corresponding months in 1881, the number of failures was twenty-four, with liabilities of $254,796.

Vigor, strength and health all found in one bottle of Brown's Iron Bitters.

At this season, various diseases of the bowels are prevalent, and many lives are lost through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a *sure* cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is *perfectly safe.*

Read the following:

BRIDGEPORT, N. Y., March 22, 1881.
PERRY DAVIS' PAIN KILLER *never fails to afford instant relief* for cramp and pain in the stomach.
JOSEPH BURDETT.

NICHOLVILLE, N. Y., Feb. 2, 1881.
The *very best* medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is *sure cure* every time.
JULIUS W. DEX.

MONGONA, IOWA, March 12, 1881.
I have used your PAIN KILLER in severe cases of cramp, colic, and cholera morbus, and it gave almost instant relief.
L. E. CALDWELL.

CARNESVILLE, GA., Feb. 26, 1881.
For twenty years I have used the PAIN KILLER in my family. Have used it many times for bowel complaints, and it *always cures.* Would not feel safe without a bottle in the house.
J. B. TYE.

SACO, ME., Jan. 3, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is *safe, sure, and reliable.* No mother should allow it to be out of the family.
H. I. NAYES.

OXRIDA, N. Y., Feb. 19, 1881.
We began using it over thirty years ago, and it always gives immediate relief. Would hardly dare to go to bed without it in the house.
J. P. SPERRY.

CONWAYBORO, S. C., Feb. 22, 1881.
Nearly every family in this section keeps a bottle in the house.
DR. E. MORTON.

U. S. CONSULATE,
CREFELD, RHENISH PRUSSIA, Feb. 8, 1881.
I have known PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after years of observation and trial I regard its presence in my household as an *indispensable necessity.*
I. S. POTTER, U. S. Consul.

BURTON-ON-TRENT, ENG.
I had been several days suffering severely from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, and found almost instant relief.
H. J. NOONE.

21 MONTAGUE ST., LONDON, ENG.
During a residence of nearly three years in India, I have given it in many cases of diarrhœa, dysentery, and cholera, and never knew it to fail to give relief.
R. CLARIDGE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

THE
New Hampshire Gazette!
Established 1756.
The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.
It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire Items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

Failing!

That is what a great many people are doing. They don't know just what is the matter, but they have a combination of pains and aches, and each month they grow worse.

The only sure remedy yet found is BROWN'S IRON BITTERS, and this by rapid and thorough assimilation with the blood purifies and enriches it, and rich, strong blood flowing to every part of the system repairs the wasted tissues, drives out disease and gives health and strength.

This is why BROWN'S IRON BITTERS will cure kidney and liver diseases, consumption, rheumatism, neuralgia, dyspepsia, malaria, intermittent fevers, &c.

203 S. Paca St., Baltimore. Nov. 28, 1881.
I was a great sufferer from Dyspepsia, and for several weeks could eat nothing and was growing weaker every day. I tried Brown's Iron Bitters, and am happy to say I now have a good appetite, and am getting stronger.
Jos. McCAWLEY.

BROWN'S IRON BITTERS is *not* a drink and does not contain whiskey. It is the only preparation of Iron that causes no injurious effects. Get the genuine. Don't be imposed on with imitations.

SULPHUR BITTERS

THE BEST AND GREATEST MEDICINE

It will drive the Humor from your system, and make your skin clean and smooth. *Those Pimples and Blotches* which mar your beauty are caused by Impure blood, and can be removed in a short time, if you are wise and use the great blood purifier,

SULPHUR BITTERS.

We suffer with Dollar by my row with that terrible Headache? Why don't you try Sulphur Bitters? Are you troubled with Rheumatism? What makes you look so pale? Your nerves are all unstrung, you tremble so. Your stomach needs nature to assist it. Your system is all run down. Are you troubled with Kidney Complaint? Are you a sufferer from Piles? A gentle soothing stimulant only is required to remove the cause which tends to assist nature, and impart a healthy tone to the system. If you are a poor sufferer from any of the above diseases, take Sulphur Bitters to set a sound body, like other preparations which stimulate only to DESTROY. It is composed of the choicest Roots, Herbs and Berries, combined with the Extracts of SULPHUR in such proportions as to make it a Sure Cure for all Diseases of the Blood, Liver and Kidneys.

SULPHUR Bitters

The Dose is small—only a Teaspoonful. It is the *best and cheapest* medicine. Try it, and you will be satisfied. Get it of your druggist.

DON'T WAIT, GET IT AT ONCE.

Books, Magazines, Etc.

"American Men of Letters," edited by Charles Dudley Warner: 'Henry D. Thoreau,' by Frank B. Sanborn." Boston; Houghton, Mifflin & Co. Portsmouth; sold by W. G. Myers; price $1.25.

Mr. Sanborn, a native of this county, took up his residence in Concord, Mass., several years since, and has become acquainted with Concord and its famous people. Thoreau is known to most of the readers of American books, from his book Walden perhaps more than from any other cause. Mr. Sanborn's acquaintance with Thoreau began in 1854-55, when the Hampton Falls student at Cambridge was editing the *Harvard Magazine* in which appeared a long review of "Walden." He afterwards became quite intimate with Thoreau as a neighbor and friend, and as such, with his readiness at biographical work, is abundantly suited to be the biographer of one of whose characteristics he was so ardent an admirer, and with whom in many respects a bond of sympathy existed. The biography is not a mere recital of uninteresting events, but is a sketch of incidents interspersed with correspondence and the delineation of the peculiar ideas which have made Thoreau famous in this country and in England. A fine steel engraved likeness, from a photograph taken in 1861, shows us the celebrity as he appeared in his last years.

"In the Saddle," a collection of poems on horse-back riding. Boston; Houghton, Mifflin & Co. For sale by Myers; price $1.00. This a neatly-arranged collection of familiar poems from nearly fifty authors, from Shakspeare's "Horse of Adonis" to Dr. Holmes' "Reflections of a Proud Pedestrian," including Burns' "Tam O'Shanter," Cowper's "John Gilpin," and Tennyson's "Sir Launcelot and Queen Guenevere," and Godiva "clothed on with chastity." It makes an attractive little volume of 185 pages, has flexible covers, and of course contains many beautiful poems.

—A Florida paper says: "Madison, Florida, has its sensation. A party of five children while out berrying heard a noise in the air above them, and looking up beheld a man sitting astride a huge fowl which flew slowly along. The wonder was also seen by two negroes." At last accounts Florida was ahead in the summer lying contest.

—A woman entered a railroad car at Bloomington, Ill., carrying a big basket. The conductor told her it must go among the baggage. She replied that if he took it away she would hold him strictly accountable for the contents. When he found that it held triplet babies only a month old he ceased objection.

Mr. N. J. Morgan, New River, Va., says that his wife having suffered for a long while with rheumatism was induced to try St. Jacobs Oil, and it gave almost instant relief and had a most happy effect.

—"Young men," said a tiresome and instructive old muff to a group of apprentices, "young men should begin at the bottom of their business and work up." "I can't," responded one of them. "Why not?" asked the old muff. "Because I am a well-digger," answered the apprentice.

Catarrh of the Bladder.

Stinging irritation, inflammation, all kidney and urinary complaints, cured by "Buchupaiba." $1. Depot, J. H. Thacher's.

Decline of Man.

Nervous weakness, dyspepsia, impotence, sexual debility, cured by "Wells Health Renewer." $1. Depot, J. H. Thacher's.

—An exchange says a son of President Tyler, although a poor besotted creature now, is one of the most courtly and polished men, in demeanor and conversation, to be found in Washington. One who has not seen him accept an invitation to take a drink, and the air with which he will take it, has never seen a true Virginia gentleman of the real old style.

*Both Lydia E. Pinkham's Vegetable Compound and Blood Purifier are prepared at 233 and 235 Western avenue, Lynn, Mass. Price of either, $1. Six bottles for $5. Sent by mail in the form of pills, or of lozenges, on receipt of price, $1 per box for either. Mrs. Pinkham freely answers all letters of inquiry. Enclose 3c. stamp. Send for pamphlet. Mention this paper.

—The academic habit of decorous and classical circumlocution has its disadvantages as well as its advantages. For instance, in the course of his address in immortal "ventures to express himself" as follows: "The celebrated victor of the Granicus and of Arbela, the conqueror of Asia, who knew so well how to win battles and to found empires"—he hesitates, a moment, and then continues with a noble timidity: "Alexander the Great, if I may be permitted to pronounce his name here!"

Hay Fever.

For hay fever I recommend Ely's Cream Balm. It entirely relieved me from the first application; have been a sufferer for ten years. Going from home and neglecting to take the remedy, I had an attack; after returning I immediately resorted to it, and found instant relief. I believe, had I begun its use earlier, I should not have been troubled. J. COLLYER, clerk, 118 Broad street, Elizabeth, N. J.

MESSRS. WHITE & BURDICK, Druggists, Ithaca, N. Y.—I recommend to those suffering (as I have been) with hay fever, Ely's Cream Balm. I have tried nearly all the remedies, and give this a decided preference over them all. It has given me immediate relief. C. T. STEPHENS, Hardware Merchant, Ithaca, N. Y. Price fifty cents.

Apply into nostrils with little finger.

—Revival meetings—the courtship of a widower.

There are more of the curative properties in Wheat than any other of the cereals. All these are found in Wheat Bitters.

—A young gentleman of the lackadaisical Oscar Wilde type of idiot, hung to a sunflower, went into a restaurant one day last week to get some breakfast, and by the way, he has the appetite of a Missouri journalist on an excursion, and is gifted with the digestive organs of a boa-constrictor.) "How do you want your eggs biled?" asked the waiter. "I want them soft." "How soft?" "Very soft. I want them to match my voice."

Weak muscles and nerves, sluggishness of thought and inactivity, cured by Brown's Iron Bitters.

—"I wonder where Smith was last night," said Mrs. Smith in a sort of half soliloquy. "I know, ma," exclaimed Johnny; "he went to the circus." "What do you mean, child?" asked Mrs. Smith; "there is no circus here now." "Oh, yes, there must be, ma, 'cause I heard pa telling a man that he was fighting the tiger nearly every night." Mrs. Smith says "Oh!" in a threatening manner, and looks daggers. There'll be a circus in town when Smith comes home.

* * * "Do boldly what you do at all." Boldly do we affirm that Kidney-Wort is the great remedy for liver, bowel and kidney diseases; rheumatism and piles vanish before it. The tonic effect of Kidney-Wort is produced by its cleansing and purifying action on the blood. Where there is a gravelly deposit in the urine, or milky, ropy urine from disordered kidneys, it always cures.

☞ The Diamond Dyes always do more than they claim to do. Color over that old dress. It will look like new. Only 10 cents.

R. H. EDDY, Solicitor of Patents.

Testimonials.

I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 19, 1876.

R. H. EDDY, Esq.,—*Dear Sir:* You procured for me, in 1840, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self cure, which he will send FREE to his fellow-sufferers. Address J. H. REEVES, 43 Chatham St., N. Y.

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle, They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

History Repeats Itself.

Postmaster Taft, of Charleston, has arrived in Washington from South Carolina. He says that the evidence is overwhelming to show that the killing of Blair at Camden was a political assassination. As soon as Blair was killed, the friends of Haile, the murderer, took possession of Blair's body. A post-mortem was held, and Haile was brought before the judge and liberated on $5000 bail. Postmaster Taft says that Judge Kershaw, who admitted Haile to bail, is a relative of the latter. Blair was shot in the back, without any warning from the assassin.

It seems clear that the affair was an almost exact parallel to the case of Dixon in Mississippi, who was murdered some years ago by Barksdale because he was prominent as an anti-Bourbon leader. Blair was active, as an independent democrat, in demanding a "free vote and fair count" in South Carolina; hence his murder by Haile. Barksdale was elevated to high office by the admiring democracy of Mississippi, for his crime; Haile has not yet received any other reward than commendation, but probably will. Both Dixon and Blair were ex-confederates, and were staunch Bourbons up to within a few months of the time when it became necessary to murder them in the interests of democratic success and pure government. Dixon was the inventor of the "Mississippi plan" of carrying elections by shot-guns, but from some reason had got tired of it.

The Egyptian Trouble.

The total loss of the British during the bombardment of the forts at Alexandria on the 11th inst., was five killed and twenty-seven wounded. The following condensed account of the day's operations on the part of the fleet was given to a correspondent by a British naval officer:

The ironclads Superb, Sultan and Alexandra engaged and totally destroyed Fort Pharos and the lighthouse batteries, which are at the entrance to the new port, and were intended to dominate the approach to the new harbor. The flagship Invincible, the Monarch and the Penelope took up commanding positions inside the reefs, and assisted from the outside by the Temeraire, attacked, with destructive effect, the strong position of Fort Mex with the lighthouse and shore batteries. The Inflexible was stationed so as to command the lighthouse batteries, Fort Pharos and Fort Mex at the same time, and was thus in a position to co-operate both with the division outside and that inside the reefs. The gun vessels Bittern, Condor, Beacon, Decoy, and Cygnet attacked the Marabout batteries at the entrance of the harbor, and taking a close and destructive range soon silenced them, after which they ran in and shelled Fort Mex, on the southern side of the entrance to the anchorage of outer harbor. The Invincible, under cover of her own guns and those of the Bittern, then landed a party of blue jackets and marines, who entered Fort Mex and blew up the heavy guns. The bombardment practically closed at noon. On the whole, the Egyptians fought their batteries with more determination than had been expected. Several of the earthworks, behind which guns were mounted, were found to be mere heaps of sand.

The London *Standard's* correspondent sent the following to his paper:

The forts and batteries on the sea face are a heap of ruins. The Egyptians stuck to their guns until the forts were crumbling. The sum of the Egyptian gunners was chiefly directed against the Penelope and Inflexible, and they fired principally round shot. Their elevation was bad. The Invincible was seldom hit. The armor of the Superb was penetrated. The Egyptian officers set a good example to their men, often jumping upon the parapets to see the effects of their fire. The party of marines which landed from the Invincible to blow up Fort Mex, saw several dead lying inside the fort. The Egyptians had no shells, which fact accounts for the small number of casualties on the British vessels.

The British ships again opened fire on the batteries at eight o'clock in the morning on the 12th; there was no answering fire. Shortly after noon a flag of truce was shown from the town.

The state department at Washington on the 12th received a despatch from the American consul general to Egypt, stating that hostilities had ceased and that the English fleet had completely silenced the city of Alexandria. He furthermore stated that in his judgment the war was practically ended, but that inside of two years there will be another outbreak.

News and Notes.

August Sundgren, a Sweedish boy ten years old, died on the night of the 10th inst. with lockjaw, at North Easton, Mass. At the same time Thomas McGrath, about twelve years old, was dangerously ill, and John Middleton, aged fourteen, was suffering from a wound but was considered out of danger. All were wounded in the hand with toy pistols.

Moses J. Delaney, thirteen years old, was taken to the Massachusetts General hospital from East Boston on the 11th inst., dying from lockjaw. He played with a toy pistol on the 4th.

A son of Alfred Pestell, of East Cambridge, Mass., wounded his left hand with a toy pistol on the 4th inst., and died on the 12th.

In Lowell, on the 12th inst., John Hayes, aged fourteen years, died from lockjaw, as the result of a wound in the hand by a toy pistol on the 4th.

Hanlan, the great oarsman of Toronto, Can., who is almost entirely recovered from his late illness, says: "I will row any five men in the world two miles straightaway, or two miles and turn, for from $1,000 to $2,000. I will row these five men after the lapse of forty-eight hours, two full days, from each other, on any suitable waters on the continent of America. The challenge is open to the whole world." The champion further adds that if he could bring about these matches in America he would forego for the present his intended visit to Australia.

Twenty-four deaths from heat, most of the deceased being young children, were reported in New York for the twenty-four hours ending at noon on the 11th inst. In addition nineteen adults were sunstruck, and some of them will die.

A terrible hurricane visited the Friendly islands April 25th. At Van Van the barque Don Guillermo, Capt. Johnston, went down while at anchor. The captain, the officers and six seamen were lost with her; five boys were saved. The hurricane was accompanied by a tidal wave fifteen feet high, which swept over the island and did terrible damage. The storehouse of Messrs. McArthur & Co., which contained over 3600 tons of copra, was destroyed. All the native houses and many European dwellings were carried away. Cocoanut trees were snapped off like pipe-stems, and the island presents a scene of widespread desolation. At Tongatea all the churches were destroyed, two thousand houses were leveled, stores and copra houses, with their contents and everything near, were swept away. A schooner was carried inland, and the German barque Cassibis foundered.

Charles Stiles, caller of the Chicago call board, was shot and killed on the morning of the 10th inst. by his mistress, known as Madeline Stiles. The woman called at the Palmer house, proceeded to his room, knocked at the door, and called out in a disguised voice, "a messenger boy with a despatch." Stiles opened the door, and she entered; angry words was heard, then a pistol shot, and Stiles staggered into the hall and fell dead. He was the son of Hon. E. B. Stiles of Dixon, Illinois, and was one of the most active and influential democrats in the state. The woman said he had taken her money and abused her until in desperation she killed him.

A new impetus has been given the effort looking to the release of Sergeant Mason from the Albany penitentiary, for his attempt to kill Guiteau, by the effort to induce the president to consider the claim that under the second article of war the troops were not legally called to the jail. The subject was referred by the president to Judge Advocate General Swaim, who has nearly completed his report, which, it is said, sustains the point made by Mason's counsel, and the early release of the prisoner is anticipated.

Mary Clinton died of delirium tremens in a police station at Fall River, Mass. When arrested she was sitting in a wheelbarrow with a nine-months old babe by her side.

John H. Kelley, a shoemaker aged sixty-three years, was found hanging in an orchard on the Fox estate in Worcester, Mass., July 11th. No cause is known for the self-murder.

A Cough, Cold or Sore Throat

Should be stopped. Neglect frequently results in an incurable Lung Disease or Consumption. "Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25 cts a box everywhere. eod&wtjan23

Shortly before eight o'clock in the evening on the 10th inst., the house of Orlando Young on Belknap street, Dover, was struck by lightning, which passed from the chimney to the cellar, doing considerable damage and setting the house on fire; the house was saved by the fire department, the total loss being about $500. Several persons were in the house, but no one was seriously hurt.

Mrs. Sarah Abbott, a widow aged about seventy years, was found dead in a well at Bradford recently, having apparently fallen in while attempting to draw a bucket of water.

The spot where Maximilian and his two companions were executed is marked only by a rude pile of stones and a cross. The inhabitants of Queretaro have repeatedly asked permission to the government to erect there a fitting monument, but the request has invariably been refused.

NO. 1 MARKET SQUARE,

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their trouble. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and excites a plentiful flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from lassitude and weariness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither pals upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of the sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are inclined to Consumption—will find Liebig preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to eliminate the digestive of fat-producing foods, and its effect is invariably to give full-rounded roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fac-simile signature of Baron von Liebig, and a fac-simile of his Signature, as well as that of A. VOGELER & CO., BALTIMORE, Md., Sole Agents for America.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Circulars, giving full particulars, may be obtained of

"ONE KIND AND COLOR."

The Dover *Democrat*, in reporting the proceedings at the citizens' meeting held in the court house in this city on the evening of the 10th inst. to protest against the passage of Robeson's naval appropriation bill by the United States senate, says: "In looking over the list of speakers we find they are all of one kind and color of politics." It will be news indeed to Capt. Edw. D. Coffin, Mr. Henry Peyser and Mr. James Janvrin, to learn that they are of "one kind and color of politics" with Mayor Sise, Collector Howard and Col. Wm. H. Hackett; nobody down this way suspected anything of the sort.

ROBESON'S BILL.

The Portland *Advertiser* of the 11th inst. thus referred to the meeting in this city on the previous evening, to protest against Congress vesting in one man such enormous power as the authority to close any or all the navy yards in the country with a word:

There is little danger that the navy yard at Kittery and Portsmouth will be closed, under the administration of the present secretary of the navy at least. It is an important institution of New Hampshire's only seaport, and local pride, to say nothing of the possible political uses of the yard, will influence Secretary Chandler to extend to it particular favor. The people of Portsmouth, Kittery and adjoining towns, however, do not seem to place much confidence in these considerations. They held a meeting at Portsmouth last night to express indignation and alrm at certain provisions of the naval appropriation bill, which passed the lower branch of Congress by a large majority last week, embodied their sentiments in a set of resolutions, and chose a delegation of influential citizens to present the case at Washington.

One provision of the bill changes the management of the navy yards by investing the secretary with the power of dismanting the yards at discretion. Although it is probable that with our little navy in a time of profound peace, many of the yards might be closed up with profit, yet it is dangerous to vest the arbitrary power of doing this in the head of the department. Former experience verifies this, as witness the administration of the department ten years ago. This provision of the bill opens the way for an enormous amount of jobbing. The secretary could if he chose dismantle a yard in the interest of favored contractors, letting out to them at great profit work which might have been done by the government.

The Portsmouth people are awake to this threatened danger, and incorporated in their resolutions last night, one deploring "a system which seeks to place the navy department in the control of contractors for means of doing labor which the United States should be abundantly able to perform." This meeting will have the good result of bringing into notice some of the glaring and scandalous defects of Robeson's bill, and may cause the senate to condemn them when that body reaches the measure.

THE TOY PISTOL.

Felix Quinn, aged about twelve years, the only son of a widowed mother, died in Dover on the 11th inst. He injured his left hand with a toy pistol on the 4th, but the hurt was so slight that no especial care was taken to prevent serious consequences; lockjaw ensued, and then of course death. One account of this boy's death closes as follows: "The sale of toy pistols is to be prohibited in that city." Time will be required to show whether or no this prediction is correct.

Last year there was one death in Portsmouth from a toy-pistol wound, and a number of boys were hurt in the same way, to their own suffering and the great anxiety of their friends; but the Portsmouth board of aldermen declined to take any action toward preventing the sale or use of the "infernal machines," although Mayor Sise brought the matter to the attention of the board several weeks before the 4th.

Mr. D. J. Lynch, the Market street grocer, advertises a large and varied stock of cigars of the best qualities, for sale cheap either by the box or single cigar, or in any other quantity desired by the purchaser.

During the months of July and August the knock-off bell on the navy yard will be rung at five o'clock every Saturday afternoon.

A good stone walk has been laid across the end of the Vaughan street extension, at its junction with Elm street. This makes all right the footing of persons having occasion to cross the street, but a light at that point is still needed, to enable pedestrians to see approaching teams, and still more to enable drivers of teams to see pedestrians when on the crossing.

The schooner Addie & Hattie went on the marine railway at Kittery on the 12th inst.

The United States tug Leyden was taken out of the dry dock at the navy yard, and the U. S. S. Vandalia docked, on Wednesday.

The Boston *Post* says "Congressman Hall of New Hampshire is at home, where he finds his political fences in very bad condition. It is reported that Col. A. H. Young has carried away quite a number of the rails."

Chief Engineer David B. Macomb is detached from this navy yard, and placed on waiting orders. Chief Engineer B. F. Garwin relieves Mr. Macomb.

Lieut David Whipple, U. S. M. C., is to be transferred from the barracks at this station to Annapolis.

A man whose name we did not learn, employed in the boat shop on the navy yard, cut his foot very severely while chopping ice with a hatchet on Wednesday.

Patrick Leavey, a laborer living on Water street, died very suddenly on the 11th inst., while preparing to go to work.

The "band-stands" at Gangway rock had a narrow escape on the 12th inst., the Vandalia swinging dangerously near the structure while being hauled from the wharf to a position in readiness to enter the dry dock.

The Carolina Queen Mining company held its annual meeting in this city July 12th, electing the following directors:—Dr. C. H. Starr, Dr. A. P. Lighthill, C. W. Wellington, W. H. Carpenter and A. W. Mann, of Boston; W. F. Remington and N. B. Ingersoll of Chelsea; A. T. Sinker of Indianapolis, and Wallace Hackett of Portsmouth.

The whole amount received by the treasurer *pro tem.* of the Chase Home for Destitute Children (including $260 received from Rev. C. A. Holbrook, with $13 interest,) is eleven hundred and seventy-three dollars, of which $500 was from proceeds of the Children's Fair.

JOS. HILLER FOSTER.

Count Zouaski, who passed through this city recently on his way to Montreal, Canada, (he didn't pass through very quick, as it took him several days to get past all the Portsmouth bar-rooms,) has been heard from again, over in York county, leaning up against a farmer's fence. We regret to be obliged to add that the count appeared to be very drunk.

The drill tender employed at the Badger's island ledge fell overboard from the sloop on the evening of the 12th inst., and was rescued when nearly exhausted.

In the Antique & Horrible procession in Lynn, on the 4th, one section was devoted to Elder Waite, some of the mottoes being "Spiritualism exposed in full moonlight," "Empty is the mite box," "Bring back your receipts and get your money," and other hints as to the elder's career in Lynn.

As a gentleman from this city was driving through North Hampton on Tuesday, the 11th inst., in a carryall drawn by two horses and containing six persons, when near the residence of John D. Marston, Esq., that gentleman's little son, about two years of age, while sitting in the grass by the roadside was struck by the carryall, the hinder wheel of which passed over his neck, injuring him severely. The team at once stopped and all possible aid was rendered the poor little fellow, but on Wednesday it was reported that the physicians gave little hope of his recovery.

Portsmouth Commandery, No. 47, United Order of the Golden Cross, has elected the following officers for the ensuing term:—Noble Commander, Edward C. Stimson; Vice Noble Commander, Mrs. Lucy K. Lord; Prelate, Miss Lizzie H. Marston; Herald, Frank H. Warren; Treasurer, James Janvrin; Keeper of Records, Samuel Dodge; Financial Keeper of Records, Rolla C. Grant; Warder of Inner Gate, James D. Treat; Warder of Outer Gate, Samuel Taylor.

CONSISTENCY.

The following, from the Bangor *Whig*, shows just how much real devotion to greenback doctrines there is in the side-show democratic party of the 1st congressional district of Maine:

The Greenback Congressional convention of the First Maine district, at Portland solemnly and enthusiastically adopted the principles of the Greenback State convention, declaring:

That we believe the national banking system is one of deadly hostility to the best interests of the country, dangerous to our republican institutions and the liberties of the people.

No banks of issue, state or national, with their blighting power.

And then they proceeded to nominate as their candidate for Congress the president of the Ocean national bank of Kennebunk, and the treasurer of the Kennebunk savings bank.

—Eve did not experience any of the tortures endured by the modern ladies of fashion, and yet, like the latter, she had nothing to wear.—*Lowell Citizen.*

—Edith's mamma was sick, and the little one felt, as she expressed it, "very mournful." At night she prayed: "O Lord, please to make my dear mamma well again. She must have eaten something that didn't digest. Don't let her be sick any more, for it's no fun to her nor to me either."

Stones In the Kidneys

And Bladder Expelled--Long Suffering of one of Troy's Best People--A Lucky Man.

It is by no means a strange thing that Dr. Kennedy should have received the following letter. By reading it you will see in one minute why James Andrews was thankful:

TROY, N. Y., April 8th, 1880.

Dr. D. Kennedy, Rondout, N. Y.:

DEAR SIR:—Until within a recent date I had for several years suffered greatly from gravel, called by the doctors the Brick-dust Sediment. For about a year past this sediment has not passed off in the usual quantity, but has accumulated, causing untold pain. Having heard of "Kennedy's Favorite Remedy" I tried it in my case, and after using about one and one-half bottles, I voided a stone from the Bladder, of an oval shape, 7-16 of an inch long, and rough on its surface. I send you the largest piece that you may see of what it is composed. Since then I have felt no pain. I now consider myself cured, and cannot express my thankfulness and gratitude for so signal a deliverance from a terrible disease. You have my consent to use this letter, should you wish to do so, for the benefit of other sufferers.

Yours truly, JAMES ANDREWS.
No. 10 Marshal St., Ida Hill.

When we consider that the medicine which did this service for the sufferers could only one dollar a bottle, it would seem that persons afflicted in like fashion can afford the expense of testing its virtues. Get it of your druggist, or address Dr. David Kennedy, Rondout, N. Y. "Dr. Kennedy's Favorite Remedy" for sale by all druggists.

☞A SUPERIOR NUTRITIVE MEDICINE, RICH IN PEROXIDATES AND NOT A CHEAP, ALCOHOLIC DRINK.☜ Highly recommended by Chemists and Physicians as

A POSITIVE TONIC, ALWAYS ACCEPTABLE AND RELIABLE,

as it does not stimulate the brain or irritate the system and leave deleterious effects. On the contrary, it furnishes just that which is necessary to the brain, strengthens and quiets the nerves, purifies the heart's blood, and thereby makes only the best flesh, bone and muscle. ☞It works wonders, curing **NERVOUS and GENERAL DEBILITY, MALARIA, DYSPEPSIA, INSOMNIA.** Produces a healthy action of the Liver and Kidneys, fortifying the system against the miasmatic influences, and will be found invaluable in all pulmonary and bronchial difficulties. DELICATE FEMALES, NURSING MOTHERS and WEAKLY CHILDREN can find no remedy equal to this healthful blood and nerve food tonic. ☞For sale by all Druggists. $1.00 per bottle. The Barnum & London Show.

The New York *Herald* thus refers to this show, which will exhibit at Dover on the 18th inst:

The performance was all that was promised, and a little too much to enjoy. The procession in the initial act presented the audience from witnessing the manœuvres in the ring, and when performances were going on later in each ring the best features were lost, except the more particular acts, to which the ring masters would call particular attention. Taken as a whole, however, it is an unequalled show—sixty separate acts being carried out in two hours. The most striking features are the flying ring act of Maggie Claire, the headlong dive and cannon act of Zazel, the slide of Zeo suspended by the hair, a backward dive from the highest point of the ceiling into a net by Hawley, Lulu's being hurled into the air from a catapult, and Jumbo and no end of rare wild animals.

Bloody Riot.

A bloody encounter took place in Jersey City, N. J., July 11th, between a large gang of roughs, and the Italians employed in place of the striking freight handlers on the Erie docks. The roughs attacked the Italians. The latter defended themselves with revolvers and knives, and four of the attacking party were shot, one fatally. The Italians, driven to the water, tried to get on a sloop by climbing along on a hawser. The crew of the sloop cut the hawser, and two of the Italians fell into the water and were drowned. The riot was finally quelled by the police. There were nine Italians arrested; also two of the sloop's crew, charged with manslaughter in cutting the hawser.

Naval Affairs.

The United States schoolship St. Mary's has sailed from Lisbon, Portugal, for New York.

The United States training ships Saratoga and Portsmouth have arrived at Lisbon.

Captain William R. McCann has been detached from the command of the flagship Pensacola on the reporting of his relief, and ordered home.

Passed Assistant Surgeon D. M. Guiteras has been detached from the naval hospital at Philadelphia, and ordered to duty at the naval academy.

The department is informed that the flagship Brooklyn left Monteviden May 24th for Rio Janeiro. The Essex and Marion were at Montevideo at that date. The Essex expected to sail for Valparaiso June 10th.

Lieut. R. M. G. Brown, attached to the flagship Lancaster, met with an accident by the dropping of a whaleboat while at Malta, and injured his breast bone severely. He was removed to the hospital at Malta. A telegram from Lieut. Brown states that he is on his way home, invalided.

Many of the Bitters advertised as tonics are simply cathartics. Wheat Bitters is not a cathartic.—E. P. Russell, M. D.

The schooner Martha Ancell, which arrived at St. Johns, Newfoundland, July 10th, from Cow Bay, carried in William Corbet and George Reid, two Gloucester fishermen who got astray from their vessel, the Falcon, on Green bank, Thursday, the 6th, while looking after trawls. They drifted about four days and three nights in a fog, without food, and were picked up Sunday evening twelve miles off Cape Pine in an exhausted condition, and were kindly cared for by Capt. Davis of the Martha Ancell.

Vigor, strength and health all found in one bottle of Brown's Iron Bitters.

The black small-pox is raging with great violence at Mazatlan, and Hermosillo and Guaymas are quarantining against it. There have been fifty deaths in Mazatlan.

*** "By asking too much we may lose the little that we had before." Kidney-Wort asks nothing but a fair trial. This given, it fears no loss of faith in its virtues. A lady writes from Oregon: "For thirty years I have been afflicted with kidney complaints. Two packages of Kidney-Wort have done me more good than all the medicine and doctors I have had before. I believe it is a sure cure."

☞Fast, brilliant and fashionable are the Diamond Dye colors. One package colors one to four lbs. of goods. 10 cts. for any color.

Summer Complaints

At this season, various diseases of the bowels are prevalent, and many lives are lost through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a sure cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is *perfectly safe.*

Read the following:

BAINBRIDGE, N. Y., March 22, 1881.
PERRY DAVIS' PAIN KILLER *never fails to afford instant relief* for cramp and pain in the stomach.
JOSEPH BURDITT.

NICHOLVILLE, N. Y., Feb. 3, 1881.
The *very best* medicine I know of for diarrhœa, cholera morbus, and cramps in the stomach. Have used it for years, and it is *sure every time.*
JULIUS W. DEE.

MOPSONA, IOWA, March 13, 1881.
I have used your PAIN KILLER in severe cases of cramp, colic and cholera morbus, and it gave almost instant relief.
J. E. CALDWELL.

CARNESVILLE, Ga., Feb. 28, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it *always cures.* Would not feel safe without a bottle in the house.
J. B. IVIE.

SACO, ME., Jan. 31, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is *safe, sure, and reliable.* No mother should allow it to be out of the family.
W. I. NAYES.

ONEIDA, N. Y., Feb. 19, 1881.
We began using it over thirty years ago, and it always gives immediate relief. Would hardly dare to go to bed without a bottle in the house.
W. O. SEFERT.

CONWAYBORO, S. C., Feb. 22, 1881.
Nearly every family in this section keeps a bottle in the house.
DR. E. MORTON.

U. S. CONSULATE,
CREFELD, RHENISH PRUSSIA, Feb. 8, 1881.
I have known PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after years of observation and use I regard its presence in my household as an *indispensable necessity.*
J. H. POTTER, U. S. Consul.

BURTON-ON-TRENT, ENG.
I had been several days suffering severely from diarrhœa, accompanied with intense pain when I tried your PAIN KILLER, and found almost instant relief.
H. J. NOONE.

31 MONTAGUE ST., LONDON, ENG.
During a residence of twenty-three years in India, I have given it in many cases of diarrhœa, dysentery, and cholera, and never knew it to fail to give relief.
R. CLARIDGE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

THE

New Hampshire Gazette!

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

TO ADVERTISERS

THE N. H. GAZETTE

Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

Failing!

That is what a great many people are doing. They don't know just what is the matter, but they have a combination of pains and aches, and each month they grow worse.

The only sure remedy yet found is BROWN'S IRON BITTERS, and this by rapid and thorough assimilation with the blood purifies and enriches it, and rich, strong blood flowing to every part of the system repairs the wasted tissues, drives out disease and gives health and strength.

This is why BROWN'S IRON BITTERS will cure kidney and liver diseases, consumption, rheumatism, neuralgia, dyspepsia, malaria, intermittent fevers, &c.

203 S. Paca St., Baltimore. Nov. 28, 1881.
I was a great sufferer from Dyspepsia, and for several weeks could eat nothing and was growing weaker every day. I tried Brown's Iron Bitters, and am happy to say I now have a good appetite, and am getting stronger.
JOS. MCCAWLEY.

BROWN'S IRON BITTERS is *not* a drink and does not contain whiskey. It is the only preparation of Iron that causes no injurious effects. Get the genuine. Don't be imposed on with imitations.

SULPHUR BITTERS

THE BEST AND GREATEST MEDICINE

It will drive the Humor from your system, and make your skin clean and smooth. *Those Pimples and Blotches* which mar your beauty are caused by impure blood, and can be removed in a short time, if you are wise and use the great blood purifier, SULPHUR BITTERS. Why suffer with Boils, Pimples, Blotches, Humors, Salt Rheum, Scrofula, Ulcers, Old Sores, Milk Leg, Mercurial Affections, Erysipelas, Tumors, Abscesses, Carbuncles, Rolls, Blood Poisons, Bright's Disease, Wasting of the Kidneys and Liver, Rheumatism, Constipation, Piles, Dyspepsia, and all Itching, and Scaly Eruptions, when SULPHUR BITTERS will drive them out of your system in a short time? Why suffer with Nervous Debility, Lost Manhood, Impotence and kindred diseases, when SULPHUR BITTERS will restore you to health? Your nerves are all shattered and unstrung, your system is all run down, you are nervous, sleepless, and your blood is impure, and you need a good tonic to assist Nature in her work of restoring you to health. SULPHUR BITTERS is just what you need, and will do the work. Ladies, if your complexion is sallow or pimpled, SULPHUR BITTERS will make it clear and healthy. Gentlemen, if you are troubled with Pimples, Blotches, Boils, Humors, or any other disease of the skin, SULPHUR BITTERS will drive them out. Mothers, if your children are afflicted with Scrofula, Humors, Rickets, Swelling, Sores, Ulcers, Erysipelas, Salt Rheum, Scaly or Blotchy Skin, or any other form of Blood Disease, SULPHUR BITTERS will cure them. Thousands have used SULPHUR BITTERS and have given testimonials to its wonderful curative powers. Thousands of dollars have been paid for the best medicines that could be made, but we do not ask you to pay more than the cost of one bottle of SULPHUR BITTERS to prove that it is the best blood purifier you can find. Ladies, SULPHUR BITTERS is just what you need for your complaints. Gentlemen, SULPHUR BITTERS is just what you need for your complaints. Everybody should take SULPHUR BITTERS once a year as a preventive of disease. SULPHUR BITTERS is composed of the choicest Roots, Herbs and Berries combined with the Extract of SULPHUR in such proportions as to make it NATURE'S GREAT REMEDY.

SULPHUR Bitters

The Dose is small—only a Teaspoonful. It is the *best and cheapest* medicine. Try it and you will be satisfied. Get it of your druggist. DON'T WAIT. GET IT AT ONCE.

Shocking Occurrence.

During a shower at Texarkana, Ark., July 12th, a large brick building was struck by lightning, and knocked down on a saloon which was full of people. The ruins took fire and burned for hours. Several persons were taken out alive, and a number dead; the loss of life is estimated at twenty to thirty.

Hints to the Harvesters.

The laws of health require careful observation, especially at this heated season of the year. By taking some precaution much may be added to the comfort of those who must work under the hot sun. It is very important to avoid drinking much cold water when overheated. It is much wiser to go thirsty than to drink largely of ice water. The fluid greatly increases perspiration, thins the blood, weakens the system and induces continual thirst. Cool water poured on the wrists or held upon the temples reduces the temperature of the body, and is refreshing, without being injurious. A large straw hat, not black, is a great comfort, and if some green leaves—cabbage are excellent—are put in the crown there is far less danger from the intense heat. A handkerchief fastened to the hat and falling over the shoulders will keep the bright burning sun's rays from the neck. This latter precaution is not necessary to those who are "toughened" by daily labor out doors, but is a wise precaution to all others.—*American Agriculturist.*

Benedictine Bachelors.

The metropolitan scribe of the Rochester *Democrat*, after telling what he knows about certain exemplary bachelors in New York city who, after their demise, left families to mourn their loss, says: "I could mention a man of wealth and high family who passes in Fifth avenue circles as a bachelor, but his friends have long been convinced that he has a wife somewhere in the city. Some of these secret marriages occur in the following manner: Young men see the impossibility of supporting these helpless, high-toned city girls who want a fashionable establishment, and hence (going from one extreme to another) they will sometimes marry the daughters of their washer-women simply because the latter can help to take care of themselves. As such marriages would distress their friends, they keep it secret and pass for bachelors being thus enabled to retain their position in society. Such are among the strange features in metropolitan life. No man, however, can say he marries below his station if his wife, however humble, is of decent character and good intelligence. That false notion concerning men marrying beneath their stations has led to a vast extent of mischief."

A Thrilling Romance.

"I should smile."

As Bertha Redingote spoke those words she lay coquettishly in a hammock that had been swung between two giant oaks that reared their tall heads aloft in the broad lawn, at the edge of which stood her father's stately residence. A little foot, enmeshed in a silken stocking, whose delicate texture displayed to advantage the trim ankle within, peeped out from beneath a fleecy white dress, while the laughing eyes and fair forehead of the girl were surmounted by a coronal of sunnily-gold tresses of which any hair store might have been proud.

"So you like ice-cream?" said Harold McIntyre, bending over the hammock and looking tenderly into Bertha's blue eyes.

"I should smile," said the girl again, getting ready to put on her slipper and start.

"You are right," said Harold. "Ice-cream is a good thing. Perhaps some day next week I will buy you some."

The look of happy expectancy faded from the girl's face. "What time is it?" she asked.

"Ten minutes to six," replied Harold.

"Then," said Bertha, "if you start right away you will get home in time for supper."—*Chicago Tribune.*

A Beneficent Action.

The miserable looks and feelings of those confined at desks or work-tables, are caused by weak stomach, kidneys or bowels. Parker's Ginger Tonic without intoxicating has such a beneficent action on these organs and so cleanses the poisonous matters from the system, that rosy cheeks and good health are soon brought back again.—*Express.*

An Eagle Pass, Texas, despatch says six Americans who crossed the line to get a permit to hunt stolen cattle were arrested by the Mexicans, and according to their story were thrown into filthy cells without charges being preferred. They were twice whipped for the amusement of the jailer. Their goods were confiscated, and they finally were left destitute. They have made affadavit before a United States commissioner, and intend to present their case to the government.

Is He Your Friend!

Is the family doctor your friend? How many unnecessary visits does he make you? How many days does he keep you sick that you ought to be at your work, and so doing how many hard earned dollars does he extort from you. Would it not be better for you to place your trust in Sulphur Bitters? Try them, they will be a true friend. Saving you a long sickness and a large bill which you have hitherto paid to some avaricious doctors. —*Editor State Journal.*

Enoch H. Tracey of Brewer, Me., and Malcolm A. Slocum of New Bedford, Mass., sailors employed on the schooner Josie Hook, who, it is alleged, threw off a line to which an Italian named John Caesare was clinging, thereby causing his death by drowning, during the freight handlers' riot at Jersey City, N. J., July 11th, were arraigned on the 12th, charged with manslaughter. The men deny the charge, and say that Caesare fell into the water during the excitement.

R. H. EDDY, Solicitor of Patents.

Testimonials.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 19, 1870.

R. H. EDDY, Esq.,—*Dear Sir:* You procured for me, in 1840, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self-cure, which he will send FREE to his fellow-sufferers, address J. H. REEVES, 43 Chatham St., N. Y.

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

The Bank Charter Extension Act.

The national banks, in spite of all that has been said against them, have been a wonderful improvement upon the old state bank system. The old state banks were insecure, their bills were of different value in one part of the country from what they were in another, and the traveller or merchant going east or west, north or south, had to supply himself with gold or letters of credit equal to gold. The senate of the United States has agreed to the conference bill, extending the charters of the national banks, and the bill as amended has been passed to be enacted, and is an improvement upon the bills passed by either house of Congress, and cuts the grounds out from under the feet of the objectors. It provides, as passed, that the 3 1-2 per cent bonds held by the banks shall be extended at three per cent until all other outstanding bonds maturing are paid; and the bill is as good as could be expected, and will doubtless receive the signature of President Arthur.

The Egyptian Trouble.

Alexandria was abandoned by Arabi Bey's forces on the night of the 12th, under cover of a flag of truce, the Egyptians taking up a strong position about forty miles from the city. A large part of the city was burned, by the fire from the ships and by incendiaries.

Before leaving the city Arabi caused the liberation of all the convicts in the prisons, and the town was given over to the mob. The mob went about, firing, plundering and committing all manner of atrocities at their will.

Ond hundred Europeans who had barricaded themselves in a strong building, and defended it during the entire bombardment and truce, when they became aware of the landing of the British, on the morning of the 13th left the building, and fought their way step by step down to the water, where they were rescued by armed boats. These hundred had been in the Ottoman bank building. They report that they had to fight all night, not only for their lives but to keep the mob from reaching the structure to fire it. They aver that, as they stood at their posts fighting, they saw hundreds of Christians and Europeans massacred, dragged through the streets, mutilated and stamped upon, and thrown into the burning buildings with their hands and feet tied. They say the barbarities practised upon the Christians, in description would exceed all belief. No Americans were killed.

A Deserved Compliment to S. R. Niles' Advertising House.

Mr. S. R. Niles of 256 Washington street, Boston, has just received from Paris a cable directing him to advertise the Au Bon Marche (the largest dry goods house in the world) in the leading cities of the United States, from Boston to San Francisco. The is an indication of confidence in the ability and standing of Mr. Niles which is well deserved. We have known Mr. Niles from the start, and we have never come in contact with a more honorable gentleman, or one who conducted his business with more skill, better judgment, or more to the satisfaction of all reasonable patrons. He was one of the pioneers of his occupation, and it is not too much to say that the custom of doing advertising business through the medium of an agent, which now prevails, is largely due to the manner in which he has always conducted it. He has won his way to success by deserving to succeed, by making it for the mutual advantage of advertisers and publishers to employ him, and by making his name the synonym for square dealing, promptness and courtesy.—*New York Daily News.*

The foregoing will be cordially endorsed by all who have ever done business with Mr. Niles.

News and Notes.

The grand steal called the river and harbor bill passed the senate on the 12th inst., by a vote of thirty-nine to twenty-three. Both New Hampshire senators voted against it. The opponents of the steal hope, and its friends fear, that President Arthur will veto the bill.

John Manning died on the 11th inst., and Jacob Scotch on the 12th, at the Massachusetts General hospital, from lockjaw; these two boys played with toy pistols on the 4th. On the 12th another boy, named Palmer Clapp, was reported as being in a dying state at his home in East Boston from the same cause.

William Ritter, a negro in jail at Henderson, Ky., on a charge of outraging and murdering Helen Brewster, a mulatto girl twelve years old, was taken from jail and hanged on the night of the 11th inst., by a mob of colored men.

Alexander Johnson, thirteen years old, son of Capt. George H. Johnson of Gloucester, Mass., is dead from toy pistol.

John Foster of Andover, Mass., seventy-one years old, committed suicide with Paris green on the 12th inst.

Charles Cowdry, ten years old, of Peabody, Mass., wounded himself in the thigh with a toy pistol on the 4th; lockjaw resulted, and he died.

The selectmen of Whateley, Mass., offer a reward of $1500 for the conviction of incendiaries who have been setting numerous fires in that town.

P. M. Smith, who was arrested for setting the great fire in Hopkinton, Mass., last April, was arraigned before the district police court at Natick on the 12th inst., and placed under $10,000 bonds to appear before the grand jury at Lowell in October. He was remanded to Cambridge jail.

At the examination at Fitchburg, Mass., of Jonathan R. Haskell, on the charge of setting fire to his candy manufactory on the night of June 22d, Haskell was held in $2,000 for his appearance in the superior court in August. H. C. Hartwell, for the commonwealth, showed very conclusively that the building was saturated with kerosene, a kerosene barrel being found on the floor with the bung out. No evidence was offered for the defence.

Paul Ellis, of Shrewsbury, Vt., was charged with attempting to outrage a girl fourteen years old, but was discharged in consequence of insufficient evidence. Afterward Ellis was tarred and feathered by a mob, and six of the most prominent and respectable citizens of the town, one of them being a justice of the peace, have been arrested and held in $250 each to answer for being concerned in the outrage.

At a fire in Rue Louis Philippe in Paris, July 12th, there was an explosion of gas which killed twenty persons and wounded forty others; twelve houses were destroyed.

During the bombardment of Alexandria a telephone was attached to the Malta end of the Alexandria cable, and the cannonading was distinctly heard.

In the national house of representatives the committee on public buildings have agreed to a bill appropriating $50,000 for a public building at Saco.

Frederick Jellison's farm buildings at Biddeford were burned on the 12th inst. Loss $1200; insurance $1000.

The schooner Waverley, of Rockport, Mass., Capt. John Story, Jr., is reported as having discovered a new and important fishing ground about fifty-five miles east by north from St. Ann's, Cape Breton. The fish were very abundant and of excellent quality, and the grounds are reported to be superior to the Grand banks. The extent of the "new-found-out" is not stated.

The schooner Edward E. Webster, of Gloucester, Mass., Capt. Solomon Jacobs, has for several years been noted for her general "good luck," due no doubt in large measure to the energy and good judgment of her skipper. She left Boston on the 3d inst., and arrived back there on the 6th with 200 barrels of mackerel taken off Mt. Desert, stocking $1300; sailing again on the night of the 6th, she was in port once more on the 10th with 50,000 fresh mackerel and fifty barrels of salt ones.

Naval Affairs.

The Yantic arrived at Provincetown, Mass., July 12th, from Bangor. The other vessels of the North Atlantic squadron are expected there in a few days.

The school ship Constellation, on a cruise, was spoken July 10th, off Fenwick island.

The Tennessee and Enterprise sailed from New York on the 12th for Provincetown.

Oak Hall Agency in Portsmouth.

Messrs. G. W. Simmons & Son, of Oak Hall, Boston, have established an agency for this city and vicinity for the sale of their custom and ready made men's and boys' clothing, at No. 33 Market street, Portsmouth, where anything contained at Oak Hall, Boston, can be procured, at the same prices as in Boston. Several dollars can be saved by buying your own and your children's clothing at the Oak Hall Agency, as they sell at the lowest prices in New England.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup." It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere Twenty-five cents a bottle. eod&w1m

No matter how advanced in life,
Good teeth in either man or wife
Or maid are a rich prize;
And those who would the gift preserve,
From SOZODONT won't swerve,
Should they at all be wise.

New Hampshire Items.

William E. Chandler, the dear soul, is liable to step in some fine day and upset the little arrangements made by some of the would-be republican candidates. The jolly old tar proposes to remain in the naval service only so long as it does not hinder his way to the senate, and whoever among the small fry gets in his way will very soon feel the weight of the juggernaut.—*Boston Globe.*

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Appledore and Oceanic
HOTELS.
THE staunch, sea-going steamer Appledore, Capt. Albert Rand, leaves Jones' wharf, near the foot of Deer street, for these favorite and widely-known ocean resorts, daily, (Sunday excepted,) at 11 o'clock A. M., and six o'clock P. M. Returning, leaves the Islands in season to connect with the morning and evening trains on the Eastern railroad for Boston and the west. Baggage checked through from Boston and intermediate stations, and returned free.
LAIGHTON BROTHERS & CO.

THE WENTWORTH,
NEWCASTLE, N. H.
THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, with the best of beds, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

THAT RAILROAD LEASE.

The Boston *Traveller* of the 12th inst., in its report of the stock market for the day, had the following:

Eastern lost another one-half on a sale of three shares. If those well informed are to be believed, the negotiations between this company and the Boston & Maine people are about concluded, and a lease agreed upon. Indeed, Mr. Edward Crane, of New York, and formerly of Boston, informed a *Traveller* representative this morning that he had been engaged several days in arranging terms between the two corporations, and that a plan has been definitely fixed upon, to wit: The Boston & Maine to take a lease of the Eastern for ninety-nine years, according to the latter's proposition, the lease to bear with it the present unexpired leases held by the Eastern of those portions of the line in New Hampshire and Maine.

The *Traveller* of the 13th made the following assertion:

There is the best of authority for the statement that the proposition of the Eastern railroad company to lease its line to the Boston & Maine company has been practically accepted by the latter. A slight hitch in the final consummation of the agreement still exists, but there is every probability that this will be overcome very soon.

There was an advance in Eastern stock on the 13th, 160 shares going at 44 1-2 at the second call of the Boston Stock Exchange in the afternoon.

CAN THIS BE?

At the picnic held at Pinkham's grove, July 4th, by Portsmouth people, a five-mile go-as-you-please race was advertised. It was won by a man named Lynch, of Portsmouth, Dobbins and Markey of Dover taking second and third places. The Dover people on the ground backed Dobbins to win first place, and their aggregate loss by his not doing so is estimated at $200. The Portsmouth folks represented that Lynch was a "greenhorn" just landed from Ireland, and have been anxious ever since to get up a race with some Dover pedestrians, even offering to back their man to the tune of $250. That amount was subscribed by a few Dover sports, and a scout was sent to Portsmouth to ascertain if "Lynch" was really the personage represented by his backers, that of being a "greenhorn," landed but a few weeks, etc. The aforesaid scout returned yesterday, and is fully convinced that the said "greenhorn" is none other than McGrugan of Cambridgeport, Mass., a native born, and one of the fastest pedestrians in the country, and said to have been brought to Portsmouth for the purpose of putting money in the pockets of his backers by false pretenses. This may be not strictly correct, but we are assured by Dover parties that these are the facts.—*Dover Democrat, 12th.*

Mr. E. Scott Owen, for a long time past clerk with Mr. Willis G. Myers, has accepted a situation with Lothrop & Co., publishers, of Boston.

The committee which went from this city to Washington on the 11th inst. to remonstrate against the closing of this navy yard, had an interview with the senate committee on appropriations, and with Secretary Chandler, on the 13th.

The Methodist society and Sunday school had a picnic at Stratham grove, and the Baptist society had one at Pinkham's grove, Dover point, on Wednesday of this week. Both were numerously attended.

The next jollification of the mayors and city solicitors of New Hampshire over the Knibbs-Norton valve suits, will take place at Dover on the 21st inst.

The wide span on the southerly end of Portsmouth bridge is at present obstructed by two shores put up to hold the two trusses while repairs are being made.

The mayor, aldermen and overseers of the poor made the annual inspection of the city farm and buildings on Thursday last, and were treated to strawberries and cream and other luxuries by Superintendent Shannon. The inspection was entirely satisfactory, everything about the place being found clean and well ordered.

The grass along the sides of Richards avenue has recently been cleared away, adding much to the attractiveness of this beautiful thoroughfare.

The names of William W. Cotton and Charles E. Walker are mentioned in connection with an "independent" nomination for mayor at the approaching municipal election. They are both safe, conservative men.

It is said that Rev. Father Canovan, formerly pastor of St. Mary's parish in this city but now residing in England, will return here in August, to dispose of a farm, stock and farming implements owned by him in this city.

The schooner Addie & Hattie, on her last trip to the eastward for lobsters, found them very scarce, and after calling at Deer island, Long island, Grand Menan and Monhegan, only managed to gather about 2500, which she brought in for Randall & Caswell. Mr. Michael Ryan, who made the trip in her as a passenger, somewhere down east shot two fishhawks measuring respectively five feet and five and one-half feet from tip to tip of the extended wings. The Addie & Hattie went on the marine railway on the 12th inst., and will fit for swordfishing after coming off.

Workmen were on Thursday last engaged in laying a crosswalk on Bow street, across the end of Linden street.

New potatoes were selling in this market on the 13th inst. at seventy cents a peck, a reduction of ten cents from the price a day or two previous; they will soon be so cheap that bank presidents, plumbers and newspaper men will be able to have them on their tables two or three times every week, and people of moderate means will feel justified in having them for dinner on Sundays.

Men to work at haying are in demand, the farmers in this vicinity not being able to get nearly all the help they want; wages for good haymakers are higher than at any time before since the war.

The Spring market is now opened every morning, for the use of those who choose to occupy it.

The house of Mrs. Mary Kane, on Deer street, has recently been repaired and enlarged; the underpinning has been put in good condition, and an addition eleven feet by thirty-three put on.

Major Green Clay Goodloe, paymaster of the marine corps, was at this station on the 12th inst., paying off the marines for the last quarter.

Capt. Peterson's gondola, after being thoroughly calked on Peirce's island by John W. Hanscom, is again afloat, and employed in carrying coal to Newmarket. Mr. Hanscom is now engaged in caulking the upper works of the schooner Samuel H. Walker, which arrived on the 10th inst. from Richmond, Va., with 991 tons of soft coal. Caulker's wages on the Piscataqua are now $3 a day.

A special train passed over the Eastern railroad to Pinkham's grove at Dover point, last Thursday forenoon, conveying a church picnic from Newburyport, accompanied by the Newburyport Cadet band.

Six Lowell canoeists on the 12th inst. started down the Merrimac river to Newburyport, intending to run across the bay from Newburyport to this city, then work up the Piscataqua and Cocheco rivers to lake Winnipesaukie, cross the lake, and thence proceed down the Winnipesaukie and Merrimac rivers to Lowell, consuming about ten days on the trip.

Miss Dora Rogers of Kittery, who has for some time past been teaching school in Washington, D. C., is spending her vacation with her father, John Rogers, in Kittery.

Joseph Curtis died at Saco, July 9th, of paralysis, aged seventy-one years. Mr. Curtis was well known in York and Cumberland counties, having been engaged in business as merchant and trader in Kennebunk, Portland, Saco and Wells, for many years. He was post-master and town clerk of Wells at the time he was stricken with paralysis.

The August "St. Nicholas" is to be especially devoted to travel and adventure, told in story and poem and picture. Mr. Boyesen will write of "How Burt went Whale-Hunting;" the adventures of Mrs. Peterkin in Egypt will be entertainingly described; there will be some funny verses about "The Punjaubs of Siam," a Turkish story of "Hassan's Water-melon," an interesting account of "A Visit to the Home of Sir Walter Scott," "How a Hoosier Boy Saw the Tower of Pisa," "Stories from the Northern Myths," "A Balloon Story," etc., etc. One of the most beautifully illustrated articles in the number will be one on "Summer Days at Lake George."

—The average schoolboy does not resemble Presidents—he never hankers after a third term.

—It is complained that some of the beef now sold is impregnated with garlic. They have to strengthen it so it can hold up the price.

Stones In the Kidneys

And Bladder Expelled--Long Suffering of one of Troy's Best People--A Lucky Man.

It is by no means a strange thing that Dr. Kennedy should have received the following letter. By reading it you will be in one minute why James Andrews was thankful:

TROY, N. Y., April 8th, 1880.

Dr. D. Kennedy, Rondout, N. Y.:

DEAR SIR:—Until within a recent date I had for several years suffered greatly from gravel, called by the doctors the Brick-dust Sediment. For about a year past this sediment has not passed off in its usual quantity, but has accumulated, causing me untold pain. Having heard of "Kennedy's Favorite Remedy" I tried it in my case, and after using about one one-half bottles, I voided a stone from the Bladder, of an oval shape, 7-16 of an inch long, and rough on its surface. I send you the largest piece that you may see of what it is composed. Since then I have felt no pain. I now consider myself cured, and cannot express my thankfulness and gratitude for so signal a deliverance from a terrible disease. You have my consent to use this letter, should you wish to do so, for the benefit of other sufferers.

Yours truly, JAMES ANDREWS.
No. 10 Marshal St., Ida Hill.

When we consider that one medicine which did this service for Mr. Andrews costs only one dollar a bottle, it would seem that persons afflicted in like fashion can afford the expense of testing its virtues. Get it of your druggist, or address Dr. David Kennedy, Rondout, N. Y. "Dr. Kennedy's Favorite Remedy" for sale by all druggists.

Yankee Dialect.

The Cincinnati *Commercial* recently received a letter from a resident of the west, who has been travelling through New England, in which the following passage occurred:

Just as the native southerner is betrayed in his speech by the peculiarity of voice and pronunciation, so is the western Yankee distinguished from the New Englander. The typical Yankee, slow of speech, talking with a nasal twang, and answering one question by asking another, is still to be met with occasionally. Then the total absence of r-sounds in the words of the inhabitants of northern New England is another peculiarity; he pronounces such words as warm, storm, and the like, as if written wahm, stohm, etc., just as the Kentuckian does. He says obleege, deestrict and pictur', but he pronounces can't correctly. In fact, he is given to broad vowel sounds, and pass, lass, class, etc., are pronounced after the British method. He likewise enunciates half as correctly as the best schoolma'am of Ohio, and he would laugh himself hoarse at the bare idea of calling a calf a "calf." Such barbarisms as "calm," "salve," and "pam" for the pure, noble-sounding words, "calm", "psalm" and "palm," are never heard in this part of the Union. I wish I could say as much for Ohio, for it really seems when one hears a man who has received a university training give utterance to such flat, vapid sounds, that a portion at least of that man's education has been in vain. On the whole, the New England Yankee, who has never left his native hills, and whose schooling has been so little that he spells college with a "d," speaks, I think, better English, and speaks it more grammatically than men of other portions of the country, whose educational advantages have been greater.

Found at Last.

An agreeable dressing for the hair, that will stop its falling, has been long sought for. Parker's Hair Balsam, distinguished for its purity, fully supplies this want.

—A gentleman of Brenham, Texas, who was at the battle of Seven Pines, tells of a very strange incident. He was an orderly sergeant, and had the book containing the roll of his company, and a Bible, in his left pocket. A ball struck the roll-book, passed through it and buried itself in the Bible at a very significant verse; and, what was more singular still, was the fact that every man whose name was struck by the ball in passing through the roll-book was either killed or wounded in the battle.

Improvement for Mind and Body.

There is more strength-restoring power in a bottle of Parker's Ginger Tonic than in a bushel of malt, or a gallon of milk. As an appetizer, blood purifier and kidney corrector, there is nothing like it, and invalids consequently find it a wonderful invigorant for mind and body.—*Commercial.*

—"I acknowledge the power of the press," as the maiden said to her lover.

Statistics show that more people die of consumption than from any other cause. Slight colds are the true seeds of consumption. Beware of the slightest cough. Adamson's Botanic Balsam stands without a peer. Trial size, only ten cents.

—Calling for a division of the house—Filing a petition for divorce.

The Housekeeper's Friend.

A friend in need is a friend indeed, and such a friend you will always find in Sulphur Bitters, they cured me of Dyspepsia when I had given life up in despair and was almost at death's door. They are a true friend to the sick.—*Mrs. R. Craigue, Hartford Connecticut.*

—The loss of memory experienced by Ralph Waldo Emerson during the years just previous to his death has frequently been spoken of, and a pleasant story is told of him in this connection, showing that something of the element of humor remained with him during times of his difficulty in this respect. He was going out one day, and his daughter saw him searching for something to take with him. He could not name it. She mentioned two or three articles, to which he returned a negative. At length he turned to her with a twinkle in his eye, and said: "It is the thing that people take away." She at once brought him his umbrella, and all was right.

Kidney Disease.

Pain, irritation, retention, incontinence, deposits, gravel, etc., cured by "Buchupaiba." $1. Depot, J. H. Thacher's.

"Rough on Rats."

Clears out rats, mice, roaches, flies ants, bed-bugs, skunks, chipmunks, gophers. 15c. Druggists.

—A college student recently answered that "pastoral poetry" was something snug in country churches, he supposed. Another defined "cant" as "the impossibility of being able to do a thing you are not able to do."

Vigor, strength and health all found in one bottle of Brown's Iron Bitters.

THE
New Hampshire Gazette !

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire Items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

— THE —
NEW HAMPSHIRE GAZETTE
Contains more original matter
Than any other paper of its size in the State, the editors working more with their pens than with their scissors.

TO ADVERTISERS

THE N. H. GAZETTE

Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

Failing!

That is what a great many people are doing. They don't know just what is the matter, but they have a combination of pains and aches, and each month they grow worse.

The only sure remedy yet found is BROWN'S IRON BITTERS, and this by rapid and thorough assimilation with the blood purifies and enriches it, and rich, strong blood flowing to every part of the system repairs the wasted tissues, drives out disease and gives health and strength.

This is why BROWN'S IRON BITTERS will cure kidney and liver diseases, consumption, rheumatism, neuralgia, dyspepsia, malaria, intermittent fevers, &c.

203 S. Paca St., Baltimore. Nov. 28, 1881.

I was a great sufferer from Dyspepsia, and for several weeks could eat nothing and was growing weaker every day. I tried Brown's Iron Bitters, and am happy to say I now have a good appetite, and am getting stronger.
Jos. McCAWLEY.

BROWN'S IRON BITTERS *is not* a drink and does not contain whiskey. It is the only preparation of Iron that causes no injurious effects. Get the genuine. Don't be imposed on with imitations.

SULPHUR BITTERS

THE BEST AND GREATEST MEDICINE

It will drive the Humor from your system, and make your skin clean and smooth. *Those Pimples and Blotches* which mar your beauty are caused by impure blood, and can be removed in a short time, if you are wise and use the great blood purifier,

SULPHUR BITTERS. Why suffer with Blotches and Pimples? Why suffer with Rheumatism, Neuralgia, Gout, Kidney Complaints, Dyspepsia, Constipation, Costiveness, Dizziness, Jaundice, Nervousness, Sick Headache, Fever and Ague, Fever Sores, Scaly Eruptions, Blotches, Boils, Blood Poisons, Bright's Disease, Wasting of the Kidneys and Liver, Rheumatism, Constipation, Piles, Dyspepsia, and all Skin and Blood Diseases, when you can obtain a bottle of SULPHUR BITTERS, which will make you feel like a new person? Your money is not required until you are cured. Why suffer with Rheumatism and Neuralgia, when SULPHUR BITTERS will cure you? Why suffer with Dyspepsia, when SULPHUR BITTERS will cure you? Why suffer with Costiveness, when SULPHUR BITTERS will cure you? Why suffer with Jaundice, when SULPHUR BITTERS will cure you? Why suffer with Nervousness, when SULPHUR BITTERS will cure you? Why suffer with Sick Headache, when SULPHUR BITTERS will cure you? Why suffer with Fever and Ague, when SULPHUR BITTERS will cure you? Why suffer with Fever Sores, when SULPHUR BITTERS will cure you? Why suffer with Scaly Eruptions, when SULPHUR BITTERS will cure you? Why suffer with Blotches, when SULPHUR BITTERS will cure you? Why suffer with Boils, when SULPHUR BITTERS will cure you? Why suffer with Blood Poisons, when SULPHUR BITTERS will cure you? Why suffer with Bright's Disease, when SULPHUR BITTERS will cure you? Why suffer with Wasting of the Kidneys and Liver, when SULPHUR BITTERS will cure you? Why suffer with Piles, when SULPHUR BITTERS will cure you? Why suffer with Constipation, when SULPHUR BITTERS will cure you? Why suffer with Dyspepsia, when SULPHUR BITTERS will cure you? Why suffer with Rheumatism, when SULPHUR BITTERS will cure you? Why suffer with Neuralgia, when SULPHUR BITTERS will cure you? Why suffer with Gout, when SULPHUR BITTERS will cure you? Why suffer with Kidney Complaints

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and efficacious. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

Did He Slop Over?

A despatch of the 14th inst., from London, referring to the recent events in Egypt, says:

Rear Admiral Nicholson steamed in his flagship around the British fleet on Thursday, cheering each vessel.

If this despatch is correct, the navy department should at once notify Rear Admiral Nicholson to mind his own business; he was ordered to Egypt to look after the interests of American citizens, and not to pander to the pride and prejudice of England, France, Egypt or any other foreign power. But we are not quite ready to believe that any American naval officer would make such an ass of himself as is alleged.

The Egyptian Trouble.

The Boston *Globe's* despatch from London reports great dissatisfaction with Admiral Seymour on account of his allowing Arabi to escape with his army, though how he could have prevented it is not made plain.

The British troop ship Orontes arrived at Alexandria on the 13th, with soldiers from Malta; 450 sailors and 150 marines were landed from the fleet to act as police.

Arabi's soldiers, before abandoning the city to the mob, sacked it themselves, carrying off everything transportable. It was supposed that his first objective point would be the destruction of the Suez canal, and following that a junction at Cairo with the army of 200,000 Mussulmen from Soudan, under the prophet El-Medhi, who has been fighting the authority of Egypt for a long time.

It was announced on the 13th that two British steamships, aground in the Suez canal, were being looted by Arabi's troops.

The khedive and Dervish Pasha succeeded in boarding the Invincible at eight o'clock in the evening on the 13th, they having been hidden and disguised during the horrors of the previous night.

Gen. Stone, the American pasha, left Alexandria with the khedive, through he had been a great admirer of Arabi.

London despatches of the 14th say that Alexandria is almost destroyed. The marine artillery had occupied Fort Napoleon, commanding the city; and late in the day detachments of marines were marching through the place, shooting down any persons caught plundering. The Suez canal was open. The khedive was in his palace, guarded by 700 marines. The American squadron had returned to the inner harbor.

The Texarkana Horror.

The disaster from lightning at Texarkana, Ark., on the 12th inst., was worse than at first reported. Up to six o'clock in the evening on the 13th nineteen persons—sixteen whites and three colored men, had been taken out of the ruins, two of the negroes and one white man being still alive, but probably fatally hurt. A despatch of the 13th estimated the total number of persons buried by the falling walls at seventy-five.

New Hampshire Items.

John H. Clark, a boy of Nashua, was slightly wounded by a toy pistol on the 4th inst., and died of lockjaw at his father's residence on the 13th.

The excursionists of the New Hampshire Press association, about one hundred in number, arrived at the Glen House, White mountains, from Mt. Desert, on the 11th inst.

The Russell & Erwin Screw company, located at Franklin since 1880, will remove their business to New Britain, Conn., during the next two weeks. They employ seventy-five operatives.

In Exeter, July 13th, Bert Cutler, a little colored boy, son of Howard A. Cutler, was drowned while in bathing. The body was recovered.

How thankful New Hampshire people ought to be that they live in a state where parties are so evenly balanced that neither can afford to adopt the Massachusetts plan of skinning candidates before they are elected.—*Mirror.*

News and Notes.

Patrick Kilcourse, fourteen years old, died in Lawrence, Mass., on the 14th inst., and Joseph Forsaith, aged fifteen, died in Lewiston, Me., on the same day, of toy-pistol lockjaw.

E. A. DeWitt, the married man of Housatonic, Mass., who eloped about two weeks ago with a girl named Nellie Wilcox, sixteen years old, leaving his family destitute, is in jail on charges of adultery and assault with intent to kill. He was found with the girl in St. Catharines, Ont., but could not be arrested there, and was decoyed to Massachusetts by letters from the girl proposing another elopement. When the officers attempted to arrest him there was a liberal exchange of pistol shots, but nobody was hurt.

At New London, Conn., July 13th, Fred Lester, aged fourteen years, died from toy-pistol lockjaw. Attacked July 4th.

Bridget Donohue, a servant in the family of James Bates, at Prestonside, Conn., lost her life on the 13th inst. by pouring kerosene from a can into a stove containing live embers. Mr. Bates and his wife were also dangerously burned.

A terrible railway accident has occurred in Russia. A passenger train ran off the rails between Scherney and Vastijeur on the Moscow & Kursk railway, and 178 persons were killed and many more injured.

A Las Vegas, N. M., despatch says a mob of Germans, friends of Frank Meyer, who was murdered by H. C. Brown on the 10th inst., made an attack upon the jail on the night of the 12th, for the purpose of lynching Brown. The guards fired upon the mob, badly wounding four of them. Two will die.

Charles Laugheimer, "Dickens' Dutchman," who is seventy-nine years old and has spent forty-two years in prison, was on the 13th inst. sent to the penitentiary in Philadelphia for one year, for till-tapping. He had only been out a short time.

The two seamen belonging to the schooner Josie Hook, who were arrested on a charge of causing the death of an Italian during the freight handlers' riot in Jersey city, by casting off a line and letting him drown, were honorably acquitted.

A young married woman who works in one of the mills at Fall River, Mass., last week surprised her husband by presenting to him a deed in his own name of a lot of land and a dwelling house, free of debt, for which she paid nearly $1,500 earned in the mill.

The average attendance at the Newcastle grammar school during the term ending June 23d, was thirty-three out of a total of thirty-nine, and not twenty-three as was stated in a previous item.

Mr. Stephen A. Preble met with quite a loss on Monday night of this week, in the death of a swine weighing about 500 lbs. Mr. Preble was expecting a large increase in the number of occupants of the sty, but on looking in on Tuesday morning found one little pig alive, and the big one dead. The little fellow is being tenderly brought up on a nursing-battle.

Highway Surveyer Israel, of district six, has gotten Sagamore road, from South street to the Wentworth house road, in better condition than it ever was before.

The stone watering trough which was placed in front of the post-office last summer, and afterward removed, has been set up at the well in front of the county jail on Islington street.

A Cough, Cold or Sore Throat

Should be stopped. Neglect frequently results in an Incurable Lung Disease or Consumption. "Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25 cts a box everywhere. eod&wtjan29

No matter how advanced in life,
Good teeth in either man or wife
Or maid are a rich prize;
And those who would the gift preserve,
From SOZODONT won't swerve,
Should they at all be wise.

The Hampton correspondent of the Exeter *Gazette* writes that paper as follows: "On Saturday, July 8th, the buildings, including a large dwelling house, shed, barn, hen-house and piggery, on the farm of Capt. T. Ames, were entirely destroyed by fire. The animals were all saved, as were the carriages and most of the furniture. A large stock of farming tools, including a mowing machine, harrows, cultivators, etc., together with harnesses, the entire contents of cellar, dairy and attic were destroyed also. The fire is supposed to have been the work of an incendiary. Loss $8,000; insured $5,000. Not only have the parties concerned met with a great loss, but the town has also, for it could ill afford to lose its finest set of buildings."

The schooner Addie & Hattie came off the marine railway at Kittery on the 14th inst., and was towed across the river by the steamer Mystic.

Frank Libby, who has been working at the painter's trade in Saco for the past month, absconded on the morning of the 13th inst. with $280 belonging to Mrs. George Wardell, a widow. He and Mrs. Wardell proposed elopement, and she placed the money in his hands. They were to have met at the depot in Saco, but he went to Biddeford and took the train with a woman who purports to be his wife.

NO. 1 MARKET SQUARE,

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the digestion, invigorates the appetite, invigorates and builds up the entire system, and excites a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from inanition and weariness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It renews the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for Beef. It neither pals upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are inclined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of fat-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fine engraved likeness of BARON VON LIEBIG, and a fac-simile of his Signature, as well as that of A. VOGELER & CO., BALTIMORE, Md., Sole Agents for America.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Circulars, giving full particulars, may be obtained of

PORTSMOUTH MEN IN FLORIDA.

This city is well represented in Florida, the following being the names of some of the Portsmouth men there, and their occupations: A. M. Beck, general agent of the South Florida railroad; John E. Rider, cashier of the Florida Southern railroad; George Fernald, just moved to Jacksonville from the west, master carpenter and builder; John Fitzgerald, captain of the steamer "City of Bridgeton," running on the Sea Island route; James W. Fitzgerald, captain and owner of the steamer "H. B. Plant," running in the De Bary line between Jacksonville and Enterprise; Eddie Fitzgerald, captain and owner of the towboat "Annie Woods;" John L. Amazeen, captain of the steamer "Rosa," of the De Bary line; George W. Raitt, mate of steamer "Rosa,"—has recently passed examination for pilot and master on the St. Johns river, and will do the same as most of the other Portsmouth men in Florida—take charge of a steamer. Capt. J. W. Fitzgerald is coming north with his family, to spend the summer; Capt. Raitt expects to arrive in Portsmouth about the 20th of this month, for a visit of a month or six weeks, during which time he will visit the Concord railroad wharf and see the boys handle black diamonds, but will not enter into competition with them, as he thinks he can make a living much easier in Florida, to which locality he will return in the autumn; Capt. Amazeen would like to get to Portsmouth this summer, but cannot get away. On the whole, our city has no reason to be ashamed of her sons in Florida, nor to complain of the recognition awarded their energy and ability.

THE NEWCASTLE BEACH ROAD.

Pleasure seekers who drive over the beautiful route from the hotel Wentworth to the Newcastle bridges, around by way of the fort, are greatly indebted to Capt. George W. Towle for the vast improvement made in many places in the roadbed since a year ago. Capt. Towle last summer had an interview with the county commissioners, and so strongly represented the facts in the case—the great need of certain work being done on the road, the inability of the people of the town to bear the expense, and the injustice of asking them to bear it, as the improvements would be of comparatively little direct benefit to the residents though of much to the travelling public—that the commissioners allowed $300 for the purpose, and appointed Capt. Towle agent to spend the money and superintend the work. Under his personal supervision there was as much work done for the county allotment of $300 as a thousand dollars of ordinary highway-tax labor would have accomplished, rocky spurs which came close to the wheeltracks, and ledges which stuck up through the roadbed, being blown out, and the removed material dumped in dangerous places where filling was needed. The work was kept up until the advent of cold weather, at which time $25 remained of the $300; and in the spring that $25 also was put where it would do the most good.

WOULD LIKE AN APPROPRIATION.

The residents of York and Kittery in the vicinity of Bra' Boat Harbor, are considering the advisability of getting up a petition to the Maine delegation in Congress, asking them to struggle in favor of an appropriation of $25 for the improvement of the Bra' Boat Harbor river. Some years ago the schooner Spray went adrift from the Isles of Shoals in a heavy gale, with no one on board, and drifted in to the mainland, striking on Cutts' ledge, near the entrance to the harbor, and going to pieces. The wreck stuff drifted into the inlet, and most of it was picked up; but a piece of the shoe lodged on the edge of the channel, and the sternpost, with part of the keel and other timber attached, got stuck in the channel, the latter piece of the wreck in particular being a serious annoyance to the dories and whaleboats which enter the harbor. The York and Kittery men think that if Uncle Sam can afford to expend millions of dollars in making harbors on top of the Allegheny mountains, and in improving the navigation of brooks that were never yet deep enough for a mud turtle to swim in, a small appropriation to pay a half-dozen farmers for hooking their oxen on to that sternpost and snaking it above high water mark would be entirely proper.

The street commissioner is grading Madison street, cutting down the high place in front of the Christ church, and filling in the low land toward Middle street, so as to make the street nearly level for its whole length.

The building on Noble's island formerly used for o counting room by several shipbuilding firms, was raised on Friday by Mr. Samuel R. Gardner, preparatory to being made into a tenement.

About fifty ladies, gentlemen and children connected with the Court street Christian church went on a picnic to Kittery Point on Friday, landing at Gerrish's wharf; they were taken down by the Mystic, which also brought them back, going down for them after making the workmen's trip from the navy yard in the evening.

A gondola load of stone was taken from Gangway rock to the Newcastle breakwater on Friday. Some of the pieces were very large, weighing from one to three tons each.

Col. B. F. Martin and wife, and the family of Hon. G. Byron Chandler, of Manchester, have arrived at their summer quarters at Straw's point, Rye. All the cottages at the point, except Ex-Gov. Cheney's, are now open and occupied for the season.

Hon. Daniel Clark, of Manchester, has arrived at the Appledore house, Isles of Shoals, for the summer, with his wife and daughter. Judge Clark has passed a portion of twenty summers at this cool and delightful ocean retreat, and has visited it every summer for the past eleven years; he is one of the veteran guests of the house, as he is one of the most popular.

Pepperell Lodge of Good Templars, of Kittery Point, to the number of twenty-five or thirty, on Thursday evening of this week made an unheralded visit to Rockingham Lodge, No. 37, of this city, and rather caught the Portsmouth brethren napping, the attendance that evening being less than it had been at any previous meeting for months. But a very pleasant evening was spent, nevertheless. The visitors came up from the Point in the steamer James Sampson, which made a special trip to take them home again.

While Mr. Ira C. Seymour was on Friday forenoon engaged in making some trifling repairs to a mowing machine in a wagon, he either slipped or made a misstep backward, and fell out of the vehicle. In falling he instinctively threw out his hands to save himself, and drove the right one through a window, the glass of which cut the wrist to the bone, severing arteries and making a very serious wound, which was dressed by Dr. Parsons. We sincerely hope Mr. Seymour will not suffer any permanent injury from the mishap, for he is too worthy a man and citizen to be used up in any such way.

Corn is reported as looking better in this vicinity than ever before at this time of year, within the memory of the oldest inhabitant; potatoes ditto; and other crops are generally promising better than usual.

There are comparatively few boarders as yet at the hotels and boarding houses along the York beaches and cliffs, notwithstanding the hot weather.

The U. S. S. Vandalia will only remain about ten days in the dry dock at the navy yard, as no great amount of work will be done on her bottom; the repairs on her upper works will take about two months to perform.

Mr. George B. Wallace, telegraph operator at the Eastern railroad station, and Mr. Charles H. Foote, flagman at the Vaughan street crossing, have raised by subscription about $100 for Mr. Daniel F. Barrett, the one-legged flagman whose leg was so badly injured some weeks ago that he has since been confined to his home, and will be for some months yet. Mr. Barrett, who lost his leg when a boy, by being run over while stealing a ride on a shifting train, has had charge of the Green street crossing for some years, and in spite of his misfortune has been thoroughly efficient in performing the duties of the position; and had he possessed the means to procure an artificial leg, the accident from which he is now suffering would not have occurred.

Mr. John O'Brien, the pedlar and general dealer, has for some days had set up on Noble's island a large tent, and had a family reunion there on Friday.

Stones In the Kidneys

And Bladder Expelled--Long Suffering of one of Troy's Best People--
A Lucky Man.

It is by no means a strange thing that Dr. Kennedy should have received the following letter. By reading it you will see in one minute why James Andrews was thankful:

TROY, N. Y., April 8th, 1880.

Dr. D. Kennedy, Rondout, N. Y.:

DEAR SIR:—Until within a recent date I had for several years suffered greatly from gravel, called by the doctors the Brick-dust Sediment. For about a year past this sediment has not passed off in the usual quantity, but has accumulated, causing me untold pain. Having heard of "Kennedy's Favorite Remedy" I tried it in my case, and after using about one one one-half bottles, I voided a stone from the Bladder, of an oval shape, 7-16 of an inch long, and rough on its surface. I send you the largest piece that you may see of what it is composed. Since then I have felt no pain. I now consider myself cured, and cannot express my thankfulness and gratitude for so signal a deliverance from a terrible disease. You have my consent to use this letter, should you wish to do so, for the benefit of other sufferers.

Yours truly, JAMES ANDREWS.

No. 10 Marshal St., Ida Hill.

When we consider that the medicine which did this service for Mr. Andrews costs only one dollar a bottle, it would seem that persons afflicted in like fashion can afford the expense of testing its virtues. THAT RACE--"BACKER" SPEAKS.

Editor Chronicle: In your paper of the 14th inst. I noticed an article copied from the Dover *Democrat* of the 12th, in reference to the five-mile go-as-you-please race at the picnic in Pinkham's grove, Dover, July 4th. Allow me, as one of the backers of John Lynch, to say that the Dover people did not back Dobbin to win first place, but the Portsmouth people backed Lynch against the field, four in number, for first place; also that there was not one-third of $200 wagered on the race, and that the backers of Lynch did not represent him as being just over, nor obtain any bets on false pretences. Further, I wish to state that John Lynch is at present working in this city; that no overtures have been made by his backers to Dover parties about making a race, but though they are not anxious, they are willing to back him against any of the four Dover pedestrians who ran against him at the picnic, for a purse of $100 to $500, distance from one mile to ten; that we will back a Portsmouth man other than John Lynch, against any of the same Dover men, on the same terms—purse $100 to $500, distance one mile or ten; and also that we have similar amounts—$100 to $500—which maintain that John Lynch is not McGrugan of Cambridgeport, and is not native born. If the Dover sporting men are anxious to contest any of these points, let them send a "scout" with the wherewithal to back up their assertions.

The peculiar action on the kidneys and urinary organs of asparagus is frequently noticed during the season. Prof. Bunsen recently proved in the case of the Emperor William and others that in combination with malt and quinine it is an absolute specific for diseases of the liver, kidneys and urinary organs. His method has been adopted by the Malt Bitters company, and this great German food is now composed of malt, hops, quinine bark and asparagus.—*Medical Times.*

* * "By asking too much we may lose the little that we had before." Kidney-Wort asks nothing but a fair trial. This given, it fears no loss of faith in its virtues. A lady writes from Oregon: "For thirty years I have been afflicted with kidney complaints. Two packages of Kidney-Wort have done me more good than all the medicine and doctors I have had before. I believe it is a sure cure."

Summer Complaints

At this season, various diseases of the bowels are prevalent, *and many lives are lost* through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a *sure* cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is *perfectly safe.*

Read the following:

BAINBRIDGE, N. Y., March 22, 1881.
PERRY DAVIS' PAIN KILLER *never fails to afford instant relief* for cramp and pain in the stomach.
JOSEPH BURDITT.

NICHOLVILLE, N. J., Feb. 3, 1881.
The *very best* medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is *sure cure* every time.
JULIUS W. DEY.

MONRONA, IOWA, March 13, 1881.
I have used PERRY DAVIS' PAIN KILLER in severe cases of cramp, colic, and cholera morbus, and it gave almost instant relief.
L. E. CALDWELL.

CARNESVILLE, GA., Feb. 26, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it *always cures.* Would not feel safe without a bottle in the house.
J. R. IVES.

SACO, ME., Jan. 23, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is *safe, sure, and reliable.* No mother should allow it to be out of the family.
H. I. NAYES.

ORZINA, N. Y., Feb. 19, 1881.
We began using it over thirty years ago, and it always gives satisfaction when used. Would hardly dare to go to bed without a bottle in the house.
W. O. STREET.

CONWAYBORO, S. C., Feb. 22, 1881.
Nearly every family in this section keeps a bottle in the house.
DR. E. MORSON.

U. S. CONSULATE,
CHEFEFU, KINGDOM PRUSSIA, Feb. 8, 1881.
I have known PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after years of observation and use I regard its presence in my household as an *indispensable necessity.*
I. S. POTTER, U. S. Consul.

HYDEVILLE, PERRY, ENG.
I had been several days suffering severely from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, and found almost instant relief.
J. NOONE.

21 MONTAGUE ST., LONDON, ENG.
During a residence of twenty-three years in India, I have given it in many cases of diarrhœa, dysentery, and cholera, and never knew it to fail to give relief.
R. CLARIDGE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

KIDNEY-WORT
IS A SURE CURE
for all diseases of the Kidneys and
—LIVER—

It has specific action on this most important organ, enabling it to throw off torpidity and inaction, stimulating it to healthy secretion of the Bile, and by keeping the bowels in free condition, effecting its regular discharge.

Malaria. If you are suffering from malaria, have the chills, are bilious, dyspeptic, or constipated, Kidney-Wort will correct your relaxed or sluggish condition.

THE

New Hampshire Gazette !

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

TO ADVERTISERS

THE N. H. GAZETTE

Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

New Life

is given by using BROWN'S IRON BITTERS. In the Winter it strengthens and warms the system; in the Spring it enriches the blood and conquers disease; in the Summer it gives tone to the nerves and digestive organs; in the Fall it enables the system to stand the shock of sudden changes.

In no way can disease be so surely prevented as by keeping the system in perfect condition. BROWN'S IRON BITTERS ensures perfect health through the changing seasons, it disarms the danger from impure water and miasmatic air, and it prevents Consumption, Kidney and Liver Disease, &c.

"H. S. Berlin, Esq., of the well-known firm of H. S. Berlin & Co., Attorneys, Le Droit Building, Washington, D. C., writes, Dec. 5th, 1881:

Gentlemen: I take pleasure in stating that I have used Brown's Iron Bitters for malaria and nervous troubles, caused by overwork, with excellent results.

Beware of imitations. Ask for BROWN'S IRON BITTERS, and *insist* on having it. Don't be imposed on with something recommended as *"just as good."* The genuine is made only by the Brown Chemical Co. Baltimore, Md.

Daily Chronicle.

A Clerk of Brass.

It was the cabinet maker's shop, and a party of strangers were looking at the different labor-saving devices. One gentleman, very short-sighted, had tarried at the bench across the room. He was examining a circular saw that was whirling its teeth with lightning-like rapidity. Absorbedly interested in the piece of mechanism, his face drew nearer and nearer to the cruel teeth tearing round and round with remorseless energy.

At this instant his friends turn about. They see his danger. Inevitably the gap grows smaller and smaller. Spell-bound, they are unable to utter a sound. They cannot endure to see their fried torn and lacerated. Instinctively they shut their eyes. Then comes the awful jar of the collision. There is a whirling sound and a crash. A shudder runs through them all. The next instant they hear the voice of the cabinet maker:

"Of course you will pay for that saw, sir."

Their friend had escaped uninjured. But the saw was shattered. It had struck his cheek. He was a commercial traveller.

Ice in Northern Seas.

Recent intelligence from the Iceland seas throws light on the very extraordinary ice conditions which have this year prevailed so unusually long in the North Atlantic. The London *Standard* recently gave information, derived from shipping sources, that Spitzbergen floe ice surrounded the north and east coasts of that Arctic island. The Danish steamer Arcturus encountered the frozen fields and floes about fifty miles off the east Iceland coast, and, though steaming to the southwest, west and northwest coasts, she was unable, after leaving Reikiavik, to get near any of the ports. The attempt was repeated as late as June 6th, but with the same result. The severity of the weather had prevented the growth of the crops, and the famine and disease consequent upon the blockade of the island were very seriously felt.

This immense array of ice is probably only a part of a general "break up" of the glacial accumulation of several winters over a large area of the Arctic basin, and which the Alliance in her search for the Jeannette, last summer observed unusally far south between Spitzbergen and Iceland. Then comes the cold June in the British Isles was no doubt a sequel of the exceptional cold in Iceland and the Arctic seas to the northeastward, and the chilling influence of the floating ice may yet tell more disastrously on British crops. But the great "break up" of the Spitzbergen floes may favor the liberation of Mr. Leigh Smith's expedition if they and their ship outlived the past winter and are now struggling to make their way homeward.

Mary J. Calnan, a girl fifteen years old, who was arrested several weeks ago at Lowell, Mass., for threatening by letter (and also attempting) to burn the Appleton mills, was on Friday sentenced to the state industrial school at Lancaster during her minority. Her brother recently died in the state prison at Concord, N. H.

Is He Your Friend?

Is the family doctor your friend? How many unnecessary visits does he make you? How many days does he keep you sick that you ought to be at your work, and so doing how many hard earned dollars does he extort from you. Would it not be better for you to place your trust in Sulphur Bitters? Try them, they will be a true friend. Saving you a long sickness and a large bill which you have hitherto paid to some avaricious doctors. —*Editor State Journal.*

It is announced that Dyer & Libby of Portland, Me., have invented a fish-cleaning machine. The invention is a set of Russian bristle brushes set in a peculiar position, and rotated by steam. With one of these simple machines the work of five hands in the old way is done in the same length of time, and done much better. About fifty mackerel per minute can be dressed by this machine.

Improvement for Mind and Body.

There is more strength-restoring power in a bottle of Parker's Ginger Tonic than in a bushel of malt, or a gallon of milk. As an appetizer, blood purifier and kidney corrector, there is nothing like it, and invalids consequently find it a wonderful invigorant for mind and body.—*Commercial.*

Vicksburg, Miss., is likely to become an inland town, the river having receded until there is now only a lake of still water in front of the city.

Hay Fever.

For hay fever I recommend Ely's Cream Balm. It entirely relieved me from the first application; have been a sufferer for ten years. Going from home and neglecting to take the remedy, I had an attack; after returning I immediately resorted to it, and found instant relief. I believe, had I begun its use earlier, I should not have been troubled. J. COLLYER, clerk, 118 Broad street, Elizabeth, N. J.

MESSRS. WHITE & BURDICK, Druggists, Ithaca, N. Y.—I recommend to those suffering (as I have been) with hay fever, Ely's Cream Balm. I have tried nearly all the remedies, and give this a decided preference over them all. It has given me immediate relief. C. T. STEPHENS, Hardware Merchant, Ithaca, N. Y. Price fifty cents.

Apply into nostrils with little finger.

Stephen H. Towle of Newburyport was on the evening of the 13th inst. robbed on the highway in that city by two men, who presented a revolver, ordered him to raise his hands, and then stole $27 from his pockets.

Milk Porridge.

To three pints of milk, or milk and water, use two tablespoonfuls of Indian meal or wheat flour, or part of each. Boil a cupful of raisins in the milk and a stick of cinnamon, if liked. Stir into it one dessert spoonful of Sea Moss Farine, and season with salt and sugar.

In Worcester, Mass., July 14th, Edward Hall, aged about twenty-eight years, son of the late Major Theron E. Hall, and the wife of his cousin, Henry S. Hall, were drowned through the horse they were driving jumping off a bridge.

Found at Last.

An agreeable dressing for the hair, that will stop its falling, has been long sought for. Parker's Hair Balsam, distinguished for its purity, fully supplies this want.

Rufus Shaw, aged sixteen years, died in Westboro', Mass., July 13th, from toy-pistol lockjaw.

Weak muscles and nerves, sluggishness of thought and inactivity, cured by Brown's Iron Bitters.

Jacob T. Bickford, grocer, of Great Falls, has failed.

"It never pains but what it roars," —said the old lady about her rheumatism, which was also attended by a sprained arm and earache. Our venerable friend used St. Jacobs Oil and was cured of all her troubles.

PATENTS!

R. H. EDDY,

No. 76 State St., Opposite Kilby, Boston,

SECURES PATENTS in the United States; also in Great Britain, France and other foreign countries. Copies of the claims of any Patent furnished by remitting one dollar. Assignments recorded at Washington. *No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.*

R. H. EDDY, Solicitor of Patents

Testimonials.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them as early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 19, 187—

R. H. EDDY, Esq.,—*Dear Sir:* You procured for me, in 1840, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

BOSTON, January 1, 1882. Startling

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple and certain remedy which he will send free to his fellow-sufferers, address J. H. REEVES, 43 Chatham St., N. Y.

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

Official List of Patents

Granted to citizens of New Hampshire, for the week ending July 11th:

[Compiled weekly expressly for this paper.]

Ezra W. Avery, Plymouth; process for making leather. No. 261,073; application filed May 8th, 1882.

Cyrus K. Vilas, Alstead; revolving fire box. No. 261,105; application filed April 18th, 1882.

Misapplied the Grease.

The famous Fall River line of steamboats some time since contracted with John Roach & Son, of Chester, Pa., for a new iron steamer to ply between Fall River and New York. The steamer was named the "Pilgrim," and on Thursday of last week President Choate, of the Old Colony line, with Supt. Kendrick and several officials and invited guests, went to Chester to see the Pilgrim launched.

She is 409 feet long, and her hull weighs 1800 tons; and consequently her launch was a sight to see. Miss Peirce, granddaughter of Elbridge G. Peirce of this city, and daughter of George Peirce, the supervisor of steamboats of the line, was at the appointed place on board with the customary bottle of wine, to christen the mammoth craft when she should take the water.

The Pilgrim started, but her pilgrimage was short; for owing to her great weight, and the fact that Mr. Roach had used up so much lubricating material to grease the passage of the naval appropriation bill through Congress that there was not enough left to properly grease the ways, so that what there was on the ways took fire, the huge ship stopped after passing over one-third of the distance to the water, and remained there next day.

Tugs and jacks were to be employed in another effort to launch her on Saturday, but the success or otherwise of the attempt is not learned.

Naval Affairs.

Chief Engineer R. M. Bartleman is detached from special duty at Philadelphia, and ordered to the League island navy yard.

Capt. Wm. P. McCann is detached from command of the Pensacola, flagship of the Pacific squadron, and ordered to return home. Capt. Joseph Fyffe is ordered to command the Pensacola.

The Tennessee, flagship, and the Enterprise arrived at Provincetown, Mass., in the evening on the 14th inst.

Wholesale Destruction of Fish.

From the report of a late meeting of the Polytechnic Association of the American Institute, of New York, we take the following:

Continuing the discussion on fish culture, Mr. Foster described the mossbunker or menhaden fisheries in this vicinity. Several hundred steamers are employed in it, and catch and destroy incidentally large quantities of edible fish, such as mackerel and blue-fish.

Mr. Hudson believed great injury was occasioned to the eastern fisheries by this proceeding. These fish in their progress from the south must pass this latitude, increasing in size and value. Instead of being distributed over the country for food, they are ground up for oil, etc. The loss is too obvious to need explanation.

The president thought the seining of the fish for any purpose which would pay the best in any locality was a legitimate branch of industry, provided the supply could be kept up by artificial cultivation or otherwise. There had been something done in the way of artificially breeding ocean fish, but he could not say how much.

It appears that the menhaden fishery has been about destroyed by the steamers, and the attention of the fish oil and guano manufacturers is turned toward the mackerel. The people of Gloucester and other fishing ports are naturally very much exercised over the threatened ruin of the mackereling business, and steps have been taken to call the attention of Congress to the matter. A Massachusetts paper says:

A proposition to employ steamers in mackerel catching, the fish to be manufactured into oil and guano, is meeting with the opposition of mackerel catchers, canners, and all other parties interested in the preservation of this important branch of our fishing industries. It is thought that the two steamers now to be employed, if successful, would be followed by many others, until with a fleet of a hundred or so, the extermination of mackerel on our coast would be as complete as has been the case of the menhaden. The catching, canning and packing of mackerel furnish a livelihood to thousands in this state, and immediate legislation would seem to be required to prevent this proposed wholesale slaughter of fish.

The Brooklyn's Copper.

Secretary Chandler received a cable message dated at Rio Janeiro on Friday, from Rear Admiral Crosby, commanding the South Atlantic station, as follows: "Brooklyn docked; copper very much worn, many sheets entirely destroyed by corrosion; entire new copper urgent; cost about $25,000. Request instructions." The Brooklyn was fitted out at the navy yard at New York, about a year ago, and was newly coppered prior to sailing to the South Atlantic station.

Sec. Chandler sent to Rear Adm. Crosby the following answer: "Condition of copper astounding, and almost incredible. Make repairs at lowest possible cost, under responsibilities of paragraph nine, page eight, regulations."

News and Notes.

It is difficult to understand why England should make war on Egypt with armies and enormous ships, when a few thousand dollars expended in toy pistols and ammunition for the same, distributed gratis in Alexandria, would have swept the Egyptians off the face of the earth.

On Thursday last parties at Meere point, Harpswell, Me., observed a yacht in a heavy sea unskillfully handled. Shortly afterward she careened and sunk. Wm. Stetson and Chas. Strout of Brunswick immediately put out, and with hard work reached the spot and rescued Everett H. Burgess. He stated that he, with a colored man named Frank, both runaway sailors, stole the yacht in Portland, and started for Bath. The negro kept up for a few minutes after the yacht sank, and then grasped him. Burgess struck the negro in the face to clear himself, causing him to sink. Burgess went to Bath on Friday morning.

Up to the evening of the 15th inst. there had been reported, in the New England states alone, the deaths of twenty-six boys and one woman, all of whom died the most horrible and painful deaths from lockjaw, caused by wounds in the hands from toy pistols on or near the 4th. The manufacturers of and dealers in these murderous toys must greatly enjoy reading the papers just now.

Twenty-eight dead bodies were taken out of the ruins at Texarkana, Ark., up to the evening of the 14th inst. Many other bodies are supposed to be still in the ruins, or wholly destroyed by the fire.

There was one couple yesterday who did not care whether the United States Congress had passed the anti-Chinese bill or not, and that couple consisted of Willie Loo Chong, a prosperous Chinese merchant of Augusta, and his bride, Miss Dennie Fulcher of McBean. The marriage ceremony was performed by the Rev. J. S. Patterson of this city. The bride, who is a daughter of Mr. John W. Fulcher, is a very pretty young lady. The bridegroom has been in America nineteen years, and in Augusta two or three. He has a store on Broad street, and is a very worthy and industrious citizen. Some time ago he discharged his cue and adopted American customs altogether. He attends church regularly.—*Augusta (Ga.) Chronicle*, July 4th.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Appledore and Oceanic HOTELS.

THE staunch, sea-going steamer Appledore, Capt. Albert Rand, leaves Jones' wharf, near the foot of Deer street, for these favorite and widely-known ocean resorts, daily, (Sunday excepted,) at 11 o'clock A. M., and six o'clock P. M. Returning, leaves the islands in season to connect with the morning and evening trains on the Eastern railroad for Boston and the west. Baggage checked through from Boston and intermediate stations, and returned free.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its beautiful atmosphere, the perfect manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, **with the best of beds**, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

THE CITIZENS' COMMITTEE.

The committee designated to represent the claims and advantages of the naval station upon the Piscataqua before the congressional committee, returned from Washington on Saturday. Of course, pending action on the bill before the senate, the committee are discreetly silent as to many matters. It is understood that there was found among certain congressmen a determination to practically abolish several of the navy yards, and that while the contractors who seek to prevent the government from availing itself of the means of building or repairing iron ships were concentrating their efforts toward an abolition of public dock yards, the friends of the navy, and citizens from localities where these yards are located, had been in an apathetic condition regarding appropriations and the maintenance of navy yards.

Both Senator Rollins and Senator Blair have broad views concerning the future of the navy, and the necessity of keeping up our navy yards. Senator Frye of Maine, too, has practical ideas upon this point. Senator Hale was in some degree aided in comprehending the importance of the subject.

The committee's interview with the secretary of the navy is said to have been quite satisfactory. The secretary seemed impressed with the idea that the expenditure at the yards is disproportionate to the results of work performed therein. The committee, from a knowledge of the statistics of the cost of labor, clerical work, officers' pay, etc., were able to point out how a better result could be attained.

SLIGHT ACCIDENTS.

Mr. John Varney, of Eliot, drove into town on Saturday forenoon, and when on Market street his horse ran away, Mr. Varney being too feeble from recent illness to manage the animal. Mr. Varney was thrown out and badly bruised, and the team then collided with another one, also from Eliot, standing in front of a store, and both horses were thrown down. Neither team was much injured, and Mr. Varney's hurts were found not to be so serious as was at first supposed.

On Saturday evening, as a barge drawn by four horses and loaded with ladies and gentlemen bound to the hotel Wentworth was being driven across Market square, one of the horses took fright at the cover of the reservoir, and jumping to one side snapped the pole of the barge; for a few moments a serious accident seemed imminent, but it was prevented by the prompt action of bystanders in securing the horses. The ladies of the party displayed commendable coolness in keeping their seats during the excitement. Another conveyance having been procured, the party proceeded to their destination without further mishap.

POLICE COURT.

SATURDAY, July 15; *Batchelder J.*

Ellen Wilson, charged with drunkenness, was fined $3, costs $6.90, which she paid.

Baron S. Laskey, for drunkenness, was sent to the county farm for ninety days, costs being taxed at $6.90.

Ann Childs, who keeps a saloon on Bridge street, was fined $1, with $8.04 costs, for using insulting and abusive language to James Burns. Paid.

A UNION STATION.

It was announced on Saturday that the Concord & Portsmouth railroad has purchased the property between the passenger station of that road and the property of the Eastern railroad, on the north side of Deer street, and that in a short time the passenger trains of both roads will run to the Eastern station, and the tickets of both roads be sold there; the old station of the Concord road will be used for a freight depot. Station Agent Barrett, of the Concord road, will as heretofore have general charge of the business of the road, and of the wharf.

STEAMBOAT EXCURSIONS.

There were four steamboat excursions from this city on Sunday. The steamer City of Bangor took a party numbering about seventy-five on a trip to Gloucester, Mass.; the Clara Batemen took a fishing and chowder party out the Boon island way; the Mystic made her regular Sunday trip to the Shoals, with the mails, newspapers and passengers; and the Fearless took out a select party.

Commodore T. D. Wilson, U. S. N., chief of the bureau of construction and repair, arrived home last week on a brief visit.

Mr. Lewis Holmes, who is this season (as in previous years) doing a large business in the letting of sail and row boats at his floats at Commercial wharf, in the rear of Mr. Samuel G. Hooper's grocery store on Water street, has gotten a new boat in readiness to put into the water, and she will at once be added to the fleet. She is named the "Jumbo," and has an accurate portrait of that eminent individual painted on the stern.

Concerts are given by the orchestra at the hotel Wentworth every evening, from eight to ten o'clock. Hundreds of visitors from this city are present every evening, to enjoy the musical treat.

Chief Engineer B. F. Garvin is to report for duty at the navy yard on the 20th inst.

Concerning the much-talked-of lease of the Eastern railroad to the Boston & Maine, the general laws of this state forbid any two rival and competing railroads chartered in this state, forming lines of route between any two cities or towns, from consolidating or leasing either road or part thereof to the other, unless the lease or compact be authorized by the legislature and approved by the governor and council. The Boston & Maine Co., so far as it lies in this state, is chartered here. The Eastern railroad in New Hampshire, run by the Eastern Railroad Co., is chartered here, and our courts in the case of Morrill vs. the Boston & Maine and Eastern railroads, expressly decided that these roads came within the prohibition of this statute."

The fine span of bay horses owned by C. M. Gignoux, general agent of the Mutual Life Insurance Co., were purchased last week by Col. Daniel Hall of Dover for Senator Rollins. Mr. Gigneux held the span at first at one thousand dollars, but it is understood that they were sold at a reduction from that price. The senator may be congratulated upon possessing one of the finest spans in the state.

Col. Cyrus Eastman, the pioneer of Odiorne's point, drives a fine pair of black horses this season. They were driven by Col. Eastman in his carryall from Littleton to Odiorne's point, a short time since.

The sloop yacht Undine, of Boston, the schooner yacht Ruth, of New York, and another yacht whose name we did not learn, came up the river on Saturday.

Mr. Joseph A. Meloon, of this city, has been appointed stenographer to the secretary of the navy.

Commodore T. D. Wilson, chief of the bureau of construction and repair, and Hon. Wm. H. Trescott of South Carolina, paid a visit to the navy yard on Saturday.

Mr. Elvin Newton, who some weeks ago came in from the Shoals to fish for the hotels and boarding houses at Rye, finding that there was no money in that business this season soon returned to the Shoals. He came in on Saturday from Lunging island, and reported that Friday night the gang fishing from that island took eighty barrels of bait, with which five schooners that had been lying off there for bait were supplied.

New Hampshire Items.

Mrs. Sarah Foster, aged ninety-one years, the oldest person in Nashua, died July 13th.

At a meeting of the governor and council, on the 14th inst., George H. Young was pardoned out of the state prison, and the following forestry commission was appointed: William S. Ladd, Henry G. Jessup, Joseph Barnard, William F. Flint, Robert C. Peirce, Ithiel E. Clay.

Despatches from Epitaph, Arizona, say that three desperadoes were killed in Sonora by a pursuing party a few days ago. The desperadoes took a hand in the killing of three men near Calabasas on the previous Sunday.

They are enforcing the tramp law pretty sharply in Connecticut just now. In the superior court at New Haven, last week, six tramps pleaded guilty, and were sentenced to six months each in the state prison. A seventh victim, who was arrested at Meriden, pleaded not guilty, and was put on trial. The jury, after being out two minutes, returned a verdict of guilty, and he was sentenced to state prison for one year.

Reports from Red Clay, Ga., say a negro with the smallpox was shot there by railroad hands and then burned in the building in which he was stationed, on the 12th inst.

Stones In the Kidneys

And Bladder Expelled--Long Suffering of one of Troy's Best People--A Lucky Man.

It is by no means a strange thing that Dr. Kennedy should have received the following letter. By reading it you will see in one minute why James Andrews was thankful:

TROY, N. Y., April 8th, 1880.

Dr. D. Kennedy, Rondout, N. Y.:

DEAR SIR:—Until within a recent date I had for several years suffered greatly from gravel, called by the doctors the Brick-dust Sediment. For about a year past this sediment has not passed off in the usual quantity, but has accumulated, causing me untold pain. Having heard of "Kennedy's Favorite Remedy" I tried it in my case, and after using about one one-half bottles, I voided a stone from the Bladder, of an oval shape, 7-16 of an inch long, and rough on its surface. I send you the largest piece that you may see of what it is composed. Since then I have felt no pain. I now consider myself cured, and cannot express my thankfulness and gratitude for so signal a deliverance from a terrible disease. You have my consent to use this letter, should you wish to do so, for the benefit of other sufferers.

Yours truly, JAMES ANDREWS.

No. 10 Marshal St., Ida Hill.

When we consider that the medicine which did this service for Mr. Andrews costs only one dollar a bottle, it would seem that persons afflicted in like fashion can afford the expense of testing its virtues. Get it of your druggist, or address Dr. David Kennedy, Rondout, N. Y. "Dr. Kennedy's Favorite Remedy" for sale by all druggists.

A NOTED BUT UNTITLED WOMAN.

[From the Boston Globe.]

Messrs. Editors:—

The above is a good likeness of Mrs. Lydia E. Pinkham, of Lynn, Mass., who above all other human beings may be truthfully called the "Dear Friend of Woman," as some of her correspondents love to call her. She is peculiarly qualified for her work by her experiences of a life-study, and is obliged to keep six lady assistants, to help her answer the large correspondence which daily pours in upon her, each bearing its special burden of woe, or joy at relief received from Mrs. Pinkham's Vegetable Compound as a medicine for good and not evil purposes. I have personally investigated it and am satisfied of the truth of this.

On account of its power to do good, it is recommended and prescribed by the best physicians in the country. One says: "It works like a charm and saves much pain. It will cure entirely the worst form of falling of the uterus, Leucorrhœa, Irregular and painful Menstruation, all Ovarian Troubles, Inflammation and Ulceration, Floodings, all Displacements, and the consequent spinal weakness, and is especially adapted to the Change of Life."

It permeates every portion of the system, and gives new life and vigor. It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach. It cures Bloating, Headaches, Nervous Prostration, General Debility, Sleeplessness, Depression and Indigestion. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. It will at all times, and under all circumstances, act in harmony with the law that governs the female system.

It costs only $1. per bottle or six for $5., and is sold by druggists. Any advice required as to special cases, and the names of many who have been restored to perfect health by the use of the Vegetable Compound, can be obtained by addressing Mrs. P., with stamp for reply, at her home in Lynn, Mass.

For Kidney Complaints of either sex this compound is unsurpassed as abundant testimonials show.

"Mrs. Pinkham's Liver Pills," says one writer, "are the best in the world for the cure of Constipation, Biliousness and Torpidity of the liver. Her Blood Purifier works wonders in its special line and bids fair to equal the Compound in its popularity.

All some respect her as an Angel of Mercy whose sole ambition is to do good to others.

The New Shirt.

In the course of a confidential conversation with a friend who recently had two new shirts made, we learned incidentally that the style of building shirts had radically changed, and that they were made to button in front instead of at the back of the neck. These shirts that button in the back have been the cause of more profanity than any one thing. For fourteen years the men of this country have been slaves to this absurd fashion, and more arms have been cramped, shoulders dislocated and backs bent than would be believed by those who have not seen it.

The spectacle of a mild-mannered man, after getting into his shirt, making a contortionist of himself, an acrobat, trying to get on the other side of himself to button his shirt the back way, is sad indeed. Statistics show that buttons on the back of a shirt always come off the second week, and in the place of a thin oyster-shell button that comes with the shirt, the housewife always sews on a drawers button, four sizes larger than the button-hole, and, if he gets the button in the hole, the hole has to be "bushed" or a washer put on the button next time.

The bare idea of having shirts that open in front will give a feeling of rest to tired, back-aching humanity. To stand up to the glass and button a shirt, and see what you are about, will be bliss indeed. The thought of a generous slit in the bosom of a shirt, where one's hand may wander, is an elysium. There are times—we say it advisedly—there are times when the best of us want to put a hand inside a shirt-bosom; but with the old shirt that buttons in the back a man might as well be a burglar-proof safe, with the combination lost, as to try to get in. With the old shirt it would be absolutely necessary to hire a hand.

A man's stomach has been a sealed book for fifteen years, with the old boiler-iron bosom, with no port-holes. Occasionally a man's heart aches, and if he could put a hand on it without going around the back way and sneaking in under the arm, he could tell by the feeling whether it was unrequited affection that ailed him or rhumatism. With the new shirt an exploring expedition can be sent to the seat of the disease before it is everlasting too late. Men have been wounded, and before they could be turned over and the entrance to the shirt found they have bled to death.

The old back-action shirt is a fraud, and the new one is a daisy. It may be said by some that the new open sesame shirt will show to the world the color of the undershirt. It might if one was going to use his shirt bosom for a pillow, but few do that. And, even if they did, this is the only way the world can know that a man wears a silk undershirt, with a monogram on the front. We hail the new open front shirt with delight, and are sure the public will when they once get their hand in.—*Peck's Sun.*

A Beneficent Action.

The miserable looks and feelings of those confined at desks or work-tables, are caused by weak stomach, kidneys or bowels. Parker's Ginger Tonic without intoxicating has such a beneficent action on these organs and so cleanses the poisonous matters from the system, that rosy cheeks and good health are soon brought back again.—*Express.*

Edward Daniels, of Ipswich, Mass., fourteen years old, died on the 14th with the toy-pistol disease.

Statistics show that more people die of consumption than from any other cause. Slight colds are the true seeds of consumption. Beware of the slightest cough. Adamson's Botanic Balsam stands without a peer. Trial size, only ten cents.

A boy named Austin, ten years old, son of Capt. Addison Austin of Newcastle, Me., died on the 15th inst. from a toy-pistol wound.

The Housekeeper's Friend.

A friend in need is a friend indeed, and such a friend you will always find in Sulphur Bitters, they cured me of Dyspepsia when I had given life up in despair and was almost at death's door. They are a true friend to the sick.—*Mrs. H. Craigue, Hartford Connecticut.*

George Pierce was arrested at Lewiston, Me., last week, on a charge of murderous assault on Eli L. Rogers; he was examined in the municipal court on Friday, and bound over to the supreme court in the sum of $1,000. Bail was furnished.

Summer Complaints

At this season, various diseases of the bowels are prevalent, *and many lives are lost* through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a *sure* cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is *perfectly safe.*

Read the following:

BAINBRIDGE, N. Y., March 22, 1881.
PERRY DAVIS' PAIN KILLER *never fails to afford decided relief* for cramp and pain in the stomach.
JOSEPH BURDITT.

NICHOLVILLE, N. Y., Feb. 5, 1881.
The very best medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is *sure cure* every time.
JERIUH W. DEAN.

MONROONA, IOWA, March 12, 1881.
I have used your PAIN KILLER in severe cases of cramp, colic, and cholera morbus, and it gave almost instant relief. L. E. CALDWELL.

CARNESVILLE, GA., Feb. 28, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it *always cures.* Would not feel safe without a bottle in the house. J. H. IVY.

SACO, ME., Jan. 22, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is *safe, sure, and reliable.* No mother should allow it to be out of the family.
H. I. NAYES.

ONEIDA, N. Y., Feb. 19, 1881.
We began using it over thirty years ago, and it always gives immediate relief. Would hardly dare to go to bed without it in the house.
W. O. SPERRY.

CONWAYBORO, S. C., Feb. 22, 1881.
Nearly every family in this section keeps a bottle in the house. DR. E. MONZON.

U. S. CONSULATE,
CRESCENT HEAD, INDIA, Feb. 6, 1881.
I have known PERRY DAVIS' PAIN KILLER almost from the time it was first introduced, and after years of observation and use I regard its presence in my household as an indispensable necessity.
T. S. POTTER, U. S. Consul.

BURTON-ON-TRENT, ENG.
I had been several days suffering severely from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, which soon afforded instant relief. H. J. NOONE.

31 MONTAGUE ST., LONDON, ENG.
During a residence of twenty-three years in India, I have used it in many cases of diarrhœa, dysentery, and cholera, and never know it to fail to give relief. R. CLARIDGE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

CatarrH

DIRECTIONS.

For Catarrh, Hay Fever Cold in the Head, etc., insert with little finger a particle of the Balm into the nostrils; draw strong breaths through the nose. It will be absorbed, cleansing and healing the diseased membrane.

FOR DEAFNESS, Apply a particle into the ear, rubbing in thoroughly.

Hay-FeveR

—A fair trial will convince the most skeptical.—

ELYS' CREAM BALM

Effectually cleanses the nasal passages of Catarrhal virus, causing healthy secretions, allays inflammation and irritation, protects the membranal linings of the head from additional colds, completely heals the sores and restores the sense of taste and smell. Beneficial results are realized by a few applications. A thorough treatment as directed will cure Catarrh. A household remedy for cold in the head and snuffles it is unequalled. The Balm is easy to use and agreeable. Sold by all druggists at 50 cts. On receipt of 50 cts. will mail a pack age. Send for circular with full information.

THE

New Hampshire Gazette!

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the old home by the sea, it is the best means of keeping informed of what transpires in this city.

TO ADVERTISERS

THE N. H. GAZETTE

Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

CHANGE.

The following exhibit of matrimonial vicissitudes is by a correspondent of the Fernandina (Fla.) *Express*, who writes over the appellation "Unknown Liar:"

I.

Shady tree,
Bubbling brook,
Girl in hammock
Reading book.
Golden curls,
Tiny feet,
Girl in hammock
Looks so sweet.
Man rides past,
Big moustache;
Girl in hammock
Makes a "mash."
Mash is mutual,
Day is set.
Man and maiden
Married get.

II.

Married now,
One year ago,
Keeping house
On Baxter Row,
Red hot stove,
Beefsteak frying;
Girl got married,
Cooking, trying;
Chooks all burning,
Eyes look red;
Girl got married,
Nearly dead.
Biscuit burned up,
Beefsteak charry;
Girl got married—
Awful sorry.
Man comes home,
Tears moustache,
Mad as blazes,
Got no hash.
Thinks of hammock
In the lane,
Wishes maiden
Back again.

Maiden also
Thinks of swing—
Wants to go back
Too, poor thing!

III.

Hour of midnight,
Baby squawking,
Man in sock feet
Bravely walking;
Baby yells on;
Now the other
Twin he strikes up,
Like his brother.
Paregoric
By the bottle
Emptied into
Baby's throttle.
Naughty tack
Points in air,
Wailing some one's
Foot to tear.
Man in sock feet—
See him—there!
Holy Moses!
Hear him swear!
Raving crazy,
Gets his gun,
Blows his head off,
Dead and gone.

IV.

Pretty widow
With a book,
In the hammock
By the brook.

* * * * *

Man rides past,
Big moustache;
Keeps on riding,
Nary mash!

Webster's Two Political Mistakes.

"It is not generally known," said Thurlow Weed, "how near Webster came to being president."

"It is generally known," said I, "that he was a candidate for the whig nomination five times, and missed it every time."

"Yes," he acquiesced, "but he came a good deal nearer than that—a good deal nearer. I had always been among his most profound admirers, and wanted to see him president in 1840. But it became obvious to me during the winter that he couldn't get the nomination—that Harrison was leading. I went down to Washington early in the spring and called him into the cloak room. 'I think I shall be the whig candidate,' he said. I expressed my doubt of it. 'Who will be then?' he asked. 'It looks to me like Harrison,' I answered. He almost sneered at the idea.

'Why, you don't act as if you believed it yourself,' he said, 'for you have chosen a Scott delegation from your own state.' 'That was to prevent the appointment of a Clay delegation,' I said, 'and Clay cannot be elected if nominated. But, Mr. Webster,' I went on, 'I have not only come to Washington to get you to withdraw your name, but to ask you to accept the nomination for vice president in the case Harrison shall be selected for the first place.' No, he wouldn't listen to such a proposal, and he refused with quite as much spirit as the occasion called for. So I came home, and Harrison was nominated and John Tyler was made his vice, and of the death of Harrison, Tyler became president a month after the election. Webster saw the fatal mistake he had made, and the next time I saw him—he was then Tyler's secretary of state—he confessed it to me.

Well, curiously enough, that wasn't the last of his fatal mistakes. In 1848 the very same thing happened right over again. In 1844 Clay had been defeated and taken out of the way, and now Webster thought he could walk over the course. During the spring before the nomination I went over to Marshfield.

'Well, what do you think of it this time?' asked Mr. Webster with a smile of security.

'I think this time,' I said, 'that Gen. Taylor will be the man.'

He was astounded. It didn't look so at all to him. He thought it a very wild guess. 'Do you seriously think,' he asked, 'that such a man can be nominated?' I assured him that I thought it very probable. He remembered his former mistake and smiled, and said at last that he would consult his two best friends, George Ashum of Massachusetts, and Senator Wilson of New Hampshire, and do as they said.

They were summoned, and came. I met them at Mr. Webster's, and presented my figures. They were nonplussed at first, but finally came to my conclusion that Taylor's nomination was probable, and they joined me in advising Mr. Webster to be content with second place if the first should prove beyond his reach. He reluctantly agreed to it, and I was authorized to see the arrangement carried out. Just at this point his son Fletcher came home from town, and he ridiculed the scheme so energetically and so bitterly that his father returned to his original position, and refused to have anything to do with my proposal.

Well, the vice presidency went begging. The name of Fillmore was suddenly sprung on the convention, and he was put on the ticket. Taylor and he were elected. Taylor died in four months, and Fillmore became president, and Webster went down to Washington and served him as secretary of state, as he had served the accidental Tyler! I think the pair of curious mishaps did a good deal to sour him, and perhaps helped to make him reckless in his personal habits."—*Detroit Post and Tribune.*

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple and sure cure, which he will send FREE to his fellow-sufferers, address J. H. REEVES, 43 Chatham St., N. Y.

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Portsmouth Chronicle.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

Call Him Home.

The story about Rear Admiral Nicholson steaming around the British fleet in the harbor of Alexandria with his flagship, after the bombardment of the Egyptian forts, and cheering each of Her Majesty's ships, is not yet contradicted,—as we confidently expected it would be, when it was first told, for we were loath to believe than an American naval officer of almost the highest rank could be such a consummate fool as to "slop over" in that manner. If Admiral Nicholson thinks his orders to proceed to Alexandria to protect American interests meant that he was to be gushingly effusive in his toadying to England or any other power, he had better be ordered home at once, and put in some position where he cannot make the American naval service a laughing stock for other nations.

An Editor Cared For.

Col. Wm. E. Stevens, editor of the Concord *Monitor*, has been confirmed by the senate as consul to Smyrna, which is a seaport of Asia Minor, with a population of 150,000, and where there is considerable commerce. The salary is two thousand dollars, with certain fees in addition. It is an important seaport, where between two and three thousand vessels enter each year, and where the consul is one of the important functionaries. We congratulate the energetic and stalwart editor upon this mark of executive distinction. We may miss the graceful effusions from his pen in the columns of the *Monitor*, but we shall still have the benefit of the editorial talents of Mr. Chandler, the principal man on the paper, while Col. Stevens revels in the land of figs and olive oil, and writes letters to the *Monitor* about the ancient city and its interesting history. The writing talent of the *Mirror* and *Monitor* having been suitably recognized, let us now have something done for the Nashua *Telegraph*, whose editor it strikes us is as much deserving, if not as persistent, as the writers upon the Merrimac, and who would adorn a consulate if there are any of these offices found vacant on the books of the department of state.

The Egyptian Trouble.

Lord Charles Beresford has been placed in charge of Alexandria, and the contingents landed from the fleets of different nations to restore order are acting under his direction. Admiral Seymour on the 17th inst. announced that by consent of the Egyptian government he would restore order. More British troops and ships arrived on the 17th, raising the British force to 6000 men. Several Arabs caught plundering had been dogged, and fire shot. The marines from the American squadron were on shore, aiding to preserve order and save what is left of Alexandria. Reports as to Arabi Bey's army and position were contradictory, but a reconnoissance failed to develope any large force. France on the 17th ordered transports to be made ready to take troops to Egypt.

New Hampshire Items.

In Manchester, on the 4th, Joseph Rudolph, a French boy fourteen years old, injured his left had with a toy pistol. He died on the 16th, of lockjaw.

The house and outbuildings of B. F. Dennison, at Enfield, were burned on the 13th inst. Loss $2000.

The barn, outbuildings, and ell of the house of Mrs. Samuel Lane were burned at Exeter on the night of the 15th inst. Loss $3000; insurance $1500.

Rev. Dr. Geo. B. Spaulding, of Dover, sailed for Europe from Boston on the 17th inst.

At the request of Charles W. Cook, the murderer of Miss Susan Hanson of Brookfield, for which offence Joseph B. Buzzell was hanged as accessory before the fact, Hon. Mason W. Tappan of Bradford, the attorney general, went to the state prison Saturday and had a long interview with Cook, who is now low in consumption. It is understood that Cook has made to Attorney General Tappan a dying statement which clears up several points in the evidence given at the trial, which it was difficult at the time to fully understand. Cook goes into minute particulars of the crime committed by him at the procurement of Buzzell.

Miss Addie R. Young of Alton was pronounced insane on the 6th inst., and carried to the insane asylum. Her sister, Mrs. Marilla M. Ricker, who has been recently admitted to the bar in the District of Columbia, says that Addie has been partially insane for fifteen years, and some days previous attempted to poison her, (Mrs. Ricker,) in consequence of which she was sent to the insane asylum. She was however discharged on the 10th inst. by Dr. Charles Bancroft, with the concurrence of the trustees.

Death of Mrs. Lincoln.

The widow of Abraham Lincoln died in Springfield, Ill., at 8:15 o'clock on the evening of the 16th inst., after a long illness.

News and Notes.

At New London, Conn., Saturday, John Meyer, aged nineteen years, and William Bailey, aged fourteen, were drowned through Meyer attempting to swim with Bailey on his back.

Moses Colbert, a boy of Danvers, Mass., died on the 14th of toy-pistol lockjaw.

A large three-masted schooner was sunk on Nantucket shoals on the night of the 16th inst.

Six boys have died in Cincinnati within three days, of toy-pistol lockjaw.

Joseph Fleming, aged ten years, was drowned while bathing in the Blackstone river at Providence, R. I. Saturday evening. His sister was drowned under similar circumstances less than a month previous.

Jeremiah Bresbyn, a married man with a large family, died at his home in Canton, Mass., July 13th, of lockjaw. He wounded his left hand with a toy pistol on the 4th.

Frank Knight, a boy about eight years old, was killed in North Adams, Mass., Sunday. He was leading a cow, and tied the rope with which he was leading her about his waist; the cow became frightened and ran, dragging the child half a mile over rocks and gravel.

At Laredo, Texas, Saturday, James Haynes shot and instantly killed District Attorney W. E. Cummings for the alleged seduction of his sister. Haynes escaped.

The house of A. Fracas at Vicksburg, Miss., was discovered burning, Saturday. On neighbors entering the building, Fracas was found tied up in a sack. His wife was found lying dead on the floor, and partly burned. Fracas on being released, stated that a party of masked men and one woman robbed him of $7000, then killed his wife and fired his house.

In the "North American Review" for August, Rev. Henry Ward Beecher writes of "Progress in Religious Thought," pointing out the many influences, social, educational and scientific, which are by degrees transforming the whole structure of dogmatic belief and teaching. T. V. Powderly, the official head of the Knights of Labor, the strongest union of workingmen in the United States, contributes a temperate article on "The Organization of Labor." The well-known British military correspondent, Archibald Forbes, writes of "The United States Army," dwelling more particularly on those features of our army management which appear to him to be most worthy of imitation by the military governments of Europe. "Woman's Work and Woman's Wages," by Charles W. Elliott, is a forcible statement of one of the most urgent problems of our time; the author sees no advantage to be derived from the employment of woman in man's work, whether of brain or of hand; such employment, he insists, only reduces man's wages, and does not really add to the total resources of the whole class of workers. In a highly interesting essay on "The Ethics of Gambling," O. B. Frothingham analyzes the passion for play with rare ingenuity. "The Remuneration of Public Servants," by Frank D. Y. Carpenter, gives matter for serious consideration, both to the civil service reformers and their opponents. Finally, there is a paper on "Artesian Wells upon the Great Plains," by Dr. C. A. White, of the Smithsonian Institution. The Review is sold by booksellers generally.

A Cough, Cold or Sore Throat

Should be stopped. Neglect frequently results in an incurable Lung Disease or Consumption. "Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25 cts a box everywhere. eod&wtjan2

Oak Hall Agency in Portsmouth.

Messrs. G. W. Simmons & Son, of Oak Hall, Boston, have established an agency for this city and vicinity for the sale of their custom and ready made men's and boys' clothing, at No. 33 Market street, Portsmouth, where anything contained at Oak Hall, Boston, can be procured, at the same prices as in Boston. Several dollars can be saved by buying your own and your children's clothing at the Oak Hall Agency, as they sell at the lowest prices in New England.

—Robeson may, as he says, take a national pride in the ships of war he built. We're mighty glad that somebody does.

—"Is it possible for a man to be a reformer without being a hypocrite?" asks the New Orleans *Picayune*. Yes, but it's seldom tried.

—The greatest poet known in history is Mr. Augustus Snodgrass, an account of whom is to be found in the works of Mr. C. Dickens. Though a poet, Mr. Snodgrass had the howling good sense never to write any poetry.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from paucity of milk, will find it a specific for their troubles. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and excites a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from lassitude and weariness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither pulls upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are inclined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Crooks and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of fat-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Malt Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fine engraved likeness of Baron von Liebig, and a signature of his Signature, as well as that of A. VOGELER & CO., Baltimore, Md., Sole Agents for America.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Circulars, giving full particulars, may be obtained of

Appledore and Oceanic

HOTELS.

THE staunch, sea-going steamer Appledore, Capt. Albert Rand, leaves Jones' wharf, near the foot of Deer street, for these favorite and widely-known ocean resorts, daily, (Sunday excepted,) at 11 o'clock A. M., and six o'clock P. M. Returning, leaves the islands in season to connect with the morning and evening trains on the Eastern railroad for Boston and the west. Baggage checked through from Boston and intermediate stations, and returned free.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in blue walnut, with the best of beds, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

TOY PISTOL ITEM.

Master Amos Moulton, of York, Me., was celebrating the 4th with a toy pistol, when it went off (after the usual custom of that murderous implement) while the muzzle was aimed at the palm of his left hand, and badly lacerated the member. The hand was dressed by a physician, and carefully tended by his friends thereafter, but did not improve so rapidly as was desired; and one day last week the boy called upon Dr. A. B. Sherburne of this city, who laid open the hand, and removed therefrom a quantity of pus, the pistol wad, and other foreign substances. At last accounts the patient was doing well, and it is hoped he will escape the usual fatal consequences of wounds from the devilish "toy."

POLICE COURT.

MONDAY, July 17; *Batchelder J.*

G. W. T. Brown, for drunkenness, was ordered to Brentwood for sixty days, and to pay $6.90 costs.

George Elliott, for drunkenness, was fined $3, costs being taxed at $6.90. Having more time than currency on hand, Mr. Elliott will spend the hot season at the county retreat instead of paying his fine.

AN IMPORTANT IMPROVEMENT DEMANDED.

The public who never gamble in stocks, out want the most for their money, hope for one result from the coquetting between the Eastern and the Boston & Maine railways. The traveller reaching or leaving Boston by the Albany road is delighted with the capacious restaurant at the new station of the Boston & Albany; the establishment is under the management of Armstrong, who leases the restaurant on the Eastern in this city, and at Wolfeboro' junction. The patrons of the Eastern,—the great army of travellers who go into New Hampshire and Maine by the morning trains of that line—would like to take breakfast after their arrival at the Eastern station in Boston from southern places, before the train leaves. Of course there exists two reasons why this cannot now be done: One is, the condition of the exchequer of the Eastern; the other is the want of space at the station upon which a suitable dining room might be built. It has been suggested that the space occupied by steps could be utilized, the walls carried out square, new entrances made, and a sufficient space be secured for this indispensable adjunct to a modern railway station.

Perhaps the project relative to the roads crossing each other at Somerville may have an effect upon this intention. The roads could enter Boston by an elevated process, like that of the Pennsylvania road at Philadelphia, and a station near Washington street be secured. But whatever becomes of the Eastern,—whether it shall be absorbed into being an integral part of its old rival or continue its independent career,—it should have a dining room at the Boston station. This is an absolute necessity to the metropolitan termini of all leading railways, and the sooner it can be consummated, the better for the income of the company will be the result.

The schooner yacht Wm. H. Russell, Drown master, will sail for a cruise to the eastward as far as Mt. Desert, Me., on the 22d inst. Among her passengers will be Mr. Wallace Ham of Boston, son of Mr. John Ham, formerly of this city, and several other gentlemen from Boston.

The schooner yacht Issa, of Boston, commanded by Capt. Edwin M. Baker, formerly of this city and for several years commander of the steamer Appledore, arrived at this port on Monday afternoon, having sailed from Boston on Saturday. The yacht is owned by W. E. Haskell, editor of the *Harvard Herald*, and son of Mr. Haskell of the Boston *Herald*. She has on board the owner, and Messrs. W. E. Hall, W. E. Plummer and W. G. Chase, all gradaates from Harvard, and will cruise along shore as far as Mt. Desert.

Mr. Hart Twombly, one of the night shifters' gang on the Eastern railroad, was seriously injured Monday night by being thrown from the top of a freight car.

John J. Pickering, Esq., has been elected president of the Portsmouth Aqueduct Co., *vice* Hon. Ichabod Goodwin, deceased.

Denman Thompson will appear in Music hall early in the season, probably about the last of August, and possibly with a new play.

The schooner Balloon, Eaton master, which arrived at this port on Sunday from Bangor, was on Monday lying inside of the Noble's island bridge, discharging 108,000 feet of lumber for Thos. E. Call & Son.

U. D. Tenney, the artist, has closed his studio in this city, and gone to Concord, where he has several contracts to paint portraits.—*Journal.*

Mr. Tenney has merely gone to Concord to fulfill some engagements previously entered into, and will return to this city immediately on their completion. His studio in this city is retained, and will be again opened within a brief period.

Mr. Frank B. Johnson, ex-city marshal, had a slight attack of apoplexy on Saturday evening, but was comfortable on Monday.

The office building of T. E. Call & Son, on Market street, on Monday received a coat of "esthetic" green paint. It looks first-rate.

The schooner Mary Willey, Williams master, which arrived at this port on Monday from Bangor, with lumber to John H. Broughton, had in her cargo the lumber for a cottage to be erected on Gerrish's island, Kittery, for Mr. E. H. Goodwin, president of the Elliott national bank of Boston.

The police and invited guests will have their annual picnic at Pocahontas point, Gerrish's island, some day next week.

"The season" at Old Orchard beach is reported to be two weeks later this year than last. Last year it was several weeks later than in ordinary years, the cold weather which prevailed up to the last of June, and then the assassination of President Garfield, preventing the arrival of guests as early as usual.

Mr. R. W. Patten, the expert repairer of broken China and other fine ware, whose advertisement can be found in another column, has mended for Mrs. J. Horace Kent a piece of China "by riveting, in a satisfactory manner, and restored the *ring* found only in whole and perfect pieces."

Rev. Dr. Lamson, formerly pastor of the Middle street Baptist church, arrived in this city last week, and intends to remain through August.

The largest individual tax paid in Newmarket this year is by Hon. Lafayette F. Hall, who is assessed $408.92. Samuel A. Haley pays a tax of $318.38, and Benjamin F. Haley contributes $263.52.

Huge de Payen Commandry of Knights Templar, of Melrose, Mass., have appointed a committee to make arrangements for a three days' excursion to this city and Portland, Me., about the 1st of September.

While the schooner Addie & Hattie was on the marine railway last week, being overhauled in readiness to engage in mackereling, a new balloon jib and light sails were made for her by Mr. James Cunningham, and a fore-topmast by Mr. Lewis Holmes.

The yachts Ivy, Magic, Juno and Alice, of Boston; the Romance and Latona, of Beverley; the Ruth, of New York; the White Cap, of Chicago; the White Wing, of Lowell; and the Sandrift, of Swampscott, were at the Isles of Shoals last week. The steam yacht Sappho came into Portsmouth harbor on Saturday night; and the sailing yachts Napoleon, of Boston, and Allataire, of Newburyport, on Sunday.

The coach of the Hotel Bartlett at York beach left this city on Monday morning, loaded down with passengers and baggage, and drawn by six horses.

Some time during the next amusement season the great play of "Esmerelda" will be presented at Music hall by the Madison Square Theatre Co. of New York. The play some days ago reached its 250th performance at the Madison Square theatre, and rivals in public interest the celebrated "Hazel Kirke." The company to represent the new play on the New England circuit next autumn has been specially selected, and is rehearsing the piece during the summer; and entirely new scenery is being made to be used in the representation.

Stones in the Kidneys

And Bladder Expelled--Long Suffering of one of Troy's Best People--A Lucky Man.

It is by no means a strange thing that Dr. Kennedy should have received the following letter. By reading it you will see in one minute why James Andrews was thankful:

TROY, N. Y., April 8th, 1880.

Dr. D. Kennedy, Rondout, N. Y.:

DEAR SIR:—Until within a recent date I had for several years suffered greatly from gravel, called by the doctors the Brick-dust Sediment. For about a year past this sediment has not passed off in the usual quantity, but has accumulated, causing me untold pain. Having heard of "Kennedy's Favorite Remedy" I tried it in my case, and after using about one and one-half bottles, I voided a stone from the Bladder, of an oval shape, 7-16 of an inch long, and rough on its surface. I send you the largest piece that you may see of what it is composed. Since then I have felt no pain. I now consider myself cured, and cannot express my thankfulness and gratitude for so signal a deliverance from a terrible affliction. You have my consent to use this letter, should you wish to do so, for the benefit of other sufferers.

Yours truly, JAMES ANDREWS.

No. 10 Marshal St., Ida Hill.

When we consider that the medicine which did this service for Mr. Andrews costs only one dollar a bottle, it would seem that every man afflicted in like fashion can afford the expense of testing its virtues. Get it of your druggist, or address Dr. David Kennedy, Rondout, N. Y. "Dr. Kennedy's Favorite Remedy" for sale by all druggists.

WHEAT BITTERS

THE BEST

The Richest **BLOOD, BRAIN and NERVE**

-F-O-O-D-

CAREFULLY PREPARED,
THOROUGHLY TESTED,
ACCEPTABLE AND RELIABLE.

The Phosphates of the Wheat are its most valuable food property, and are, when properly prepared, the most acceptable nutriment with which to build up the system.

The Blood, Brain and Nerves are the forces which are the strain of every day work and life, and in order to save sickness it is wise to

BUILD FOR HEALTH.

Wheat Bitters are prepared, not by fermentation but by solution and are richest in the Phosphates, while the starch and impure matter are eliminated. These Barks in themselves a basis, to which is added the best and choicest medicinal qualities, necessary to make it a tonic and bitter. It is at once healthful, pleasant to the taste and must not be confounded with the thousand and one cheap alcoholic bitters which are sold as cure-alls. Medicine is doubly effective when used with food, so as to nourish while it corrects.

Sold by druggists, $1.00 per bottle.

A NOTED BUT UNTITLED WOMAN.

[From the Boston *Globe.*]

Messrs. Editors:—

The above is a good likeness of Mrs. Lydia E. Pinkham, of Lynn, Mass., who above all other human beings may be truthfully entitled the "Best Friend of Women," as some of her correspondents love to call her. She is zealously devoted to her work, which is the outcome of a life-study, and is obliged to keep six lady assistants, to help her answer the large correspondence which daily pours in upon her, each bearing its special burden of suffering, or joy at release from it. Her Vegetable Compound is a medicine for good and not evil purpose. I have personally investigated it and am satisfied of the truth of this.

On account of its proven merits it is recommended and prescribed by the best physicians in the country. One says: "It works like a charm and saves much pain. It will cure entirely the worst form of falling of the uterus, Leucorrhœa, irregular and painful Menstruation, all Ovarian Troubles, Inflammation and Ulceration, Floodings, all Displacements and the consequent spinal weakness, and is especially adapted to the Change of Life."

It permeates every portion of the system, and gives new life and vigor. It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach. It cures Bloating, Headaches, Nervous Prostration, General Debility, Sleeplessness, Depression and Indigestion. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. It will at all times, and under all circumstances, act in harmony with the law that governs the female system.

It costs only $1 per bottle or six for $5, and is sold by druggists. Any advice required as to special cases, and the names of many who have been restored to perfect health by the use of the Vegetable Compound, can be obtained by addressing Mrs. E., with stamp for reply, at her home in Lynn, Mass.

For Kidney Complaint *of either sex* this compound is unsurpassed as abundant testimonials show.

"Mrs. Pinkham's Liver Pills," says one writer, "are *the best in the world* for the cure of Constipation, Biliousness and Torpidity of the liver. Her Blood Purifier works wonders in its special line and bids fair to equal the Compound in its popularity.

All must respect her as an Angel of Mercy whose sole ambition is to do good to others.

A Huge Ship.

The new steamer built by John Roach & Son, for the Fall River line, the "Pilgrim," is 400 feet long over all, width of beam moulded 60 feet, beam over guards 88 1-2 feet, depth of hold 17 1-2 feet, and tonnage 3600 tons. There are two complete iron hulls, with water-tight compartments, thirteen iron longitudinals, and fourteen water-tight floors. The engine is the largest ever built, having a cylinder of 110 inches by fourteen feet stroke, and will exert 4500 horse-power at a pressure of fifty pounds. The shaft is the largest ever forged, being 28 1-2 inches at the greatest diameter and 26 1-2 at the least, forty feet long, and weighing 81,000 pounds. The wheels are forty-five feet in diameter, thirteen feet face. There are twelve boilers, and the vessel is expected to run twenty miles per hour. She has three decks, three hundred staterooms, and will accommodate six hundred first-class passengers. The vessel when completed will be worth $1,000,000, of which $700,000 is the estimated value of the material in its crude state, the increase in value being labor. The Pilgrim is built with a view to the greatest safety against fire or water, and for greatest comfort and speed. She was commenced in May, 1881, and will not be completed before next March.

George William Curtis in 1855 became a silent partner in the business firm of Dix, Edwards & Co., the publishers of *Putnam's Monthly.* He invested $10,000 in the concern; but had no part in its management. Two years later the firm failed, and Mr. Curtis through some informality in drawing up the articles of partnership was declared to be legally responsible for a portion of its debts. Many of his friends held that he was in no way bound beyond $10,000, and urged him to test the question in the courts. Mr. Curtis refused, although his decision involved the assumption by him of a debt of $100,000. He surrendered all his property. In sixteen years, by most arduous labor, writing and lecturing, he paid the last dollar of the debt.—*Tribune.*

The politicians can afford to take a liberal amount of rebuke from a man of such inherent integrity as Mr. Curtis has shown himself to be. A man who pays his own indebtedness is honest, but the man who pays a debt of honor from which he has a means of escape, is as men are found in these days a part of the noblest work of God.

—"Don't you think I have a good face for the stage?" asked a young lady with histrionic aspiration. "I dont know about the stage," replied her gallant companion," but you have a lovely face for a buss.

There are more of the curative properties in Wheat than any other of the cereals. All these are found in Wheat Bitters.

John Spineola, of New Bedford, Mass., aged fourteen years, died July 13th. Toy pistol.

"Many silly people despise the precious, not understanding it. But no one despises Kidney-Wort after having given it a trial. Those that have used it agree that it is by far the best medicine known. Its action is prompt, thorough and lasting. Don't take pills, and other mercurials than poison the system, but by using Kidney-Wort restore the natural action of all the organs.

☞No women really practices economy unless she uses the Diamond Dyes. Many dollars can be saved every year. Ask the druggist.

Christopher Drummond died in Lawrence, Mass., July 15th, at the age of eight years. Toy pistol.

Beware of imitations. German Corn Remover is the only genuine. A magical cure.

A boy twelve years old, son of R. A. Taggart of Ashland, Mass., is dead from a wound on his thumb inflicted on the 4th by a toy pistol.

THE

New Hampshire Gazette !

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

is given by using BROWN'S IRON BITTERS. In the Winter it strengthens and warms the system; in the Spring it enriches the blood and conquers disease; in the Summer it gives tone to the nerves and digestive organs; in the Fall it enables the system to stand the shock of sudden changes.

In no way can disease be so surely prevented as by keeping the system in perfect condition. BROWN'S IRON BITTERS ensures perfect health through the changing seasons, it disarms the danger from impure water and miasmatic air, and it prevents Consumption, Kidney and Liver Disease, &c.

H. S. Berlin, Esq., of the well-known firm of H. S. Berlin & Co., Attorneys, Le Droit Building, Washington, D. C., writes, Dec. 5th, 1881:

Gentlemen: I take pleasure in stating that I have used Brown's Iron Bitters for malaria and nervous troubles, caused by overwork, with excellent results.

Beware of imitations. Ask for BROWN'S IRON BITTERS, and *insist* on having it. Don't be imposed on with something recommended as *"just as good."* The genuine is made only by the Brown Chemical Co. Baltimore, Md.

BICYCLE CRUISING.

Messers. Wilkins and Chase returned this morning from the bicycle ride to the coast on which they started Saturday night, highly pleased with the roads, and with their treatment at the hands of Portsmouth wheelmen. Taking the road at East Epping at six o,clock P. M., Saturday, Exeter, (six miles) was reached in forty minutes, and there were found in waiting four members of the Portsmouth club. After a lunch, the run to Portsmouth, fourteen miles, was made in an hour and forty minutes.

Yesterday morning about nine o'clock, the party, eight in number, started for a perfect day's pleasure, stopping first at the "Wentworth," at Newcastle, where a Boston rider joined the party. From the "Wentworth," through Rye, stopping on the Wallis sands for a plunge in the surf, and at Straw's point, where the riders were entertained by Hon. G. Byron Chandler; by Little Boar's Head and to the Union house, at Hampton village, where a good dinner awaited the hungry wheelmen. After dinner, the ride was continued to Boar's Head and as far as the Ocean house, at Hampton beach, then back through Hampton, nearly to Exeter, where the Portsmouth club turned off on the road for home, and the Manchester boys kept on through Exeter to Epping camp grounds, where they were entertained by Chas. Williams, Esq., of this city, with his characteristic hospitality.

The camp grounds were reached at eight P. M., and the days run covered nearly fifty miles; and the round trip from Epping back to that point, seventy miles, while the Portsmouth wheelmen, including the trip to Exeter, registered eighty miles, and this was accomplished without even the usual fatigue of driving a horse that distance. On such roads, one hundred miles in a day would be possible. The return from Epping was made by rail.—*Manchester Mirror.*

The Portsmouth club the same day also met by appointment the captain and three members of the Roxbury club, who that day had bicycled from Roxbury, a distance of seventy-two miles. The Roxbury club separated in this city, a part going via Dover to Wolfeboro' and the others to Kennebunk, Me.

John L. Sullivan, the Boston bruiser, and "Tug Wilson," the English champion had a glove fight in Madison square garden, New York, Monday evening, the show being attended by 15,000 to 16,000 persons, mostly thieves and all ruffians. The conditions of the fight were that if Wilson could stand four three-minute rounds he should receive $1,000; he was knocked down twenty- seven times, but succeeded in enduring the punishment" and winning the money.

A young man belonging in Amesbury, Mass., committed an indecent assault on a three-year-old girl belonging in that place on Friday night. The child was very roughly used. The young man has been placed under $500 bonds to appear before the court next Friday.

Found at Last.

An agreeable dressing for the hair, that will stop its falling, has been long sought for. Parker's Hair Balsam, distinguished for its purity, fully supplies this want.

In Derby, ten miles from New Haven, Conn., George Woodruff, aged fifteen years, recently bent over to watch the motion of a grain cradle swung by his father's hired man, when the blade struck him in the throat, cutting the jugular vein. Death ensued almost instantly.

Kidney Disease.

Pain, irritation, retention, incontinence, deposits, gravel, etc., cured by "Buchupaiba." $1. Depot, J. H. Thacher's.

Patrick Driscoll of Lewiston, Me., was fooling with an old gun the other day. The barrel burst in his hand, and blew off his thumb. A piece of iron, six inches long, was burst from the gun. His thumb went into the air with it, and he never saw either afterward.

When pangs the mortal flesh assail,
And give a bitterness to life,
Making the cheek with anguish pale,
Amid the fierce internal strife;
Then Sanford's Ginger soothes the pain,
And smiling health looks up again.

Alfred Pease, the well-known pianist, who had been missing for several weeks, was found dead on Thursday in front of a saloon at Buffalo, N. Y., having died from excessive drinking.

Impure water, unhealthy climate, unripe fruit, unwholesome food, malaria and a thousand little ills are nothing to those fortified by the use of Sanford's Ginger, "the delicious."

I Am an Old Man,

Shall be seventy-nine years of age next June, and for the last six years have suffered from general debility and old age. At times I could not get out of bed without help. I commenced to take Sulphur Bitters. In a week I felt stronger and got a mighty fine appetite. I still continue their use, and to-day I walked over three miles without feeling tired, something I haven't done in five years before. Sulphur Bitters is a right smart medicine. —*G. Brown, Keokuk, Iowa.*

A boy named Pettengill, eleven years old, of Portland, Me., died on the 16th inst. of toy pistol lockjaw.

A Beneficent Action.

The miserable looks and feelings of those confined at desks or work-tables, are caused by weak stomach, kidneys or bowels. Parker's Ginger Tonic without intoxicating has such a beneficent action on these organs and so cleanses the poisonous matters from the system, that rosy cheeks and good health are soon brought back again.—*Express.*

Lewis Vein, fourteen years old, died in Fall River, Mass., on the 17th inst., of toy pistol.

To Prepare Ham for Sandwiches.

One cup of vinegar and one teaspoonful of Sea Moss Farine, boiled and strained. Add one teaspoonful of sugar, one of mixed or French mustard, salt, a teaspoonful of Cayenne pepper. Mix all well together and chop a pint of ham for this amount of dressing.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self cure, which he will send FREE to his fellow-sufferers, address J. H. REEVES, 43 Chatham St., N. Y.

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

WEDNESDAY, JULY 19, 1882.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

For Representative in Congress—Who?

It is stated that Mr. Joshua G. Hall of Dover has become tired of congressional life, and has returned to his more congenial abode at Dover, somewhat disgusted with the trials and tribulations of a representative. Dover seems to regard the office of representative as one belonging within her borders. Her people say if Joshua has not filled the bill, they will furnish a man that can. Therefore we note that "Col." Quint and Dr. Murphy are mentioned as possible candidates. It is a very easy thing now-a-days for a man to be "mentioned" in connection with a political office. But we conclude that neither Dr. Quint nor Col. Murphy is the man for Galway.

The ablest man in Dover for this position,—the man who as a practical, unselfish and competent business man, would reflect credit upon the district, is Col. Charles H. Sawyer. We have no idea that Mr. Sawyer would be willing to sacrifice the claims of his business upon his time, for the purpose of obliging the people of this district by performing the drudgery incident to a term in Congress; but if our people would have a man of ability, one who would not only at a glance see, but who would have the capacity to further the interest of his constituents, let them nominate Col. Sawyer. We are aware that he will be wanted for Governor by-and-bye, but he can afford to wait, and in the meantime confer an inestimable favor upon the people of this district by serving as representative" in Congress.

The Knit-Goods Legislation.

Ex-Congressman Hibbard a short time ago returned from Washington, where for four weeks he had been endeavoring to explain to the "tariff-for-revenue-only" democrats why the manufacturers of knit-goods in New Hampshire should have a reasonable protection.

It is unfortunate that just at this time a spasm of free trade should develope itself anew, and despite the heat of the season, fire the democratic heart. The Judge found the democrats in Congress almost intractable.

While Frank Jones was present, there was an apparent relenting; but as soon as our Ex-Member returned to enjoying the sea air at the Wentworth, the Laconia lobbyist found himself sweltering in a severe temperature of July weather, perspiring, but not progressing towards the desired result. Notwithstanding the republicans were ready to lend the helping hand to this branch of our industry, the democrats were disinclined to go on the record in any protective sense. While twenty reserred democrats stood ready to endorse the naval administration of Secretary Robeson, if their votes were needed, it became painfully evident that Sulloway had used none of the convincing appliances which had secured the support of the reforming democracy for the iron-clads. In the meantime, the Republican State Central committee should arrange with Sulloway to take Judge Hibbard off his hands, and send him around the state to relate his experience with the democracy in seeking a reasonable protection to the knit-goods interest of Franklin and Lake Village, as a campaign move. There will be nothing in the next canvass in New Hampshire more cogent then the episode of the ex-member from the first district going to Washington during the heated term, and attempting to infuse, in his quiet way, a little sense upon a practical question among the democratic statesmen in Congress.

The Egyptian Trouble.

Toulba Pasha, the military commandant of Alexandria, is said to have been personally engaged in the looting and burning of the city.

On the 17th inst. Ragheb Pasha, president of the Egyptian ministry, wrote a letter to Admiral Seymour stating that the acts of Arabi Pasha were against the will of the khedive, and that Arabi had been ordered to suspend further warlike preparations; that the khedive had decided to dismiss Arabi, but the danger of a repetition at Cairo and elsewhere of the fatal disorders which occurred in Alexandria have induced the khedive to temporarily defer the publication of his decision.

Refugees from Cairo on the 17th reported that a holy war was being proclaimed, and Christians massacred in several districts; eighty Europeans were reported murdered at Mantah.

Arabi Pasha had appointed Ali Teima, a notorious Anglophobist, to the command of the Suez canal.

The prefect of police at Cairo had declined to permit Arabi Pasha to enter the city. Three Bedouin chieftains had come in and sworn allegiance to the khedive.

A despatch of the 18th to the London *News* says that 205 Europeans have been slaughtered at Kafi-el-Dewar. Arabi's army consists of about 6000 men.

THE "TOY PISTOL."

We take the following from the Newburyport *Herald* of one day last week:

The toy pistol is becoming a subject of as much importance to the public as the cholera, or a great war, or the adulteration of food. A rifle or navy revolver only kills where there is an intent to kill, but the toy pistol is fatal to the innocent small boy who has an idiot for a father who buys or allows the boy to buy this deadly weapon. It does not kill or wound the person at whom it is aimed, but is very fatal to the juvenile who uses it. The thing has a kind of explosive which seems to poison the system of whomsoever is wounded even in a slight degree in firing it off. Since the Fourth of July we have published reports of numerous deaths from this cause, of the most painful kind, from lockjaw. The slightest abrasion of the skin from this explosive is as poisonous to the whole system as the bite of a rattlesnake or the cobra, and death from this cause is much more painful. The sale or possession of this toy should be prohibited by law, and it will be so soon as its dangerous character is known.

Our Newburyport contemporary is too sanguine. The deadly character of the "toy" was as well known a year ago as it is to-day, nearly two hundred deaths from lockjaw having resulted from its use in Baltimore and Philadelphia alone, within a few days after the 4th of July last year. But though one such death took place in this city, and Mayor Sise brought the matter before the board of aldermen two or three weeks before the 4th this year, nothing was done by the board in the premises.

The following description of the deadly weapon was published in the Boston papers on Saturday evening last, and copied in many of the country papers on Monday:

The toy pistol which has recently caused so many deaths among boys, is made of a composition metal; it is about three inches in length, with scarcely more than the outlines of a pistol. Its barrel is not bored, nor has it any more of the machinery of a lock than that necessary to hold a hammer up and to drop it smartly. Where the nipple would be on an ordinary firearm of its nominal class is a tiny cup, in whose centre is a projection, which holds in place the substance to be exploded. This matter is a piece of paper, called a cap, loaded with an explosive that, when struck, produces a sharp detonation, the only recommendation that this thing has. The pistol is so small and light that it can almost be hidden in the palm of the hand.

That is a very good description of one kind of toy pistol, but not of the kind which has slaughtered so many boys within the past ten days; the little "cap pistol" was sold in this city twenty-five years ago or more, never hurt anybody or anything, that we ever heard of, and the most it could do would be to make a blood-blister on the thumb or finger of a child should the hammer of the toy fall on it.

The "murderous toy pistol" is five or six inches long, the length of the barrel being about three inches, and the bore twenty-two hundredths of an inch in diameter. In this weapon a blank cartridge is fired consisting of a copper shell similar to those in ordinary use, charged with gunpowder kept in by a paper wad, the rim of the cartridge containing fulminate of mercury for exploding by percussion. The pistol of course loads at the breech, and the cartridge can only be inserted when the weapon is cocked; to "break" the weapon for loading, the boy naturally grasps the barrel with the left hand, the muzzle pointing at and pressed hard against the middle of the palm or the roots of the thumb, and then all that is required is a slight accidental pressure on the trigger to induce an explosion, lame hand, lockjaw, death.

Up to the evening of the 17th inst. the deaths of forty-one boys, one man and one woman from the toy pistol had been reported in New England, and Vermont and many of the back counties remained to be heard from. Had this mortality resulted from the necessary use of Paris green by the farmers in their contest with the potato bugs, the sale of the poison would have been prohibited by law ere this; and had forty deaths from hydrophobia occurred within ten days, nine-tenths of the dogs in New England would now be under ground. Not only the use of toy pistols, but the sale of the deadly things and of ammunition for them, should be prohibited, and the proper time to do it is now; we hope the city councils will take effective action in the matter at once, and not wait until after the dealers have got in their stocks next year.

In Buenos Ayres, during the celebration of the funeral services in honor of Gen. Garibaldi, a curtain in one of the lodges caught fire. The edifice was crowded, and in consequence of the agglomeration of people on the staircase, in their anxiety to escape, a wall fell down, burying many of them. Twenty bodies were subsequently dug out of the ruins, and ten persons still alive but who were seriously wounded.

Bowdoin college does not owe a copper and has $30,000 invested in endowment funds to good advantage. There is a surplus above expenses for the past year of over $4,000.

Robeson's record in the navy department may be summed up in a very few words: He destroyed more ships of war than any naval commander in the world from Lord Nelson down, and in seven years of peace created more havoc in American navy than the British in the war of 1812, or the confederates in the late "unpleasantness."—*New York Herald.*

—Mrs. Jennie B. Smith, who was tried for the murder of her husband, has married a Jersey newspaper man. The only thing that will scare a Jersey newspaper man is to threaten to take liquor away from him.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Appledore and Oceanic HOTELS.

THE staunch, sea-going steamer Appledore, Capt. Albert Rand, leaves Jones' wharf, near the foot of Deer street, for these favorite and widely-known ocean resorts, daily, (Sunday excepted,) at 11 o'clock A. M., and six o'clock P. M. Returning, leaves the islands in season to connect with the morning and evening trains on the Eastern railroad for Boston and the west. Baggage checked through from Boston and intermediate stations, and returned free.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, with the best of beds, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

At the brokers' board in Boston, Tues- 102 shares of Eastern railroad stock sold at $47 a share, sixteen shares at $47.25, and 200 shares at $47.50. Eighty-two shares of Portland, Saco & Portsmouth stock went at $115 per share. One hundred and twelve shares in the Portsmouth, Gt. Falls & Conway road sold at $30, two shares at $33, and 100 shares at $34, per share.

Mr. Warren Caswell, of Rye, on Tuesday brought in twenty bushels of extra large new potatoes, being part of the result of his last spring's early planting; he will plant the patch to corn as soon as the potatoes are all dug, and expects to raise a good crop of fodder.

A blue-fish weighing twelve pounds was caught at the second Newcastle bridge on Tuesday, by Mr. John H. Smith, the bill-poster of this city.

Mr. John Bennett, son of the gentleman of the same name who was for so many years city clerk of Portsmouth when it was first made a city, and clerk of the town long before that time, has been in the city several days—his first visit here for over twenty years. Mr. Bennett, who lives in Philadelphia, is accompanied by his daughter and granddaughter.

A meeting of the persons who have joined the new military company, and of all others interested in making the new organization a success, will be held in the common council room on Friday evening of this week.

The yacht Anna, from Newburyport, arrived in the lower harbor on Tuesday.

A liberal coating of tan-bark was spread over the streets in the immediate vicinity of Ex-Marshal Johnson's residence, Tuesday evening, to deaden the sound of passing teams during the illness of Mr. Johnson.

Naval Constructor Steele, U. S. N., has recently placed a new yacht on the river.

The members of the Sunday school connected with the Christian church will have their annual picnic at Wallis' sands, Rye, on Thursday, the 20th inst., if good weather, failing which it will be held Friday. Carriages will be at the chapel on Court street at 7:30 and 9:30 o'clock in the morning.

Rose bugs are reported as being just now more numerous in the gardens of this city then ever before. These bugs eat almost every green thing, but particularly affect roses, cherry tree leaves, and young grapes. Solutions of saltpetre, kerosene and whale-oil soap do not appear to disturb them in the least, and they seem to especially enjoy being treated to powdered hellebore. One indignant agriculturist informs us that he considers the Colorado beetle a gentleman when compared with the rose bug.

Mrs. Libby (widow of the late Capt. Henry Libby, of Portsmouth,) now residing in Sioux City, Iowa, has recently received a letter from the American consul at Singapore, stating that the headstone sent to mark the grave of her husband had arrived safely, and had been put up at his grave, the consul seeing to the work personally.—*Manchester Mirror.*

The steamer Fearless took a party of excursionists from Kittery Point to Dover on Tuesday, to see Jumbo.

The schooner Lila Bell, of Marblehead, Capt. Hamlet, came into this port on Tuesday, having left Salem on Monday, and arrived at the Shoals on Monday night. She has on board a company from Lowell, as follows: John Buchanan, John Mackenzie, Angus Mackenzie, Kenneth Mackenzie, James McDonald, Daniel Ryan, George Lovejoy, Arthur Chapman, Robert Walker, R. McKennan, Henry C. Pike, C. M. Beals, F. C. Smiley and Willie Buchnan. The party are bound on a cruise to the eastward.

Store rooms are in course of construction over the pump rooms of the dry dock at the navy yard, so that hereafter the hawser, block, etc., used in hauling the dock out from and into the basin, and in docking ships, can be stored there, instead of having to be taken to a building on shore when not in use.

Capt. George R. Raitt arrived home from Florida on Tuesday, and will remain until about the 1st of September.

Barnum's great moral show exhibited in Dover on Tuesday, and was visited by many persons from this city, who however had to go by the regular trains, no "special" being run. The circus trains came to this city from Biddeford in the morning, and went up over the Porismouth & Dover railroad; they came back over the line Tuesday night, and proceeded to Newburyport.

The commodore's steam launch from the navy yard ran to Dover on Tuesday with a party of ladies and gentlemen from the yard, who went up to see Jumbo.

Ten iron lamp posts, made by Critchley & Whalley of this city, have been put up on Sagamore road between South street and the Rye line.

A new revenue flag has been received by the customs officers, to fly from the staff on the custom house during business hours.

Mr. John F. Shillaber, the lock and gun smith, and general dealer in firearms and sporting tackle, has never kept in his stock the so-called "toy pistol," having considered it at first to be (as it has turned out) a deadly weapon of the most dangerous character. The small and harmless "cap pistol," which does not use a cap at all, but merely a bit of paper impregnated with some detonating substance, he has sold for many years; he never heard of any person being injured by it, and thinks the boy or man who can do any harm with it, to himself or others, must know a good deal more about fire arms than he does.

There will be gospel temperance meetings at Bow Mission hall every Saturday evening hereafter until further notice; the first one will be held July 22d. All interested in the advancement of the temperance cause by moral suasion are invited.

The house committee on elections on the 18th inst. unanimously reported in favor of the sitting member in the contested election case of Gen. S. J. Anderson against Hon. Thomas B. Reed, member of Congress from the 1st district of Maine. The report was adopted by the house.

—A young doctor who found himself in a Dakota village without a dollar to pay a heavy board bill concocted a plan by which a wandering tramp played the part of a small-pox patient, and the doctor vaccinated the entire population of the town with some innocuous acid at $2 each. The swindle was discovered too late, for the enterprising physician and his bogus patent skippod out with $300 apiece.

—The sweet girl graduates have not the entire monopoly of the beautiful metaphors of commencement days, for a well-known instructor of the gentle sex of Boston indulged in the following flight of fancy during his remarks to the graduating class: "Young ladies," said he, "If Providence plants you upon a barren rock, grow into it, and extract the honey from is."

—A western circus manager arranged to have a wax baby dropped from a second-story window in every town which his show visited, just in time to be caught by one of his athletes. The performance was successful several times, and crowds went to see the hero of the rescue, until the newspapers exposed the trick.

Stones In the Kidneys

And Bladder Expelled--Long Suffering of one of Troy's Best People--A Lucky Man.

It is by no means a strange thing that Dr. Kennedy should have received the following letter. By reading it you will see in one minute why James Andrews was thankful:

TROY, N. Y., April 5th, 1880.

Dr. D. Kennedy, Rondout, N. Y.:

DEAR SIR:—Until within a recent date I had for several years suffered greatly from gravel, called by the doctors the Brick-dust Sediment. For about a year past this sediment has not passed off in the usual quantity, but has accumulated, causing me untold pain. Having heard of "Kennedy's Favorite Remedy" I tried it in my case, and after using about one one-half bottles, I voided a stone from the Bladder, of an oval shape, 7-16 of an inch long, and rough on its surface. I send you the largest piece that you may see of what it is composed. Since then I have felt no pain. I now consider myself cured, and cannot express my thankfulness and gratitude for so signal a deliverance from a terrible disease. You have my consent to use this letter, should you wish to do so, for the benefit of other sufferers.

Yours truly, JAMES ANDREWS.

No. 10 Marshal St., Ida Hill.

When we consider that the medicine which did this service for Mr. Andrews costs only one dollar a bottle, it would seem that persons afflicted in like fashion can afford the expense of testing its virtues. Get it of your druggist, or address Dr. David Kennedy, Rondout, N. Y. "Dr. Kennedy's Favorite Remedy" for sale by all druggists.

WHEAT BITTERS

THE BEST AND The Richest

BLOOD, BRAIN and NERVE

-F-O-O-D-

CAREFULLY PREPARED, THOROUGHLY TESTED, ACCEPTABLE AND RELIABLE.

The Phosphates of the Wheat are its most valuable food property, and are, when properly prepared, the most acceptable nutriment with which to build up the system.

The Blood, Brain and Nerves are the forces which bear the strain of every day work and life, and in order to sustain them it is wise to

BUILD FOR HEALTH.

Wheat Bitters are prepared, not by *fermentation* but by solution and are richest in the Phosphates, while the starch and impure matter are eliminated. These make in themselves a basis, to which is added the best and choicest medicinal qualities, necessary to make it a tonic and bitter. It is at once healthful, pleasant to the taste and must not be confounded with the worthless and cur ones alcoholic bitters which are sold as cure-alls. Medicine is doubly effective when used with food, so as to nourish while it corrects.

Sold by druggists, $1.00 per bottle.

A NOTED BUT UNTITLED WOMAN.

[From the Boston Globe.]

Messrs. Editors:—

The above is a good likeness of Mrs. Lydia E. Pinkham, of Lynn, Mass., who above all other human beings may be truthfully called the "Dear Friend of Women," as some of her correspondents love to call her. She is zealously devoted to her work, which is the outcome of a life-time of study, and is aided by some six lady assistants, to help her answer the large correspondence which daily pours in upon her, each bearing its special burden of suffering, or joy at release from it. Her Vegetable Compound is a medicine for good and not evil purposes. I have personally investigated it and am satisfied of the truth of this.

On account of its peculiar merits, it is recommended and prescribed by the best physicians in the country. One says: "It works like a charm and saves much pain. It will cure entirely the worst form of falling of the uterus, Leucorrhœa, Irregular and painful Menstruation, all Ovarian Troubles, Inflammation and Ulceration, Floodings, all Displacements and the consequent spinal weakness, and is especially adapted to the Change of Life."

It permeates every portion of the system, and gives new life and vigor. It removes faintness, flatulency, destroys all craving for stimulants, and relieves prostration of the stomach. It cures Bloating, Headaches, Nervous Prostration, General Debility, Sleeplessness, Depression and Indigestion. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. It will at all times, and under all circumstances, act in harmony with the law that governs the female system.

It costs only $1. per bottle or six for $5., and is sold by druggists. Any advice required as to special cases, and the names of many who have been restored to perfect health by the use of the Vegetable Compound, can be obtained by addressing Mrs. P., with *stamp for reply*, at her home in Lynn, Mass.

For *Kidney Complaint of either sex* this compound is unsurpassed as abundant testimonials show.

"Mrs. Pinkham's Liver Pills," says one writer, "are *the best in the world* for the cure of Constipation, Biliousness and Torpidity of the liver. Her Blood Purifier works wonders in special lines and bids fair to equal the Compound in its popularity.

All must respect her as an Angel of Mercy whose sole ambition is to do good to others.

G. J. GREENLEAF.

At Atlanta, Ga., a fatal riot occurred at the tunnel on the Rome extension of the Cincinnati & Georgia railroad on Saturday evening, between a number of reckless white men on one side, and negro railroad hands on the other. A bar room had been established at the mouth of the tunnel, and indulgence in whiskey had produced a bad state of affairs, several fights having occurred. On the evening named John Hicks, white, backed by several other men, attempted to disarm a crowd of negroes. He was acting without authority. Tom Laws, a negro, refused to give up his pistol, and was shot by the Hicks party. He will die. The negroes then fired upon Hicks, riddling his body with bullets, and killing him instantly. Several others were wounded. About thirty arrests have been made.

I had Faith.

About six months ago I was advised to consult Mrs. Hall, the great Spiritualist doctor, to see if she could cure me of scrofula from which I have suffered from childhood. She said that if I would have faith in the medicine she gave me, that she could cure me. I took her medicine and in less than three months I was cured. Why, the way the medicine worked was a miracle. I begged her to tell me what the medicine was made of, but she said she could not do so; finally she told me that the medicine was Sulphur Bitters and that she never knew it to fail in all such cases as mine.—*Mrs. Clara Knowlton.*

George A. Wheeler, an old stock board operator of Chicago, has failed, with heavy liabilities. Other stock gamblers will go down with him.

Vigor, strength and health all found in one bottle of Brown's Iron Bitters.

James Hamilton, a crank with a pistol, is under arrest at Ottawa, Canada, having stated that he was to shoot Hon. C. J. Fraser on sight.

Improvement for Mind and Body.

There is more strength-restoring power in a bottle of Parker's Ginger Tonic than in a bushel of malt, or a gallon of milk. As an appetizer, blood purifier and kidney corrector, there is nothing like it, and invalids consequently find it a wonderful invigorant for mind and body.—*Commercial.*

Senator Ben Hill was on the 17th inst. reported to be in a very critical condition at his home in Atlanta, Ga. What food he took that day was swallowed through a tube.

Ladies can wear boots one size smaller after using German Corn Remover. All Druggists.

Rev. Columbus Lee, George Morris and thirty other colored men of St. Louis on Saturday night went to the house of Henry Francis, a German, who was living with a negro woman, to lynch Francis. He fired on them, killing Lee and fatally wounding Morris. It is not known what was done to Francis, but he cannot be found, and it is believed he was taken to the river and drowned.

From Mohawk Hill, N. Y., a prominent farmer, Mr. Joseph Kapfer, writes: "St. Jacobs Oil is an invaluable remedy for the farm; for it has the same curative influence on animals as on mankind."

Extended survey of the corn outlook in southern Illinois shows that the prospect is very good. In southern Indiana the crop is doing excellently, and in southern Indiana and Illinois there are large crops of wheat and oats. In Minnesota the prospects of wheat are very favorable. In Kansas the wheat harvest has closed; the yield over the entire state averages twenty-five bushels to the acre, much heavier than was estimated; corn is shoulder high, and will yield 175,000,000 bushels.

Hay Fever.

For hay fever I recommend Ely's Cream Balm. It entirely relieved me from the first application; have been a sufferer for ten years. Going from home and neglecting to take the remedy, I had an attack; after returning I immediately resorted to it, and found instant relief. I believe, had I begun its use earlier, I should not have been troubled. J. COLLYER, clerk, 118 Broad street, Elizabeth, N. J.

MESSRS. WHITE & BURDICK, Druggists, Ithaca, N. Y.—I recommend to those suffering (as I have been) with hay fever, Ely's Cream Balm. I have tried nearly all the remedies, and give this a decided preference over them all. It has given me immediate relief. C. T. STEPHENS, Hardware Merchant, Ithaca, N. Y. Price fifty cents.

Apply into nostrils with little finger.

In Westport, Mass., Sunday evening, while returning from meeting, a young man named Ezra A. Wing threw some gravel into a carriage driven by a boy named Gifford. Gifford and a young man named Brightman jumped out and pursued Wing., and Brightman stabbed him in the neck with a knife. Wing is in a critical condition.

The peculiar action on the kidneys and urinary organs of asparagus is frequently noticed during the season. Prof. Bunsen recently proved in the case of the Emperor William and others that in combination with malt and quinine it is an absolute specific for diseases of the liver, kidneys and urinary organs. His method has been adopted by the Malt Bitters company, and this great German food is now composed of malt, hops, quinine bark and asparagus.—*Medical Times.*

Summer Complaints

At this season, various diseases of the bowels are prevalent, *and many lives are lost* through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a sure cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is *perfectly safe.*

THE

New Hampshire Gazette!

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

— THE —

NEW HAMPSHIRE GAZETTE

Contains more original matter

Than any other paper of its size in the State, the editors working more with their pens than with their scissors.

TO ADVERTISERS

THE N. H. GAZETTE

Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

New Life

is given by using BROWN'S IRON BITTERS. In the Winter it strengthens and warms the system; in the Spring it enriches the blood and conquers disease; in the Summer it gives tone to the nerves and digestive organs; in the Fall it enables the system to stand the shock of sudden changes.

In no way can disease be so surely prevented as by keeping the system in perfect condition. BROWN'S IRON BITTERS ensures perfect health through the changing seasons, it disarms the danger from impure water and miasmatic air, and it prevents Consumption, Kidney and Liver Disease, &c.

H. S. Berlin, Esq., of the well-known firm of H. S. Berlin & Co., Attorneys, Le Droit Building, Washington, D. C., writes, Dec. 5th, 1881:

Gentlemen: I take pleasure in stating that I have used Brown's Iron Bitters for malaria and nervous troubles, caused by overwork, with excellent results.

Beware of imitations. Ask for BROWN'S IRON BITTERS, and *insist* on having it. Don't be imposed on with something recommended as "*just as good.*" The genuine is made only by the Brown Chemical Co. Baltimore, Md.

The Darkey's Philosopey.

After the surrender of Fort Donalson, a passenger on the first boat up the river saw a darkey toasting his shins against the steamer's chimney, and entered into conversation with him.

"Were you at the fight?"

"Had a little taste of it, sah?"

"Stood your ground like a man, did you?"

"No sah, I runs."

"What! run at the first fire?"

"Yes sah, and would hab run soonah had I known it a comin', sah."

"That wasn't very creditable to your courage, was it?"

"Courage isn't in my line, sah; cookin's my profession, sah."

"Why if every one was like you, traitors would have broken up the government without resistance."

"Yes, sah, dere would hab been no help for it. I wouldn't put my life into de scale 'ginst no government dat ever existed, cos no government could replace the loss of me. Spect though de government safe if dey all like me."

"Do you consider your life worth more than other people's?"

"It wof more to me, sah."

"Do you think your comrades would have missed you if you had been killed?"

"Don't know, sah. A dead white man ain't much account to dese sogers, let alone a dead nigger, but I should hab missed myself, and dat was de point wid me."

—"Our Continent" allows it to be *en regle* to eat fish with a knife, provided the knife is a silver one. It is equally toney to catch fish with a silver hook.

—Colonel Tom Ochiltree is now being pushed forward as a congressman-at-large from Texas. Texas wants to let this country see what first-class lying is.

—The Boston journals are very properly protesting against a statement in Mr. Howells' new story to the effect that a Boston newspaper man grew beastly drunk on three hot drinks. It is claimed, and with reason, that eleven hot drinks wouldn't fling a Boston journalist. Our columns are open to Mr. Howells should he desire to extricate his hero from such a predicament.

—"Yes," said the actor to the clergyman as they met after service, "I was in front this morning. Business good, isn't it? Why you must have had 1,400 people in the house; all the best seats filled and a good many standees. I call it good business for this season, and with strong attractions against you. You've caught on in this town, and no mistake." And the actor walked away, convinced that he had said the handsome thing to the clergyman.

—A country rector called rather early in the morning upon one of his parishioners. One of the children saw him coming, and ran into the house to tell his mother. The little fellow soon returned to the front and resumed his play. The clergyman inquired, "Is your mother at home?" "No, sir, replied the child: "she is out at present." "Tell her when she returns that I called," said the clergyman. "I did tell her," replied the little boy.

Hay Fever.

For hay fever I recommend Ely's Cream Balm. It entirely relieved me from the first application; have been a sufferer for ten years. Going from home and neglecting to take the remedy, I had an attack; after returning I immediately resorted to it, and found instant relief. I believe, had I begun its use earlier, I should not have been troubled. J. COLYER, clerk, 118 Broad street, Elizabeth, N. J.

MESSRS. WHITE & BURDICK, Druggists, Ithaca, N. Y.—I recommend to those suffering (as I have been) with hay fever, Ely's Cream Balm. I have tried nearly all the remedies, and give this a decided preference over them all. It has given me immediate relief. C. T. SPENCER, Hardware Merchant, Ithaca, N. Y. Price fifty cents.

Apply into nostrils with little finger.

Friday forenoon, the 14th inst., two hard-looking travellers were seen loafing in the vicinity of Mr. Taylor's in Hudson, and to enter his barn; and shortly afterward Mr. Taylor discovered that his watch, which was in his vest in the barn, was missing. He immediately notified the Nashua police and the men were captured, and gave their names as John Burns and John Regan of Lawrence. The watch was not in their possession, but they were both held to answer at the next term of court.

"Presumption begins in ignorance and ends in ruin." On the other hand, the production of Kidney-Wort began with wise cautions and scientific research, and its use ends in restoring shattered constitutions and endowing men and women with health and happiness. "My tormented back," is the exclamation of more than one poor hardworking man and woman; do you know why it aches? It is because your kidneys are overtasked and need strengthening, and your system needs to be cleansed of bad humors. You need Kidney-Wort.

☞ No family Dyes were ever so popular as Diamond Dyes. They never fail. The Black is far superior to logwood. The other colors are brilliant.

Josiah Thompson, twenty-eight years of age, son of Capt. James Thompson, of Concord, employed in the Manchester locomotive works, was riding on an engine to Thornton's Ferry to visit a sick relative, Saturday forenoon, the 15th inst., and when at the station, the train going at a slow rate of speed, he attempted to jump off, but clinging to the handle too long swung around and fell with both legs across the track. The tender and fourteen cars passed over him, severing one leg and badly mangling the other. He was taken to Nashua, and died at the station at half-past two o'clock. His remains were taken to Concord for interment. He had no family.

"Bachupalba."

Quick, complete cure, all annoying kidney, bladder and urinary diseases. $1. Druggists. Depot, J. H. Thacher's.

Marshall Decker, proprietor of the Bellevue Avenue hotel at Newport, R. I, and his housekeeper, Mrs. Mary Dudley, were arrested Tuesday night, the 18th inst., on the charge of keeping a disreputable house. The hotel is owned by Alfred Smith, a millionaire and real estate owner, who made the complaint. Decker claims to have paid Smith on the previous Monday $300 in advance for three months rent, but that Smith, after receiving the money, did not give him a receipt. He claims to have witnesses that he paid the rent. Decker and Mrs. Dudley furnished bail.

PATENTS!

R. H. EDDY,

No. 76 State St., Opposite Kilby, Boston,

SECURES PATENTS in the United States; also in Great Britain, France and other foreign countries. Copies of the claims of any Patent furnished by remitting one dollar. Assignments recorded at Washington. *No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.*

R. H. EDDY, Solicitor of Paten

Testimonials.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 15, 1878.

R. H. EDDY, Esq.,—*Dear Sir:* You procured for me, in 1846, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE TRAPPES.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple remedy, by which he will send FREE to his fellow-sufferers, address J. H. REEVES, 43 Chatham St., N. Y.

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

The Congressional Nomination.

The Dover *Democrat* of the 18th inst. has the following in regard to the coming republican nomination for congressman from this district:

The circus to-day brought in a good many people to Dover, and among them were some active republican politicians from both the upper, or rather, the Belknap county region, and the lower or Rockingham region of this congressional district. One or two of these from each section named, we happened to fall in with, and they say they will agree to throw aside all candidates in Strafford and Rockingham counties, and concentrate on Martin A. Haynes of Lake Village. They say that that is the understanding when the proper time comes.

There is no doubt that "Mart" would be a strong candidate, if nominated; he has a first-class record as a soldier, a perfectly clean record as a man and politician, and runs a lively and readable paper; he is strong with the Grand Army, being commander of the department of New Hampshire, and would add strength to any ticket on which he was placed.

The Egyptian Trouble.

The Alexandria correspondent of the London *News* telegraphed his paper as follows on the 18th inst.: "Arabi Pasha is still issuing orders and making appointments in the khedive's name. Arabi's forces on the canal are estimated at 10,000, including Bedouins, who gave adhesion to Arabi four days ago. The wounded Arabs from Alexandria were sent to Cairo. The sight of the plunder which is being sold in the bazaars has simulated the Cairoenes to imitate the Alexandrians. The last Englishman who left Cairo and arrived at Suez describes the people as wild and threatening. He thinks the European portion of the city will be burned. The ulemas are preaching war for Arabi Pasha. The latter says when the first shot of the bombardment of Cairo is fired, that all the principal traitors to his cause must be put away; there were only about forty, and ten minutes would suffice. The loyal ministers naturally feel anxious."

Another despatch of the same date from Alexandria was as follows: "It is reported that Arabi Pasha is preparing to move. Disappointment and indignation are most keen at the great blunder of allowing the favorable moment for crushing the revolt at a stroke to slip, while the troops are detained in inactivity by orders from home. Natives state that during the retreat of Arabi Pasha one of the shells burst in the midst of a body of soldiers, and killed 200. The dragoman of Sir A. Colvin, acting British consul general, has arrived from Cairo, and reports that soldiers with requisitions were breaking open stables and seizing horses. No other acts of violence had been committed up to the time he left the city."

The Summer Travel.

There has been general complaint among the proprietors of summer boarding houses and hotels on the coast and in the interior of New England, that "the season is much later" this year than ever before—in other words, that the provided-for guests have not arrived, during the earlier weeks of the season, in such numbers as had been expected. But it is not only the New England beach and mountain houses which are neglected, for the following, which we take from the New York *Tribune*, implies that a similar condition of affairs prevails at the noted resorts nearer the metropolis:

The most belligerent men in the country are the proprietors of the summer hotels. In June they attributed their ill-luck to the backwardness of the season, but now that the middle of July has come, and the urban mercury has been among the nineties day after day, they are at a loss to explain the vacant seats in their dining-rooms—the deficits in their current expense accounts. There seems to be plenty of money in the country, and a universal disposition on the part of the well-to-do classes to enjoy themselves during the heated term. Yet the hotels are only half filled. The unfortunate proprietors can only account for the absence of the expected throng in one way: the exodus to Europe. Every year of prosperity brings a continental tour within the reach of a larger class, and the consequence is that European innkeepers prosper at the expense of their American brethren in the trade.

News and Notes.

There was a heavy thunder shower in Boston on the afternoon of the 19th inst. The Boston *Journal* press-room was flooded, and the ship Magellan had her foremast head shattered by lightning.

The steamers Alhambra and Rhode Island collided in Long island sound early in the morning on the 19th. The Rhode Island was disabled, but no lives were lost. The Alhambra kept on her course for Halifax.

Rear Admiral Nichols is confined to his room in Washington by rheumatism, but expects soon to go with his daughter to Richfield Springs, N. Y., where Rear Admiral Almy and family are spending the summer. During Admiral Nichols' enforced absence from his office of chief of the bureau of yards and docks, the duties of that bureau are performed by Commodore Earl English, chief of the bureau of equipment and recruiting.

In the court house at Floyd, La., July 18th, David J. Norwood attempted to cane I. J. Polk. On failing to do this, he drew a dragoon pistol to shoot Polk, who also pulled out a similar weapon. Both fired simultaneously. Polk was killed, and Norwood severely wounded. The two men were prominent planters.

A dispatch from Dublin to the London *Times* says: "It is feared that another crisis is approaching. The weather threatens utter destruction to what promised to be one of the finest of harvests ever reaped in Ireland. The heavy and almost incessant rain has laid low many flourishing fields. Potatoes have suffered severely. If the weather improved there would still be hope of recovery."

Two years ago a Dr. Roberts was killed at Millville, Ray county, Mo., by Dr. Keys, a young physician. Keys was twice tried, the second trial resulting in a plea of insanity being sustained. He was sent to the insane asylum at St. Joseph. On Thursday, July 13th, Keys was pronounced cured, and returned to Richmond, Mo. Next day, against advice, he went to Millville. Charles Roberts, son of the murdered Dr. Roberts, was told of his presence. He left his shop, secured a revolver, and hunted Keys up. He opened fire on him, wounding him in the breast. Keys started to run, but Roberts followed, giving two more shots, both taking effect, and Keys died almost instantly. Roberts, on his way to give himself up, was met by the deputy sheriff, and was arrested and taken to jail. Public sympathy is with Roberts.

Keeper Miller of the Woodstock, Conn., poor farm, was murdered on the 18th inst. by a pauper named Jacob Parsons, whom Miller attempted to force to work, he having refused to do so.

A son of Hugh Evans of Hawkesbury, province of Quebec, and a young daughter of Mrs. Evans of Montreal, went bathing in the Little Rideau river on the 18th inst., and were carried beyond their depth. The mother of the boy, seeing their danger, attempted to rescue them, when all three were drowned.

The hay crop in Illinois is larger this year than was ever before known, and of better quality.

At Montreal, July 17th, Friar Godtroi was robbed of $1552 which he had just drawn from the bank. He left the money with a boy in a store, while he went out for a few minutes. Two men gagged the boy, and escaped with the booty.

The enormous preponderance of English tonnage in the Suez canal would justify the British government in taking steps to maintain its integrity. Thus, of 5,794,401 tonnage passing through that channel in 1881, not less than 4,792,117 tons were English. France only counts 289,324; the Netherlands, 187,900; Austro-Hungary, 115,776; Italy, 113,252; Germany, 59,515. The United States does not seem to have used it at all. The English percentage of the total tonnage at the period referred to was 82.72 per cent, and it has been steadily increasing ever since.

Oscar Goodwin, cashier of the national bank at Logansport, Ind., disappeared some days ago; it is now discovered that $15,000 of the bank's funds went off too.

The village of Pownal, Vt., was thrown into a state of excitement recently by the appearance upon the street of a huge black bear. All the dogs of the village were urged upon bruin, but the latter managed to keep them at bay. Porter E. Brown, with musket in hand, followed the animal until he sat down upon his haunches and was about to show fight. Mr. Brown fired, and old bruin fell mortally wounded. Soon two Italian itinerants claimed the animal as their property. They were travelling about the country, eking out an existence with his performances. The Italians had camped out during the night, and at early dawn the bear had left the camp, when he met his untimely death.

Three quite young girls boarded at the National hotel in Washington, seventeen years ago. They were all daughters of United States senators, and were Mary Harlan, Lucy Hale and Minnie Chandler. They are now respectively Mrs. Robert Lincoln, wife of the secretary of the war, Mrs. Wm. E. Chandler, wife of the secretary of the navy, and Mrs. Eugene Hale, wife of one of the senators from Maine.

Rice M. Blakely, a Massachusetts reform school boy who was lately allowed to ship on a whaling voyage, ran away from the ship, and was arrested by the police in Taunton on the 18th inst. In his possession the police found a bunch of skeleton keys, a leather mask and a large knife, and he says he belongs to a gang of Boston thieves.

At Montreal, on the night of July 17th, a two-years-old child of Melvin Smith, a wealthy gentleman of that city, was abducted. A note was left on the child's pillow demanding £10,000 in gold as a ransom, and threatening the murder of the child in case of refusal. The stolen child was found sitting on a doorstep, alone, the following night, by an auctioneer named Shaw.

As a sequel to the big poker game at Newburgh, N. Y., in which Mr. Weed lost $150,000, Judge Fullerton of New York and Mr. Trude of Chicago, acting for Mr. Weed, on the 18th inst. attached the stable of M. M. Hedges, who won the money from Weed. The stable consists of the horses J. B. Thomas, St. Remo, Boy Billy, and Novelty, and is valued at $15,000. Scott, Hedges' partner in the game, was also taken into custody, although sick.

A leading editorial article in the London *Post* of the 18th inst. says "the behavior of the American admiral and his men at Alexandria is beyond all praise. Amid diplomatic protests, European concerts and conferences and naval demonstrations of imbecility, it is refreshing to find a commander who is able and willing on his own account to say what he thinks and to do what he says. Sixty marines, physically speaking, could not do much, but there is a way of giving support which quadruples its value. The conduct of the Americans during the night alarm that Arabi Pasha was coming contrasts remarkably with that of the French and Italians."

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, with the best of beds, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

Probabilities for New England:—Clearing weather, winds mostly westerly, stationary or lower temperature, higher pressure.

The Thermometer at the CHRONICLE Office, at 4:00 o'clock this morning, indicated 65 degrees above zero.

Sky cloudy.

POLICE COURT.

TUESDAY, July 18; *Batchelder J.*

Joseph Bolter, drunk, $3 fine, $6.90 costs; paid.

WEDNESDAY, July 19; *Foster J.*

Police Justice Batchelder and Special Justice Bufford both being absent on the 19th, Wm. Russell Foster, Esq., held court.

R. L. Case, a marine, was assessed $9.90 for drunkenness, and paid it.

Fred Hartshorn, another drunk, was requested to pay a similar amount, failing which he will board at Brentwood during the hot season.

The members of the Sunday school connected with the Christian church will have their annual picnic at Wallis' sands, Rye, this day, the 20th inst., if good weather, failing which it will be held Friday. Carriages will be at the chapel on Court street at 7:30 and 9:30 o'clock in the morning.

The new schooner built at Freeman's point by Mr. Fernald is nearly completed, and will be launched about the last of this month. The painting has been done by Edw. D. Coffin. The anchors and chains, furnished by George T. Vaughan & Co., were brought here some days ago by the schooner Golden Gate, Amee master, and landed on Commercial wharf, where the new schooner will be taken to be rigged and fitted for sea after she is launched.

A tremendous racket was created by the locomotives of freight trains on the Eastern railroad between two and four o'clock in the morning on the 19th inst., Barnum's circus trains, from Dover, disarranging things greatly.

A party of about forty persons had arranged for a picnic at York beach on the 19th inst., but had to postpone the trip on account of the rain in the forenoon.

Capt. Rufus Philbrick, of Rye, has resigned the position of captain of the life-saving station at Rye beach, and a Mr. Caswell of Rye has been examined as a candidate to succeed Capt. Philbrick.

The Vandalia came out of the dry dock on Wednesday of this week, and hauled alongside the wharf at the navy yard usually occupied by the steam yacht Leyden.

Newmarket has sixty-seven tax-payers who pay a tax of $50 and upwards, each; twenty-one who pay $100 and upwards; and five who pay $200 or more each.

The several yachts which had occupied berths at the wharves for a number of days went down the river on Wednesday, the 19th, after the fog lifted.

The Dover *Democrat* of the 18th inst. said: "Major Joseph S. Abbott sends to-morrow, by rail, seventy-five tons of ice to the Portsmouth Brewing Co., and thirty tons to Jones' brewery, Portsmouth. This will be the largest consignment of ice ever shipped from this city in one day."

The "New England Historical and Genealogical Register" for July contains an account of the direct ancestry of the late Jacob Wendell of this city, written by Mr. James R. Stanwood, with a very just memoir of Mr. Wendell, and a fac simile of his signature.

A heavy Manila fall was cut adrift from the derrick in Silas Philbrick's stone yard on the night of the 18th inst., and coiled and stopped up in readiness for removal, but was found near the derrick next morning by the workmen in the yard, the would-be thieves having probably been frightened away. Mr. Philbrick has at present eight men at work, this being the dull season; when business is brisk he employs from fifteen to twenty men. He has had arrive this season about 240 tons of granite, from Rockport and Quincy, Mass., Kennebunk, Me., and Concord, N. H.; some of the pieces now on his wharf are twenty feet long, three feet wide and twenty inches thick, and weigh between ten and eleven tons each—a good deal more than Jumbo.

Hon. Henry J. Gardner, ex-governor of Massachusetts, now of Chicago, Ill., who is making his annual sojourn at Appledore, was in town on Wednesday.

New potatoes were retailing in this market on the 19th inst. at fifty cents a peck; they were of large size and good quality. Mr. Chandler Shapleigh of Eliot brought in a lot of ten or twelve barrels, and sold them to Wm. Downs & Son at $1.50 per bushel.

The wages of the Eastern railroad employes engaged at the wood preserving works on Noble's island, and in putting down a new well on the line of the road above Frenchman's lane, have been raised about ten cents a man per day.

Hon. Stanley Matthews, associate justice of the supreme court of the United States, who is now at the hotel Wentworth, Newcastle, visited the Woodbury mansion in this city this week.

A number of members of the Pearl street Baptist society made an excursion to York beach in barges on Wednesday.

The yacht Magic, of Boston, arrived in the lower harbor on Wednesday, the 19th inst., and several of her passengers returned to Boston by rail.

Capt. Nathaniel S. Patten, of Covington, Ky., in conjunction with Capt. Albert Rand of the steamer Appledore, has bought the schooner boat James Hooper, with which Capt. Patten proposes to go on a cruise along shore from Provincetown, Mass., to Eastport, Me.

The president and fellows of Harvard university have nominated David W. Cheever, M. D., to the professorship of surgery in the Harvard medical school, rendered vacant by the resignation of Dr. Henry J. Bigelow. Dr. Cheever graduated at Harvard college in 1852, and at the Harvard medical school in 1857. He is a native of Portsmouth, being a son of the late Dr. Charles Cheever.

Mr. John Trickey, formerly of the firm of Trickey & Jewett, lumber contractors, who furnished enormous quantities of ship timber for the government during the war, died in Worcester, N. Y., July 18th, after a short illness, of pneumonia, at the age of seventy-one years. He was an uncle of Mr. Charles H. Trickey of Dover, and widely known in this vicinity. A large portion of the timber used on this navy yard during the rebellion was furnished by his firm.

About two hundred beach visitors arrived in this city by railroad on the 19th inst. The number of guests at the beaches in this vicinity was on that day roughly estimated as follows: Hotel Wentworth, Newcastle, 350; Isles of Shoals, 500; York harbor and beaches, 300; Kittery Point, 75; Ocean Wave hotel and Foss' beach houses, Rye, 75.

It is said that George H. Elkins, of Hampton, has shot 235 crows since the bounty law was passed.

The family of Mr. George Herbert are enjoying the sea air at York beach.

Mr. Daniel T. Spinney, of Eliot, who is quite largely engaged in the raising of small fruits for the market, will this year, if present indications hold good, gather about twenty bushels of gooseberries and about the same quantity of currants. He has this season set out six or seven hundred raspberry bushes, and expects to harvest a good crop from them next year, as they are now flourishing finely.

Between one and two o'clock in the afternoon on the 18th inst., at the Ocean house, Old Orchard beach, two trunks, belonging to Mrs. A. Maloney of Ottawa, Ont., were opened while the guests were at dinner, and money and jewelry taken to the amount of $2,500. A diamond cross, locket, ring, earrings, bracelets and chain were among the articles stolen. The work was evidently that of a professional. As yet no clue has been obtained by the officers.

Mr. James W. Bartlett, of Dover, one of the councilmen of the city, is having a cottage erected for him at Wells beach, Maine.

A very neat Episcopal chapel has just been completed at Old Orchard beach, on a lot given by a lady now deceased. It is finely located, fronting a beautiful grove of pines in the rear of the Staples house. The building is of wood, and of the modern Gothic style of architecture. It has a neat tower, surmounted by a Greek cross.

—A Virginia goat was killed, and in its stomach was found a knitting needle, seven hair pins, a cuff button, a part of a garter clasp, and several other articles. The question before the meeting is, did that goat ever eat a woman?

—The young woman who sneeringly remarks that men are all alike generally shows her sincerity by taking the first man that offers himself to her.

No matter how advanced in life,
Good teeth in either man or wife
Or maid are a rich prize;
And those who would the gift preserve,
From SOZODONT won't swerve,
Should they at all be wise.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup. "It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere Twenty-five cents a bottle. eod&wtjans3

Stones In the Kidneys

And Bladder Expelled--Long Suffering of one of Troy's Best People--A Lucky Man.

It is by no means a strange thing that Dr. Kennedy should have received the following letter. By reading it you will see in one minute why James Andrews was thankful:

TROY, N. Y., April 8th, 1880.

Dr. D. Kennedy, Rondout, N. Y.:

DEAR SIR:—Until within a recent date I had for several years suffered greatly from gravel, called by the doctors the Brick-dust Sediment. For about a year past this sediment has not passed off in the usual quantity, but has accumulated, causing me untold pain. Having heard of "Kennedy's Favorite Remedy" I tried it in my case, and after using about one one-half bottles, I voided a stone from the Bladder, of an oval shape, 7-16 of an inch long, and rough on its surface. I send you the largest piece that you may see of what it is composed. Since then I have felt no pain. I now consider myself cured, and cannot express my thankfulness and gratitude for so signal a deliverance from a terrible disease. You have my consent to use this letter, should you wish to do so, for the benefit of other sufferers.

Yours truly, JAMES ANDREWS.

No. 10 Marshal St., Ills Hill.

When we consider that the medicine which did this service for Mr. Andrews costs only one dollar a bottle, it would seem that persons afflicted in like fashion can afford the expense of testing its virtues. Get it of your druggist, or address Dr. David Kennedy, Rondout, N. Y. "Dr. Kennedy's Favorite Remedy" for sale by all druggists.

WHEAT BITTERS

THE BEST AND The Richest BLOOD, BRAIN and NERVE -F-O-O-D-

CAREFULLY PREPARED, THOROUGHLY TESTED, ACCEPTABLE AND RELIABLE.

The Phosphates of the Wheat are its most valuable food property, and are, when properly prepared, the most acceptable nutriment with which to build up the system.

The Blood, Brain and Nerves are the forces which bear the strain of every day work and life, and in order to endure continuous it is wise to BUILD FOR HEALTH.

Wheat Bitters are prepared, *not by fermentation* but by solution and are richest in the Phosphates, while the starch and impure matter are eliminated. These make in themselves a basis, to which is added the best and choicest medicinal qualities, necessary to make it a tonic and bitter. It is at once healthful, pleasant to the taste and must not be confounded with the thousand and one cheap alcoholic bitters which are sold as cure-alls. Moderate in doses, effective when used with food, so as to nourish while it corrects.

Sold by druggists, $1.00 per bottle.

A NOTED BUT UNTITLED WOMAN.

[From the Boston Globe.]

Messrs. Editors:—

The above is a good likeness of Mrs. Lydia E. Pinkham, of Lynn, Mass., who should rather be human beings may be truthfully called the "Dear Friend of Woman," as some of her correspondents love to call her. She is seriously devoted to her work, which is the outcome of a life-study, and is obliged to keep six lady assistants, to help her answer the large correspondence which daily pours in upon her, each bearing its special burden of suffering, or joy at release from it. Her Vegetable Compound is a medicine for good and not evil purposes. I have personally investigated it and am satisfied of the truth of this.

On account of its proven merits, it is recommended and prescribed by the best physicians in the country. One says: "It works like a charm and saves much pain. It will cure entirely the worst form of falling of the uterus, leucorrhœa, irregular and painful Menstruation, all Ovarian Troubles, Inflammation and Ulceration, Floodings, all Displacements and the consequent spinal weakness, and is especially adapted to the Change of Life."

It permeates every portion of the system, and gives new life and vigor. It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach. It cures Bloating, Headaches, Nervous Prostration, General Debility, Sleeplessness, Depression and Indigestion. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. It will at all times, and under all circumstances, act in harmony with the law that governs the female system.

It costs only $1 per bottle or six for $5, and is sold by druggists. Any advice required as to special cases, and the names of many who have been restored to perfect health by the use of the Vegetable Compound, can be obtained by addressing Mrs. P., with stamp for reply, at her home in Lynn, Mass.

For Kidney Complaint of *either sex* this compound is unsurpassed as abundant testimonials show.

"Mrs. Pinkham's Liver Pills," says one writer, "are *the best in the world* for the cure of Constipation, Biliousness and Torpidity of the liver. Her Sloop Purifier works wonders in its special line and kids fail to equal the Compound in its popularity.

All write respect her as an Angel of Mercy whose sole ambition is to depend to others.

It was on Lookout mountain at Chattanooga; a New Yorker stood on Pilot Knob and looked down into the valley, and exclaimed: "How grand!"

"That's ten cents extra," replied the guide, as he extended his hand.

"What a charming prospect!" continued the visitor.

"That's a fifteen cent expression—pay at the gate as you go out."

"Here has nature mingled the grand with the beautiful—the sublime with the loveliness of the valley!"

"Colonel, that's one of our regular fifty cent ovations. It will be charged in with your hotel bill."

"Villain! how dare you?" said the New Yorker, as he seized him and backed him to the edge of the cliff.

"Don't you do it, colonel," calmly observed the man. "Throwing a guide off the Knob always costs $2 more—pay at the toll-gate as you go down."—*Memphis Ledger.*

Where He Was.

"Are you travelling alone?" asked a tall, agricultural-looking gentleman, approaching a lady who occupied two seats in a crowded car.

"No, sir," she replied.

"May I ask you who's with you?" asked the man, looking around vainly for some other place to store himself.

"My husband," snapped the lady, with flashing eyes. "My husband is travelling with me."

"Oh, ah! excuse me," and the tall man straightened up and prepared to take a standing ride.

"Is this seat engaged?" asked a dashing, well-dressed young fellow of the lady, five minutes later.

"No, sir," she replied, and down he plumped.

"I say, ma'am," protested the tall man, "is that your husband?"

"No, it isn't, and you needn't ask any more questions," retorted the woman.

"But you said you were travelling with him," persisted the man.

"So I am," snorted the lady.

"Where is he?" insisted the tall man.

"He's in the baggage car in a coffin," replied the lady.

Dr. R. J. P. Goodwin, pension claim agent at Manchester, is charged with taking a greater sum of money than allowed by law from Nathan C. Danforth of Concord, when procuring for him a pension. A partial hearing of the case has taken place.

In the case of Ellery Albee, the defaulting treasurer of the Ashuelot savings bank at Winchester, against whom the grand jury of Cheshire county found thirteen indictments, and who was granted a change of venue, the respondent electing to be tried in Hillsboro' county, Judge C. W. Stanley made an order on the 17th inst. that Albee be required to furnish sureties in the sum of $20,000 for his appearance for trial at the term of the court to be held in Nashua in September.

"The term hydra may be used to represent any manifold evil. If you would battle successfully with this many-headed monster of disease you will find it expedient to keep Mrs. Pinkham's Vegetable Compound always at hand.—*Dr. Banning.*

Michael Gallagher, formerly of Dover, died in the hospital at Gunnison, Col., July 1st, from the effects of a blow on the head inflicted by a man named Miller, by which his skull was broken.

"Many silly people despise the precious, not understanding it. But no one despises Kidney-Wort after having given it a trial. Those that have used it agree that it is by far the best medicine known. Its action is prompt, thorough and lasting. Don't take pills, and other mercurials that poison the system, but by using Kidney-Wort restore the natural action of all the organs.

☞No women really practices economy unless she uses the Diamond Dyes. Many dollars can be saved every year. Ask the druggist.

John Fitzgerald, a boy twelve years old, was arrested Sunday evening, the 16th inst., in Manchester, for the larceny of a gold watch and chain from the clothing of Master Pollard, a newsboy on the Concord & Portsmouth train, while the latter was in bathing one day the previous week. The watch and chain were recovered.

Weak muscles and nerves, sluggishness of thought and inactivity, cured by Brown's Iron Bitters.

Hon. William A. Wheeler is now summering among the White mountains, but will soon go to Maine, and thence to Nova Scotia, for the benefit of his health.

"You can't sleep?" I was bothered that way till a course of Wheat Bitters fixed me.

Summer Complaints

At this season, various diseases of the bowels are prevalent, *and many lives are lost* through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a *sure* cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is *perfectly safe.*

Read the following:

BAINBRIDGE, N. Y., March 22, 1881.
PERRY DAVIS' PAIN KILLER *never fails to afford instant relief* for cramp and pain in the stomach.
JOSEPH BURDITT.

NICHOLVILLE, N. Y., Feb. 2, 1881.
The very best medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is *sure cure* every time.
JUDSON W. DEE.

MONMOUTH, IOWA, March 12, 1881.
I have used your PAIN KILLER in severe cases of cramp, colic and cholera morbus, and it gave almost instant relief. L. E. CALDWELL.

CARNESVILLE, GA., Feb. 28, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it *always cures.* Would not feel safe without a bottle in the house. J. J. B. IVY.

SACO, ME., Jan. 22, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is *safe, sure, and reliable.* No mother should allow it to be out of the family.
H. I. NAYES.

ONEIDA, N. Y., Feb. 19, 1881.
We began using it over thirty years ago, and it always gives immediate relief. Would hardly dare to go to bed without it in the house.
W. O. SPERRY.

CONWAYBORO, S. C., Feb. 22, 1881.
Nearly every family in this section keeps a bottle in the house. DR. E. MORTON.

U. S. CONSULATE,
CRESFELD, RHENISH PRUSSIA, Feb. 8, 1881.
I have known PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after years of observation and use I regard its presence in my household as an *indispensable necessity.*
I. S. POTTER, U. S. Consul.

BURTON-ON-TRENT, ENG.
I had been several days suffering and very ill from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, and found almost instant relief. H. J. NOONE.

21 MONMOUTH ST., LONDON, ENG.
During a residence of twenty-three years in India, I have given it in many cases of diarrhœa, dysentery, and cholera, and never knew it to fail to give relief. R. CLARIDGE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

THE
New Hampshire Gazette!
Established 1756.
The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.
It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.
— THE —
NEW HAMPSHIRE GAZETTE
Contains more original matter
Than any other paper of its size in the State, the editors working more with their pens than with their scissors.

TO ADVERTISERS
THE N. H. GAZETTE
Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

New Life

is given by using BROWN'S IRON BITTERS. In the Winter it strengthens and warms the system; in the Spring it enriches the blood and conquers disease; in the Summer it gives tone to the nerves and digestive organs; in the Fall it enables the system to stand the shock of sudden changes.

In no way can disease be so surely prevented as by keeping the system in perfect condition. BROWN'S IRON BITTERS ensures perfect health through the changing seasons, it disarms the danger from impure water and miasmatic air, and it prevents Consumption, Kidney and Liver Disease, &c.

H. S. Berlin, Esq., of the well-known firm of H. S. Berlin & Co., Attorneys, Le Droit Building, Washington, D. C., writes, Dec. 5th, 1881:

Gentlemen: I take pleasure in stating that I have used Brown's Iron Bitters for malaria and nervous troubles, caused by overwork, with excellent results.

Beware of imitations. Ask for BROWN'S IRON BITTERS, and *insist* on having it. Don't be imposed on with something recommended as *"just as good."* The genuine is made only by the Brown Chemical Co. Baltimore, Md.

The Future of Alaska.

With a comparatively mild climate throughout the archipelago, with most valuable ship building timber covering the islands, with a cedar that now sells at $150 a thousand feet in Sitka, with splendid harbors, with inexhaustible fisheries, with an abundance of coal, and the probability that veins of copper, lead, silver and gold await the prospector, with the possibility of raising sufficient garden vegetables, and with wild cranberry swamps on nearly every island; with all these advantages it is surprising that an industrious, amphibious, ship-building colony from New England or other states has not established itself in Alaska. One drawback is that Congress has not yet organized a territorial government, but when this region shall have been opened up to individual enterprise and settlement it will then be discovered that Alaska is a valuable possession.

Sea Shore Visits.

The annual visit to the sea shore is becoming a necessity, not only to the people of the great cities, but also to farmers and their families. There is an ancient custom in some parts of this country, (brought over it is said, two centuries ago from England), for the farm people, after the close of the hay-making season, to spend a week or two at the sea shore in tents. Whittier's "Tent on the Beach," was pitched on a part of the coast where this excellent custom has prevailed for many generations. To farmer-folk, forespent with the hard toil of the harvest field, no kind of rest is more grateful, no recreation more salutary, than is afforded by a week or so of tent-life on the beach. It is usual for several families of friends or neighbors to pitch their tents near together; and this affords to the country people an opportunity for social enjoyments, such as their busy life too seldom allows them.—*N. J. Coast Pilot.*

—A contemporary asks: "How shall women carry their purses to frustrate the thieves?" Why, carry them empty. Nothing frustrates a thief more than to snatch a woman's purse, after following her half a mile, and then find that it contains nothing but a recipe for spiced peaches and a faded photograph of her grandmother.

The "Atlantic" for August has a supplement containing a full account of the the literary exercises at the Garden Party given to Mrs. Harriet Beecher Stowe. A new steel portrait of Emerson is added to this number, as a frontispiece, with an article on Emerson, by W. T. Harris. Other features are a poem by O. W. Holmes, "Across Africa" by Charles Dudley Warner, serials by Thomas Hardy, Miss Phelps, and W. H. Bishop, while the "Studies in the South," the sixth of a series by Rev. Mr. Harmon of Franklin, will be read with interest.

Don't Waste Money

On trashy extracts when you can buy a lasting perfume so delightfully fragrant and refreshing as Floreston Cologne.

A new and elegant edition of Hawthorne's complete works, printed from new plates with the greatest care, and richly but simply bound, will soon be published by Houghton, Mifflin & Co. It will be the best edition ever issued of Hawthorne's works. The first volume will contain a steel portrait of Hawthorne, taken from a photograph in possession of the family.

A Beneficent Action.

The miserable looks and feelings of those confined at desks or work-tables, are caused by weak stomach, kidneys or bowels. Parker's Ginger Tonic without intoxicating has such a beneficent action on these organs and so cleanses the poisonous matters from the system, that rosy cheeks and good health are soon brought back again.—*Express.*

Steamer John Wilson was sunk by a snag on the Mississippi river, July 16th, and eleven lives were lost.

I Am an Old Man,

Shall be seventy-nine years of age next June, and for the last six years have suffered from general debility and old age. At times I could not get out of bed without help. I commenced to take Sulphur Bitters. In a week I felt stronger and got a mighty fine appetite. I still continue their use, and to-day I walked over three miles without feeling tired, something I haven't done in five years before. Sulphur Bitters is a right smart medicine. —*G. Brown, Keokuk, Iowa.*

Mrs. Richard McLane of Taunton, Mass., a widow lady twenty-eight years old, was brutally assaulted in Fall River on the night of the 19th inst. by three young roughs, who carried her to a vacant lot and detained her over an hour, then robbing her and escaping. One of them, named John Riley, nineteen years old, was captured by the police, and the other two are known.

To Prepare Ham for Sandwiches.

One cup of vinegar and one teaspoonful of Sea Moss Farine, boiled and strained. Add one teaspoonful of sugar, one of mixed or French mustard, salt, a teaspoonful of Cayenne pepper. Mix all well together and chop a pint of ham for this amount of dressing.

The New York *World* calls attention to the fact that the Sullivan-Wilson glove match in New York city was an illegal exhibition, prohibited by an act passed in 1859, and claims that under the provisions of that act every person present, including a judge of the court of general sessions, an assistant district attorney, three police justices, and no end of police captains, are plainly indictable for aiding and encouraging a ring fight by their presence. Theodore Tilton and Charles A. Dana were among the spectators of the ruffianly affair.

Houghton, Mifflin & Co. have in preparation a beautiful illuminated calender for 1883, to be called the "Longfellow Calender." The slip for each day will contain an appropriate quotation from Longfellow's writings.

The *Southern Farmer and Planter* of Richmond, Va., in a recent presentation to its readers of the wondrous efficacy of St. Jacobs Oil, as spoken of by those who have used it, closes by saying: "To all we commend the example and the use of St. Jacobs Oil."

Harry Hastings and Charles Smith, of the fishing schooner "M. A. Barton" of Gloucester, were lost in the fog on the banks, July 5th. They passed four days and nights in the dory, badly suffering, but were picked up on the 9th by a Norwegian bark, and left at Miramichi, N. B. They have arrived home.

Testimonials.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them as early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 19, 1870.

R. H. EDDY, Esq.,—*Dear Sir:* You procured for me, in 1840, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self cure, which he will send FREE to his fellow-sufferers, address J. H. REEVES, 43 Chatham St., N. Y.

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable xperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

Portsmouth Chronicle.

The Egyptian Trouble.

All the American missionaries in Egypt, with their families, escaped persecution and murder. Before the bombardment of Alexandria began, the American consul advised them to leave the country, and they took refuge on board the U. S. S. Galena.

Dervisch Pasha left Alexandria for Constantinople in a steam yacht on the 18th. After he had gone a telegram was received for him from the Porte, and Admiral Seymour sent a steamer after him, but he could not be overhauled.

A despatch of the 18th inst. to the London *Times* says: "Arabi Pasha's force is said to be increasing. The hesitation in attacking him at once is regarded as a fatal mistake by all the authorities here, English and foreign. It is stated that wounded natives have been paraded in Cairo for the purpose of exciting animosity. At the request of several residents the American consular authorities in Alexandria have ordered that a French shop in the same building with the American consulate be opened, and respectable residents be allowed to help themselves to such articles as they require on signing declarations showing what they have taken."

Another despatch of the same date from a British correspondent says "The conduct of the khedive causes much surprise. He has, for the last few days, allowed several persons to be at the palace who are well known to have been intimately connected with Arabi Pasha. The khedive apparently trusts them, but it may be he is endeavoring to get them thoroughly in his power. * * Arabi Pasha intends to kill all the Turks in Egypt. He says as there are not many throats to cut, it is better to cut them now. Arabi has shot Egyptians sent out by the English to get horses. I possess copies of telegrams showing that Dervisch Pasha had been in communication with Arabi up to the moment of his departure. All available railroad employes are being collected, and everything betokens an early initiative on our part. Gen. Roberts is reported to have landed at Suez. Reports come from Cairo that Arabi sent a party of soldiers to pillage the capital, but the commander there executed them."

The London *Times*, in a leading article on the 19th, says there is nothing now for England to do but to "pacify" Egypt by force, and definite orders would at once be issued to that effect.

News and Notes.

It is thought that Mr. Robeson's naval appropriation bill will not have as pleasant a passage through the senate as it had in the house. The *Tribune's* correspondent says: "A spirited fight over the naval appropriation bill in the senate is anticipated. The naval committee of the senate has been ignored, the most important of its functions having been assumed by the appropriations committee, in considering and passing upon plans for the reorganization of the navy. The plans formed part of the bill as it came from the house, and they were necessarily referred to the appropriations committee of the senate. The naval committee of the senate had plans for reorganization under consideration for a long time, but by this movement it is likely to have its work rendered nugatory."

The steamship Alhambra, which was in collision with the steamer Rhode Island in Long island sound on the morning of the 19th inst., did not keep on for Halifax, as first reported, but put back to New York, with a hole twenty-four feet long and six feet wide in her starboard bow, above the water line. The Rhode Island had her port paddle box and wheel carried away, and her barber shop and four staterooms destroyed.

A boy named John Cahill, scarcely thirteen years old, was found dead drunk and tied to a log in Hartford, Conn., on the 18th inst. The wretch who sold him the liquor is known.

At San Antonio, Texas, a few nights since, Ben Thompson, chief of police at Austin, killed Jack Harris, and was afterward arrested for murder. This makes the thirteenth man Thompson has killed, and he has always escaped on the plea of self defense. Friends from Austin have gone to his rescue, and it is probable that he will get out of this case too.

By the breaking of a car axle on the Prince Edward island railroad, on the 18th inst., two cars were thrown from the track, and four persons were fatally injured, including a woman and child.

A Texas paper reports: "Rev. W. H. H. Murray lectured on 'Hades' in San Antonio the other day. He declared the hell of scripture a myth."

John Bright says he knows of but one war since the days of William that was justifiable, and that was the war for the preservation of the American union.

The army worm is doing a good deal of mischief at Fall River, Mass., and also in Swansea and Somerset. Many fields there are bare and brown from this scourge, and the farmers are mowing their oats, barley and other grain, although yet only in the milk, to save what they can from total loss.

Miss Mary Hall, of Hartford, Conn., is to be admitted to practice law at the bar in that state, the supreme court of errors having decided that women are eligible to admission as attorneys, and that their sex is no bar.

Mrs. Haskell (formerly Miss Mary Beebe, and a member of the Boston Ideal Opera Co.,) has returned to her old home in Columbus, Ohio, and engaged to sing with the choir of the First Presbyterian church of that city.

Mr. W. D. Howells and family will sail for Europe soon, to be gone a year. Mr. T. B. Aldrich, editor of the "Atlantic Monthly," now in Europe, will visit the northern countries, possibly Russia, and return in the fall.

Mr. D. J. Maguinnis, the comedian of the Boston theatre, was married on the 16th inst. at Wilton, Me., to Miss Emma Smiley.

The schoolship Jamestown arrived at Boston on the 20th inst., and will be docked for repairs.

AROUND HOME.

Seven hacks, six express wagons, three York beach coaches, three Wentworth house coaches and two Rye beach teams, are among the regular attendants on the arrival of trains at the Eastern railroad station in this city.

A hogshead of molasses at Ward's distillery burst last Thursday forenoon, fairly deluging some of the hands employed there. The head of the hogshead was blown thirty feet away, but fortunately no person was in range.

Two three-card monte swindlers tried to work their little game on Mr. Jas. L. Martin at the Eastern railroad station on Wednesday of this week, but our worthy townsman did not hook on worth a cent. Mr. Martin tried to keep the fellows engaged in conversation in hope that a police officer might appear, but they quickly left on finding out that they were not baiting a gudgeon.

The schooner Water Lily, Capt. Bray, is fitting out for a cruise in the Bay of Fundy, sword-fishing. Mr. George Tobey is going as mate of the boat, and she will carry a crew of five men. She will ice her fish, and run to Boston or Portland for a market, as circumstances may indicate would be best. No sword-fish have been marketed here up to this date (July 20th,) but they have appeared in these waters; the Water Lily struck one on Saturday afternoon, the 15th, near Boon island, but lost him through not having the proper gear to secure him. Sword-fish was quoted at twelve cents a pound in the Boston market on the 19th, the supply being very small.

A large party from Manchester arrived in this city per Concord & Portsmouth railroad on Thursday morning of this week, and went to the Shoals by steamer Appledore. The party was made up of members and attendants of the Hanover street Congregational church of Manchester, and numbered between 190 and 200.

The schooner Chilion, Call master, was in the lower harbor on the 20th inst., with a large fleet of other coasters, most of them bound west; the fog was very dense, and the vessels intended to wait for the weather to clear up before they would clear out.

On Wednesday of this week a horse belonging to Cottle & Son, of Kittery, took fright at a passing train when on Noble's island, and broke one of the traces. The animal was taken from the wagon, and after quite an exciting circus performance with his owner was brought over the bridge, and tied to a building where he could become familiar with the sight of engines and trains. Another series of circus performances was the only apparent result.

It is reported that a hotel is to be built on the site of the one formerly owned by Capt. Jesse Frisbee at Kittery Point, burned a few years ago. No place around here offers finer river and sea views than Kittery Point, and the landward attractions are many, including some beautiful drives.

Gen. S. L. Butterfield, of north Kittery, has a cow of mixed Jersey and black Dutch breed, from whose milk between ten and eleven pounds of butter is made per week; she is a nice animal, and her owner is quite proud of her. He has been offered a fancy price several times for her last calf, but so far has declined to sell.

The Pepperell house, at Kittery Point, is reported to have sixty guests, about a full complement. Mr. Joseph Purritt, the boatman of the house, has among the fleet in his charge a fifteen-foot gig brought from one of the western states by a guest of the hotel.

A CUNNING TOAD.

Mr. Charles White, of Newcastle, has a brood of chickens which have the run of a portion of the yard, the old hen being kept shut up. The chickens are fed with moistened meal in saucers, and when the dough gets a little sour it attracts large numbers of flies. An observant toad has evidently noticed this, and every day along toward evening he makes his appearance in the yard, hops to a saucer, climbs in, and rolls over and over until he is covered with meal, having done which he awaits developments. The flies, enticed by the smell, soon swarm around the scheming batrachian, and whenever one passes within two inches or so of his nose his tongue darts out, and the fly disappears; and this plan works so well that the toad has taken it up as a regular business. The chickens do not manifest the least alarm at their clumsy and big-mouthed playmate, but seem to consider it quite a lark to gather around him and peck off his stolen coat of meal, even when they have plenty more of the same sort in the saucers.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Food and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and excites a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from inactivity and weakness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither pails upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and restores the vigor of health.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial nourishment—and especially those who are limited to Cows' milk—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of fat-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fac-simile of Baron von Liebig, and a fac-simile of his Signature, as well as that of A. VOGELER & CO., Baltimore, Md., Sole Agents for America.

LIFE INSURANCE !

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Appledore and Oceanic

HOTELS.

THE staunch, sea-going steamer Appledore, Capt. Albert Rand, leaves Jones' wharf, near the foot of Deer street, for these favorite and widely-known ocean resorts, daily, (Sunday excepted,) at 11 o'clock A. M., and six o'clock P. M. Returning, leaves the islands in season to connect with the morning and evening trains on the Eastern railroad for Boston and the west. Baggage checked through from Boston and intermediate stations, and returned free.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, **with the best of beds**, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

MUNICIPAL AFFAIRS.

In Board of Mayor and Aldermen, regular meeting, Thursday evening, July 20th, Mayor Sise in the chair:

Present, the full board.

The records of last meeting were read and approved; also the records of a special meeting held July 8th, at which it was voted that this city join other cities in resisting the engine-valve suits, and at which the several banks of the city were invited to bid for the deposits of and temporary loans to the city.

City marshal's report was received and accepted.

J. W. Parsons and others asked the acceptance of a light at the junction of Congress and Chestnut streets; accepted.

Petition of James Janvrin and others for the cleaning of the crosswalks after sunrise and before breakfast time, for the convenience of working men, was referred to the committee on streets.

A large number of bills on account of the several departments, approved by the heads of the departments but which had not been laid before the finance committee, were presented, with requests that they be paid, on account of the taxes being now due. Ordered that they be paid.

Ald. Green moved, and Ald. Martin seconded, that the city bills be paid fortnightly; referred to the finance committee, to report.

A tax bill from the town of Newcastle, claiming $17.38 as taxes on Pest island, was presented. The mayor said the island belonged to Portsmouth, and that by a survey of 1867 it was shown to be within the limits of the city. No vote was taken on the matter.

Two bids were reported from banks, for receiving deposits from and making loans to the city, namely: New Hampshire national bank, to pay 2 1-4 per cent on deposits, and make loans at 4 1-2 per cent; the National Mechanics & Traders' bank, to pay two per cent on deposits, and make loans (not exceeding $30,000) at five per cent. The bid of the New Hampshire bank was accepted.

The petition for permission to place telephone poles on Vaughan street was granted.

Offer of Frank B. Johnson to remove his steps from the sidewalk on Hanover street, on payment of $10, was accepted.

Proceeded to elect four members of the board of instruction, namely: Helen C. Knight, Charles E. Batchelder, Mercer Goodrich and Charles H. Garrett.

Petition of Oliver H. Loomis and others, for a crosswalk on Austin street, was reported on—leave to withdraw. Report adopted.

Application for the appointment of a keeper of house of correction at the city farm, was referred to the committee on police, to report.

The Wilson house obstruction was discussed, as usual.

Adjourned.

JUMBO.

Some of the many Portsmouth people who went to Dover to see Jumbo are loud in their expressions of admiration at the big insect, while others openly denounce him as being a fraud and a delusion, and say he is not so much bigger than other elephants, only that his legs are longer than usual. One elderly gentleman, who has a vivid remembrance of Joyce Heath, the woolly horse, the living Feejee mermaid, and other wonderful objects exhibited by Barnum in the long ago, expresses the opinion that Jumbo is only one of Barnum's old elephants that has been built on at the bottom—fitted with stilts, as it were—and that all the touse made in England about Jumbo's being brought away was paid for with Barnum's money, as an advertising dodge; he says Jumbo is a scraggy old critter, and doesn't amount to a row of pins anyway.

TEMPERANCE MEETING.

Notwithstanding the heat a good number of persons attended the Bow Mission meeting on Thursday evening, to hear Mr. J. E. Gifford's temperance lecture. The subject was "The enemy with which we have to contend, and the means for his overthrow." The lecture was one which both the friends and foes of temperance should have heard; it was clear, fercible, and well calculated to incite those present to continue faithful, knowing that their cause is right and *must* prevail. A number of signatures were obtained to the pledge. This was a good beginning for the first meeting, and it is proposed to continue the gatherings every Saturday evening.

The steamer Iris, a lighthouse tender, came up the river last Thursday forenoon, and sailed for Portland later in the day. She will visit this place again next week, and place near Kitt's rock, half a mile seaward of Whalesback, a whistling buoy which will sound in all kinds of weather when there is any motion of the sea at all, and which until its screaming becomes familiar will be regarded by many people as an annoyance.

Hon. Wm. A. Wheeler, ex-vice president of the United States, arrived at the hotel Wentworth on Thursday.

The schooner yacht Magic, of Boston, remained in the lower harbor on Thursday of this week, the fog preventing her proceeding on her cruise. She was at the Shoals on the Sunday previous, and came into the lower harbor on Wednesday, some of her passengers taking the opportunity to return to Boston by rail, having had all they wanted of sailing about in a fog.

Mr. Heman F. Eldredge has leased the charming Heywood cottage, at Newcastle, for the season.

Hon. H. B. Perkins of New York, an eminent Tammany politican, was in town on Thursday last. He is a native of Dover.

Dog-day weather seems to have set in. The Whalesback fog-horn commenced making music early this week, and has kept it up right aloug since, day and night, with but brief intervals of rest.

The pay of the naval officers attached to this station aggregates over $70,000 per year.

Mr. Brewster Caswell, of Rye, for some time past attached to the life-saving station there, has been appointed to take charge of the station, in place of Capt. Philbrick, resigned. Mr. Brewster is not only thoroughly conversant with surf-boating and the other duties he is liable as a life-saving station man to be called on to perform, but has a good war record, having enlisted at Rockland, Me., under Gen. Chamberlain, and served three years and nine months, until honorably mustered out. He was in the battle of Gettysburg.

Hon. Chas. Levi Woodbury, who has been spending several days in town, visited Appledore island on Thursday last.

Chief Engineer Benjamin F. Garvin, U. S. N., arrived in this city on Thursday of this week, and is staying at the Rockingham house.

The navy yard will not close before the 1st of August, if it does then. In the national senate, on the 19th inst., Mr. Allison called up the house joint resolution, continuing appropriations of the last fiscal year until July 31st. He said that as the period for which the appropriations were continued by a prior resolution would expire on the 20th, the ordinary operations of the government could not be carried on after the 19th unless the pending resolution was passed at once. Mr. Sewell announced that a large number of discharges from government positions had already occured in consequence of action on the matter not having been taken earlier in the day. The resolution was then passed.

Chief Engr. Garvin reported for duty on the 20th inst. as chief of the department of steam engineering at the navy yard, relieving Chief Engr. D. B. Macomb, who is placed on waiting orders.

With an automatic whistling buoy on Kitt's rock, and the Whalesback fog-horn making all the noise possible, the dwellers in Newcastle and the guests at the hotel Wentworth will have a joyful time whenever there is a thick fog and a heavy sea, with a southeast breeze blowing.

Blueberries of extra large size and sweetness, brought in from the Agamenticus region of York, were selling at retail in the stores on the 20th at sixteen cents a quart.

The schooner yacht Una arrived at the Shoals on Thursday morning of this week from an extended trip to the eastward, and came up the river Thursday noon in tow of the tug Ann. She sailed from this port several weeks ago, intending, as was stated at the time, to proceed to Quebec; but we understand that she only went as far as Prince Edward's island. Her jibboom was carried away on the cruise, and it will be replaced by Neal & Hunter; she hauled in to the wharf in the rear of George T. Vaughan & Co.'s store, to refit.

Mr. Charles H. Foote, for a long time past the flagman at the Vaughan street crossing, has recently been placed in charge of the gates on the Noble's island bridge, a position involving great care and considerable responsibility.

[*For other local matter see second page.*]

"Are You Troubled

With conscientious qualms?" asked a friend. "You look troubled." "So I am," said the sufferer; "but it is with the toothache." "More fool you," replied the comforter; "get it pulled out, and buy a bottle of SOZODONT, and preserve the good teeth from a like calamity."

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup. "It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere Twenty-five cents a bottle. eod&wtjan82

Stones In the Kidneys

And Bladder Expelled--Long Suffering of one of Troy's Best People--
A Lucky Man.

It is by no means a strange thing that Dr. Kennedy should have received the following letter. By reading it you will see in one minute why James Andrews was thankful:

TROY, N. Y., April 8th, 1880.

Dr. D. Kennedy, Rondout, N. Y.:

DEAR SIR:—Until within a recent date I had for several years suffered greatly from gravel, called by the doctors the Brick-dust Sediment. For about a year past this sediment has not passed off in the usual quantity, but has accumulated, causing me untold pain. Having heard of "Kennedy's Favorite Remedy" I tried it in my case, and after using about one one-half bottles, I voided a stone from the Bladder, of an oval shape, 7-16 of an inch long, and rough on its surface. I send you the largest piece that you may see of what it is composed. Since then I have felt no pain. I now consider myself cured, and cannot express my thankfulness and gratitude for so signal a deliverance from a terrible disease. You have my consent to use this letter, should you wish to do so, for the benefit of other sufferers.

Yours truly, JAMES ANDREWS.

No. 10 Marshal St., Ida Hill.

When we consider that the medicine which did this service for Mr. Andrews costs only one dollar a bottle, it would seem that persons afflicted in like fashion can afford the expense of testing its virtues. Get it of your druggist, or address Dr. David Kennedy, Rondout, N. Y. "Dr. Kennedy's Favorite Remedy" for sale by all druggists.

THE BEST AND The Richest BLOOD, BRAIN and NERVE

-F-O-O-D-

CAREFULLY PREPARED, THOROUGHLY TESTED, ACCEPTABLE AND RELIABLE.

The Phosphates of the Wheat are its most valuable food property, and are, when properly prepared, the most acceptable nutriment with which to build up the system.

The Blood, Brain and Nerves are the forces which bear the strain of every day work and life, and in order to save sickness it is wise to BUILD UP HEALTH.

Wheat Bitters are prepared, *not by fermentation* but by solution and are richest in the Phosphates, while the starch and impure matter are eliminated. These tanks in themselves a basis, to which is added the best and choicest medicinal qualities, necessary to make it a tonic and bitter. Elegant once healthful, pleasant to the taste and must not be confounded with the thousand and one cheap alcoholic bitters which are sold as cure-alls. Medicine is doubly effective when used with food, so as to nourish while it corrects.

Sold by druggists, $1.00 per bottle.

A NOTED BUT UNTITLED WOMAN.

[From the Boston Globe.]

Messrs. Editors:—

The above is a good likeness of Mrs. Lydia E. Pinkham, of Lynn, Mass., who above all other human beings may be truthfully called the "Dear Friend of Woman," as some of her correspondents love to call her. She is zealously devoted to her work, which is the outcome of a Kindly, and is obliged to keep six lady assistants, to help her answer the large correspondence which daily pours in upon her, each bearing its special burden of suffering, or joy at release from it. Her Vegetable Compound is a medicine for good and not evil purposes. I have personally investigated it and am satisfied of the truth of this.

On account of its proven merits, it is recommended and prescribed by the best physicians in the country. One says: "It works like a charm and saves much pain. It will cure entirely the worst form of falling of the uterus, Leucorrhœa, Irregular and painful Menstruation, all Ovarian Troubles, Inflammation and Ulceration, Floodings, all Displacements and the consequent spinal weakness, and is especially adapted to the Change of Life."

It permeates every portion of the system, and gives new life and vigor. It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach. It cures Bloating, Headache, Nervous Prostration, General Debility, Sleeplessness, Depression and Indigestion. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. It will at all times, and under all circumstances, act in harmony with the law that governs the female system.

It costs only $1. per bottle or six for $5., and is sold by druggists. Any advice required as to special cases, and the names of many who have been restored to perfect health by the use of the Vegetable Compound, can be obtained by addressing Mrs. P., with stamp for reply, at her home in Lynn, Mass.

For Kidney Complaint *of either* sex this compound is unsurpassed as abundant testimonials show.

"Mrs. Pinkham's Liver Pills," says one writer, "*are the best in the world* for the cure of Constipation, Biliousness and Torpidity of the liver. Her Blood Purifier wonders! Its special liver and kidney pills to equal the Compound in its popularity.

All must respect her as an Angel of Mercy whose sole ambition is to do good to others.

Fifty hands employed in Pillsbury's shoe shops at East Northwood struck on Monday, the 17th inst., for an increase of wages. Tuesday the difficulty was adjusted, and the men returned to their benches.

The Elm House, at the South Road village in Salisbury, an ancient hotel and favorably known to summer boarders, was, with its contents, burned on the night of the 18th inst. The fire is supposed to have been the work of an incendiary. The building was owned by the Paige Brothers of Henniker, whose loss is estimated at $3000, with insurance. The house was kept by F. P. Drew of Belmont, who was absent at the time, and who loses the furnishings, valued at $2000 and not insured. The summer boarders have found accommodations among the neighboring farmers.

William B. Morrill, heretofore equally interested with Charles Marseilles in the ownership of the Exeter *News-Letter*, has purchased the interest of Mr. Marseilles, and hereafter will have entire control of the paper.

A severe shock of earthquake, lasting two minutes, was felt in the city of Mexico and the surrounding country July 19th. No serious damage was done, beyond scaring the people so that they took to praying.

Fourteen hundred houses were burned in Smyrna on the 19th inst., and 6000 persons rendered homeless; only one life was lost.

A boy named James Donovan, fifteen years old, employed in the brass works at Ansonia, Conn., stole a piece of phosphorus a few days ago, and put it in his pocket. It took fire from the heat of his body, and he was terribly burned.

Father William J. Dougherty of Brighton beach, Coney island, has been suspended by his bishop from exercising the functions of a priest. Some time ago he raised $2000 for his church debt by inducing the proprietor of a local racecourse to devote one day's receipts to that purpose, but when the bishop heard of it he suspended him and ordered him to return the money.

I had Faith.

About six months ago I was advised to consult Mrs. Hall, the great Spiritualist doctor, to see if she could cure me of scrofula from which I have suffered from childhood. She said that if I would have faith in the medicine she gave me, that she could cure me. I took her medicine and in less than three months I was cured. Why, the way the medicine worked was a miracle. I begged her to tell me what the medicine was made of, but she said she could not do so; finally she told me that the medicine was Sulphur Bitters and that she never knew it to fail in all such cases as mine.—*Mrs. Clara Knowlton.*

Arthur E. Stearns, fourteen years old, of West Townsend, Mass., died July 16th from toy-pistol lockjaw.

Adamson's Botanic Balsam has gained a reputation which places it in the front ranks of curative agents. It has been in the market but about ten years. It is now recommended by the best physicians and others because it cures coughs and colds every time. Price, 35 cents.

Joseph Gartland, fourteen years old, died in South Boston on the 16th inst., from toy-pistol lockjaw.

Improvement for Mind and Body.

There is more strength-restoring power in a bottle of Parker's Ginger Tonic than in a bushel of malt, or a gallon of milk. As an appetizer, blood purifier and kidney corrector, there is nothing like it, and invalids consequently find it a wonderful invigorant for mind and body.—*Commercial.*

Frank Coffey, aged thirteen years, of Canton, Mass.; Michael O'Connell, aged thirteen years, of Salem, Mass.; and three boys in Providence, R. I., were all reported to be dying on the 19th inst., from toy-pistol lockjaw.

Found at Last.

An agreeable dressing for the hair, that will stop its falling, has been long sought for. Parker's Hair Balsam, distinguished for its purity, fully supplies this want.

Benjamin Clifford, eleven years old, of North Danville, Vt., died July 19th from toy-pistol lockjaw.

Weak muscles and nerves, sluggishness of thought and inactivity, cured by Brown's Iron Bitters.

Summer Complaints

At this season, various diseases of the bowels are prevalent, *and many lives are lost* through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a *sure* cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is *perfectly safe.*

Read the following:

BAINBRIDGE, N. Y., March 22, 1881.
PERRY DAVIS' PAIN KILLER *never fails to afford instant relief* for cramp and pain in the stomach.
JOSEPH BURDITT.

NICHOLVILLE, N. Y., Feb. 2, 1881.
The *very best* medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is *sure cure* every time.
JULIUS W. DER.

MONROONA, IOWA, March 12, 1881.
I have used your PAIN KILLER in severe cases of cramp, colic and cholera morbus, and it gave almost instant relief. L. E. CALDWELL.

CARNESVILLE, Ga., Feb. 28, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it *always cures.* Would not feel safe without a bottle in the house. J. R. IVIE.

SACO, Me., Jan. 22, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is *safe, sure, and reliable.* No mother should allow it to be out of the family.
H. I. NAYES.

ONEIDA, N. Y., Feb. 19, 1881.
We began using it over thirty years ago, and it always gives immediate relief. Would hardly dare to go to bed without a bottle in the house.
W. O. SPERRY.

CONWAYBORO, S. C., Feb. 28, 1881.
Nearly every family in this section keeps a bottle in the house. DR. E. MCKNON.

U. S. CONSULATE,
CREFELD, RHENISH PRUSSIA, Feb. 8, 1881.
I have known PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after years of observation and very extensive use I regard it as my household as an *indispensable necessity.*
I. S. BUTTER, U. S. Consul.

BURTON-ON-TRENT, ENG.
I had been several days suffering severely from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, and found immediate relief. H. J. NOONE.

31 MONTAGUE ST., LONDON, ENG.
During a residence of twelve years in India, I have given it in many cases of diarrhœa, dysentery, and cholera, and never knew it to fail to give relief. S. CLARIDGE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

THE

New Hampshire Gazette!

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

New Life

is given by using BROWN'S IRON BITTERS. In the Winter it strengthens and warms the system; in the Spring it enriches the blood and conquers disease; in the Summer it gives tone to the nerves and digestive organs; in the Fall it enables the system to stand the shock of sudden changes.

In no way can disease be so surely prevented as by keeping the system in perfect condition. BROWN'S IRON BITTERS ensures perfect health through the changing seasons, it disarms the danger from impure water and miasmatic air, and it prevents Consumption, Kidney and Liver Disease, &c.

H. S. Berlin, Esq., of the well-known firm of H. S. Berlin & Co., Attorneys, Le Droit Building, Washington, D. C., writes, Dec. 5th, 1881:

Gentlemen: I take pleasure in stating that I have used Brown's Iron Bitters for malaria and nervous troubles, caused by overwork, with excellent results.

Beware of imitations. Ask for BROWN'S IRON BITTERS, and *insist* on having it. Don't be imposed on with something recommended as *"just as good."* The genuine is made only by the Brown Chemical Co. Baltimore, Md.

SULPHUR BITTERS

They Settled it.

In a breach of promise suit in Montana not long ago the plaintiff said that the defendant, having clearly understood the date fixed for the wedding, had failed to appear on that important day. He afterward had come to the house, but she being angry had set the dogs on him. The defendant admitted that a day had been named for the ceremony, and further said that he had intended to be present as per agreement.

"Then," said the judge, "why did you not appear?"

"Well, judge, the fact is I was treed by a bear all day and night, and couldn't possibly get away in time."

The case was dismissed a few moments later, and Miss Plaintiff became Mrs. Defendant.

T. W. Stuedee, alias T. W. Conley, of Pittsfield, Mass., who five years ago obtained thirty-one volumes of the "Birds of America" to be bound, and did not return them, and who was tried and convicted the other day, was sentenced to two years in the house of correction, the extreme limit of the law. District Attorney Waterman read letters he had received from parties all about the country, whom Conley had swindled in the same way, and there are indictments against him in Hampden county, Mass., and Connecticut.

Hay Fever.

For hay fever I recommend Ely's Cream Balm. It entirely relieved me from the first application; have been a sufferer for ten years. Going from home and neglecting to take the remedy, I had an attack; after returning I immediately resorted to it, and found instant relief. I believe, had I begun its use earlier, I should not have been troubled. J. COLLYER, clerk, 118 Broad street, Elizabeth, N. J.

MESSRS. WHITE & BURDICK, Druggists, Ithaca, N. Y.—I recommend to those suffering (as I have been) with hay fever, Ely's Cream Balm. I have tried nearly all the remedies, and give this a decided preference over them all. It has given me immediate relief. C. T. STEPHENS, Hardware Merchant, Ithaca, N. Y. Price fifty cents.

The Central Temperance committee at Concord last Thursday began the collection of subscriptions to pay speakers to convass the state for the purpose of securing, as far as possible, the nomination of candidates for representatives who in the next legislature will vote to submit to the people the question of calling a convention to amend the constitution so as to forbid the manufacture and sale of spirituous liquors as a beverage.

When pangs the mortal flesh assail,
And give a bitterness to life,
Making the cheek with anguish pale,
Amid the fierce internal strife;
Then Sanford's Ginger soothes the pain,
And smiling health looks up again.

John H. Clark, a boy who was wounded in his head on the 5th inst., died of lockjaw on the 13th, at his parents' residence in Nashua. His wound was caused by a toy pistol.

Impure water, unhealthy climate, unripe fruit, unwholesome food, malaria and a thousand little ills are nothing to those fortified by the use of Sanford's Ginger, "the delicious."

Forty shares of the New Hampshire Fire Insurance company stock were purchased by G. Byron Chandler of Manchester, recently, at auction, for $120 per share.

More pails were made at Beaver mills, Keene, during the month of June, than ever before in the same number of time—44,500. About 30,000 has been the monthly average in years past.

☞ "Presumption begins in ignorance and ends in ruin." On the other hand, the production of Kidney-Wort began with wise cautions and scientific research, and its use ends in restoring shattered constitutions and endowing men and women with health and happiness. "My tormented back," is the exclamation of more than one poor hardworking man and woman; do you know why it aches? It is because your kidneys are overtasked and need strengthening, and your system needs to be cleansed of bad humors. You need Kidney-Wort.

☞ No family Dyes were ever so popular as Diamond Dyes. They never fail. The Black is far superior to logwood. The other colors are brilliant.

By Universal Accord,

AYER'S CATHARTIC PILLS are the best of all purgatives for family use. They are the product of long, laborious, and successful chemical investigation, and their extensive use, by physicians in their practice, and by all civilized nations, proves them the best and most effectual purgative Pill that medical science can devise. Being purely vegetable no harm can arise from their use, and being sugar-coated, they are pleasant to take. In intrinsic value and curative powers no other Pills can be compared with them; and every person, knowing their virtues, will employ them, when needed. They keep the system in perfect order, and maintain in healthy action the whole machinery of life. Mild, searching and effectual, they are especially adapted to the needs of the digestive apparatus, derangements of which they prevent and cure, if timely taken. They are the best and safest physic to employ for children and weakened constitutions, where a mild but effectual cathartic is required.

For sale by all druggists.

Mr. Eben Parsons, a respectable citizen of West Gloucester, Mass., eighty-five years of age, started Wednesday morning, the 19th inst., for magnolias in the swamp, and did not return. The neighbors were searching all night, and Thursday a fresh lot of men from town, with some of the police, continued searching the swamp in every direction.

"You can't sleep?" I was bothered that way till a course of Wheat Bitters fixed me.

The wife of John F. Cummings of Somerset, Mass., arose last Thursday morning about four o'clock, took a three-year-old child in her arms, and jumped from the wharf into the river. Her husband, who was asleep in another room, discovered her absence about an hour afterward, and on searching found the bodies in the river. The woman had shown slight symptoms of insanity for several years, and it is supposed committed the act in an insane freak.

Vigor, strength and health all found in one bottle of Brown's Iron Bitters.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self cure, which he will send FREE to his fellow-sufferers, address J. H. REEVES, 43 Chatham St., N. Y.

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. News and Notes.

A barbarer named George Fisher, forty years old, committed suicide at Portland, Me., July 18th, by throwing himself in front of an engine in the Grand Trunk railway yard. A letter found in his pocket said he had spent all his money, sold his clothes for rum, and bade his employer good bye.

Oscar Wilde pronounced Miss Alsatia Allen of Montgomery, Ala., the most beautiful young lady he had seen in the United States.

Eddie McAvery, aged eleven years, died in Worcester, Mass., July 20th, of toy-pistol lockjaw.

William F. Parker, ten years old, was drowned at Holden, Mass., July 19th, while bathing.

George McKenney, aged twenty-one years, had one leg cut off by the cars at Westboro', Mass., July 20th.

John Shay, of Newburyport, aged twelve years, was picked up insensible in the road on Wednesday night, the 20th inst. He had a deep gash three inches long on his right temple, and was probably struck and knocked down by a team. His injuries will prove fatal, it is thought.

A late census bulletin shows that of the total population of Vermont, 332,826, a little less than one-eighth, are of foreign birth. This is a decrease of about 7,000 in the foreign born, since the census of 1870. Of the foreign element just one-half were born in Canada, the next largest number coming from Ireland. The colored population of the state numbers 1,046, an increase of 146 since 1870.

In the bombardment of Alexandria, a heavy part was played by the Inflexible, reported to be the finest warship in the world, measuring 11,806 tons, with engines of 8000 horse power, and capable of a speed of thirteen miles an hour. Her iron armor is from sixteen to twenty inches in thickness. Her special armament consists of four 81-ton guns, throwing balls that weigh more than 1600 pounds. If, in these guns, the ordinary rule of heavy artillery practice is followed, every cartridge would contain about 150 pounds of powder. It is no marvel that such guns did fearful execution on the defences of Alexandria.

The Kennebunk *Star* reports that the Boston & Maine railroad company are taking preliminary steps for the building of a branch road from Kennebunk to the sea at Kennebunkport. The distance is four and a half miles. A charter for the road was granted by the Maine legislature in 1880. The estimated cost of the road is $65,000.

AROUND HOME.

The Unitarian grove meeting at the Weirs commences to-day, Saturday. Tickets to the Weirs and return, good until August 23d, can be obtained at the Concord railroad station at $2.60 each.

Thirty-six vessels, nearly all coasters bound west, and detained by the previous foggy weather, sailed from the lower harbor early Friday morning, the fog having lifted.

It is reported that the Wentworth house, at Newcastle, will be enlarged after the close of the present season of summer travel by the addition of two hundred feet to its eastern end.

The steamer James Sampson had all the passengers she could accommodate on her trips between this city and Kittery Point on Friday, both ways.

At a late meeting of the trustees of the Chase Home for Destitute Children the vacancies occasioned by the deaths of Hon. Albert R. Hatch and Hon. Ichabod Goodwin were filled by the choice of John Hatch, Esq., and the rector (ex-officio) of St. John's church. T. Salter Tredick was elected chairman, and Jos. H. Foster treasurer.

The hay crop in this vicinity is to a great extent in the barns. It is the heaviest crop ever known hereabouts, and is of superior quality, the weather since the haying season commenced having been the most favorable one for years, for curing hay.

The force of joiners, sailmakers and caulkers on the navy yard was increased on Friday.

The fifth schooner belonging to the Dover Navigation Co. will be launched from a yard in Bath, Me., in a few days. She is 118 feet long, thirty feet beam, and nine feet in the hold, and will have cost $18,500 when fitted for sea. She will be commanded by Capt. John Willetts, and named the "Z. S. Wallingford."

On the night of Thursday, the 13th inst., the house of John Wood in Newmarket was entered by burglars, and over a hundred pounds of pork and a jar of butter stolen from the cellar. Mrs. Wood was awakened by hearing the back door open, and supposing it was some of the family she spoke, but receiving no answer went into the entry and found the door leading to the cellar open, as was also the back door. She aroused her husband and the rest of the family, who got to the door just in time to hear a team drive rapidly away. A piece of pork was found in the road near the house, which the thieves dropped in their hasty exit. They entered the house through a pantry window that was left open. It is supposed that an attempt was made to enter the house of Mr. Wood's son the same night, as the family were aroused by the furious barking of the dog. On Friday night, the 14th, the house occupied by Mr. John Bradford was entered through the cellar, but the thieves did not succeed in obtaining any booty.

A boy named Spurlin, in Dover, was on the 20th inst. reported to be suffering from lockjaw occasioned by a toy-pistol wound in the hand.

A squaw belonging to the tribe of Indians, who are camping in this vicinity inflicted a dangerous bite on the arm of Officer Samuel Taylor, who was arrested for drunkenness on Livermore street, Friday evening.

AN "EXECUTIVE SESSION."

In Section 10, Chapter 46, of the General Statutes of New Hampshire, referring to the city councils of cities, it is ordered concerning "each branch of the city councils" that "their meetings shall be public." This language is plain and explicit; it does not provide that "some" of the meetings "shall" be public, or that all of them *may* be, but that *all* of them "*shall* be public;" and unless public they are of course illegal,—mere caucuses of private individuals,—and their acts not binding on the municipalities they claim to represent.

But it seems that when the ordinarily sensible citizen is elected an alderman, he immediately fancies himself above the law-making power of the state, and not amenable to the statute law. We had an illustration of this in Portsmouth in November last, when the board of mayor and aldermen held a "private" session, from which the public in general and newspaper reporters in particular were excluded, (but of which we gave a full report all the same,) at which they assumed to bind the city in the matter of bonds in the Mason suits.

Now it appears that the Dover board of aldermen are impressed with the same idea—that a board of aldermen are above and beyond the state law, and can hold private meetings and "executive sessions" when it pleases them, the statutes to the contrary nowithstanding. It seems that Mrs. Clarinda Leighton sued the city of Dover for damages on account of an accident due to a defect in the street; the jury awarded her $1750, which the court reduced to $1000, and Mrs. Leighton had signified her willingness to accept that sum; and a special meeting of the Dover board of mayor and aldermen was called for the evening of the 19th inst., to consider the question. The *Democrat's* report of the meeting says:

The city solicitor was present, and the members evinced anxiety to know just how he viewed the matter. Everyone believed that the city had been unjustly treated, that the verdict was an outrageous one, and that the settlement of this case would go far toward determing other cases now pending. Mr. Kivel, attorney for plaintiff, and some other gentlemen were present. After an explanation by the city solicitor, Ald. Quaid moved that the board go into executive session, in order that discussion might be free and untrammelled.

Attorney Kivel, council for Mrs. Leighton, objected, but it was evident that the board thought this was a matter that should be discussed with closed doors. Mr. Kivel believed that if he had to leave, that the city solicitor should also go. The board thought otherwise.

Ald. Quaid explained in executive session his reasons for a session with closed doors. After a lengthened discusion it was voted to pay the one thousand dollars to Mrs. Laighton.

Any such "executive session" is clearly illegal, and its proceedings null and void.

THAT UNION STATION.

The report about the proposed immediate improvement by which the passenger trains of the Concord & Portsmouth railroad were to run into the Eastern station, and the present passenger station of the former road be used as a general freight depot, we learn from good authority had no other basis than the fact that the Concord road has bought the property on the north side of Deer street between the stations of the two roads. A union passenger station for the two lines was talked of a dozen years ago, and the plan is now about a dozen years of talk nearer its completion than it was when first suggested,—and that is all the progress it has made.

A Trial Package Sent Free.

We feel so near confident that you will send for a box of our medicine after using a sample package and learning how it acts, that we are willing to go to the expence of sending you a trial package free. Thus we offer our

Homeopathic Regulative Tonic,

wholly upon its merits as you are not asked to buy it until after you have given it a trial, and have become convinced that it is an excellent thing, and you don't care to do without it.

Our **REGULATIVE TONIC** acts exclusively upon the bowels to produce regular healthy action in cases of torpidity and constipation. It does not act as a cathartic, and therefore leaves no sickness or debility, such as follows that class of medicines, but produces a cure in almost every case by getting the bowels in the habit of regular, healthy action.

Send postal card to our office, and address for sample package.

LIFE INSURANCE !

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Returning, leaves the Islands in season to connect with the morning and evening trains on the Eastern railroad for Boston and the west. Baggage checked through from Boston and intermediate stations, and returned free.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, **with the best of beds,** large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

THE "WILSON HOUSE OBSTRUCTION."

In the board of Mayor and aldermen, on the evening of the 20th inst., Ald. Hartshorn called up the much discussed matter of the Wilson house obstruction of the "New Vaughan street."

Ald. Stavers said the matter had left the hands of the board, as the street commisioner had some time ago been directed by the board to cut the house down to the line of the street, and board up the opening thus made.

Ald. Slater said he understood that the street commissioner had not received any official order in the premises.

Ald. Vaughan said the city had no right to remove the house, but did have a right to cut away that part of it which obstructed the street; still he did not like the idea of virtually turning Mrs. Wilson out or doors.

Ald. Hartshorn said Mrs. Wilson had been paid the damages awarded by the county commissioners, but still was very saucy over the proposed removal of the house.

A statement was made by an aldermen that the street commissioner required an official order to remove the obstruction, duly signed by the proper authorities, before he would act.

The city clerk explained that such an order would have been previously issued to the street commissioner, but it had been withheld at the request of the city solicitor, on the ground that there was a likelihood of an agreement being arrived at in regard to the ownership of the property.

No vote was taken on the matter, the board seeming to agree with Ald. Stavers that, having peremptorily ordered the street commissioner to remove the obstruction, it would be pueril to take any further action until the orders of the board had been obeyed.

This Wilson-house-obstruction business has been a standing puzzle to the public for many months. People were aware that there was no hesitation by the city government at running the street through the Raynes estate, cutting down trees, grape vines and shrubbery, moving buildings, and smashing whatever was in the way, notwithstanding the Raynes heirs had refused to accept the damages awarded by the county commissioners, when tendered them by the city authorities; and why they should shilly-shally month after month over the Wilson house obstruction, not daring to touch it though the award of the county commissioners was long ago paid over, is more than they can understand.

The fact is, the board of mayor and aldermen got themselves in a mess when they paid over the $75 awarded by the commissioners on account of the Wilson property, and have not yet seen their way clear to get out of it. In the first place, it is said the property does not belong to the widow of Samuel Wilson, who now occupies it, but to the heirs of a previous wife of the said Wilson; and secondly, whoever it may belong to, no payment of the commissioners' award of damages has ever been made to them, nor any legal tender of payment. The $75 awarded *has been paid* by the city—but not to the owners of the property; a gentleman who held a mortgage on the property asked for the money, and the board of mayor and aldermen voted to pay it to him, and on their order it was so paid! The damages were awarded to the *owners* of the property, and not to the mortgagee; and the payment to the mortgagee amounted to nothing, so far as giving the city a right of way through the property is concerned.

This is the long and short of the whole matter: The authorities have not yet taken the first step toward gaining a legal right to remove the obstruction, viz., making a legal tender of payment to the owners of the property, of the damages awarded by the commissioners; and until they do this we question if they dare go to the extremity of forcibly tearing down the house, or such portion of it as projects across the line of the street. If they should, we have no doubt the law would justify the occupant of the house in defending her domicile by force, and grant exemplary damages for the bold infringement on her rights.

THE MAYORS ON THE LAKE.

By invitation of Mayor Murphy of Dover, four of the valve suit defending mayors went from Dover over the Dover & Winnipesaukie railroad on Friday, and at Alton bay took the steamer Mt. Washington and went over Lake Winnipesaukie to Wolfeboro' and Centre Harbor. Mayor Sise and City Solicitor Hackett were of the number. Each of the mayors interested in defence of the Norton suits was present, except Mayor Putnam of Manchester, which city was represented by City Solicitor Patten. A business meeting was held, and the visitors returned by the evening train impressed alike with the hospitalities of Dover's mayor, the beautiful scenery of the lake, and the necessity of an outlet for the Dover & Winnipesaukie railroad by an extension to the Weirs.

THE NORTH POND NUISANCE.

Mr. Editor: The stench from the north pond for the past few days and nights has been such that no board of aldermen except such as our city provides would allow it to exist, when the remedy is so plain and simple, and for which the city has expended several hundred dollars. The Common Council are ready and willing to appropriate money to relieve the citizens from this nuisance. Now what is the matter? Are our aldermen so controlled by cliques and rings that they are not free to look after the interests of the city? As every one knows, almost the whole cause of the stench comes from the breweries, and the rest is occasioned by the city allowing its own ordinances to be violated by its own officers, in running its own common sewers into the pond, one through Brewster street and another through Bridge street carrying the waste matter hundreds of houses into that huge cesspool. COLOGNE.

THE ALDERMEN RAPPED.

Mr. Editor: Though it has become almost proverbial that the common council of this city "does not amount to the fifth wheel of a coach," the present board of common council have proved the injustice of any such remark by having accomplished the reduction of taxation this year $25,000 less than last year and also making it impossible for the board of mayor and aldermen to spend the city's money regardless of law and in excess of the appropriations, (as they have been in the habit of doing;) and at a late meeting they made an effort to further advance the city's interests by removing the north mill pond nuisance and thus save the citizens from its present discomfort and danger of disease—but have been prevented by the opposition of our fossil aldermen from carrying out the last-mentioned benefit. M. C.

The inmates of the Chase Home for Children had their annual picnic on Badger's island last Friday.

The schooner Mary Willey, Williams master, was towed across the river to Kittery on Thursday by the steamer Mystic, and hauled out on the marine railway to have her bottom overhauled and painted for the first time in seven years. Her garboard seams, and one seam above, were all that require caulking. She will come off the railway to-day, and the schooner Grampus, Capt. J. Lang Ward, will go on.

Mr. Daniel Clark on Friday brought in a halibut, taken by him near Little ledge, off the Shoals; the fish, which weighed 300 lbs. when caught, and 279 lbs. net, was brought by C. Sullivan & Co., who also purchased the same day two smaller (but yet good-sized) halibut brought in by James Davidson.

A kerosence "street light" has been put up on Four Tree island, alias Three Tree island, alias Charley Gray's island, alias Oyster island, to guide persons in search of that place at night to their destination.

A call was issued on Friday last for a meeting on the evening of July 25th, at eight o'clock, in Mr. John Roberts' place of business, of "such greenbackers as can be depended on," to consider what course of action to adopt relative to the approaching municipal election. The greenbackers expect to cast thirty-six votes for their candidate for mayor. We don't believe he'll be elected, if they do.

The steamer City of Bangor, Ray master, will make a trip from this city to Old Orchard beach, Me., on Sunday, returning early in the evening. She will leave Gas House wharf at 9:30 A. M.

Stones In the Kidneys

And Bladder Expelled--Long Suffering of one of Troy's Best People--A Lucky Man.

It is by no means a strange thing that Dr. Kennedy should have received the following letter. By reading it you will see in one minute why James Andrews was thankful:

TROY, N. Y., April 8th, 1880.

Dr. D. Kennedy, Rondout, N. Y.:

DEAR SIR:—Until within a recent date I had for several years suffered greatly from gravel, called by the doctors the Brick-dust Sediment. For about a year past this sediment has not passed off in the usual quantity, but has accumulated, causing me untold pain. Having heard of "Kennedy's Favorite Remedy" I tried it in my case, and after using about one one-half bottles, I voided a stone from the Bladder, of an oval shape, 7-16 of an inch long, and rough on its surface. I send you the largest piece that you may see of what it is composed. Since then I have felt no pain. I now consider myself cured, and cannot express my thankfulness and gratitude for so signal a deliverance from a terrible disease. You have my consent to use this letter, should you wish to do so, for the benefit of other sufferers.

Yours truly, JAMES ANDREWS.

No. 10 Marshal St., Ida Hill.

When we consider that the medicine which did this service for Mr. Andrews costs only one dollar a bottle, it would seem that persons afflicted in like fashion can afford the expense of testing its virtues. Get it of your druggist, or address Dr. David Kennedy, Rondout, N. Y. "Dr. Kennedy's Favorite Remedy" for sale by all druggists.

WHEAT BITTERS

THE BEST AND The Richest BLOOD, BRAIN and NERVE -F-O-O-D-

CAREFULLY PREPARED, THOROUGHLY TESTED, ACCEPTABLE AND RELIABLE.

The Phosphates of the Wheat are its most valuable food property, and are, when properly prepared, the most acceptable nutriment with which to build up the system.

The Blood, Brain and Nerves are the fluxes which bear the strain of every day work and life, and in order to save wear and tear it is wise to BUILD FOR HEALTH.

Wheat Bitters are prepared, *not by formulas* alone, but by scientists and are richest in the Phosphates, while the starch and impure matter are eliminated. These gains in themselves a basis, to which is added the best and choicest medicinal qualities, necessary to make it a tonic and bitter. It is at once healthful, pleasant to the taste and must not be confounded with the thousand and one cheap alcoholic bitters which are sold as cure-alls. Medicine is doubly effective when used with food, so as to nourish while it corrects.

Sold by druggists, $1.00 per bottle.

A NOTED BUT UNTITLED WOMAN.

[From the Boston Globe.]

Messrs. Editors:—

The above is a good likeness of Mrs. Lydia E. Pinkham, of Lynn, Mass., whose modest nature would hardly be recognized as she is widely known as the "Dear Friend of Woman," as some of her correspondents love to call her. She is zealously devoted to her work, which is the outcome of a life-desire indulged in by her husband, who assistants, to help her answer the large correspondence which daily pours in upon her, each bearing its special burden of suffering, or joy at relief from it. Her Vegetable Compound is a medicine for good and not evil purposes. I have personally investigated it and am satisfied of the truth of this.

On account of its power over disease it is recommended and prescribed by the best physicians in the country. One says: "It works like a charm and saves much pain. It will cure entirely the worst form of falling of the uterus, Leucorrhœa, Irregular and painful Menstruation, all Ovarian Troubles, Inflammation and Ulceration, Floodings, all Displacements and the consequent spinal weakness, and is especially adapted to the Change of Life."

It permeates every portion of the system, and gives new life and vigor. It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach. It cures Bloating, Headaches, Nervous Prostration, General Debility, Sleeplessness, Depression and Indigestion. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. It will at all times, and under all circumstances, act in harmony with the law that governs the female system.

It costs only $1, per bottle or six for $5., and is sold by druggists. Any advice required as to special cases, and the names of many who have been restored to perfect health by the use of the Vegetable Compound, can be obtained by addressing Mrs. P., with stamp for reply, at her home in Lynn, Mass.

For Kidney Complaint of *either sex* this compound is unsurpassed as the abundant testimonials show.

"Mrs. Pinkham's Liver Pills," says one writer, "are the best in the world for the cure of Constipation, Biliousness and Torpidity of the liver. Her Blood Purifier works wonders in the special line and bids fair to equal the Compound in its popularity.

All must respect her as an Angel of Mercy whose sole ambition is to do good to others.

G. J. GREENLEAF.

Made a Mistake.

Young Charles Augustus, more of a masher than a reader of standard authors, not long ago found a new girl, and went to see her. The next day he was met on the street looking like a last year's birds nest generally, and with four or five long scratches on his face particularly.

"Hello," said a friend, "what's the matter?"

"Nothing," he replied, "only I've found out that the poet told the truth."

"Why, how's that? What do you mean?"

"Don't you read poetry?"

"Yes, some."

"Well, didn't you ever read the verse which says:

'Oh woman, in our hours of ease
Uncertain, coy and hard to squeeze?'

That's what I mean."

"Oho," remarked the friend, with a significant wink, "I understand," and they parted.—*Steubenville Herald.*

Ladies who have used Wheat Bitters say they are wonderful in cases of nervous debility and other troubles of the sex.

Miss Fanny Parnell, sister of Charles S. Parnell, and herself almost as noted a land leaguer as her brother, died very suddenly at Bordentown, N. J., July 20th, of paralysis of the heart.

The peculiar action on the kidneys and urinary organs of asparagus is frequently noticed during the season. Prof. Bunsen recently proved in the case of the Emperor William and others that in combination with malt and quinine it is an absolute specific for diseases of the liver, kidneys and urinary organs. His method has been adopted by the Malt Bitters company, and this great German food is now composed of malt, hops, quinine bark and asparagus.—*Medical Times.*

On the 16th of last December the ship Theobald, under the command of N. L. Waterhouse, sailed from Philadelphia for San Francisco, Cal., with a cargo of general merchandise, since which time nothing has been heard of her, and she and her crew of nineteen men are supposed to have been lost. She was 1,400 tons register.

"Many silly people despise the precious, not understanding it. But no one despises Kidney-Wort after having given it a trial. Those that have used it agree that it is by far the best medicine known. Its action is prompt, thorough and lasting. Don't take pills, and other mercurials that poison the system, but by using Kidney-Wort restore the natural action of all the organs.

☞ No women really practices economy unless she uses the Diamond Dyes. Many dollars can be saved every year. Ask the druggist.

A despatch from Winston City, N. C., says that Rev. Noah Parks, a colored preacher, was taken from his house during the night by a mob, and hanged to a tree and left for dead. He was cut down, however, by some friends, who succeeded in resuscitating him. He was suspected of stealing corn, and it was for this reason that the attempt to lynch him was made.

Weak muscles and nerves, sluggishness of thought and inactivity, cured by Brown's Iron Bitters.

BRIGHTON CATTLE MARKET.

For week ending Wednesday, July 19.

[Reported for the Boston Journal.]

Amount of stock at market—Cattle 2285; Sheep and Lambs 7650; Swine 18,161; Veals 76; Horses 50; number of western cattle 2035; eastern and northern cattle, milch cows, etc., 240.

Prices of Beef Cattle ₩ 100 lbs, live weight.—Extra quality $8 @ 8½; first quality $7 @ 7 87½; second quality $6 @ 6 87½; third quality $5 @ 5 87½; poorest grades of coarse oxen, bulls, etc., $4 @ 4 75.

Brighton hides 9 @ 9½c ₩ lb.
Brighton tallow 7c ₩ lb.
Country hides, heavy ones 8 @ 8½c ₩ lb; light ones, 8 @ 8½c ₩ lb.
Country tallow 5c ₩ lb.
Calf skins 12 @ 12½c ₩ lb.
Sheep skins 30 @ 40c each.
Lamb skins 50 @ 75c each.

The cattle trains were delayed by an accident which occurred between Westboro' and Grafton to a train which had run off from the track, and did not get into Brighton until nearly noon on Tuesday. Trade opened dull and slow, and prices upon all grades fell off a good strong ¼c ₩ lb from those realized one week ago for the same grades of beeves. There were not so many good beef cattle among those from the west as there was one week ago, and but few lots of very extra beef cattle, most of them being intended for the butchers' trade.

Working Oxen—There is not much call for workers and but a few pairs brought into market each week at present. As soon as cattle commence coming in more freely from Maine the trade will revive.

Milch Cows and Springers—Good cows sell very fairly, but common grades are not in active demand. We note sales of 3-new milch cows at $60; 1 do at $75; 2 do at $46½ each; 4 for $230; 1 do $45; 1 do $47; 2 do $55 each. Many of the cows that are in a fair condition are bought up by butchers to slaughter for beef.

Veal prices show a slow at prices ranging from 3½ @ 7c ₩ lb live weight.

Sheep and Lambs—Those from the west were mostly owned by butchers, and were taken direct from the cars to the slaughter houses; a few hundred head were for the English markets. Western sheep cost, delivered at the yards, from 5 @ 6¾c; lambs from 6 @ 8c ₩ lb live weight.

Swine—Western fat hogs cost the same as those in last week or 8½ @ 8¾c ₩ lb, live weight. Trade for store pigs is quiet and but few in market; prices ranging from 6 @ 10c ₩ lb, live weight, or $6 @ 6 00 ₩ head for small pigs.

Summer Complaints

At this season, various diseases of the bowels are prevalent, *and many lives are lost* through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a sure cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is *perfectly safe.*

Read the following:

BAINBRIDGE, N. Y., March 22, 1881.
PERRY DAVIS' PAIN KILLER *never fails to afford instant relief* for cramp and pain in the stomach.
JOSEPH BURDITT.

NICHOLVILLE, N. Y., Feb. 3, 1881.
The very best medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is *sure cure* every time.
JULIUS W. DEE.

MONROONA, IOWA, March 12, 1881.
I have used your PAIN KILLER in severe cases of cramp, colic and cholera morbus, and it gave almost instant relief. C. E. CALLEN.

CARNESVILLE, GA., Feb. 28, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it *always cures.* Would not feel safe without a bottle in the house. J. R. TYE.

SACO, ME., Jan. 22, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is *safe, sure, and reliable.* No mother should allow it to be out of the family.
H. I. NAYES.

ONEIDA, N. Y., Feb. 15, 1881.
We began using it over thirty years ago, and it always gives immediate relief. Would hardly dare to go to bed without a bottle in the house.
W. O. SPERRY.

CONWAYBORO, S. C., Feb. 25, 1881.
Nearly every family in this section keeps a bottle in the house. D. R. MORROW.

U. S. CONSULATE,
CREFELD, BRUSSELS, BELGIUM, Feb. 8, 1881.
I have known PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after years of observation and use I regard its presence in my household as an *indispensable necessity.*
I. S. POTTER, U. S. Consul.

BURTON-ON-TRENT, ENG.
I had been several days suffering severely from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, and found almost instant relief. H. J. NOONE.

31 MONTAGUE ST., LONDON, ENG.
During a residence of twenty-three years in India, I have given it in many cases of cholera, diarrhœa, dysentery, and cholera, and never knew it to fail to give relief. R. CLARIDGE.

Than any other paper of its size in the State, the editors working more with their pens than with their scissors.

TO ADVERTISERS

THE N. H. GAZETTE

Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

Daily Chronicle.

English Ignorance of America.

In the peaceful days of Mr. Monroe, the British minister at Washington was Mr. Stratford Canning, afterwards better and more widely known as Lord Stratford de Redclyffe. Some years ago, this gentleman met in London a well-known American clergyman, and referring, in the course of conversation, to his life in Washington, he said, "And, by the way, whatever became of that young war minister of yours, Calhoun?" Lord Stratford de Redclyffe had grown gray in diplomacy, and in dealing with questions relating to foreign nations. He could, without doubt, have given the history of every despicable occupant of the throne of Turkey for the last fifty years, and could have told of every intrigue of the miserable court and cabinet of that wretched country. He could probably have repeated the name of every princeling in Germany. But he did not know what had become of his contemporary, Calhoun.

This little anecdote carries with it a moral worth drawing, even at the expense of digressing briefly. Calhoun was, in the first place, a most remarkable man, of great intellectual power. He moreover embodied, typified, and led one of the great social and political forces in the United States, which, in its conflict with other forces, produced a civil war, lasting four years, and affecting more or less every part of the civilized world. Of the people engaged in that war, and among whom Calhoun was a great leader, the ablest historian of England in the eighteenth century, Mr. Lecky, has said in his last volume, "The future destinies and greatness of the English race must necessarily rest mainly with the mighty nation which has arisen beyond the Atlantic."

Unfortunately, the diplomatist in his ignorance, and not the historian with his thought and knowledge, is the typical Englishman. In the days of Dickens' *American Notes*, Americans would have been annoyed by such a remark as that made by Lord Stratford de Redclyffe. Now they are only amused. But it is worth the while of Englishmen to take the little anecdote on another side, and inquire whether ignorance of America, usually accompanied by arrogance, has paid in the long run. Ignorance of America brought England to her knees in Paris in 1872, gave a lasting shock to her naval reputation in 1812, and carried her commissioners to Washington in 1872, with an apology on their lips. This willful ignorance is really worth remedying, for if persisted in it may easily prove an even more costly luxury to England in the future.—*August Atlantic.*

—A lucky boy: Some men begin to be lucky when they are mere boys. A twelve-year-old boy shot at a cat in Leadville last week, but fortunately missed the cat and killed an influential citizen who was asleep in the back yard of a neighboring saloon. As the influential citizen happened to be a delegate from Texas, who had killed several men, and of whom the Leadville police had a holy horror, the joy of the citizens was great. The boy received an ovation. The mayor made a neat little speech on presenting him with a gold-mounted revolver. As the boy expressed a desire to be raised for the ministry, a fund was raised to send him to a theological institute. Nothing has, however, been done for the cat.

Philip Barber, who keeps a barber shop in Burlington, Vt., has been fined $5.19 for keeping his establishment open on Sunday. The barbers of the city have made a mutual agreement to close their places on Sunday, but Barber refused to unite in it, and the prosecution was made at the instance of his fellow craftsmen.

A Beneficent Action.

The miserable looks and feelings of those confined at desks or work-tables, are caused by weak stomach, kidneys or bowels. Parker's Ginger Tonic without intoxicating has such a beneficent action on these organs and so cleanses the poisonous matters from the system, that rosy cheeks and good health are soon brought back again.—*Express.*

Merritt Parker, of Kirby, Vt., had four young cattle, a horse and one sheep poisoned in the pasture last week. The cattle and sheep died, but it is hoped to save the horse. It was a malicious act, as fine salt was found in the pasture, in which paris green was mixed.

I Am an Old Man,

Shall be seventy-nine years of age next June, and for the last six years have suffered from general debility and old age. At times I could not get out of bed without help. I commenced to take Sulphur Bitters. In a week I felt stronger and got a mighty fine appetite. I still continue their use, and to-day I walked over three miles without feeling tired, something I haven't done in five years before. Sulphur Bitters is a right smart medicine. —*G. Brown, Keokuk, Iowa.*

Testimonials.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 18, 1870.

R. H. EDDY, Esq.,—*Dear Sir:* You procured for me, in 1840, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self cure, which he will send FREE to his fellow-sufferers, address J. H. REEVES, 43 Chatham St., N. Y.

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

No. 13.065. Blake F. Pickering, Salmon Falls. Application filed May 13th, 1882. Term of patent seven years.

A Reed Not "Shaken by the Wind."

Hon. Thomas B. Reed, in addition to being the ablest man in the Maine congressional delegation, possesses a ready wit, which with his consummate tact, often serves to demolish the labored efforts of some windy opponent more effectually than could a set speech made in the heated term. Recently Mr. Blackburn, of Kentucky, sought to crush the representative from the first district in Maine, and reckoned without his host.

The democrats had charged that the tally clerk of the house of representatives had made an error in the count of votes, and they had much to say about investigation, all for effect. Watchers were appointed by these honest fellows to keep private tallie, to detect errors. It is needless to say that the democratic sentinels never discovered any cheating.

After Mr. Blackburn had concluded his characteristic observations Mr. Reed obtained the floor, and, in some rather severe remarks, criticised the indirect method of attack adopted by the Kentucky statesman, and said that if the mind of that gentleman were not so obscured by partisan passions he would find no difficulty in seeing that the clerk had made an error which was very natural and easily explained.

When Mr. Blackburn took the floor to reply it was with an air which plainly said: "Watch me now. I am going to jump on Reed." The gentleman from Maine, he said, was peculiar in many respects. "When he gets up here to prate about the beauties of non-partisanship he reminds me of nothing in this world, and of only one thing in the other world—the devil painting the scheme of man's redemption."

"You would naturally be most familiar with that portion of the other world, which is the only part you will be likely to see," retorted Reed.

Blackburn was staggered, but he managed to say that if he should find a home in that part of the other world alluded to, he "hoped to be spared the company of the gentleman from Maine."

"You will be; you will be," came like a flash from Reed.

Blackburn's jaw fell, and for once refused to vibrate. Thoroughly discomfitted, he retired from the contest amid shouts of laughter, and the absurdity of the whole proceeding having become manifest to everybody, the matter was dropped by mutual consent.

The Egyptian Trouble.

The Mahmoudieh canal, which supplies Alexandria with water, has been cut by Arabi, and grave apprehensions are felt as to the immediate result.

The London *Times* correspondent at Alexandria on the 21st reported that he had "received a letter from the interior, in which the reports of the massacres at Cairo and Damietta are confirmed. At Cabui a family was taken from a railway train, and put under the wheels. All the employes of the Cadastral survey at Taubah have been killed. A refugee from Cairo reports that numerous massacres of Europeans took place on Monday, the 17th, on the outskirts of the city." Another despach said:

Arabi's camp is visible from the tower of a house at Ramleh. His position, on a narrow strip of land flanked by two lakes, is very strong; thirty-six Europeans have been massacred there by order of Arabi. There are 500 soldiers and many Bedouins in Tagnzig. These have been joined by soldiers and Bedouins from Cairo, and no doubt a general massacre has begun. The news of the massacre of Europeans in various parts of Egypt has excited great indignation here, and the delay in taking action is bitterly commented upon. Arabi Pasha's proclamation has already effected a marked change in the attitude of the populace here. Servile civility has been exchanged for a sullen and insolent attitude.

The following proclamation was issued by Arabi after he evacuated Alexandria:

Mudirs, at the khedive's instigation the English killed with sword and shot, in revenge, the Egyptians who were left to guard the city. The khedive remains at night with his women, afloat, among the English, and returns to the shore in the daytime to order a continuance of the slaughter. Therefore I issue my order to continue raising soldiers.

A second proclamation of Arabi Pasha says:

The khedive has imprisoned his ministers at Alexandria in order that they may be instruments in English hands. Telegrams despatched to Ragheb Pasha, authorizing cessation of military preparations, were forcibly extorted from him, and are therefore invalid. An irreconcilable war exists between us and the English.

The London *Telegraph's* correspondent in Alexandria telegraphed under date of the 21st inst.:

The troops last night slept outside the walls. The notables, at a meeting in Cairo, have adopted a resolution declaring that the khedive, having violated the constitution, is a traitor, and have deposed him. They have also issued a proclamation declaring war with England, and summoning all good Moslems to fight against her. There is with Arabi Pasha a Swiss adventurer, named Ninet. It is notorious that he has done more than anybody to bring about the recent disasters. When caught he will be dealt with summarily. A few days before the bombardment he was ejected from the French consulate as a spy. I saw here to-day four Egyptian officers of high rank in uniform. They all took part in the defence. A person who has had twenty years' experience in Egypt told me that in the same train in which he came from Cairo were two German artillery officers who assisted in the defence, and are now here. Pressure is being put on the khedive to proclaim Arabi Pasha a rebel.

France is making extensive preparations to send about 15,000 troops under General Thomassin to co-operate with the British in the military occupation of the Suez canal. Orders have been sent to the naval arsenal at Toulon to take measures for receiving in the barracks this week the different battalions which are to form the corps for Egypt.

The British troops under Major Gen. Alison moved out of Alexandria on the 22d, in the direction of Arabi's entrenchments. Reconnoissances were made in the direction of Ramleh and Milapa. The British videttes extended seven miles from Alexandria. There was a skirmish between 250 riflemen sent to Milapa to blow up the railway, and some of Arabi's cavalry; the latter fled, after having two men killed and several wounded.

The London *Times* of the 22d said the force for immediate service in Egypt will number 14,000 men, under command of the Duke of Connaught, Gen. Alison and Gen. Sir Evelyn Wood.

The troop ship Euphrates sailed from Portsmouth, Eng., on the 22d, with 1698 men, for Alexandria. The government has chartered the steamships Grecian and Canadian of the Allan line, for transports.

A Puzzled Correspondent.

To the Editor of the Chronicle: What is this "Bowsham Puzzle" that I have lately seen advertised in all the papers? I have called at stores where puzzles are usually sold, but no one has it, or knows anything about it. If you can enlighten me, you will probably gratify a good deal of Yankee curiosity besides my own.

A. H. W.

The "Bowsham Puzzle" is the clever title of a new story by the author of "Helen's Babies," beginning this week, and published serially in the Boston *Times*, a paper devoted to New England society and first class literature, issued every Saturday. The place to find the "Bowsham Puzzle," therefore, is at the news stands.

A disastrous fire occurred in Fairfield, Me., July 21st, destroying saw mills, box and furniture factories, and other industrial establishments, to the value of $100,000. Six hundred men are thrown out of employment.

At St. John, N. B., July 21st, it was stated that the Maine Central railroad had leased the New Brunswick & Canada railroad and the European & North American railroad for ninety-nine years, agreeing to pay five per cent on the bonds of the companies.

Both the Massachusetts senators voted for the river and harbor bill, which is designed to take twenty millions out of the treasury, but as long as they remain sound on the civil service question their constituents will not remember a little steal like that to their disadvantage.—*Manchester Mirror.*

A Trial Package Sent Free.

We feel so near confident that you will send for a box of our medicine after using a sample package and learning how it acts, that we are willing to go to the expense of sending you a trial package free. Thus we offer our

Homeopathic Regulative Tonic,

wholly upon its merits as you are not asked to buy it until after you have given it a trial, and have become convinced that it is an excellent thing, and you won't care to do without it.

Our **REGULATIVE TONIC** acts exclusively upon the bowels to produce regular healthy action in cases of torpidity and constipation. It does not act as a cathartic, and therefore leaves no sickness or debility, such as follows that class of medicines, but produces a cure in almost every case by getting the bowels in the habit of regular, healthy action.

Send postal card to our office, and address for sample package.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Exhausted Constitutions and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and excites a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from lassitude and weariness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It imparts gain upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weakness of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are inclined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of fat-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from Grit. It is readily retained on the stomach, and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fine engraved likeness of BARON VON LIEBIG, and a FAC-SIMILE of his Signature, as well as that of A. VOGELER & CO., BALTIMORE, MD., Sole Agents for America.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most desirable places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, with the best of beds, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

WASHINGTON, D. C.
July 24, 12:00 A. M.

Probabilities for New England:—

Fair weather, winds mostly southwesterly, stationary or lower pressure.

The Thermometer at the CHRONICLE Office, at 4:00 o'clock this morning, indicated 60 degrees above zero.

Sky clear.

THE MAYORS' MEETING.

The *Times* of Saturday concluded its account of the meeting of valve-suit-fighting mayors on the previous day, as follows:

We hope the mayors will arrive at some conclusion in this matter before long, else the bills for these weekly pleasure excursions will amount to a sum almost equal to that which would be required to settle the suits.

We are informed that the entire expenses of the trip to Dover and Lake Winnipesaukie, including the steamboat ride and dinner, were paid by Mayor Murphy of Dover; and that Portsmouth was at no expense whatever on account of the previous meeting of mayors in this city. So long as the officials pay their own bills there can be no valid objection to their having a little social junket whenever they like.

POLICE COURT.

SATURDAY, July 22; *Batchelder J.*

Annie Martin, drunk, fine $3, costs $6.90; paid.

Edward Goodwin, drunk, fine $3, costs $6.90; paid.

John Williams, vagrancy, thirty days at the county farm, costs $5.76.

Frank Hayford, charged with an assault on Patrick Murphy, was discharged.

NOT A BOLTER.

A correspondent of the Boston *Globe*, writing from Maine last week, luxuriated in a gorgeous yarn about a magnificent split or "independent movement" in the republican party of that state, led by Hon. W. W. Thomas of Portland, Ex-United States Marshal Moulton of Waldoboro', and Dr. M. F. Wentworth of Kittery. The *Globe* man's story was that Dr. Wentworth and other noted party workers, enraged because Mr. Thomas was not nominated for governor by the convention which selected Col. Robie, were intending to run a side-show labelled "independent," in the interest of the greenodemback party, with Mr. Thomas as a figure-head. Dr. Wentworth was on Friday interviewed by a *Traveller* reporter, and explicitly denied every one of the *Globe's* statements, so far as he is concerned, and showed the falsity of many of those made about other Maine republicans. The doctor informed the interviewer that he and a majority of the York county delegates worked earnestly in the convention for the nomination of Mr. Thomas, but when another candidate was chosen he became their candidate; and as chairman of the York county republican committee, he (the doctor) will work just as hard for the success of the regular nominee as he would have done for Mr. Thomas. Further, he says the republicans of the state are aware that they have got to fight for a victory,—and that they *will* fight, and win by a good majority, probably by 5000.

The annual picnic of the police is set for Tuesday.

The democrats of ward one will meet on Tuesday evening, to elect a ward committee in place of the present one, whose year of service expires that evening. It is understood that Hon. John S. Treat will be the democratic candidate for mayor at the coming election.

The automatic whistling buoy which is to be placed near Kitt's rock, off this harbor, in place of the second class can buoy which has previously marked that danger, will be painted red, with the letter "P" in white on the side.

Freight engagements reported last week to this port were, for a schooner from Poughkeepsie, sand, $1.62 1-2; a schooner of 117 tons, from Eddyville, cement, 24cts.; coal depots to this port, $1.20 and $1.25, to discharge at Dover.

It is rumored that the Wilson house is to be removed some more, this week—or some other week.

Capt. Robert F. Bradford, U. S. N., has received orders to relieve Capt. Miller of the command of the Tennessee, flagship of the North Atlantic squadron, now at Provincetown, Mass.

The schooner yacht Wm. H. Russell, Drown master, started with a party for Mt. Desert island on Saturday evening.

The schooner Mary Willey, Capt. Williams, came off the railway at Kittery on Saturday afternoon, and immediately sailed for Portland, to take in a cargo of corn for Bangor; at the latter port she will load with lumber for Portsmouth.

The U. S. S. Leyden went to the Shoals on Saturday, taking out Hon. Wm. A. Wheeler, ex-vice president of the United States, Justice Stanley Matthews of the United States supreme court, and other distinguished gentlemen, with ladies, as guests of Commodore Wells, commandant of the navy yard. She returned in the evening.

Mr. W. E. Haskell of Boston was on Saturday in consultation with Mr. Wm. F. Fernald relative to the building of a large yacht, 110 feet long on the keel.

One of the wire guys of the derrick in use at the new wells of the Eastern railroad, above Frenchman's lane, gave way on Friday, striking a Mr. Spinney on the nose, and a Mr. Chick on the back; neither was seriously hurt, though it was a narrow escape for both.

The annual cost of the civil employes of the Boston navy yard is $76,588.46; Portsmouth $34,322.95. The officers of the Boston navy yard, including the receiving ship, draw $102,970 annual pay. The officers attached to the navy yard and station at this city are paid $70,500.

The steamer Startled Fawn, with a party of excursionists from Newburyport, came into this harbor on Saturday; she did not land her passengers, but merely ran up the river, turned about and ran down again.

The overhauling of the U. S. S. Vandalia at the navy yard has shown that the wood-preserving process to which the timber used in her construction was subjected, was very effective, and the repairs required upon her will cost even less than the estimates of the board of survey.

The steamer Mystic, Capt. Trefethen, on Friday evening last took out an excursion party numbering about forty persons, residents of Kittery and Bostonians summering in that town, on a trip outside the harbor.

William Perkins of Newburyport, a seamen on the fishing schooner Josie Johnson, dropped dead on Friday last while assisting in hauling a seine of mackerel off Cape Elizabeth, Me. He was about sixty years old, and leaves a wife and family in Newburyport.

A fight took place in Arizona July 17th, between a detachment of troops and a band of renegade Indians. Two soldiers was killed and seven wounded; fourteen dead Indians were found, and many were wounded; six women and children were captured, and over one hundred animals. The Indians fled in small parties, and the troops are in pursuit.

The hearse at South Hadley Falls, Mass., was recently stolen from its place of keeping and burnt. Several failures to get the town to appropriate money for a new hearse are supposed to have caused this method of forcing the authorities to furnish a better turnout for a funeral.

Wm. Devoy of Newton, Mass., fell under a train last Friday while stealing a ride, and was fatally hurt.

Patrick Tracy was fatally hurt Friday by a premature discharge at Whipple Brothers' lime stone quarry at Adams, Mass.

At Newburyport, Thursday night, burglars entered the house of Andrew H. Pettingill, stealing $26 and a silver watch.

The fly-wheel of a 200-horse power engine at Greylock mills, at North Adams, Mass., broke Friday. One part of it went crashing through the roof of the boiler house. The engine commenced to leak steam, and the employes of the mill, including many girls, jumped out of the windows into the street, making much excitement for a short time. The damage is estimated at over $1,000. One man was considerably hurt.

A New Haven, Conn., wholesale meat-dealing firm were astonished recently at complaints of short weight in their meat. They found, after diligent search, a live rat in the box which protected the big platform scale levers from dust and obstructions. This rodent had been busy jumping from one side of the delicately balanced machinery to the other, now giving the customer over and then under weight. The under weight men all returned; nothing has been heard of the others. The firm think their loss is considerable.

"Are You Troubled

With conscientious qualms?" asked a friend. "You look troubled." "So I am," said the sufferer; "but it is with the toothache." "More fool, you," replied the comforter; "get it pulled out, and buy a bottle of SOZODONT, and preserve the good teeth from a like calamity."

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup. "It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere Twenty-five cents a bottle. cod&wtjan22

Stones In the Kidneys

And Bladder Expelled--Long Suffering of one of Troy's Best People--A Lucky Man.

It is by no means a strange thing that Dr. Kennedy should have received the following letter. By reading it you will see in one minute why James Andrews was thankful:

TROY, N. Y., April 8th, 1880.

Dr. D. Kennedy, Rondout, N. Y.:

DEAR SIR:—Until within a recent date I had for several years suffered greatly from gravel, called by the doctors the Brick-dust Sediment. For about a year past this sediment has not passed off in the usual quantity, but has accumulated, causing me untold pain. Having heard of "Kennedy's Favorite Remedy" I tried it in my case, and after using about one and one-half bottles passed a stone from the Bladder, of an oval shape, 7-16 of an inch long, and rough on its surface. I send you the largest piece that you may see of what it is composed. Since then I have felt no pain. I now consider myself cured, and cannot express my thankfulness and gratitude for so signal a deliverance from a terrible disease. You have my consent to use this letter, should you wish to do so, for the benefit of other sufferers:

Yours truly, JAMES ANDREWS.

No. 10 Marshal St., Ida Hill.

When we consider that the medicine which did this service for Mr. Andrews costs only one dollar a bottle, it would seem that persons afflicted in like fashion can afford the expense of testing its virtues. Get it of your druggist, or address Dr. David Kennedy, Rondout, N. Y. "Dr. Kennedy's Favorite Remedy" for sale by all druggists.

Naval Affairs.

It was stated at the navy department on Thursday last that Rear Admiral Nicholson, at Alexandria, was instructed to look after the protection of American interests there, and that if he mixed up in the war further than that it was entirely upon his own responsibility. Nothing official has been received from him since the bombardment began, when he announced that fact and also acknowledged the receipt of the department's instructions to look after American interests. Nor has the department communicated with him since that time. Secretary Chandler is not prepared to say that Nicholson has exceeded his authority in assisting the British in patrolling Alexandria, and in certain other acts, until he has been officially advised of the attending circumstances.

In the national senate, one day last week, Mr. Rollins presented an explanatory statement rendered necessary by a table set forth in a recent speech of Mr. Beck's, in which he showed clearly that there has been no increase of pay by reason of promotions on the retired list of the navy. The statement, with an accompanying letter from the secretary of the navy, was ordered printed in the record.

—He that lendeth to a tramp giveth to a saloonist.

—A youth of Grand Rapids, Mich., married the girl who was betrothed to his father. The pair returned to the bridegroom's parent for forgiveness and got it, but it was not particularly hearty.

In the superior court at Pittsfield, Mass., Friday, R. G. Walden, on trial for attempted incendiarism at North Adams in December, 1880, retracted his plea of not guilty, and pleaded guilty to burning the personal property of J. H. Adams, and by consent of the district attorney sentence was suspended until Monday. The trial began on Tuesday, the 18th, and was interrupted Thursday by the sickness of the counsel, who Thursday night, as admitted in court Friday, saw they could not control the evidence already in and that was to be put in, hence advised Walden to plead guilty and ask the leniency of the court. The case has attracted considerable attention for two years, Walden having been a prominent man in North Adams, and chief engineer of the fire department.

I had Faith.

About six months ago I was advised to consult Mrs. Hall, the great Spiritualist doctor, to see if she could cure me of scrofula from which I have suffered from childhood. She said that if I would have faith in the medicine she gave me, that she could cure me. I took her medicine and in less than three months I was cured. Why, the way the medicine worked was a miracle. I begged her to tell me what the medicine was made of, but she said she could not do so; finally she told me that the medicine was Sulphur Bitters and that she never knew it to fail in all such cases as mine.—*Mrs. Clara Knowlton.*

Through the generosity of James B. Colgate, Esq., of New York, and W. F. Greenwood, Esq., the residence of the latter at New London, N. H., has been given to Colby academy as a home for the president. It is one of the most beautiful residences in the town.

Found at Last.

An agreeable dressing for the hair, that will stop its falling, has been long sought for. Parker's Hair Balsam, distinguished for its purity, fully supplies this want.

John E. Downing, of Great Falls, was discovered breaking and entering a freight car at Rollinsford last Thursday night. On examination, in default of bail, he was committed to jail.

Improvement for Mind and Body.

There is more strength-restoring power in a bottle of Parker's Ginger Tonic than in a bushel of malt, or a gallon of milk. As an appetizer, blood purifier and kidney corrector, there is nothing like it, and invalids consequently find it a wonderful invigorant for mind and body.—*Commercial.*

Patrick Reagan had his left foot cut nearly off at the ankle joint by a mowing machine while at work on the farm of Hon. Thomas G. Jameson of Great Falls a few days ago.

Weak muscles and nerves, sluggishness of thought and inactivity, cured by Brown's Iron Bitters.

Summer Complaints

At this season, various diseases of the bowels are prevalent, *and many lives are lost* through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a *sure* cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is *perfectly safe.*

Read the following:

BRIDGEPORT, R. I., March 22, 1881.
PERRY DAVIS' PAIN KILLER *never fails to afford instant relief* for cramp and pain in the stomach.
JOSEPH BURDITT.

NICHOLVILLE, N. Y., Feb. 2, 1881.
The very best medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is *sure cure* every time.
JULIUS W. DEE.

MOTHGONA, IOWA, March 15, 1881.
I have used your PAIN KILLER in severe cases of bowel colic and cholera morbus, and it never failed to give instant relief.
L. E. CALDWELL.

CARNESVILLE, GA., Feb. 26, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it always *cures.* Would not feel safe without a bottle in the house.
J. R. IVES.

SACO, ME., Jan. 23, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is *all it cures, and invaluable.* No mother should allow it to be out of the family.
H. I. NAYES.

ONEIDA, N. Y., Feb. 19, 1881.
We began using it over thirty years ago, and it always gives immediate relief. Would hardly dare to go to bed without a bottle in the house.

THE

New Hampshire Gazette!

Established 1756.

The Gazette is published every Thursday and sent to Subscribers at the low price of $1.50 per year, paid in advance, or $2 at the end of the year.

It contains full accounts of all of importance that transpires in Portsmouth and its vicinity, and a condensed summary of news, foreign and domestic; editorials upon current topics; New Hampshire items; carefully prepared marine news, containing reports of vessels owned at this port, or officered by men from Portsmouth or its neighborhood; and is just the paper for residents desiring to be posted on all that takes place at home, while to those living in the vicinity of Portsmouth, or to former residents who retain their interest in the "old home by the sea," it is the best means of keeping informed of what transpires in this city.

— THE —

NEW HAMPSHIRE GAZETTE

Contains more original matter

Than any other paper of its size in the State, the editors working more with their pens than with their scissors.

TO ADVERTISERS

THE N. H. GAZETTE

Presents an excellent opportunity for a weekly invitation to customers, at a reasonable rate, and all those who desire to reach patrons in Rockingham and York counties will find it an economical medium. THE GAZETTE is in many instances the only paper taken by families, and it is read to a large extent in localities whence is derived much of the trade of Portsmouth, a fact which our merchants should not fail to bear in mind.

Prohibition.

Perhaps there is no word that excites greater affright in certain quarters than the word "prohibition." Liquor-dealers and politicians are thrown by it into the greatest consternation, and many easy going citizens are excited by its interference with their liberty of gratifying their tastes, and object to obnoxious sumptuary laws in our legislation. And yet there are times and places when prohibition is necessary, as all will admit. Few will care to expose their lives and property to the custody of one whose brain has been fired by ardent spirits. And so when the report comes that the Erie railroad company decides to discharge every employe who is not a total abstainer, and the New York Central orders all its tenants who sell liquor to vacate their premises, there is a general assent to their prohibitory requirements. A railroad corporation enacts a stringent prohibitory law, and it is all right. Is there not more reason why the state, the larger body corporate, should do the same?—*Christian Weekly.*

—Just as a girl was about to drown herself in Athens, Ala., the other day, a man caught her. She struggled, but he held her fast, "I'll give you ten minutes to think it over, he said, "and if you then want to die, I'll let you do it." When the time was up he released her, and she quietly went home. She was bound to live to get even with that man for interfering with her business.

—All the same: A good old lady speaking in prayer meeting and giving expression to the joy and confidence she felt, said: "I feel as if I was ready this minute to fall into the arms of Beelzebub." "Abraham! You mean Abraham?" hastily corrected a brother sitting near. "Well, Abraham, then," was the response. "It don't make any difference. They're both good men."—*Savannah (Ga.) Recorder.*

—A Pennsylvania coroner's jury rendered the following verdict in a drowning case: "Elmira Showers came to her death by being there alone in a creek called Cocalico creek, herself voluntarily and feloniously drowned; and so the jurors aforesaid, upon their oaths aforesaid, say that the aforesaid Elmira Showers, in manner and form aforesaid, then and there herself voluntarily and feloniously, as a felon of herself, killed and murdered, against the peace and dignity of the commonwealth of Pennsylvania."

—Judge Wylie, who is trying the star route swindlers, had his little joke about the newspapers the other day. He intimated that they had been trying the case. "I don't know what progress the newspapers have made; maybe they have found a verdict," said the judge. They have—long ago—not having been hindered by technicalities or long-winded lawyers. The late Colonel Isaac O. Barnes once attended the funeral of a deceased friend. The exercises were long and tedious. While they were dragging along Colonel Barnes turned to a stranger near him and whispered: "Did you know——(the deceased)?" "Very well," was the reply. "He was a mighty prompt man," continued the colonel; "if he had been bossing this funeral the corpse would have been in the ground an hour ago."—*Boston Herald.*

Hay Fever.

For hay fever I recommend Ely's Cream Balm. It entirely relieved me from the first application; have been a sufferer for ten years. Going from home and neglecting to take the remedy, I had an attack; after returning I immediately resorted to it, and found instant relief. I believe, had I begun its use earlier, I should not have been troubled. J. COLLYER, clerk, 118 Broad street, Elizabeth, N. J.

MESSRS. WHITE & BURDICK, Druggists, Ithaca, N. Y.—I recommend to those suffering (as I have been) with hay fever, Ely's Cream Balm. I have tried nearly all the remedies, and give this a decided preference over them all. It has given me immediate relief. C. T. STEPHENS, Hardware Merchant, Ithaca, N. Y. Price fifty cents.

Apply into nostrils with little finger.

—In Naples a kind of wife market is held in connection with the foundling hospital, every year. All the marriageable girls of the institution assemble in a room, to which young men of good character have access. Offer of marriage on the part of any young man is conveyed by allowing the handkerchief to drop before the object of his choice as he passes by. If the girl takes it up, she thereby signifies her acceptance, but her refusal if she allows it to remain.

Wheat Bitters reach every part of the human body, through the blood. Do not fail to give them a trial.

—An Ohio woman heroically sacrificed her feelings and sold her husband's remains to a medical college to get money to give him a handsome tombstone, and the neighbors don't know whether to call her a heroine or a wretch.

***"Magnificent promises sometimes end in paltry performances." A magnificent exception to this is found in Kidney-Wort, which invariably performs even more cures than it promises. Here is a single instance: "Mother has recovered," wrote an Illinois girl to her Eastern relatives. "She took bitters for a long time but without any good. So when she heard of the virtues of Kidney-Wort she got a box and it has completely cured her liver complaint."

☞ Make your old things look like new by using the Diamond Dyes, and you will be happy. Any of the fashionable colors for 10 cents.

—A stranger dropped in one morning before breakfast at a Washington drug store, and called for a bottle of Congress water. The intelligent clerk ducked beneath the counter, and promptly produced a bottle of old Monongahela. The customer tasted it and then, depositing his glass, remarked: "Do you call that Congress water?" "That's it," answered the pill compounder, smiling pleasantly; "every congressman who comes in here drinks it."

Barnum's circus always takes along a gross of German Corn Remover. Sold by druggists.

—Two juvenile lemonade merchants were fiercely competing for the patronage of their playmates, when one of them, destined to be a future Vanderbilt, squelched his rival and controlled the market by spreading the report that "the reason that Jimmy Bangs gave more sugar in a one-cent glass, was because there was a dead rat in his pump."

Mr. Bugby, proprietor Keator House, Moline, Ill., told a reporter that St. Jacobs Oil cured his wife of a terrible case of rheumatism—says an influential New York daily.

—Mr. L. P. Stone, a lawyer of Pittsburg, Pa., was dangerously poisoned recently by eating canned corned beef hash. Even a Pittsburg lawyer can't stand everything.

Vigor, strength and health all found in one bottle of Brown's Iron Bitters.

—"My son," said a father, "whenever you start to do a thing never half do it." "Must I do both halves?" asked the hopeful son. "Yes," was the reply. And then the lad, who had stealthily devoured half a pie, sneaked back into the pantry and gobbled the other half.

Kidney Disease.

Pain, irritation, retention, incontinence, deposits, gravel, etc., cured by "Buchupaiba." $1. Depot, J. H. Thacher's.

"Rough on Rats."

Clears out rats, mice, roaches, flies ants, bed-bugs, skunks, chipmunks, gophers. 15c. Druggists.

—"What ails you?" asked Jones of a notoriously poor actor whom he met the other day, "you look ill." "So I am. The doctor says my liver don't act." "Remarkable likeness between you and your liver," said Jones.

To Prepare Ham for Sandwiches.

One cup of vinegar and one teaspoonful of Sea Moss Farine, boiled and strained. Add one teaspoonful of sugar, one of mixed or French mustard, salt, a teaspoonful of Cayenne pepper. Mix all well together and chop a pint of ham for this amount of dressing.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence, causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self cure, which he will send FREE to his fellow-sufferers, address J. H. REEVES, 43 Chatham St., N. Y.

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

Hosiery and Knit Goods in New Hampshire.

Hon. Ossian Ray's recent speech upon the bill for the correction of an error in the duties on woollen hosiery and knit goods, has been printed in pamphlet form. It is a discussion of the legal question in a manner which shows that Mr. Ray investigated the subject very thoroughly. From it we learn that New Hampshire has twenty-four manufacturing establishments for making hosiery, etc., with a capital of $1,224,000; employing 1,753 persons; paying in wages $536,117 annually, and that the annual value of the products is $2,362,779. Mr. Ray thinks it is the duty of Congress to legislate for the interest of our own people instead of foreign manufacturers. Senator Voorhees is tending in this same way, and unless checked by the rebuke of the Manchester *Union* perhaps other democrats may be made to see what is the interest of the country, though Ex-Congressman Hibbard regards it as a hard task to enlighten them, as Tom Reed of Maine says. One can contest everything in Washington but downright stupidity—there is no overcoming that, however.

The Egyptian Trouble.

The khedive has issued a decree deposing Arabi as minister of war, and declaring him a rebel. He has also issued a circular to the army, forbidding any attention being paid to Arabi's orders. In answer to the khedive's action, Arabi has established a government of his own, and has notified the sultan of Turkey that if Turkish troops are sent to Egypt he will proclaim the shereef of Mecca as caliph.

The mail steamer from Constantinople was embargoed on arriving at Alexandria. Ragheb Bey, her second officer, was arrested, and documents found upon him showing that for months he has been carrying communications between Arabi and Constantinople. Ragheb was taken before the tribunal, and upon being promised leniency if he fully confessed, gave a complete list of the persons with whom Arabi Pasha was connected. The list includes the names of several influential persons at Constantinople. Ragheb also gave a list of Arabi's confederates in Egypt. A cipher letter to Arabi was found upon him.

On the 23d it was reported in Alexandria that 8000 persons were starving and homeless in Cairo. It was considered almost certain that Arabi would capture the city.

The acting consul general of the United States in Egypt telegraphed Secretary Frelinghuysen from Alexandria on the 23d as follows: "I remained at Cairo up to the last moment. Our records and my personal effects there are lost. All Americans are saved. Gen. Stone's family insisted on remaining at Cairo, and their destiny is unknown. Communication is now interrupted."

A refugee from Tantch says that eighty-five Europeans were tortured, disemboweled and torn to pieces there, and that women were violated and tortured. Soldiers participated in the atrocities. Arabi Pasha's new government have issued a proclamation stating that every native molesting Christians will be shot. It is believed that this is a mere form to cover themselves should they fall into European hands.

News and Notes.

The huge steamer Pilgrim was launched from John Roach & Son's yard in Chester, Pa., Saturday.

Wm. Atkinson, thirteen years old, of North Attleboro', Mass., died on Saturday, having been accidentally shot by his cousin while boating.

At West Newbury, Mass., burglars entered seven dwelling houses last Friday night. From Charles H. Fowler they took $37, and from Joseph Newell $14. At other places small amounts were taken.

The Dutch man-of-war Adder, whose probable loss was some days ago announced, has been found near Shevenginger, capsized.

The reported leasing, by the Maine Central railroad, of the New Brunswick & Canada and the European & North American railways, is denied on the authority of Maine Central directors.

J. Jackson, a German picture peddler, was killed by the cars at Haverhill, Mass., July 22d.

Thomas Tripp was instantly killed by a train at Davenport, Me., Friday night, having seated himself on the rails while drunk.

The Alliance sailed from Boston for Provincetown on the 22d inst.

Workmen unearthed three human skeletons on a knoll near Ashuelot river in the upper part of the city of Keene on Saturday. The knoll is believed to be an ancient burial ground of a small tribe of indians, from the position of the skeletons, and other indications. The skulls and many other bones will be preserved by the Keene Natural History society.

—To repent without mending one's ways is to pump out the ship without stopping the leak.

—An iron fence is being built along the banks at Niagara falls. This will head off suicides, as no man with tight trowsers or woman with hoopskirts can climb a fence.

—"Is it injurious to eat before going to sleep?" asks a correspondent. Why, no, not fatally injurious; but you just try eating after you go to sleep if you want to see a circus.

—There are some diseases that can be cured by laying on of hands. For instance, a boy can be cured of the harmful propensity to eat jam, by a proper treatment in that line.

—A clergyman in St. Joe, Mo., tells his people that he would as soon see them playing poker as base ball. He says that Satan keeps the score. This is a fearful dig at the reporters.

—A Michigan man got drunk and killed his wife, a policeman and himself, and the man who had the day before resigned his position as coronor, went almost delirous with remorse.

—A fashionable summer drink is called "Jumbo julep." Probably because a man, after imbibing a few glasses, thinks he's traveling with a circus, and feels as if he owned four legs.

—An Iowa judge refused a woman a divorce asked for because her husband kissed the pretty servant. He said he didn't propose to have every woman in the state get a divorce.

—The Boston *Star* will not believe that the popular, healthful and cheap summer drink has yet been invented. The stuff the *Star* men get hold of to drink seems to tear them all to pieces.

—"Ma," he asked, "what's them?" and he pointed to "hors d'ouvres" on the bill of fare. "Oh," said ma, "them is one of the fish they give folks as don't care to eat soups; but I wouldn't eat none if I was you."

—A father scolds his son for numerous youthful errors: "Really, father, you were once young; did you never frolic?" "Never," said the father, with a melancholy sigh; "when I was young I had no money, and when I became rich it was too late."

—If Rev. Robert Collyer has no better doctrine to preach than the laudableness of smoking cigars, he had better hunt up a new gospel. The item quoted from him and now traveling through the papers can do more harm than ten years of preaching can do good.

—Some Germans were recently talking over the subject of an elopement which occurred hereabouts, when one asked another if he would be offended if his wife was to elope. "I bade you," said Hans, striking the beer table with his fist, "of my vife should run away mit annoder man's vife, I would shirk him out of her breeches if she was mine own fadder."—*Albany Express.*

AROUND HOME.

The police and invited guests will picnic at Pocabontas point, Gerrish's island, to-day, going down in the steamer Fearless.

The Eastern railroad engineers and their families and friends, to the number of 350 people, went upon an excursion to King's island, near Lowell, Mass., Sunday, via the Boston & Lowell road.

Mr. J. A. Corey, who for some time has been night telegraph operator at the Eastern railroad station, is to be transferred to the main office in Boston. Mr. W. P. Wallace, lately of Greenland, will take his place.

Capt. J. Lang Ward's schooner Grampus (formerly the "Billy Hook") goes on the marine railway to-day.

Mr. Francis Plaisted of York, a retired merchant and respected citizen of the town, was on Monday reported as being dangerously ill.

Arthur Peterson of Philadelphia, a boarder at George Talpey's boarding house in York, and Dora Hilton of York, a domestic in the house, have been missing since Saturday, and are supposed to have eloped together.

The judges of the New Hampshire supreme court are sojourning at the Sea Shore house, Old Orchard, where they are busily engaged in preparing the opinions of the court on law cases that have been heard by them during the past year.

The York county republican convention will be held at Alfred on Tuesday, August 15th, at ten o'clock in the forenoon, to nominate candidates for three state senators, two county commissioners, county attorney, clerk of courts, register of deeds, county treasurer, and sheriff. Under the call for the convention Kittery is entitled to ten delegates, Eliot to four, York to seven, South Berwick to eight, Berwick to seven, North Berwick to five, and Wells to six. The full convention will number 171 delegates.

M. E. Hitt was last week appointed postmaster at Old Orchard.

About one o'clock last Sunday morning a party of gentlemen from Old Orchard beach found a man lying on the Boston & Maine track near the Camp Ground station. The man was unconscious, and had sustained serious injuries about the head and body. He was identified as David Welch of Biddeford. Blood was found some distance from the track, and the opinion is that he had been beaten by roughs and laid on the track to avert suspicion. He was taken home, and lies in a critical condition.

A Trial Package Sent Free.

We feel so near confident that you will send for a box of our medicine after using a sample package and learning how it acts, that we are willing to go to the expense of sending you a trial package free. Thus we offer our

Homeopathic Regulative Tonic,

wholly upon its merits, as you are not asked to buy it until after you have given it a trial, and have become convinced that it is an excellent thing, and you don't care to do without it.

Our **REGULATIVE TONIC** acts exclusively upon the bowels to produce regular healthy action in cases of torpidity and constipation. It does not act as a cathartic, and therefore leaves no sickness or debility, such as follows that class of medicines, but produces a cure in almost every case by getting the bowels in the habit of regular, healthy action.

Send postal card to our office, and address for sample package.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Geneva Award.

Special and personal attention given to the preparation, proof and trial of cases in the court of Alabama claims in Washington, D. C.

An extended experience in the former Court and unusual facilities for managing these causes, enables me to render special services to claimants.

The court has jurisdiction of claims for vessels and cargoes destroyed by any Confederate Cruisers, and for officers and crews and for War Premiums paid from April, 1861, to November, 1865. Full information given on application to the undersigned.

Appledore and Oceanic

HOTELS.

THE staunch, sea-going steamer Appledore, Capt. Albert Rand, leaves Jones' wharf, near the foot of Deer street, for these favorite and widely-known ocean resorts, daily, (Sunday excepted,) at 11 o'clock A. M., and six o'clock P. M. Returning, leaves the islands in season to connect with the morning and evening trains on the Eastern railroad for Boston and the west. Baggage checked through from Boston and intermediate stations, and returned free.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, **with the best of beds,** large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

THE WEATHER.

U. S. SIGNAL OFFICE,
WASHINGTON, D. C.
July 25, 12:00 A. M.

Probabilities for New England:—

Fair weather, winds mostly southwesterly, nearly stationary temperature and pressure.

The Thermometer at the CHRONICLE Office, at 4:00 o'clock this morning, indicated 66 degrees above zero.

Sky clear.

SOME CHANGE.

On the 24th of January, 1882, the thermometer at the Eldredge brewery indicated twenty-two degrees below zero—the coldest weather for many years. On Monday, the 24th of July, at the same hour of the day, the same thermometer indicated ninety-four above zero—the hottest weather of the season up to that time. There is considerable difference between twenty-two below zero and ninety-four above.

"NO ECONOMY."

Mr. Editor: The statement of "M. C." that in the tax of the present year a reduction has been made of $25,000 from the tax of 1881, does not seem to be correct. I supposed it to be a typographical *slip, but no correction has been made, and I therefore call your attention to it. The reduction is $15,000, the amount voted in 1881 being $110,000, and in 1882 $95,000. I see no merit and no economy, however, in this reduction. The appropriations show more clearly than the taxes the sums to be expended. The sum appropriated for state, county and city taxes in 1881 was $129,260.61, and for this year $123,593.24, a reduction of $3,667.37, which last sum shows the reduction of the present year. The reduction in the county tax is $3,839.78, and as the state tax is unchanged, there is an actual increase of appropriations for city expenses the present year of $172.41. The appropriations exceeded the taxes in 1881 by $19,260.61; this year the excess is $30,593.24, and as there is no reason to expect an increase of revenue, it is a fair presumption that the city will be at least $10,000 behindhand at the close of the year. B.

*It was a typographical error, which escaped the attention of the proof-reader. As written by "M. C.," the reduction was placed at $15,000.

STEAMBOATING.

The steamer City of Bangor did not make an excursion trip to Old Orchard beach, Me., last Sunday, as had been announced, owing to the small number of persons who presented themselves as passengers: had a party gone out they would have had a most enjoyable trip, the day being a perfect one, and the sea as smooth as though planed and sandpapered.

The steamer Startled Fawn arrived at this port early in the forenoon on Sunday from Newburyport, with as many passengers as she is licensed to carry.

The steamer Mystic, Capt. Trefethen, on her regular Sunday trip to the Shoals with newspapers and the mails, took out sixty-five passengers.

The steamer Gypsy, the steam yacht of the hotel Wentworth, brought a small party from the hotel up to the city, Sunday afternoon.

The steamer Naumkeag, Capt. Marr, took a party from Kittery to the Shoals on Monday evening.

THE "ESSENCE OF MUDDLE."

The *Times* of Monday evening has a word to say concerning our item of that morning in regard to the democratic stories about an "independent" republican movement in Maine, and remarks:

We suppose the writer knows about this matter, if he don't he ought to, but it is very evident that a good dose of the essence of muddle obscures his brain, for the name of Ex-U. S. Marshal S. S. Marble is made into Moulton, at least one noticeable evidence of that fact.

Just what kind of "essence" obscures the cavity where the *Times* man's brains would be kept if he had any, we cannot say; but something muddles it up awfully, for in the same item he speaks of "Hon. W. W. Thomas of Portland, Ex-United States Marshal of Waldoboro!"

YACHTS AT THE SHOALS.

A large fleet of yachts arrived at the Isles of Shoals last week, the following being a partial list of the same:

Iris, Lorelei, Issa, Silvie, and steamer Ibis, Boston; Romance, Beverly, Mass.; Zulu, Gloucester; Eugenia, Marblehead; White Cap, South Boston; Grampus, Vivienne, New York; Una, Cincinnati; steamer Leyden, Portsmouth. In addition to the yachts named there arrived on Saturday the following, belonging to the Eastern yacht club:

Rebecca, Commodore Joy, flag-ship; Phantom, Vice Commodore Hovey; Addie, Active, Magic, Sylvia, Imperia, Ariadne, Tarolinta, Vif, Clytie, Nautilus, Edith, Sigdrifa, Halcyon, Breeze and Winsome.

The Eastern yacht club squadron started from off the club house at Marblehead on Saturday morning, and arrived at the Shoals in the evening; and throughout the night the sounds from the fleet indicated that the yachtsmen were enjoying themselves. On Sunday morning at six o'clock the squadron got under weigh, and accompanied by four of the other yachts proceeded to the eastward, on the way to Mt. Desert.

"THE SEASON" AT YORK.

Fifty guests arrived at the hotel Bartlett, York, Friday night of last week, and quite a rush of visitors is reported all along the York coast. Notwithstanding this, it is said the season at York will be an unfavorable one, taken as a whole; a gentleman largely interested in one of the largest establishments in that town informed our reporter on Saturday that the season must be considered a failure this year, as all the patronage that can be accommodated from now to the closing time will not more than enable the hotels to clear expenses.

POLICE COURT.

MONDAY, July 24; *Batchelder J.*

Frank Welcome, for drunkenness, was ordered to pay $3 fine, $6.90 costs; jail in default of payment.

Michael Butler, another drunk, was let off on probation.

Carrie Smith and Charles Warren, adjudged guilty of brawling and tumultuous conduct, were fined $3, costs $3.45, each; county farm in default.

The bells for Christ church were started on their way from the manufactory last Thursday, and will probably reach this city to-day.

The guests at the prominent summer hotels in this vicinity on Saturday night were as follows: Hotel Wentworth, Newcastle, 300; Oceanic, Isles of Shoals, 250; Appledore, 350.

During a shower on Thursday of last week the town hall in Newington was struck by lightning, which tore off the saddleboards and passed through the building into the cellar, doing damage to the amount of fifteen or twenty dollars.

There was shipped from the Swamscot Machine Works at South Newmarket, on Tuesday of last week, about seventy tons of manufactured goods, including five steel boilers, and a car-load of boiler fronts.

The steamer Harrisburg, with 1662 tons of coal, and the schooner John Somes, with 233 tons, arrived on Sunday to J. Albert Walker. The schooner Ann S. Brown, Clark master, arrived the same day with coal to E. F. Sise & Co.; also the schooner Triton, Freeman master, from Harpswell, Me., for Dover, with a load of wood for the brickyards, and towing a goudola also loaded with wood.

Several car loads of hard pine timber which had been subjected to the preserving process at the Boston navy yard, and brought from there to Kittery by rail, were taken to the navy yard on Monday.

The schooner D. K. Ham, Garland master, at Abbott's steam brickyard in Eliot, and the Hattie Lewis, Brewster master, at the Rose brickyard, Sturgeon creek, Eliot, were both reported on Monday as being loaded and ready for sea, but neaped. Guess both the skippers are pretty mad.

Messrs. E. F. Sise & Co. had their office connected by telephone with the central exchange, Monday.

A son of Capt. Albert Rand was pushed by a playmate from the roof of a low building on Market street, Monday, and was insensible some time from the fall; his injuries, however, are not considered serious.

Two schooners, enough alike in size, appearance and sailing qualities to be twins, entered the harbor late Sunday afternoon with a light wind. Just outside of Fort point they were spoken by the tug Naumkeag, which made fast to one, and towed her up to town; the other kept on up the river under sail, but when between Goat island ledge and the narrows lost what little wind she had before had, and meeting the ebb tide was unable to get any further until the Naumkeag, having berthed the first schooner, went down and took her in tow.

"Are You Troubled

With conscientious qualms?" asked a friend. "You look troubled." "So I am," said the sufferer; "but it is with the toothache." "More fool, you," replied the comforter; "get it pulled out, and buy a bottle of SOZODONT, and preserve the good teeth from a like calamity."

A Cough, Cold or Sore Throat

Should be stopped. Neglect frequently results in an Incurable Lung Disease or Consumption. "Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Stones In the Kidneys

And Bladder Expelled--Long Suffering of one of Troy's Best People--
A Lucky Man.

It is by no means a strange thing that Dr. Kennedy should have received the following letter. By reading it you will see in one minute why James Andrews was thankful:

Dr. D. Kennedy, Rondout, N. Y.:

DEAR SIR:—Until within a recent date I had for several years suffered greatly from gravel, called by the doctors the Brick-dust Sediment. For about a year past this sediment has not passed of in the usual quantity, but has accumulated, causing me untold pain. Having heard of "Kennedy's Favorite Remedy" I tried it in my case, and after using about one anc one-half bottles, I voided a stone from the Bladder, of an oval shape, 7-16 of an inch long, and rough on its surface. I send you the largest piece that you may see of what it is composed. Since then I have felt no pain. I now consider myself cured, and cannot express my thankfulness and gratitude for so signal a deliverance from a terrible disease. You have my consent to use this letter, should you wish to do so, for the benefit of other sufferers.

Yours truly, JAMES ANDREWS.
No. 10 Marshal St., Ida Hill.

When we consider that the medicine which did this service for Mr. Andrews cost only one dollar a bottle, it would seem that persons afflicted in like fashion can afford the expense of testing its virtues. Get it of your druggist, or address Dr. David Kennedy, Rondout, N. Y. "Dr. Kennedy's Favorite Remedy" for sale by all druggists.

A Beneficent Action.

The miserable looks and feelings of those confined at desks or work-tables, are caused by weak stomach, kidneys or bowels. Parker's Ginger Tonic without intoxicating has such a beneficent action on these organs and so cleanses the poisonous matters from the system, that rosy cheeks and good health are soon brought back again.—*Express.*

Baltimore has set a good example to the rest of the country by its ordinance prohibiting the manufacture or sale of the toy pistol. Last year, in the fortnight following the fourth of July, there were twenty deaths in the city, resulting from the use of this terrible plaything. This year, although there have been deaths from the same cause in all parts of the country, amounting in all to hundreds, Baltimore reports but one.

I Am an Old Man.

Small be seventy-nine years of age next June, and for the last six years have suffered from general debility and old age. At times I could not get out of bed without help. I commenced to take Sulphur Bitters. In a week I felt stronger and got a mighty fine appetite. I still continue their use, and to-day I walked over three miles without feeling tired, something I haven't done in five years before. Sulphur Bitters is a right smart medicine. —*G. Brown, Keokuk, Iowa.*

A diabolical attempt was one night recently made to poison the family of Rachel Jackson of Jefferson Me., by throwing Paris green into the spring from which the family procure their water. The cow drank from the spring the next morning, and died in a short time, which led to the discovery of the poison. Their house was burnt about a year ago by a fire which was thought to have been incendiary.

A new sort of mange is now going the rounds in the stables of Lewiston and Auburn, Me. The disease is said by doctors to be caused by a species of vegetable parasite. It breaks out in great blotches on the horse, and removes the hair in numerous spots. The only treatment prescribed is to keep the horse well greased. Some horses are almost covered with the blotches, and are pitiful to see. There are now, too, in those cities the most severe cases of pink-eye that have been known since the disease was introduced there. Some cases are pronounced hopeless, the animals' eyes and limbs being swollen to astonishing proportions.

When pangs the mortal flesh assail,
And give a bitterness to life,
Making the cheek with anguish pale,
Amid the fierce internal strife;
Then Sanford's Ginger soothes the pain,
And smiling health looks up again.

Rufus G. Walden, ex-selectman, chief of the fire department, deputy sheriff, town collector, etc., of North Adams, Mass., and treasurer of the Hoosac Valley Agricultural society, was on Monday sentenced to state prison for four years, for confessed incendiarism.

Impure water, unhealthy climate, unripe fruit, unwholesome food, malaria and a thousand little ills are nothing to those fortified by the use of Sanford's Ginger, "the delicious."

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Made 'Em Sick.

Gov. Plaisted of Maine went to Portland on Monday to attend the fusion grand rally; the meeting was no great shakes, so the governor had an attack of fever and ague, and stayed at his hotel.

Hon. Joseph Dane of Kennebunk, on ascertaining that the rally was a failure, also became sick, and could not attend.

What it Costs to Remove an Odor.

In Salem, Mass., this week, at a meeting of the city councils, the committee on the south mill pond presented an order "appropriating $25,000 for the abatement of the south mill-pond stench by the building of a canal ten feet in width on the eastern side of the Eastern railroad track, from the lower culvert to the upper one; deepening the culverts to make them six and one half feet, and rebuilding the culverts; also for deepening the Dutch Gap canal, and rebuilding the sides of the latter. The committee submitted correspondence with President Phillips, in which the latter, for the railroad company, agreed to deepen and rebuild the culverts, provided that all liability should be removed from the company in the same and other minor stipulations. The committee gave the estimates of expense, of which $24,495 was for the canal, $1080 for excavating, and $7000 for the two culverts, making the whole expense $33,-075. The order was adopted."

The Egyptian Trouble.

The British forces occupied Ratmleh on the 24th. There was a slight skirmish with Arabi's troops, but the Egyptians were repulsed, and the British entrenched themselves. All the mule drivers engaged by the commissariat department have deserted to Arabi.

There were seventeen war vessels in Port Said on the 22d, including five English and five French. The French admiral had agreed to aid the British in keeping order in the town, and protecting the lives and property of Europeans.

The Egyptian commander of the fort at Aboukir, though flying a flag of truce, has refused to allow any Englishmen to enter the fort. He is probably really holding the fort in the interest of Arabi Pasha.

New Hampshire Items.

There was a meeting of citizens in Concord, Monday evening, to see if the next session of the state fair can be secured for that city.

Rev. J. W. Walker, pastor of the Methodist church in Exeter, has resigned on account of poor health. He goes to the northwestern Iowa conference.

News and Notes.

The secretary of the Menhaden Oil company in New York denies that his company is fitting out steamers to cruise on the New England coast for mackerel to be ground up into oil and fish guano.

Paine brothers of Eastport, Me., owners of the fishing schooner Abigail, valued at $2000, have received a telegram from the skipper, named Mallock, that the schooner foundered in the Bay of Fundy. As the vessel had not been heard from for several weeks, until a few days ago, when the owners learned that Mallock was selling the vessel's cargo in Digby, N. S., they suspect she was purposely scuttled.

A despatch from Windsor, Ont., says: Archibard Mann, a colored preacher, and wife, mysteriously disappeared Sunday evening. Mann's house was found burned to the ground, and it is an open question whether the pair were burned to death, or fled and burned the house behind them. There is some suspicion that the pair were murdered, and the house fired to conceal the crime.

E. A. Willard, a banker and heavy grain dealer of Jonesboro', Ill., has disappeared, leaving liabilities of $150,000 or more, and estimated assets of about $50,000.

More Indian troubles, and the killing of many whites, are reported from Wild Rye county, Arizona territory.

Mr. Roberton of Louisiana recently wrote a letter to the postmaster general charging that the Louisiana Lottery Co. is a fraudulent concern, and demanding that its letters should not be allowed to go through the mails. The postmaster general replied that the lottery was legally authorized by state law, and that he could not exclude its letters from the mails.

Alonzo Haley, a carpenter of Lewiston, Me., stuck a rusty nail in his foot a week ago, and died on Sunday of lockjaw.

AROUND HOME.

Major George D. Whittle, who acted in this city some time ago in the capacity of a revivalist, and who shortly after suddenly left Lynn, Mass., having been engaged in questionable money transactions there, (as reported at the time,) has returned to that city. It is said that he is now connected with a banking house in Chicago.—*Times.*

It was not Mr. George D. Whittle, the revivalist, who left Lynn under a cloud, but his brother, Major D. W. Whittle. We are not aware that the uprightness of the revivalist's life has ever been questioned.

The Boston *Transcript* says: "At Newcastle, N. H., just out of Portsmouth, a considerable tract of land has been secured by parties who, it is understood, will lay it out in cottage lots to be sold. The locality is near the Hotel Wentworth, one of the pleasantest spots on the coast for shore life.

The schooner Triton, Freeman master, which came in on Sunday with a big load of cord wood, is owned by Mr. Oliver L. Roberts of Dover point, proprietor of one of the brickyards there. She brought the wood from Harpswell Neck, Me., where it had been lying for two years, the owner, Mr. Roberts, having applied in vain to fifteen or twenty different coasting skippers to go there for it, all of them declining until Capt. Freeman undertook the job. The Triton also towed around from Harpswell the gondola "Cock of the Walk," with a load of wood. The schooner after discharging will take on board a cargo of bricks for Boston. She was the first vessel of the brick fleet to make a trip this year.

On Saturday last the Lynn *Bee* published a long letter from Rev. A. A. Waite, dated at Oswego, Ind., in which he lays nearly all the blame of his fall from grace on his aged mother, who persisted in selling books and pictures of him at all his revival meetings, causing ruptures between himself and committees. He lays a portion of the blame on Elder Flagg, his father-in-law, but the burden of the letter is about his mother. Elder Waite is even more of a fraud than we always thought him to be; his fall from grace could not have hurt him much, for he must have been close to the bottom when he fell.

The venerable "Count J. Zouaski," of Poland, whose passage through this city on his way to Canada was noticed some time ago, said passage having been somewhat accelerated by the advice to clear out given him by the police magistrate, before whom he was brought for drunkenness—the Count, it grieves us to say, in spite of his alleged ninety-one years and his snowy hair and beard, is in jail at Alfred, awaiting trial on a charge of stealing a pair of boots in Kennebunk.

At a town meeting held in York on Saturday, July 22d, Samuel W. Junkins, Esq., was unanimously elected town treasurer to fill the unexpired term of Washington Junkins, deceased. The new treasurer is a son of the late incumbent, who was one of the most prominent and respected citizens of the town.

The first service in the new Episcopal chapel (St. John's-by-the-Sea) at Old Orchard was held on Sunday forenoon last. The service for the day was read by Rev. Arthur Baldwin of Toronto, the sermon being by Canon Mulock of Brockville, Ont.

On Friday night, the 21st inst., in Biddeford, a boy named Milliken, ten years of age, shattered the forefinger of his left hand with a toy pistol; on Saturday the same pistol tore open the fleshy part of the left hand of Rufus Small, a boy nine years old. The Biddeford *Times* of Monday reported both boys as being in a very serious condition.

Some wild animal has been killing sheep in Dayton, near the Kennebunk line, and in Lyman. The creature, whose cries, resembling the wailings of a woman in distress, have been heard by many persons, is supposed to be a panther.

The army worm has appeared in Saco.

The reported stealing of diamonds and jewelry to the value of $2500 from the room of "Mrs. A. Maloney of Montreal," at the Ocean house, Old Orchard beach, on the 18th inst., turns out to have been a blackmailing job. Maloney is a gambler and confidence man, and the woman with him is not his wife, but a notorious lewd character of Montreal. The pair, whose aim probably was to extort money from the hotel keepers, had left the place before their character was discovered.

An unknown man fell overboard from an Eastern railroad train at the drawbridge in Boston on Monday night, and was drowned. On the same evening Mrs. Minnie Whitman, aged twenty-six years, was struck by an Eastern railroad train in Malden, and badly and it is feared fatally hurt.

RAILROAD SUITS DISCONTINUED.

The suits in favor of the late Thomas Sayles of New York against the Concord railroad, the Boston, Concord & Montreal railroad, and the Claremont railroad, brought to recover damages for using the Tanner patent car-brake, which suits have been pending for three years in the United States circuit court for this district, have been discontinued. These cases were brought after the expiration of the patent, and the supreme court, through Judge Stanley Mathews, holds that under the patent law bill a can not be sustained when brought after the patent has ceased. The Eastern Association of Railways, having for its special purpose the defence of New England railroads in patent cases, defended these suits.

Possibly this decision may have a direct bearing on the valve-patent suits; the alleged Knibbs patent is said to have expired long ago—if it ever existed.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and excites a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from lassitude and weariness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither pains upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are inclined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Cough and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of fat-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fac-simile signature of BARON VON LIEBIG, and a fac-simile of his signature, as well as that of A. VOGELER & CO., BALTIMORE, MD., Sole Agents for America.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Circulars, giving full particulars, may be obtained of

LAIGHTON BROTHERS & CO.

THE WENTWORTH,
NEWCASTLE, N. H.
THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. In high situation it affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, with the best of beds, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Barlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

THE WEATHER.

U. S. SIGNAL OFFICE,
WASHINGTON, D. C.
July 26, 12:00 A. M.

Probabilities for New England:—

Fair weather, winds mostly southwesterly, stationary temperature and pressure.

The Thermometer at the CHRONICLE Office, at 4:00 o'clock this morning, indicated 66 degrees above zero.

Sky clear.

PHEW!

The water was let off from the North millpond on Monday night, and when the returning flood rushed through the gates and stirred up the filth, the smell was abominably sickening, and pervaded the whole city. The question was asked by many persons on Tuesday, if there was any special motive of the city authorities in having the pond drained in just the hottest of the hot weather, when the nuisance would certainly be at its worst. Unless it was intended to give the citizens the most nauseating dose possible, the selection of a time for the drainage was very injudiciously made.

THE POLICE PICNIC.

The annual picnic of the Portsmouth police took place at Pocahontas point, Gerrish's island, Kittery, on Tuesday, the party going down by steamer; it was a regular gander party, and was participated in by about seventy-five persons, including the mayor and a number of the aldermen, representatives of the press, and other invited guests. The entire police court was present, including the police force, magistrate and city solicitor, and George E. Hodgdon, Esq., the "counsel for the defence." Everything necessary to the success of a gander party was provided by the hosts, and the weather, which in the city was oppressively hot, was cool and comfortable at the point. The picnic was a big success.

WHEN DID THEY DO IT?

Mr. Editor: The *Times* of July 22d copied a portion of my communication, published in the CHRONICLE of the same date, in regard to the north pond nuisance, and added:

It is true that the breweries contribute their part toward making the stench, but their owners have done more to obviate the stench than all other individuals and the city together. Several thousand dollars have been spent to build sewers from the breweries to carry off the waste matter. If the city would do half as much, in proportion, as the breweries have done, the pond would soon be entirely wholesome.

That the breweries have "contributed their part toward making the stench"—and that the lion's part—no one will question who has had one good sniff at the exhalations of the pond when it moveth itself aright, and maketh half the people in the city sick at the stomach; the offensive odor is clearly that of decaying vegetable refuse from the breweries. But when and where did the brewery owners lay out all that money to obviate the stench? They must have more than obeyed the scriptural injunction, and not only have concealed their good deeds from their left hand, but from everybody else, for I never heard of them before.

The whilom cesspool at the creek, on the southerly side of the Eastern railroad embankment, was filled up at an expense to the city of some $900—and the city doesn't own the land thus made; the big sewer leading from the outlet of the Jones brewery drain, through the aforesaid cesspool and under the railroad embankments to the pond, was built by the city; and the filling in of the pond in that quarter has been done by the railroads, to make land for their own use, and not to obviate any nuisance; what great credit the breweries can take to themselves for all this, I cannot imagine.

But the important question is, how shall the nuisance be abated? The breweries, which mainly created the nuisance, will certainly not lay out ten or twenty thousand dollars to abolish it; the railroad will only fill the pond as fast as it requires more land—and has no right to fill it, anyway; and the only agent left to do anything in the premises is the city. A pipe to carry off the brewery refuse and the city sewerage will have to be put in at some time, and the upper part of the pond cleaned out; and the sooner it is done the better it will be for the city.

COLOGNE.

A STATE STATUTE SUMMARILY SET ASIDE.

There is a conflict of authority between Bro. Foster, of the Dover *Democrat*, and the Revised Statutes of New Hampshire. The statutes explicitly declare, in reference to city councils of all cities in the state, that "their meetings shall be public." [Chap. 46, Sec. 10, General Statutes of New Hampshire.] But Bro. Foster has abolished, nullified and set aside this law as follows:

It is about time that all lawyers and everybody else understood that an alderman has the right at any meeting of the board to move for an executive, or private session. It is also the right of the board to carry the motion and hold such session when they deem it best, and it is a piece of impertinence for anybody to question that right outside, or undertake to call any alderman to account for making the motion.

We trust that the legislature at its next session will take due notice, and alter the law so that it shall no longer be so "impertinent" as to conflict with the "private sessions" of the Portsmouth aldermen and the "executive sessions" of the Dover board.

DEMOCRATIC NOMINATIONS.

The democrats of ward one held their caucus on Tuesday evening, Dr. Fred. E. Potter being chairman, and N. K. Raynes secretary. Candidates were nominated by acclamation, as follows:

Aldermen—John E. Locke, Daniel H. Trefethen, Nathan Whalley;

Councilmen—Allison S. Littlefield, Ozro J. Hobbs, John T. Shea, Frederick E. Potter, William Ward;

Assessors—Moses H. Goodrich, Ira C. Seymour, Isaac Furber;

Overseer of the Poor—Dennis J. Lynch.

MOONLIGHT EXCURSIONS.

The steamer Acushnet, Capt. Bird, will make a trip out on the ocean with passengers on Thursday evening, the 27th inst., starting from the Gas Co.'s wharf at 7:45 o'clock; and the trip will be duplicated on Saturday evening, the 29th, by the steamer City of Bangor, Capt. Ray. Music will be provided. See advertisement.

"NO ECONOMY."

Editor of Chronicle: In reply to a paragraph in your Tuesday's issue, headed "No Economy," let me say the person who signed himself "B" was right concerning the amount of the reduction of the taxes this year, which is $15,000, instead of $25,000; the mistake was made by the type setter. But the assumption (and the attempt to prove it) that there is no merit in this reduction of $15,000, is an egregious bull.

In my communication printed in your issue of the 25th inst., no mention was made of the expenses or appropriations; but "B" states that "the appropriations show more clearly than the taxes the sum to be expended," and shows as an apparent result that the appropriation for the city's expenses this year is in excess of last year by $172.41. He should have further stated that where $5000 was appropriated last year (but not for four months after the annual appropriation bill had been passed) for the reduction of the city debt, this year there has been appropriated $8,442.50 for that purpose, so that the appropriation for the city's running expenses this year is reduced $3,270.09.

The receipts from the state, county, rents, uncollected taxes, etc., during 1881, was over	$31,000.00
[The receipts from same sources this year are expec ed to fully equal that amount.]	
Cash on hand Jan. 1, 1882, less notes payable	9,034.92
Taxes assessed for 1882	95,000
Total	$135,034.92
Appropriations for 1882	125,593.24
Balance	$9,441.68

This would seem to most people, however it may strike "B," to be rather a liberal margin, and afford a prospect of a good cash balance Jan. 1, 1883. M. C.

At a meeting of the greenback party on Tuesday evening, Gardner J. Greenleaf Esq., was nominated as the candidate for mayor. It was voted to make no further nominations except for aldermen.

The Universalist society and Sunday school will have a picnic at Jenness' beach, Rye, this day, Wednesday.

The building on the wharf in the rear of F. Jones' office, erected forty years or so ago by George W. Pendexter as a salt storehouse for Samuel Sheafe, was torn down on Tuesday; the timbers and inner boarding looked as fresh as though the structure had only been built a year or two.

The city fathers, or most of them, went down river on Tuesday. The pretended reason for the jaunt was to attend the police picnic; the real reason was to enable the mayor and aldermen to get a breath of fresh air, so that they could exist through another night of north pond horrors.

[*For other local matter see second page.*]

"Are You Troubled

With conscientious qualms?" asked a friend. "You look troubled." "So I am," said the sufferer; "but it is with the toothache." "More fool, you," replied the comforter; "get it pulled out, and buy a bottle of SOZODONT, and preserve the good teeth from a like calamity."

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of you rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup. "It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Stones In the Kidneys

And Bladder Expelled—Long Suffering of one of Troy's Best People—A Lucky Man.

It is by no means a strange thing that Dr. Kennedy should have received the following letter. By reading it you will see in one minute why James Andrews was thankful:

TROY, N. Y., April 8th, 1880.

Dr. D. Kennedy, Rondout, N. Y.:

DEAR SIR:—Until within a recent date I had for several years suffered greatly from gravel, called by the doctors the Brick-dust Sediment. For about a year past this sediment has not passed off in the usual quantity, but has accumulated, causing me untold pain. Having heard of "Kennedy's Favorite Remedy" I tried it in my case, and after using about one one-half bottles, I voided a stone from the Bladder, of an oval shape, 7-16 of an inch long, and rough on its surface. I send you the largest piece that you may see of what it is composed. Since then I have felt no pain. I now consider myself cured, and cannot express my thankfulness and gratitude for so signal a deliverance from a terrible disease. You have my consent to use this letter, should you wish to do so, for the benefit of other sufferers.

Yours truly, JAMES ANDREWS.

No. 10 Marshal St., Ida Hill.

When we consider that the medicine which did this service for Mr. Andrews costs only one dollar a bottle, it would seem that persons afflicted in like fashion can afford the expense of testing its virtues. Get it of your druggist, or address Dr. David Kennedy, Rondout, N. Y. "Dr. Kennedy's Favorite Remedy" for sale by all druggists.

WHEAT BITTERS THE Great LIQUID FOOD FOR BLOOD, BRAIN AND NERVES.

IS A SUPERIOR NUTRITIVE MEDICINE, RICH IN PHOSPHATES AND NOT A CHEAP, ALCOHOLIC DRINK. Highly recommended by Chemists and Physicians as

A POSITIVE TONIC, ALWAYS ACCEPTABLE AND RELIABLE,

as it does not stimulate the brain or irritate the system and leave deleterious effects. On the contrary, it furnishes just that which is necessary to the brain, to the muscles and to the nerves, purifies the heart's blood, and thereby makes only the best flesh, bone and muscle. IT IS WORK WONDERS, curing NERVOUS and GENERAL DEBILITY, MALARIA, DYSPEPSIA, INSOMNIA. Produces a healthy action of the Liver and Kidneys, fortifying the system against the miasmatic influences, and will be found invaluable in all pulmonary and bronchial difficulties. DELICATE FEMALES, NURSING MOTHERS and WEAKLY CHILDREN can find no remedy equal to this health-giving blood and nerve food tonic. For sale by all Druggists. $1.00 per bottle. Prepared only by WHEAT BITTERS CO.,

"Leone." The latest volume of the Round Robin Series is entitled Leone. It is a story located at Rome and in the Campania, and is fascinating with its art, love-making, brigandage, convents and thrilling incidents. We will not interfere with the anticipated pleasure of the reader, by telling what befell the American girl and her heroic father, beneath the sunny skies or in the hidden caves of Italy, but leave it all to be enjoyed. The book is written by one familiar with Rome, and the weakness of the Italian government; and as a story of American sojourn in Italy is far superior to many of its similar predecessors. Boston; published by J. R. Osgood & Co.; price $1.00; sold at all the bookstores.

The dead bodies of six negro railroad employes were found on the track of the railroad near Meridian, Miss., July 24th, having been run over by the cars. They had just been paid off, and it is believed they were murdered and then placed on the track.

The peculiar action on the kidneys and urinary organs of asparagus is frequently noticed during the season. Prof. Bunsen recently proved in the case of the Emperor William and others that in combination with malt and quinine it is an absolute specific for diseases of the liver, kidneys and urinary organs. His method has been adopted by the Malt Bitters company, and this great German food is now composed of malt, hops, quinine bark and asparagus.—*Medical Times.*

Attorney General Brewster has reached an opinion on the issue raised between George William Curtis and Representative Hubbell, president of the republican congressional committee, on the subject of political assessments, in which he holds that a member of Congress is not an officer of the United States, so that a gift to him for campaign purposes does not fall within the statute regulating political assessments.

I had Faith.

About six months ago I was advised to consult Mrs. Hall, the great Spiritualist doctor, to see if she could cure me of scrofula from which I have suffered from childhood. She said that if I would have faith in the medicine she gave me, that she could cure me. I took her medicine and in less than three months I was cured. Why, the way the medicine worked was a miracle. I begged her to tell me what the medicine was made of, but she said she could not do so; finally she told me that the medicine was Sulphur Bitters and that she never knew it to fail in all such cases as mine.—*Mrs. Clara Knowlton.*

Annie J. Gibbons, Mary T. Riley and Mary Rafferty, girls aged about fourteen years, are under arrest in Boston for shoplifting.

Found at Last.

An agreeable dressing for the hair, that will stop its falling, has been long sought for. Parker's Hair Balsam, distinguished for its purity, fully supplies this want.

Hon. George P. Marsh, United States minister to Italy since 1861, died July 24th, aged eighty-one years.

Improvement for Mind and Body.

There is more strength-restoring power in a bottle of Parker's Ginger Tonic than in a bushel of malt, or a gallon of milk. As an appetizer, blood purifier and kidney corrector, there is nothing like it, and invalids consequently find it a wonderful invigorant for mind and body.—*Commercial.*

It was reported on the 25th inst. that one of the assassins of Lord Frederick Cavendish and Mr. Bourke has been arrested at St. Thomas, and has confessed.

That feeling of languor and debility that follows physical exertion, removed by using Brown's Iron Bitters.

Summer Complaints

At this season, various diseases of the bowels are prevalent, *and many lives are lost* through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a *sure* cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is *perfectly safe.*

Read the following:

BAINBRIDGE, N. Y., March 23, 1881.
PERRY DAVIS' PAIN KILLER *never fails to afford instant relief* for cramps and pain in the stomach.
JOSEPH BURDETT.

NICHOLVILLE, N. Y., Feb. 2, 1881.
The *very best* medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is *sure cure* every time.
JULIUS W. DEE.

MONROONA, IOWA, March 12, 1881.
I have used your PAIN KILLER in severe cases of cramp, colic, and cholera morbus, and it gave almost instant relief.
L. E. CALDWELL.

CARNESVILLE, GA., Feb. 28, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it *always cures.* Would not feel safe without a bottle in the house.
J. J. TYE.

RACO, MS., Jan. 29, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is *safe, sure, and reliable.* No mother should allow it to be out of the family.
H. I. NAYES.

OSKIDA, N. Y., Feb. 19, 1881.
We began using it over thirty years ago, and it always gives immediate relief. Would hardly dare to go to bed without a bottle in the house.
W. O. SPERRY.

CONWAYBORO, S. C., Feb. 18, 1881.
Nearly every family in this section keeps a bottle in the house.
DR. E. BORROW.

U. S. CONSULATE,
CHEFKEO, TIENTSIN, CHINA, Feb. 8, 1881.
I have known PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after years of observation and use I regard its presence in my household as an *indispensable necessity.*
I. S. POTTER, U. S. Consul.

BURKSVILLE, CONN., Dec. 2, 1880.
I had been several days suffering severely from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, and found almost instant relief.
H. J. NOONE.

21 MONTAGUE ST., LONDON, Eng.
During a residence of twenty-three years in India, I have given it in many cases of diarrhœa, dysentery, and cholera, and never knew it to fail to give relief.
R. CLARIDGE.

No family can safely be without this invaluable remedy. Its price 25 cents is within the reach of all.

Very Like Slavery.

The government of the Sandwich islands is ostensibly lodged in King Kalakaua and a parliament, but in reality the larger planters are said to control everything. Claus Spreckels lends the king money, and can do as he pleases with him. The judges and all officials are said to be ruled by these large sugar growers. Under such a condition of things the rights of laborers and immigrants receive little protection. Practically many of the women who are persuaded to go there as domestics from foreign countries are treated like slaves, being bought and sold as though they were inanimate chattels. A girl who arrived there on a sailing vessel from Finland was sold by her master for $75 to a fellow-passenger on the voyage. A negro and a Norwegian each bought girls at the same price from men to whom they were under contract of service. A man who had bought a girl in this way sold her on going away to a missionary. The Hawaiians deny that this is slavery, but practically there is little difference; so, at least, says the San Francisco *Chronicle*.

Hay Fever.

For twenty-five years I have been severely afflicted with Hay fever. While suffering intensely I was induced, through Mr. Tichenor's testimonial, to try Ely's Cream Balm. The immediate effect was marvelous. I have been enabled to perform my pastoral duties without the slightest inconvenience. Have been exposed to heat, draughts and dust, and have escaped a return attack. I pronounce Ely's Cream Balm a cure for hay fever. WILLIAM T. CARR, Presbyterian pastor, Elizabeth, N. J.

MESSRS. MILLS & LACEY, Grand Rapids, Mich., Dear Sirs—Having used Ely's Cream Balm for hay fever, and experienced great relief from its use, I most cordially recommend it as the best of all the many remedies I have tried. Yours, &c., T. B. JENKS, Lawyer. Price fifty cents.

—Mrs. Siddons and the older school of actresses were very poor, and lived plainly—at least, the London papers of that time make no mention of her losing her diamonds.

Nerves, brain, and muscles gain strength and the power of endurance by using Brown's Iron Bitters.

—Said a fond husband to his wife: "My dear, I think I'll buy you a little dog." "Oh, no!" she replied, "do not! I prefer giving you all my affections."

*Thousands of ladies cherish grateful remembrances of the help derived from the use of Lydia E. Pinkham's Vegetable Compound.

—The Khedive, it is reported, paused the other day to remark that Don Cameron is no manager. How easy it is to see other people's blunders.

Novelty Pie.

Soak one pound of salt codfish one hour. Put it on in fresh water to boil with the peel of an orange and a red pepper. Mash eight good-sized boiled potatoes and a lump of butter, adding the juice of an orange. Mix all well together and put in a buttered dish. Take one pint or more of milk and heat in it one teaspoonful of Sea Moss Farine and pour over the fish. Cover the top with bread crumbs. Bake one hour.

—Don't see what on earth Mary Anderson wants of a yacht. Didn't suppose she had any fancy for smoking and getting drunk.

Digestion and assimilation are perfected in all cases by "Wheat Bitters," the great blood, brain and nerve food.

—"Her Face was her Fortune" is the title of a popular novel. She was evidently a book agent, and travelled on her cheek.

*"Do not grasp at the shadow and lose the substance." Kidney-wort is able to convert you from a shadow of your former self into the substance of established health. Said a sufferer from kidney trouble when asked to try Kidney-Wort for a remedy. "I'll try it, but it will be my last dose." It cured him and now he recommends it to all. If you have disordered kidneys don't fail to try it.

PATENTS!

R. H. EDDY,

No. 76 State St., Opposite Kilby, Boston,

SECURES PATENTS in the United States; also in Great Britain, France and other foreign countries. Copies of the claims of any Patent furnished by remitting one dollar. Assignments recorded at Washington. *No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.*

R. H. EDDY, Solicitor of Patents

Testimonials.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them as early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 19, 1870.

R. H. EDDY, Esq.,—*Dear Sir:* You procured for me, in 1866, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence and premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple remedy, which he will send FREE to his fellow-sufferers, address J. H. REEVES, 43 Congress St., N. Y.

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

Very Poor Shooting.

Capt. John S. Wise, readjuster candidate for congressman at large, and John S. Crockett, commonwealth's attorney of Wythe county, Virginia, went to Christiansburg, Va., July 25th, on an early train, and fought a duel with pistols. On the first round both fired at the word without effect. At the second round Crockett's pistol exploded prematurely. After reloading the weapon both combatants came to time for a second round, which resulted in Wise's pistol missing fire, and Crockett's fire being again harmless. Crockett, who was the challenging party, expressed himself satisfied, and the fight terminated. This hostile meeting had its origin in a personal rencontre which took place on Monday, the 17th inst., when both men were arrested and fined for breach of the peace. This caused a subsequent correspondence, which resulted in the duel.

The Egyptian Trouble.

The khedive has appointed Omar Lufti to succeed Arabi as minister of war and marine.

The advices from Alexandria on July 25th reported the new ministry engaged in preparing another proclamation, ordering the people not to obey Arabi Pasha. Ali Monbarak Pasha was urging the khedive to offer terms to the rebels, in order to detach them from Arabi Pasha. He suggested that the khedive issue a proclamation promising full pardon with retention of rank and privileges, to all officials, military and civil, and to Egyptians generally who within a given time should tender their allegiance to the khedive, and warning them that in case of failure to submit before the expiration of the time stated they will be treated as rebels,—Arabi Pasha and other members of the rebel government to be excepted by name from the amnesty, together with the persons convicted of having taken part in any massacre or in any act of plunder or incendiarism. It was thought this advice would be taken.

Another despatch of the same date said: "The military authorities are of the opinion that Arabi Pasha will not attack the British. He is, however, strengthening his position hourly. At daybreak this morning his men, many of them without uniform, and driven like slaves, were seen working in the intrenchments. The British experience great difficulty in moving guns, without which it is impossible to assume the offensive, to Ramleh. Directly a sufficient number of heavy guns are placed in position an attempt will be made to dislodge Arabi Pasha without danger to the troops. Gunners and guns from the fleet are going to the front."

The inspector of the cadastre at Tantah, who escaped the massacre there and has arrived at Alexandria, says "a Bedouin sheikh protected the threatened inhabitants of the Jewish quarter, and took them to his village. Another sheikh saved myself and party. The mob from Alexandria murdered three employes of the cadastre and their families, and burned their bodies with petroleum. The mob killed twelve Greeks. The mob was repulsed eight times. Finally two Bedouin sheikhs arrived and dispersed it." The three employes of the cadastre defended themselves desperately against their assailants, many of whom they killed, until the mob broke in at the back of the house, and despatched them.

News and Notes.

An unsuccessful attempt was made on the night of the 21st inst. to burn the town of Seattle, Washington territory, by one Payne, whose brother was lynched last spring. Payne was arrested, and his gang of desperadoes, twenty in number, warned to leave the place before daylight, which they did.

The Maine papers tell of two cases of youthful heroism and presence of mind by which children were saved from drowning. One of the brave youngsters was the five-years-old son of Capt. Edward Small of Machiasport, who waded out into the water in which a girl of seven years was struggling, and pulled her ashore with a stick; the other was Richard Brown of Winterport, aged ten years, who plunged into deep water and drew ashore the nine-years-old son of Capt. J. F. Hutchings, just as he was about sinking from exhaustion.

Hon. C. Q. Peck of Hinesburg, Vt., has a barn now ready for use, capable of holding 115 tons of hay. The driveway is on the third floor.

Mr. Eugene Tompkins, manager of the Boston theatre, and Mr. Arthur G. Tompkins, were passengers in the steamer Baltic, and arrived in Boston on the evening of July 25th from their European trip.

In Howard county, Ark., Crawford Morrill was accused of disturbing a religious meeting, and of stealing the minister's horse. He defied arrest, and fired at the officers. He was fired on in turn, and instantly killed.

The gig of the United steamer Saginaw, which vessel was wrecked in the Pacific ocean in 1870, is now lying in the torpedo shed at the Boston navy yard, having been brought from California by the Jamestown. The boat is to be placed on exhibition at the naval academy at Annapolis, in memory of the voyage of 1,500 miles which she made after the Saginaw stranded.

A steamer sailed from Tomsk, western Siberia, July 25th, for St. Petersburg, with Engineer Melville and two sailors of the lost Arctic steamer Jeannette. Lieut. Berry, Mr. Gilder and another officer of the burned steamer Rodgers, will return from Irkutsk to the Lena delta in order to follow during the winter the coast as far as the frontier of European Russia, thereby completing Engineer Melville's search to Olenak.

It is said that Capt. Miller, late of the United States ship Tennessee, was relieved from command because he incurred the expense of a pilot between Boston and New York, after having been directed not to do so.

Joseph Sayers, who was sent to prison at Toronto, Ont., from Whitby, for outraging a girl twelve years of age, was given twenty-five lashes on the bare back, July 25th. His back was terribly lacerated with the cat.

A despatch from Jonesboro', Ill., says that Willard's failure and flight from his bank grows more desperate. It looks now as though the shortage would be $200,000, and the assets practically nothing. Willard's whereabouts are kept secret. General opinion is that he lost nothing by speculation, but that it is an out-and-out robbery.

At St. Louis, Mo., all cases against the gamblers, lottery men and kindred frauds have been either nolle prossed or deferred to the September term, when they will be dropped. The despatch says: "This ends the fight against that species of crime here."

Martin Millmore, the sculptor, has closed a contract for a statue of Daniel Webster, to be erected at Concord. It will be of bronze, eight feet high from the pedestal, and will cost $10,000.

AROUND HOME.

The steamer Gen. Bartlett, with 250 excursionists from Merrimacport, Mass., paid a visit to this port on Wednesday.

Ex-Marshal Frank B. Johnson is rapidly recovering from the effects of the shock he recently sustained; he was out for an airing in a cab on Tuesday, the 25th inst., and appeared Wednesday on foot.

The schooner Honest Abe, Bates master, which arrived at this port from Port Johnson on the 23d inst. with coal for Dover, when off Nantucket shoals was in collision with the schooner Charles H. Trickey, of Dover, and was considerably damaged. The latter schooner was not much hurt.

POLICE PICNIC NOTES.

The big alderman stowed away in his capacious hold eight bowls of chowder for dinner, and twenty-seven fried cunners for supper, by actual count.

The best swimmer among the bathers was a one-legged veteran of the late war; the worst swimmer was the reporter of the *Times*.

The poem dedicated to "Tommy and Billy" was finely read by Judge Batchelder, and caused shouts of laughter.

County Commissioner Johnston excels in presentation speeches.

The mayor in his address feelingly alluded to the remarkable ventilation in the garments of the city marshal.

Proprietor Curtis, of Sea-Side Lodge, was given a vote of thanks and repeatedly cheered for his hospitality.

Col. Wm. C. Ham, of the Boston custom house, was the recipient of much attention.

The ammunition from Newcastle arrived too, too late.

The waters off Pocahontas point were thickly sprinkled with pleasure crafts of various descriptions during the day.

Ninety-four persons partook of the "boss" chowder, in the construction of which Asst. Marshal Gray was chief engineer and architect.

The "counsel for the defence" was high line on cunner catching; he was considerably fatigued with the exertion of baiting his hook so often.

Alderman C—— was the best piazza sticker in the party. Alderman M—— was mostly found at the kitchen door, causing continuous wrath on the part of the cook.

The managers of the wires of the several political parties were present in force, but politics were eschewed.

The north millpond nuisance was well ventilated—good place to do it, down there.

It was a jolly party, joyously conducted and happily concluded.

State of New Hampshire, Rockingham, ss.

By the Judge of Probate for said County.

TO the heirs at law and creditors to the estate of Samuel Caswell, late of Northwood in said County, and all persons interested in said estate, GREETING.

YOU are hereby notified that Charles A. Caswell, Guardian of said Hannah, has filed his account of said guardianship in the Probate office for said County, and will present the same at a Court of Probate to be holden at Exeter in and for said County, on the Wednesday next following the third Tuesday of August next, at 10 o'clock, A. M., for examination and allowance, and will also at the same time and place tender his resignation of said trust.

YOU are therefore hereby cited to appear at said court to be heard thereon, and to make such objections as you may then have. And notice is hereby required to be given by causing this citation to be published three weeks successively in the PORTSMOUTH CHRONICLE, a newspaper printed at Portsmouth, in said County, the last publication whereof to be at least one week prior to said Court. By order of the Judge.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

REPUBLICAN MAYORALTY CAUCUS.

The republican caucus to nominate a candidate for mayor to be supported at the polls on the first Tuesday in August, was held in the court house on Wednesday afternoon, July 26th, commencing at four o'clock.

Mr. George W. Pendexter was chairman of the meeting, and Charles E. Batchelder, Esq., secretary. The polls were closed at eight o'clock, and the result of the voting announced as follows:

Whole number of votes	375
Necessary for a choice	188
John Laighton had	1
William H. Sise had	164
James W. Emery had	210

And Hon. JAMES W. EMERY was declared the nominee of the caucus, On motion of Col. Sise, the nomination was made unanimous.

A committee consisting of Thomas Entwistle, John H. Slater and Wm. Russell Foster was appointed to notify Mr. Emery of his nomination, and the caucus adjourned.

The committee, as instructed by the caucus, waited upon Mr. Emery, who accepted the nomination.

DEMOCRATIC MAYORALTY CAUCUS.

The Democratic Caucus for the purpose of nominating a candidate for MAYOR to be supported at the polls on Tuesday, August first, will be held in the Court House this (Thursday) evening at 7:30 o'clock. PER ORDER.

CORPORATION MEETINGS.

A meeting of the directors of the Portsmouth bridge was held in this city on Wednesday morning, July 26th, and officers elected as follows:

E. B. Phillips of Boston, president;
N. G. Chapin of Boston, treasurer;
Wallace Hackett of Portsmouth, clerk;
C. S. Sargent of Boston, auditor.

The following resolutions were introduced by Col. William H. Hackett in relation to the death of Hon. Ichabod Goodwin, who was president of this corporation for forty years, and treasurer for more than thirty years:

Resolved, That the long connection of the late Ichabod Goodwin with this corporation, severed by his recent death, induces us on this occasion to pass a tribute to his memory.

Resolved, That the faithful service of the late Gov. Goodwin as director and president of this company, continuing through a period of forty years, has been such as calls for a grateful recognition by the members of this board; and we shall ever cherish the memory of the prompt and efficient discharge of his duties in office, as well as of the courteous and agreeable intercourse, both personally and officially, with the several members of the board of directors.

The resolutions were unanimously adopted.

At a meeting of the directors of the Portsmouth, Great Falls & Conway railroad, held in this city Wednesday forenoon, the 26th inst., the following officers were elected:

President, E. B. Phillips of Boston;
Treasurer, N. G. Chapin of Boston;
Clerk, Wallace Hackett of Portsmouth;
Auditor, C. S. Sargant of Boston.

"NO ECONOMY."

Mr. Editor: In my article of July 25th I did not pretend to say that means enough could not be provided to run the city the present year, but simply that the tax and interest were not sufficient for the purpose. Had I meant otherwise, and considered the cash on hand ($20,093) as given by the city book, of course I should have found means enough to pay the appropriations and have a good sum left; but that was not my object; my idea is that the income for each year should be sufficient for its ordinary expenses, and I intended to show that this year the means will fall below the expenses at least $10,000. If the sum of $9,034.32, which is given by "M. C." as "the cash on hand Jan. 1, 1882, less notes payable," be added to the income, then the city may nearly meet its bills for this year.

"M. C.'s" estimate of resources is open to some criticism, however; for he estimates the collection of the entire tax of the current year during the year, which has never yet been done and probably never will be; and also estimates a much larger receipt from back taxes than there is any prospects of realizing. However, the experiment of a low tax is being tried, and the year will prove its work. Let us hope that "M. C." is right, and that there will be means enough.

In the meantime, perhaps "M. C." will inform the public what he means by putting the cash on hand Jan. 1, 1882, at $9,034.32, "less notes payable." Were there $13,000 city notes outstanding at that date? There is no mention of money raised for notes in the city accounts, and no mention of temporary loan in the statement of city debt. B.

STEAMBOAT EXCURSIONS.

The steamer Acushnet will make a moonlight excursion this evening; see advertisement.

The new steamer City of Bangor, Ray master, will make a trip to Boon island on Sunday afternoon at three o'clock.

GO SURE.

We learn that the six capitalists who some time since purchased the Kearsarge mill site, and have since held it with the purpose of disposing of it for any industrial enterprise which might commend itself to the good sense of a practical committee, have been favored with many propositions to start enterprises on this spot, but none of them have seemed after investigation worthy to be adopted.

These gentlemen went to Boston on Tuesday of this week, and had a conference with a manufacturer who desires to form a business arrangement with a company, or set of men, incorporated or otherwise, for the manufacture of a special article which promises to become in demand in the market, and which with proper facilities can be produced in Portsmouth as well as elsewhere. The gentlemen referred to devoted one of our warmest days to investigating the proposed enterprise, and will decide upon the question shortly.

What is sought is not a mere investment of funds which will create business, but a profitable outlay, which will establish within our borders a manufactory likely to employ two hundred men, and be a good thing alike for the proprietors and the community. In the meantime, the gentlemen who hold the real estate are not likely to be caught with chaff. Every day in the week can be found adventurers, who if they can only secure the desired capital will at least *promise* great returns! What is sought is a substantial, healthy business, the programme for which will bear the closest scrutiny and the severest test. Our citizens, while liberal in their ideas of creating business, adding to our population and improving our opportunities, have no plan of establishing a charity institution for adventurers, to try experiments, or to operate upon uncertain promises. They must be assured that what is to be undertaken is reasonably sure of success; otherwise they will permit the unsightly ruins of the Kearsarge to continue to mark the spot where a few years since busy machinery contributed such an essential element toward the support and prosperity of Portsmouth.

The following is a list of the democratic committee of ward one, chosen Tuesday evening, July 25th; the committee is nearly the same as last year, the only names dropped being those of persons who have removed from the ward: Dennis J. Lynch, James F. Jenness, Nathan Whalley, Charles A. Canney, Charles H. Foote, Freeman Pearson, Charles W. Stimson, Albion Littlefield, Charles Dennett, Ira C. Seymour, Nathaniel K. Raynes, Sewell W. Webber, John H. Galloway, John E. Locke, Cornelius Quinn, Elwood Hutton, George Lane.

Those persons who thought the bells of the Christ church chime would never get here were mistaken; the bells arrived on the 25th inst., per steamer Acushnet.

The schooner D. K. Ham, Garland master, and the Hattie Lewis, Brewster master, which were on Monday of this week reported to be neaped at Eliot, both sailed for Boston on Tuesday, with cargoes of brick. The Satellite, Aderton master, sailed on Wednesday, the 26th.

Several big limbs fell from the old elm on the Ladd estate on High street, on the 26th inst.

We are happy to be able to announce to the citizens that the millpond nuisance is abated; the city authorities on Wednesday of this week caused a barrel of lime to be sprinkled over the flats.

A Cough, Cold or Sore Throat

Should be stopped. Neglect frequently results in an Incurable Lung Disease or Consumption. "Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25 cts a box everywhere. eod&wtjan82

Valuation and Taxation.

The valuation and taxation of cities and towns in New Hampshire for 1882, as returned to the state board of equalization, shows a total of 89,545 polls; $17,031,575 in money property; $20,120,730 in other personal property; $125,786,780 in real estate; $171,893,632 being the total inventory; the amount of taxes is $2,574,005.81. Adding deposits in savings banks, less the amount invested in real estate, the total inventory is increased to $207,497,875, against $199,876,016 in 1881; and the total amount of taxes to $2,930,043, against $2,834,815.

Total number of horses, 58,966; oxen, 25,962; cows, 95,942; other neat stock, 63,263; sheep, 229,376; increased valuation of stock, $481,600.

The report says great inequality exists in the valuation; that there is an undervaluation by assessors of over twenty-two per cent; for instance, the whole real estate in 1881 was valued at $122,500,000, when, by evidence of sales, it is worth $156,000,000. The board says if investigations of the present year's valuation verifies the substantial correctness of the results here given it will be their duty, in taking the next apportionment, to correct it as far as can be by telling those towns whose property is thus undervalued.

The rate per cent of valuation of real estate in five cities is as follows: Portsmouth, 96.5; Dover, 92.7; Keene, 98.8; Concord, 95; Nashua, 60.2.

The annual state Universalist convention will be held at Plymouth the last of September and first of October.

I had Faith.

About six months ago I was advised to consult Mrs. Hall, the great Spiritualist doctor, to see if she could cure me of scrofula from which I have suffered from childhood. She said that if I would have faith in the medicine she gave me, that she could cure me. I took her medicine and in less than three months I was cured. Why, the way the medicine worked was a miracle. I begged her to tell me what the medicine was made of, but she said she could not do so; finally she told me that the medicine was Sulphur Bitters and that she never knew it to fail in all such cases as mine.—*Mrs. Clara Knowlton.*

Nerves, brain, and muscles gain strength and the power of endurance by using Brown's Iron Bitters.

The man arrested in Venezuela on his own confession of being one of the murderers of Cavendish and Burke in Phœnix Park, Dublin, is believed to be an imposter. A Dublin despatch says: "A detective, specially charged to investigate the Phœnix park murders, says he is disinclined to believe O'Brien's story. There is no doubt that two of the men engaged in the two murders did escape abroad, but not to Venezuela, and neither of those men is named O'Brien. The arrests in connection with the Seville place murder are more likely to throw light upon the Phœnix park tragedy."

Martin Beckel was committed to jail at Hampton Court House, S. C., July 22d, for outraging a white girl twelve years old. He was taken from jail on the 25th by a mob, and hung.

Improvement for Mind and Body.

There is more strength-restoring power in a bottle of Parker's Ginger Tonic than in a bushel of malt, or a gallon of milk. As an appetizer, blood purifier and kidney corrector, there is nothing like it, and invalids consequently find it a wonderful invigorant for mind and body.—*Commercial.*

John S. Wise and John S. Crockett, the two fools who recently fought a duel in Virginia, have been indicted by the grand jury. Why they should be indicted we cannot see; they didn't hurt anybody.

BRIGHTON CATTLE MARKET.

For week ending Wednesday, July 26.

[Reported for the Boston Journal.]

Amount of stock at market—Cattle 1041; sheep and Lambs 10,500; Swine 10,192; Veals 65; Horses 90; number of western cattle 865; eastern and northern cattle, milch cows, etc., 176.

Prices of Beef Cattle 100 lbs., live weight—Extra quality $8 @ 9; first quality $7 @ 7 87½; second quality $6 @ 6 87½; third quality $5 @ 5 87½; poorest grades of coarse oxen, bulls, etc., $4 @ 4 75.

Brighton hides 9 @ 9½c ℔ lb.

Brighton tallow 5c ℔ lb.

Country hides, heavy ones 8 @ 8½c ℔ lb; light ones, 6 @ 6½c ℔ lb.

Country tallow 5c ℔ lb.

Calf skins 12 @ 12½c ℔ lb.

Sheep skins 50 @ 40c each.

Lamb skins 50 @ 75c each.

The supply of cattle in market this week is lighter than that of last week. Trade has not improved any over that of one week ago, it being slow, and prices realized for the same grade of beeves unchanged except for low grades of Texas cattle, a few of which sold at 4½ @ 5½c ℔ lb live weight. The quality of the beeves from the west was mostly of an ordinary grade, only a few selling for more than 5c ℔ lb live weight, sales ranging mostly from $6 75 @ 7 50 ℔ 100 lbs live weight.

Working Oxen—But few pairs in market, but a light demand for them; workers will sell dull until later in the season, or until they are brought in more freely from the north and Maine than they have been for a few weeks past.

Veal Calves—Prices ranged from 2½ @ 7c ℔ lb live weight.

Milch Cows and Springers—Good cows sell well, but common grades are not in so good demand. We note sales of 2 springers at $35 each; 2 new milch cows at $65 each; 1 do at $55; 1 springer at $33; 2 milch cows at $35; 2 do at $41 each; 2 new milch cows at $60 each.

Sheep and Lambs—Those from the west were mostly owned by Holli & Clark, sheep coming from 5 @ 6½c, lambs 6 @ 8c ℔ lb live weight, landed at Brighton.

Swine—Western fat hogs were all owned by butchers, costing, the same as for several weeks past, 8¾ @ 9¼c ℔ lb, live weight. Store pigs at 6 @ 10c ℔ lb, live weight, or $2 00 @ 6 00 ℔ head.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self-cure, which he will send FREE to his fellow-sufferers, address J. H. REEVES, 43 Chatham St., N. Y.

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

The Egyptian Trouble.

Despatches received in London on July 26th, from Alexandria, convey the following intelligence:

The water in the Mahmoudieh canal has not fallen to any considerable extent during the last thirty-six hours. It is concluded that the dam has burst, or water infiltrates through it.

The Egyptian vessel Charkeh left this morning to take on board the garrison at Aboukir, which had declared loyalty to the khedive, and to land a party to spike the guns on the works. She has not yet returned. The garrison numbered 2,000 men.

The khedive will make no terms with Arabi Pasha, and demands his unconditional surrender.

Reports from Cairo are that Arabi sent orders to the prefect of police at Cairo to send all the police to the rebel camp, and to fill their places with refugees from Alexandria, who are quartered at Gazireh. Ibrahim Bey, the prefect, although hitherto a partisan of the military faction, had the courage to decline, as he refused to be responsible for the safety of the capital if the police were taken away. Arabi Pasha, upon receiving his answer, ordered the arrest of Ibrahim.

Retail trade has revived somewhat in Alexandria. The centre of the great square is filling with cafes and booths.

It is reported in diplomatic circles that Prince Bismarck has instructed the German representative in Alexandria to declare that Germany regards England's intervention in Egypt as the only means of avoiding a European conflict, and believes that when Egypt is pacified the powers will demand a collective settlement of the Egyptian question.

A force from the British men-of-war has been landed at Port Said.

At nine o'clock on the 25th a decided attempt was made to surprise the British outposts at Ramleh, under cover of darkness. A force of 600 men approached close to the British lines, when the 38th regiment opened fire. The enemy retreated precipitately. During the remainder of the night the Egyptians continued moving about just beyond range. The attempt was preceded by reports that Arabi Pasha was attempting to treat for conditions for his surrender, and that a white flag was flying over his entrenchments. The reports were probably circulated to lull the vigilance of the British.

A despatch of the 27th, from Constantinople, says Turkey is ready to send troops to Egypt. A despach of the same date from Cairo says that Arabi attacked the English forces between Ramleh and Aboukir, killed forty, and drove them back on Ramleh; the report was not believed in London.

The Russian Jews.

When the shocking outrages committed upon the Russian Jews by ferocious mobs were first reported, it was understood by the American people, and proclaimed by the press, that the persecutions were owing to the fact that the Jews, from their industrious and thrifty habits, had almost monopolized the wealth, and consequently the local influence, in the Russian towns and villages,—a state of affairs which the improvident and lazy Russian peasants could not brook.

Recent occurrences in this country, however, have tended to dispel the popular faith in the estimable character of the persecuted people, and to show that they were persecuted simply because they were Jews, and not at all because they were valuable citizens. The committee of American Jews appointed to look after the refugees from Russia, and to secure them positions where they could support themselves, has sent back to Europe many hundreds of them, on the ground, as publicly stated, that no places could be found for them—and this at a time, too, when any man willing to work can get from one to two dollars a day in the haying and harvest fields all over the country; and on Tuesday, July 25th, four hundred refugee Russian Jews were expelled from the Castle Garden in New York, as they absolutely refused to work, and their filthy, unmanageable habits rendered them intolerable to the commissioners.

It seems evident that the Russian Jew is a very different kind of person from his American coreligionist, and that the lowest Chatham street old clo' dealer is as much above a Russian Jew as the royal truck is above a belaying pin.

Edward Sullivan is under arrest for murder, he having fatally stabbed Matthias Herre at Turner's Falls, Mass., July 25th, in a scuffle over a glass of water.

Within the last few days the army worms have appeared at Augusta, Me., and surrounded a six-acre field of barley, have cut from one-half to two-thirds of the heads of grain from the whole piece, and are still vigorously prosecuting their work of destruction.

A member of the Maine legislature had been courting an Augusta girl all winter, and had taken her to attend the sessions until she was well posted in the rules. On the last day of the session, as they came near the peanut stand by the door, he said to her: "May I offer you my handful of peanuts?" She responded promptly: "I move to amend by omitting all after the word 'hand.'" He blushingly accepted the amendment, and they adopted it unanimously.

HARDSHIPS OF THE DEEP.

Mr. Lawrence Cotter, shoemaker on Water street, came down the river on Tuesday of this week in a boat from South Berwick, Me., with his wife and five children, they having been making a visit to that town. Mr. Cotter, who is a quiet and industrious citizen of good reputation, had an awful hard time of it on the voyage. He left South Berwick at eight o'clock in the morning, and arrived down at half-past eleven; the day was intensely hot, as will be remembered, and Mr. Cotter ran the boat ashore in shady places twenty times, for temporary shelter from the scalding rays of the sun; twice he thought he was sunstruck; and when down near Dover point, finding the stock of water had given out, he landed near one of the brickyards and asked the occupant of a neighboring house for a supply of the indispensable fluid, instead of receiving which the snarling cur of the house threatened to set the dogs on him! Mr. Cotter procured water from another house, and endeavored to learn the name of the surly boor to whom he first applied, but the neighbors declined to tell; they did, however, say he was "a very ugly man"—in which opinion Mr. Cotter heartily coincides.

AROUND HOME.

The big excursion steamer Empire State made a trip to the Shoals from Boston on Wednesday of this week, and had about as many passengers as she could accommodate.

A barrel of Portsmouth aqueduct water was sent from this city to Boston by express last Thursday, for drinking. The Boston water is so bad that the wretched people there have to drink lager beer, or send out of the city for water that is fit to drink; this accounts for the intemperance of Boston people.

A carriage containing two young women was run against a tree on Middle street, on the evening of the 26th inst., and considerably smashed; both occupants of the carriage were thrown out, but escaped serious injury.

Two three-card-monte swindlers arrived in this city over the Eastern railroad from Boston, last Thursday afternoon, and took the train for Dover, but were taken out of the cars by the police, and conducted to the station house. They were arrested on suspicion of being the fellows who "beat" Mr. Al. Goodwin out of $10 in Dover on the Barnum circus day, but though Sheriff Kent was quite confident they were the men, Mr. Goodwin could not positively identify them, and they were consequently discharged.

The steamer Startled Fawn, with a party from Newburyport, came into this harbor on Thursday.

Louis Dickerson of Ipswich, Mass., a farmer aged sixty-five years, while driving across the Eastern railroad in Rowley last Thursday morning was struck by a train, and killed. He leaves a wife and children.

Passed Assistant Engineer William H. Nauman is ordered to duty at this navy yard.

Passed Asst. Engr. John A. Tobin, formerly on duty at this station, and later ordered to Europe on a special mission, has been detached from special duty at Washington, and ordered to the iron-clad Montauk.

The Holiness camp meeting at the Old Orchard camp ground commenced July 26th, to continue one week.

Miss Elizabeth Ham, a maiden lady residing at No. 16 Dennett street, was found by a neighbor lying across the threshold of her doorway in an insensible condition at nine o'clock on Thursday morning last; assistance was procured and the lady placed upon a bed, and a physician sent for, who pronounced the trouble to be paralytic shock. Miss Ham lived alone, and it is thought she must have been insensible several hours, as the front door of her residence was noticed to be open as early as half-past four o'clock in the morning, this leading to the discovery of the unfortunate lady in the condition above mentioned. Up to a late hour on Thursday evening Miss Ham had not regained consciousness.

Special and personal attention given to the preparation, proof and trial of cases in the court of Alabama claims in Washington, D. C.

An extended experience in the former Court and unusual facilities for managing these causes, enables me to render special services to claimants. Time for docketing cases expires January, 14, 1883. All cases not entered on or before that date will be thereafter totally barred and inadmissible.

The court has jurisdiction of claims for vessels and cargoes destroyed by any Confederate Cruisers, and for officers and crews and for War Premiums paid from April, 1861, to November, 1865. Interest is allowed from the time of the loss, or payment of premiums until March 31, 1877 at 4 per cent. per annum.

PORTSMOUTH, July 24, 1882.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Debrecities, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and excites a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from rickets and weakness, the result of disease, overcrowding, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost vigor. When the stomach is weak and refuses other nourishment this Extract will prove an excellent substitute for food. It neither pals upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are inclined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of nutritious foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fine engraved likeness of BARON VON LIEBIG, and a FAC-SIMILE OF HIS SIGNATURE, as well as that of A. VOGELER & CO., BALTIMORE, Md., Sole Agents for America.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Appledore and Oceanic HOTELS.

THE staunch, sea-going steamer Appledore, Capt. Albert Rand, leaves Jones' wharf, near the foot of Deer street, for these favorite and widely-known ocean resorts, daily, (Sunday excepted,) at 11 o'clock A. M., and six o'clock P. M. Returning, leaves the islands in season to connect with the morning and evening trains on the Eastern railroad for Boston and the west. Baggage checked through from Boston and intermediate stations, and returned free.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, with the best of beds, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

MUNICIPAL AFFAIRS.

In Board of Mayor and Aldermen, regular meeting, Thursday evening, July 27th, Mayor Sise in the chair:

Present, the full board, except Ald. Noyes.

Records of last meeting were read and approved.

Bill of J. Brooks & Co., of $185.45, for repairing drain, approved by the committee on streets, was ordered paid. Also bill of Lewis W. Brewster, of $39.-50, for printing, approved by the city clerk.

The city solicitor informed the board that Robert A. Ray, city solicitor of Concord, had been selected to defend the several cities sued on the patent-valve claim, and had given bonds in $5000 for the monies he may be entrusted with. He requested that one-half the sum due from Portsmouth to the defence fund be forwarded to Mr. Ray, and this was assented to.

Mrs. Woodsum, of Chapel street, and heirs of Joseph D. Pillow, on Islington street, asked for relay of sidewalks; granted.

Supervisors of elections were appointed, as follows:

Ward one — James F. Jenness and Charles H. Besselievre;

Ward two—Daniel W. Barnabee and Samuel R. Gardner;

Ward three—James Stearns and Frank W. Rand;

Ward four—Charles O. Hanscom and John S. Tuckerman.

The mayor said he would bring up the subject of the millpond nuisance, probably for the last time in an official capacity. A telegram had been received from the president of the Eastern railroad, stating that the city would be allowed to open the gates, at the city's own risk.

An offer was received from the Eastern railroad to lease the pond to the city at $800 per annum; and it was said that Moses H. Goodrich pays $150 per year for water for his bark mill.

Ald. Caswell moved that an offer be made of $500 per year for five years, for the pond, and it was so ordered, Ald. Vaughan voting alone in the negative.

Adjourned.

DEMOCRATIC MAYORALTY CAUCUS.

There was a large attendance in the court house on Thursday evening, July 27th, the occasion being the caucus of the democracy for the nomination of a candidate for mayor.

The meeting was called to order by Shirley B. Cunningham; Nathan Whalley was chosen chairman, and George S. Leach secretary.

On motion of J. Wesley Young, Hon. John S. Treat was nominated by acclamation as the democratic candidate for mayor, without a dissenting voice.

A committee of five, viz., Dennis J. Lynch, J. Wesley Young, Edward D. Coffin, Shirley B. Cunningham and Charles H. Downs, were appointed to inform Mr. Treat of the honor conferred upon him, and request his acceptance of the nomination.

The committee reported that Mr. Treat was absent, and unable to attend; but would express his acceptance and thanks through the press.

POLICE COURT.

THURSDAY, July 27; *Batchelder J.*

George Mates and Frank Hammond, two boys, were before the court for breaking the glass in one of the street lamps on Sagamore road. The offence was proved, but it appeared that the boys' mothers had had the glass replaced, and on their appeal the culprits were allowed to go on probation, after a lecture from the presiding justice.

DEMOCRATIC WARD MEETING.

The democrats of ward four held a preliminary caucus on the evening of July 26th; Henry F. Wendell was chosen chairman, and Benjamin Atwell secretary. A ward committee was chosen, as follows:

Henry F. Wendell, Edward Watkins, William Smart, Horace Gray, Robert W. Phinney, Joseph R. Holmes, Shirley B. Cunningham, Benjamin Atwell, William S. Hazel.

The meeting then adjourned to Friday night, July 28th, at 7:30 o'clock, to make nominations.

A PLEASANT TRIP.

The sultry weather of Tuesday and Wednesday of this week was succeeded by a fine southeast breeze on Thursday. Many persons availed themselves of the fine weather during the week for a sail in the harbor.

During the heated term a trip to Kittery Point in the steamer James Sampson is an enjoyable relief, for even if there is no breeze blowing, the speed of the steamer makes a stir in the air which soon cools off the heated passenger. Kittery Point is an attractive place for picnics, and the passage by the James Sampson affords the most enjoyment for the money of any of the ways of transportation to the sea-shore.

Kittery Point with its steam communication is now easily reached, and the numbers of persons carried on trips of the Sampson between Portsmouth, Kittery Point and Newcastle show that this convenient and economical means of passage between the places named is appreciated.

NOT THE "COUNT."

The Biddeford *Times* of July 26th says:

"Count Zouaski," a man evidently of foreign birth and much resembling "King David," applied at the station house this noon.

From this we infer that the "King David" now in jail at Alfred, Me., awaiting trial on a charge of stealing a pair of boots at Kennebunk, is not our sometimes hilarious friend the Polish count, alias Rip Van Winkle, alias Father Time, alias Santa Claus, alias King David, but the original and only real King David who belongs somewhere out North Hampton way, and has been known in this vicinity for many years as a harmless lunatic.

STEAMER "CITY OF BANGOR" SEIZED.

The florists of Boston and vicinity had planned an excursion down Boston harbor to Long island, by the steamer city of Bangor, July 26th: but the boat was seized that day by the collector of the port of Boston, for failing to comply with the law for the regulations of steam vessels, so the florists had to make their trip in two tug-boats.

It appears that on the 7th of July the new steamer was inspected by Burnham and Savage of Boston, the local inspectors of steam vessels, and certain changes ordered to be made in the equipment before they would issue the certificate of inspection, without which no registered steamboat can legally run.

The owners of the boat appealed to G. B. N. Tower of New York, supervising inspector of the district, who visited Boston and inspected the steamer, and returned to New York, from whence he wrote to the local inspectors sustaining their orders in all but one particular. The matter having been thus taken from the hands of the Boston inspectors they refused to issue a certificate, and as Tower had neglected to issue one the steamer was seized.

If the secretaries of the several republican caucuses to be held this evening will furnish us with lists of the nominations made, as soon as convenient after the caucuses close, we shall regard it as a favor.

The steamer Acushnet took a large party outside the harbor on a moonlight excursion, Thursday evening of this week. The Mystic was chartered the same evening, to take a party down to the hotel Wentworth; and about twenty-five ladies and gentlemen from Christian Shore drove to Wallis' sands, Rye beach, in a four-horse wagon.

The aquarium was illuminated on Thursday evening last, 170 torches being on the bridge and the aquarium building, or on floats in the water, the effect being very fine. The toll-gate was open, and the brilliant spectacle was enjoyed by a large number of ladies and gentlemen, a large proportion of whom came in carriages. Refreshments in abundance, consisting of cake, ice cream, sandwiches, etc., were furnished the entire company by Major Urch.

The Mutual Life Ins. Co., (C. M. Gignoux of this city general agent for Maine and New Hampshire,) recently paid a policy of $3000 upon the life of the late John R. Varney of Dover.

The nine bells for the Christ church chime weigh together 10,603 pounds. The largest one weighs 400 lbs. more than the Unitarian church bell, and 700 lbs. more than the North church bell.

Several dollars can be saved by buying your own and your children's clothing at the Oak Hall Agency, as they sell at the lowest prices in New England.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup. "It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere Twenty-five cents a bottle. cod&wtjan82

Stones In the Kidneys

And Bladder Expelled--Long Suffering of one of Troy's Best People--A Lucky Man.

It is by no means a strange thing that Dr. Kennedy should have received the following letter. By reading it you will see in one minute why James Andrews was thankful:

TROY, N. Y., April 8th, 1880.

Dr. D. Kennedy, Rondout, N. Y.:

DEAR SIR:—Until within a recent date I had for several years suffered greatly from gravel, called by the doctors the Brick-dust Sediment. For about a year past this sediment has not passed off in the usual quantity, but has accumulated, causing me untold pain. Having heard of "Kennedy's Favorite Remedy" I tried it in my case, and after using about one and one-half bottles, I voided a stone from the Bladder, of an oval shape, 7-16 of an inch long, and rough on its surface. I send you the largest piece that you may see of what it is composed. Since then I have felt no pain. I now consider myself cured, and cannot express my thankfulness and gratitude for so great a deliverance from a terrible disease. You have my consent to use this letter, should you wish to do so, for the benefit of other sufferers.

Yours truly, JAMES ANDREWS.

No. 16 Marshal St., Ida Hill.

When we consider that the medicine which did this service for Mr. Andrews was only one dollar a bottle, it would seem that persons afflicted in like fashion can afford the expense of testing its virtues. Get it of your druggist, or address Dr. David Kennedy, Rondout, N. Y. "Dr. Kennedy's Favorite Remedy" for sale by all druggists.

WHEAT BITTERS THE Great LIQUID FOOD FOR BLOOD, BRAIN AND NERVES.

IS A SUPERIOR NUTRITIVE MEDICINE, RICH IN PHOSPHATES AND NOT A CHEAP, ALCOHOLIC DRINK. It Highly recommended by Chemists and Physicians as

A POSITIVE TONIC, ALWAYS ACCEPTABLE AND RELIABLE,

as it does not stimulate the brain or irritate the system and leave deleterious effects. On the contrary, it furnishes just that which is necessary to the brain, strengthens and quiets the nerves, purifies the heart's blood, and thereby makes strong the best flesh, bone and muscle. It works wonders, curing NERVOUS and GENERAL DEBILITY, MALARIA, DYSPEPSIA, INSOMNIA. Produces a healthy action of the Liver and Kidneys, fortifying the system against the miasmatic influences, and will be found invaluable in all pulmonary and bronchial difficulties. Naval Affairs.

The Galena arrived at Gibraltar on Tuesday, July 25th, from Alexandria, Egypt, on her way to the coast of Brazil.

Commodore A. C. Rhind, Commander Henry L. Howison, Medical Director A. L. Gihon, Chief Engineer J. W. Thompson, and Capt. Percival C. Pope, U. S. M. C., the board of inspection of steam and sailing vessels, arrived at the Boston navy yard July 26th, and accompanied by Chief Engineer Roble and the foreman of machinists, boarded the Hartford. A thorough inspection was made of the ship as to her outfit and condition for action.

At Bridgewater, Mass., July 26th, Seth B. Washburn went into a field near his residence, and placing the butt of an old-fashioned musket against a tree and the muzzle against his chest, leaned over and pulled the trigger with a forked stick, which he held in his hand. A charge of heavy buckshot entered his lungs, and death resulted almost instantly. Washburn was about thirty years old and unmarried, and has for a long time been subject to fits of mental depression, and the act was probably committed during one of these periods.

By an explosion in Baribault's drug store in Fitchburg, Mass., July 26th, Ed. Lennon and W. Baribault were badly burned about the legs, and the interior of the store, with the stock, was ruined. Three explosions were heard; the first is reported to have been from a gin barrel.

Hon. Luke P. Poland has been nominated for Congress by the republicans of the second district of Vermont.

Don't Waste Money

On trashy extracts when you can buy a lasting perfume so delightfully fragrant and refreshing as Floreston Cologne.

Moody and Sankey will remain in Great Britain until the spring of 1883, when they will return to the United States for a few months, after which they will go back to London and continue their labors.

A Beneficent Action.

The miserable looks and feelings of those confined at desks or work-tables, are caused by weak stomach, kidneys or bowels. Parker's Ginger Tonic without intoxicating has such a beneficent action on these organs and so cleanses the poisonous matters from the system, that rosy cheeks and good health are soon brought back again.—*Express.*

Cyrus C. Daniels, aged sixty years, committed suicide July 25th in South Mendon, Conn., by shooting himself. He had been in poor health for some time, which, it is supposed, was the cause of the rash act.

I Am an Old Man,

Shall be seventy-nine years of age next June, and for the last six years have suffered from general debility and old age. At times I could not get out of bed without help. I commenced to take Sulphur Bitters. In a week I felt stronger and got a mighty fine appetite. I still continue their use, and to-day I walked over three miles without feeling tired, something I haven't done in five years before. Sulphur Bitters is a right smart medicine. —*G. Brown, Keokuk, Iowa.*

At New Orleans, July 26th, the steamboat Fanchon, soon after leaving her dock, blew out the head of her forward flue, killing a colored fireman. The second clerk was fatally scalded, and fifteen deck hands more or less injured. Many of the latter jumped overboard, and it is believed that five or six were drowned.

That feeling of languor and debility that follows physical exertion, removed by using Brown's Iron Bitters.

Summer Complaints

At this season, various diseases of the bowels are prevalent, *and many lives are lost* through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a *sure* cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is *perfectly safe.*

Read the following:

BAINBRIDGE, N. Y., March 22, 1881.
PERRY DAVIS' PAIN KILLER *never fails to afford instant relief* for cramp and pain in the stomach.
JOSEPH BURDETT.

NICHOLVILLE, N. Y., Feb. 2, 1881.
The *very best* medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is *sure cure* every time.
JULIUS W. DEE.

MONSOONA, IOWA, March 12, 1881.
I have used your PAIN KILLER in severe cases of cramp, colic, and cholera morbus, and it gave almost instant relief.
I. E. CALDWELL.

CARNESVILLE, GA., Feb. 26, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it always cures. Would not feel safe without a bottle in the house.
W. O. SPERRY.

SACO, ME., Jan. 22, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is *safe, sure, and reliable.* No mother should allow it to be out of the family.
H. I. NAYES.

ONEIDA, N. Y., Feb. 15, 1881.
We began using it over thirty years ago, and it always gives immediate relief. Would hardly dare to go to bed without a bottle in the house.
W. O. SPERRY.

CONWAYBORO, S. C., Feb. 22, 1881.
Nearly every family in this section keeps a bottle in the house.
DR. E. MONROE.

U. S. CONSULATE,
CHEFELIO, RHENISH PRUSSIA, Feb. 8, 1881.
I have known PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after years of observation and use I regard its presence in my household as an *indispensable necessity.*
T. S. POTTER, U. S. Consul.

BURTON-ON-TRENT, ENG.
I had been several days suffering severely from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, and found almost instant relief.
H. J. NOCKE.

St MONTAGUE ST., LONDON, ENG.
During a residence of twenty-three years in India, I have given it in many cases of diarrhœa, dysentery, and cholera, and never knew it to fail to give relief.
R. CLARIDGE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

that the public has an opportunity of trying before-hand and entirely free of charge an article offered for sale.

A Trial Package Sent Free.

We feel so near confident that you will send for a box of our medicine after using a sample package and learning how it acts, that we are willing to go to the expense of sending you a trial package free. Thus we offer our

Homeopathic Regulative Tonic,

wholly upon its merits as you are not asked to buy it until after you have given it a trial, and have become convinced that it is an excellent thing, and you don't care to do without it.

Our **REGULATIVE TONIC** acts exclusively upon the bowels to produce regular healthy action in cases of torpidity and constipation. It does not act as a cathartic, and therefore leaves no sickness or debility, such as follows the use of medicines, but produces a cure in almost every case by getting the bowels in the habit of regular, healthy action.

Send postal card to our office, and address for sample package.

A Drummer Cowed.

"Is this seat engaged?" the drummer asked of the prettiest girl in the car, and finding it wasn't he put his sample box in the rack and braced himself for solid enjoyment.

"Pleasant day," said the girl, coming for him before he could get his tongue unkinked. "Most bewildering day, isn't it?"

"Ye-yes, miss," stammered the drummer. He was in the habit of playing pitcher in this kind of a match, and the position of catcher didn't fit him as tightly as his pantaloons.

"Nice weather for travelling," continued the girl, "much nicer than when it is cold. Are you perfectly comfortable?"

"Oh, yes; thanks!" murmured the drummer.

"Glad of it," resumed the girl cheerfully. "You don't look so. Let me put my shawl under your head, won't you? Hadn't you rather sit next to the window, and have me describe the landscape to you?"

"No, please," he muttered. "I—I'm doing well enough."

"Can't I buy you some peanuts, or a book? Let me do something to make the trip happy! Suppose I slip my arm around your waist! Just lean forward a trifle so I can!"

"You'll—you'll have to excuse me!" grasped the wretched drummer. "I—I don't think you really mean it!"

"You look too tired," she pleaded. "Wouldn't you like to rest your head on my shoulder? No one will notice. Just lay your head right down, and I'll tell you stories."

"No—no, thanks! I won't to-day! I'm very comfortable, thank you!" and the poor drummer looked around helplessly.

"Your scarf pin is coming out. Let me fix it. There!" and she arrayed it deftly. "At the next station I'll get you a cup of tea, and when we arrive at our destination you'll let me call on you?" and she smiled an anxious prayer right up into his pallid countenance.

"I think I'll go away and smoke," said the drummer, and hauling down his gripsack, he made for the door, knee-deep in the grins showered around him by his fellow-passengers.

"Strange?" murmured the girl to the lady in front of her. "I only did with him just what he was making ready to do with me, and big and strong as he is, he couldn't stand it. I really think women have stronger stomachs than men, and besides that, there isn't any smoking car for them to fly to for refuge. I don't understand this thing."

But she settled back contentedly all the same; and at a convention of drummers, held in the smoker that morning, it was unanimously resolved that her seat was engaged, so far as they were concerned, for the balance of the season.

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Portsmouth Chronicle.

SATURDAY, JULY 29, 1882.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

The Egyptian Trouble.

Despatches of the 28th from Alexandria to London reported that Arabi had submitted propositions of surrender; that the British had twenty-four guns in position at Ramleh, and the bombardment of the fort at Aboukir had commenced.

"Perfectly Discreet and Proper."

The following despatch was sent from Washington on Thursday, July 27th:

Secretary Chandler stated to-day that he was satisfied from information he had received that Admiral Nicholson, commanding the European station, had acted in a perfectly discreet and proper manner in all that he had done for the protection of American interests at Alexandria.

But was it necessary "for the protection of American interests at Alexandria" or elsewhere, that Nicholson should make an ass of himself and bring ridicule upon the American naval service, by steaming around the British fleet with his flagship, and ordering the men under his command to cheer each British ship? If Nicholson wished to toady to the British commander, he might have hired a dory, pulled himself around the fleet, and cheered until he brought on a severe attack of bronchitis or diphtheria, and nobody would have cared; but he had no business to use the ship owned by, and the seamen employed by, the American people, for any such purpose.

Naval Affairs.

The naval court of inquiry appointed by the secretary of the navy to inquire into the burning of the United States ship Rodgers in St. Lawrence bay, on Nov. 30th, 1881, has made a report acquitting the officers and crew of all blame in the matter, and commending them for their efforts to save the vessel. The origin of the fire is unknown, and the report suggests spontaneous combustion of some of the articles stored in the hold, in the absence of any evidence as to the probable cause.

In the house, July 27th, Congressman Williams of Wisconsin, chairman of the committee on foreign affairs, reported back a resolution calling upon the secretary of the navy for copies of all correspondence with, or instructions to, Rear Admiral Nicholson, relative to the extraordinary order to open fire upon the city of Alexandria under certain contingencies, and also to inform the house whether he has been informed that American sailors and officers have been performing police duty in Alexandria under the British admiral. Mr. Williams, stating that the committee was in possession of all the information on the subject, asked that the resolution be tabled and the documents containing the information printed, and it was so ordered.

Dr. D. F. Collins of Minneapolis, Minn., a brother of Jerome B. Collins, who lost his life with Lieut. DeLong of the Jeannette, makes serious accusations against Engineer Melville. From interviews with Lieut. Danenhower and Dr. Newcomb, Dr. Collins charges that after the Melville-Danenhower party had reached a place of safety, Danenhower asked permission to search for DeLong and his party; Melville refused, and ordered Danenhower south, saying he would make the search himself; that Melville soon after went south himself without making a thorough search, and remained south till receiving instructions from Washington to return north, and that all circumstances since developed show that had Melville made an energetic search at the beginning, or permitted Danenhower to do so, DeLong and his party would have been saved. Dr. Collins concluded: "Danenhower is anxious for an investigation, and will have strong evidence to present. He expressed to me his willingness to tell the whole story to an investigating board, but will otherwise keep a close mouth. Dr. Newcomb is also ready for it."

New Hampshire Items.

Mark L. Russell, aged forty years, was drowned while bathing in Turkey river at Concord on the night of July 26th.

An enterprise is on foot to illuminate Mount Washington by electricity. It is proposed to place six powerful lights on the observatory, and it is claimed that they can be seen a distance of 100 miles.

Hobart I. Hall, twenty-one years old, died at Hanover July 27th from congestion, caused by remaining in the water too long while bathing.

On the morning of July 27th freight train No. 19 on the Cheshire railroad dumped several cars, caused by a broken wheel. Passengers on the morning train had to be carried by.

News and Notes.

A despatch from Fort Totten, Dakota, says the Turtle Mountain Indians from Canada have crossed the line, ordered off the white settlers, and refuse to pay customs assessed against them by the Pembina agency. They claim the right to the lands, and deny the legality of any laws levying taxes on them. Their chief, Little Shell, says: "We recognize no boundry line, and shall pass as we please." At least seventy-five half-breeds have moved over, and all are pugnacious. Military interference seems necessary.

Two freight trains collided on the Milwaukee & St. Paul railroad in Iowa, July 26th, killing a fireman and two tramps, and wounding several other persons.

A boy named Lincoln was drowned July 27th in the Merrimac river at Lowell, Mass., while bathing.

David England, a carpenter in the employ of the Yale Lock Manufacturing company at Stamford, Conn., dropped dead at his bench, July 27th, from heart disease.

Mary Mills, twenty years old, was drowned last Thursday in West Hartford, Conn., reservoir. She was at a picnic party of two classes of the Sunday school of the West Hartford Congregational church, and fell into deep water from the bank.

A Chicago congressman has presented in the house a petition of George Scoville, asking that the government pay him for his services as a lawyer in defending Guiteau.

The Maine Central railroad company has voted to purchase two hundred new freight cars.

At Herfordville, Pa., on the night of July 25th, a gang of twelve maranders attacked the farm house of M. D. Clemmer, but were repulsed by Clemmer and his neighbors. Several volleys were fired on both sides, two farmers being wounded, and three of the thieves were wounded but escaped. They threaten to burn all the farm houses and barns in the town.

In the police court at Newburyport, July 27th, Frank P. Green, arraigned for the highway robbery of Stephen H. Fowle, waived an examination, and was committed in default of $10,000 bail for trial in October. Herbert Bartlett, his associate in the crime, gave bail in $1000 to appear as a witness.

The packet N. F. Dixon, which plied between Providence, R. I., and Block island, was destroyed at her dock in Providence, July 27th, by an explosion of gasoline. Walter S. Totten, the cook, was badly burned, and the cargo was almost a total loss.

IT IS SAID

That the moonlight soiree at the aquarium on Thursday last was a decided success.

That David knows how to get up a party.

That those floating lights were a good idea.

That Albert Y—— *can* eat ice-cream.

That over a hundred persons participated in the festivities of the evening.

That Henry can sport a cane, as well as the rest of the boys.

That one of the CHRONICLE compositors won the running match.

That Charles knows how to ride a marine bicycle—but not how to make it go.

That the aquarium looked splendid from the Wentworth.

That all had a good time, and hope they will be remembered at the next soiree.

That there were about twenty-five boats of all description around the aquarium, during the evening.

That the party broke up at a reasonably late hour, having been a source of pleasure to all concerned. 2.

AROUND HOME.

The steamer Fearless took a private picnic party from this city to Pocahontas point, Friday forenoon, and brought them back in the evening. This little boat is especially well adapted for this kind of work, or for up-river or fishing excursions for small parties, and can be chartered on very reasonable terms on application to Mr. Theodore Keen, on board steamer James Sampson.

The schooner Christie Campbell, of this port, Capt. Thomas Jamieson, went into Portland July 27th, with 250 barrels of mackerel.

A writer in the Newburyport *Herald*, in a long and amusing communication about Dr. Antonio E. Knight, a crazy physician who recently died at the insane asylum in Ipswich, Mass., says that fifty years or more ago he "went to Portsmouth and opened an office, but one morning the place was vacant, a notice on the door saying he had removed as he was out of patience waiting for patients."

A three-masted schooner and a two-master, colliers from Dover, came through the draw of Portsmouth bridge on Friday afternoon, and were towed to sea by tug Ann.

The house and outbuildings of David B. Hill, in Buxton, were burned July 27th; loss $3000; insured. Cause, a defective chimney.

DIED.

BONIN. In Kittery, Me., July 27th, Benjamin F. Bonin, aged 32 years.

☞ Funeral on Sunday forenoon at eleven o'clock, from his late residence on Badger's Island. The steamer James Sampson will leave the navy yard landing, Portsmouth, for the island, at eleven o'clock sharp.

Special and personal attention given to the preparation, proof and trial of cases in the court of Alabama claims in Washington, D. C.

An extended experience in the former Court and unusual facilities for managing these causes, enables me to render special services to claimants. Time for docketing cases expires January, 14, 1883. All cases not entered on or before that date will be thereafter totally barred and inadmissible.

The court has jurisdiction of claims for vessels and cargoes destroyed by any Confederate Cruisers, and for officers and crews and for War Premiums paid from April, 1861, to November, 1865. Interest is allowed from the time of the loss, or payment of premiums until March 31, 1877 at 4 per cent. per annum.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Returning, leaves the Islands in season to connect with the morning and evening trains on the Eastern railroad for Boston and the west. Baggage checked through from Boston and intermediate stations, and returned free.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, with the best of beds, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

POLICE COURT.

FRIDAY, July 28th; *Batchelder J.*

Walter Dixon and John Bridges, brought before the court under the tramp law, were held in $100 each for their appearance at the October term of the supreme court, and in default of sureties were committed to jail.

Edward Clark, for drunkenness, was assessed $9.90, and ordered to Brentwood in default of payment.

REPUBLICAN NOMINATIONS.

The republicans of wards one, two and three held their caucuses on Friday evening last, and made nominations as follows:

WARD ONE.

Aldermen—William R. Martin, George W. Green, Willard J. Sampson.

Councilmen — William C. Robinson, Charles H. Clough, Lewis B. Marden, Joshua M. Bickford, John H. Downing, Charles Ham.

Assessors—George W. Pendexter, Robert King, Joseph H. Berry.

Overseer of the Poor—William H. Smith.

WARD TWO.

Aldermen—Alfred Stavers, William H. Hackett, Albert C. Anderson.

Councilmen—James M. Jarvis, Moses Plummer, William G. Billings, Albert R. Junkins, Frank W. Grogan, Arthur L. Hersey.

Assessors—Joseph H. Gardiner, John W. Pryor, John Laighton.

Moderator—Charles E. Batchelder.

Overseer of the Poor—George H. Abbott.

[It was voted to place on the bottom of each ticket in this ward the following question and answer: "Is it expedient for the city government to abate the nuisance arising from the north and south ponds, and regulate the sewerage of Portsmouth? Yes."]

DEMOCRATIC NOMINATIONS.

The democratic caucus of ward four was held on Friday evening, and the following nominations made:

Aldermen—Alonzo K. W. Green, Benjamin Atwell.

Councilmen—Richard J. Walden, Horace W. Gray, George S. Marshall, Oliver H. Cook.

Assessors—Henry F. Wendell, William P. Bennett.

Overseer of the Poor—Augustus Walden.

THE CHIMES.

Mr. Editor: We are informed that after setting up the chimes on Christ's church that an expert from the manufactory is expected to render some choice selections upon the bells, before their being accepted by the trustees of the church. Now we have no objection to the trustees being entertained with the music, and that both they and public may be similarly entertained we would suggest that the test occur in the evening, say from eight o'clock to nine; have it announced through the daily papers, and should the evening be pleasant a very large concourse of people from far and near would undoubtedly avail themselves of such a privilege. We hope the gentlemen having this matter in charge will seriously contemplate this subject, considering that our citizens as well as themselves feel deeply interested as well as indebted to the managers for the beautiful set of chimes just received. T.

The weight of the several bells is as follows, in pounds: 366, 388, 524, 664, 915, 1376, 1576, 1998, 2857; total, 10,603 lbs. They were cast by the McShane bell foundery of Baltimore, Md., of 100 parts of copper to twenty-five parts of tin, and were carefully tested by Chief Engineer Macomb, U. S. N., before they left Baltimore.

The coal office of E. F. Sise & Co. having been connected with the central telephone exchange, orders by telephone will be promptly attended to.

Two Irish citizens met on the court house steps last Thursday evening, just after the adjournment of the democratic mayoralty caucus. "What did they do?" said one; "did they nominate a mayor?" "Oh, yes," responded the other; "they nominated John Treat by amalgamation."

Mrs. Colburn was found dead in her room at one of the boarding houses in Hampton, July 25th, and was taken to her home in Springfield for burial. She had been an invalid for many years, and for nearly forty years had been an annual visitor to the beach.

In the board of mayor and aldermen, last Thursday evening, the report of the committee appointed to enquire as to whether Pest island is in Newcastle or Portsmouth, was called for,—the island being the property of the city of Portsmouth, and Newcastle having presented a bill of $17 or thereabouts, for taxes thereon. Mayor Sise informed the board that the committee had not had time to make a full examination into the matter; that a survey made in 1741 located the island in Newcastle, but it is believed that about the time of the revolution the boundary line was changed so as to bring the island within the limits of Portsmouth, and that a close research will show this.

Capt. Cheney's gondola was on Friday taking on board a load of coal for South Newmarket, from E. F. Sise & Co.'s coal depot on the wharf back of F. Jones' office.

The gross earnings of the Eastern railroad for June were $284,662.10, against $268,377.23 for the corresponding month in 1881. For the nine months ending June 30th, 1882, the aggregate earnings were $2,332,540.78, against $2,129,989.81 for a similar period last year, an increase of $202,550.97.

The large green-headed flies which are the pest of the farmers living near the marshes are unusually plenty in Hampton this year. Most of the cattle are kept in the barns through the day, and put into the pastures at night. As Mr. Horace Hobbs was stooping to brush some flies from his horse one day this week, the horse gave a kick for the same purpose, and Mr. Hobbs received the full force of the blow on the side of his face, flattening his nose and making some very severe bruises; a physician was called, and it is hoped Mr. Hobbs will be about again in a few weeks.

A freight train ran off the track at Blood's crossing in Kittery on Thursday night, July 27th, tearing up the ties, and blocking the track for about five hours.

The directors of the Boston & Maine railroad were in session yesterday forenoon, and it is understood that the proposition of the Eastern railroad directors to lease their road was before them, and accepted, as amended by the committee of directors who acted upon it some time since. The proposition, in its modified form, now goes back to the Eastern directors for approval. — *Traveller, July 27th.*

The river and harbor bill, as finally passed by both houses of Congress and sent to the president for his signature, foots up a total of $18,743,875, and includes appropriations for this vicinity as follows: For the improvement of Portsmouth harbor, $17,000; Cocheco river, $28,000; Lamprey river, $10,000; Newburyport harbor, $40,000.

Mr. Morris C. Foye invites the attention of all heads of families to his stock of children's hosiery, he having just made a big mark-down in the prices of goods in that line.

A Cough, Cold or Sore Throat

Should be stopped. Neglect frequently results in an Incurable Lung Disease or Consumption. "Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25 cts a box everywhere. eod&wtjan82

Stones In the Kidneys

And Bladder Expelled--Long Suffering of one of Troy's Best People--A Lucky Man.

It is by no means a strange thing that Dr. Kennedy should have received the following letter. By reading it you will see in one minute why James Andrews was thankful:

TROY, N. Y., April 8th, 1880.

Dr. D. Kennedy, Rondout, N. Y.:

DEAR SIR:—Until within a recent date I had for several years suffered greatly from gravel, called by the doctors the Brick-dust Sediment. For about a year past this sediment has not passed off in the usual quantity, but has accumulated, causing me untold pain. Having heard of "Kennedy's Favorite Remedy" I tried it in my case, and after using about one anc one-half bottles, I voided a stone from the Bladder, of an oval shape, 7-16 of an inch long, and rough on its surface. I send you the largest piece that you may see of what it is composed. Since then I have felt no pain. I now consider myself cured, and cannot express my thankfulness and gratitude for so signal a deliverance from a terrible disease. You have my consent to use this letter, should you wish to do so, for the benefit of other sufferers.

Yours truly, JAMES ANDREWS.

No. 10 Marshal St., Ida Hill.

When we consider that the medicine which did this service for Mr. Andrews costs only one dollar a bottle, it would seem that persons afflicted in like fashion can afford the expense of testing its virtues. Get it of your druggist, or address Dr. David Kennedy, Rondout, N. Y. "Dr. Kennedy's Favorite Remedy" for sale by all druggists.

Affairs in Alaska.

A despatch of July 26th, from Port Townsend, Oregon, says the steamer S. L. Maetick has arrived at that port from Sitka, Alaska, bringing the following news:

"The United States steamer Wachusett dropped into Sitka June 17th. A rigid quarantine was enforced. After coaling she started for Wrangel on June 21st, taking both surgeons, and leaving no medicine for the sick. A number of the guard have been attacked. The deaths among the Russians and Creoles from the plague, a combination of scarlet fever and measles, continue, causing much destitution and the want of the actual necessaries of life, and only the lack of material will cause a cessation of the mortality, which is simply fearful. Much indignation is felt at the course of Commander Pesson in not leaving a medical officer at Sitka. He was fully conversant with the situation, putting his vessel in close quarantine and sending his surgeons ashore to investigate the trouble, and they reported the disease as on the increase. No brandy is obtainable, though it is much needed. If a man imports a gill of brandy into Alaska to save a dying child he is liable to be sent to the penitentiary. Mining matters look favorable. The placers are turning out well, and new diggings are reported to have been discovered near Beman bay. A large number of miners arrived at Sitka on the Idaho."

Notice is given that a petition will be presented to the governor and council of Maine for the pardon of Mrs. Hannah Thorndike, who is now in Thomaston state prison under a life sentence for the murder of Mrs. Honora Sullivan.

—"Do you belong to the Casino?" says one swell to another swell at Newport. "No, I don't belong to the Casino, but I have an uncle who used to buy his clothes from your grandfather's shop." Truly, in the midst of sham and deception, we frequently are put out on the first base by the pedigree question.

—Enthusiasm is that temper of mind in which the imagination has got the better of the judgment.

The peculiar action on the kidneys and urinary organs of asparagus is frequently noticed during the season. Prof. Bunsen recently proved in the case of the Emperor William and others that in combination with malt and quinine it is an absolute specific for diseases of the liver, kidneys and urinary organs. His method has been adopted by the Malt Bitters company, and this great German food is now composed of malt, hops, quinine bark and asparagus.—*Medical Times.*

—The first naprinty in conversation is truth, the next good sense, the third good humor, and the fourth wit.

Digestion and assimilation are perfected in all cases by "Wheat Bitters," the great blood, brain and nerve food.

—Narrowness of mind is often the cause of obstinacy; we do not easily believe beyond what we see.

***"Do not grasp at the shadow and lose the substance." Kidney-wort is able to convert you from a shadow of your former self into the substance of established health. Said a sufferer from kidney trouble when asked to try Kidney-Wort for a remedy. "I'll try it, but it will be my last dose." It cured him and now he recommends it to all. If you have disordered kidneys don't fail to try it.

—A plodding diligence brings us sooner to our journey's end than a fluttering way of advancing by starts.

That feeling of languor and debility that follows physical exertion, removed by using Brown's Iron Bitters.

Summer Complaints

At this season, various diseases of the bowels are prevalent, *and many lives are lost* through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a *sure* cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is *perfectly safe.*

Read the following:

BAINBRIDGE, N. Y., March 22, 1881.
PERRY DAVIS' PAIN KILLER *never fails to afford instant relief* for Cramp and pain in the stomach.
JOSEPH BURDETT.

NICHOLVILLE, N. Y., Feb. 3, 1881.
The *very best* medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is *sure cure* every time.
JULIUS W. BUR.

MONGONA, IOWA, March 12, 1881.
I have used your PAIN KILLER in severe cases of cramp, colic, and cholera morbus, and it never failed to give instant relief.
L. E. CALDWELL.

CARNESVILLE, GA., Feb. 28, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it *always cures.* Would not feel safe without a bottle in the house.
J. R. DYE.

SACO, ME., Jan. 22, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is *safe, sure, and reliable.* No mother should allow it to be out of the family.
H. I. NAYES.

ONEIDA, N. Y., Feb. 19, 1881.
We began using it over thirty years ago, and it always gives immediate relief. Would hardly dare to go to bed without it in the house.
W. O. SPERRY.

CONWAYBORO, S. C., Feb. 22, 1881.
Nearly every family in this section keeps a bottle in the house.
DR. E. MORTON.

U. S. CONSULATE,
CREFELD, RHEINISH PRUSSIA, Feb. 8, 1881.
I have known PERRY DAVIS' PAIN KILLER almost from the day it was prepared, and after years of observation and use I regard its presence in my household as an *indispensable necessity.*
I. S. POTTER, U. S. Consul.

BURTON-ON-TRENT, ENG.
I had been several days suffering severely from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, and found almost instant relief.
H. J. NOONE.

21 MONTAGUE ST., LONDON, ENG.
During a residence of twenty-three years in India, I have given it in many cases of diarrhœa, dysentery, and cholera, and never knew it to fail to give relief.
R. CLARIDGE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

No Whiskey!

BROWN'S IRON BITTERS is one of the very few tonic medicines that are not composed mostly of alcohol or whiskey, thus becoming a fruitful source of intemperance by promoting a desire for rum.

BROWN'S IRON BITTERS is guaranteed to be a non-intoxicating stimulant, and it will, in nearly every case, take the place of all liquor, and at the same time absolutely kill the desire for whiskey and other intoxicating beverages.

Rev. G. W. RICE, editor of the *American Christian Review*, says of Brown's Iron Bitters:

Cin., O., Nov. 16, 1881.
Gents:—The foolish wasting of vital force in business, pleasure, and vicious indulgence of our people, makes your preparation a necessity; and if applied, will save hundreds who resort to saloons for temporary recuperation.

BROWN'S IRON BITTERS has been thoroughly tested for dyspepsia, indigestion, biliousness, weakness, debility, overwork, rheumatism, neuralgia, consumption, liver complaints, kidney troubles, &c., and it never fails to render speedy and permanent relief.

SULPHUR BITTERS

THE BEST AND GREATEST MEDICINE

It will drive the Humor from your system, and make your skin clean and smooth. *Those Pimples and Blotches* which mar your beauty are caused by impure blood, and can be removed in a short time, if you are wise and use the great blood purifier,

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

Official List of Patents

Granted to citizens of New Hampshire, for the week ending July 25th:

[Compiled weekly expressly for this paper.]

Frank R. Woodward, Hill. No. 261,797; adjustable eye-glass; application filed Sept. 27th, 1881; renewed June 28th, 1882.

Chapin C. Brooks, Lancaster; apparatus for saw-mills; No. 261,824; application filed April 17th, 1882.

News and Notes.

Frank A. Smith of Medford, Mass., a student at Harvard College, aged about twenty-three years, was shot in the thigh at eight o'clock Saturday morning upon the government grounds at Fort Popham, Me., by Sergt. Dennis Kelly, in charge. The bullet, of thirty-two calibre, has been extracted, and Smith is doing well. He was inside the fort when shot.

Patrick Walsh, of North Leominster, Mass., while riding in a car on the Fitchburg railroad, July 11th, he being pretty drunk at the time, thought it would be a funny thing to do to pull the bell-cord and stop the train. He did so, and has since been fined $25, with costs bringing the total up to more than $80. He now thinks there is no fun at all in these railroad men.

A Chicago despatch reports that eighteen fatal cases of lockjaw, caused by wounds from toy pistols on the 4th of July, have occurred in that city and vicinity, and nine others at Burlington, Iowa, and Peoria, Ill.

A severe thunder shower passed over Boston and vicinity on Friday, and many buildings were struck by lightning. The boat house of the Dedham boat club, with fifty boats, was burned; loss $3500. Peter Tunis barn in Dedham was also burned. In Roxbury two young men were killed by lightning, and a boy badly hurt, they having sought refuge under a tree during the shower. The Catholic church at Hudson was struck.

It having been reported that Jesse Harper, chairman of the National Greenback committee, would stump Maine for the fusion ticket, he corrects the report by saying that he expects to make campaign speeches in that state, but that they will be for Solon Chase, and not for Plaisted.

At Rockland, Me., July 27th, Frank D. Averill, aged seventeen years, a son of Captain Frank Averill, died of lockjaw, caused by a wound in the hand by a toy pistol July 4th.

James Green of Newburyport, a young brother of Frank P. Green, the boy who is held for highway robbery, has been discovered opening and destroying letters of his employers, Beale & Morgan, shoe manufacturers.

In the superior court at Portland, Me., Friday, a decision was announced in the case of the state of Maine against the Maine Central railroad, affirming the validity of the state tax upon railways, with judgment for $11,000. Attorney General Cleaves will proceed at once against other railways in the state.

About seventy women and girls employed in the shoe manufactory of Messrs. S. B. Fuller & Sons in Essex, Mass., struck Friday for an advance of ten per cent in their wages. Every female left the manufactory. The strike virtually closes the factory for the time being, as the men are dependent on the females for their work.

C. D. York, of the firm of Haskell & York of Fitchburg, Mass., candy manufacturers, was arrested in Boston, Friday, and taken home, as accessory to the burning of their shop on the night of July 6th. Haskell is already under bonds of $2,000 for his appearance before the superior court for setting fire to the shop.

Bailey & Hutchinson's show has been sued for $25,000 damages by Arthur F. Bardwell of Springfield, Mass., for injuries sustained by the falling of a tent pole during the afternoon performance in Springfield, July 7th, which pole struck him upon the head, and from which he has been laid up ever since, the doctors removing pieces of bone from his head. The papers were served at North Adams, Mass., last Thursday.

The Gloucester *Advertiser* says the Bay Chelour fishing is a failure, one vessel arriving home on Wednesday of last week having been unable to secure a fare. She also reports the mackerel fishery a failure, the fish being scattering and of a very poor quality. The *Advertiser* says: "The fish trade continues active, and the outlook for a good season's work is favorable. Notwithstanding the fact that the catch of mackerel has been considerably in excess of last year, the market continues active, prices being seventy-five per cent higher than last year at this time. The fish are mostly sold out of pickle, thus insuring speedy trips and quick returns. The codfish trade is also active."

Col. John Church Hamilton, a son of the great Alexander Hamilton, died at Long Branch, N. J. July 25th, in his 90th year. He was born in Philadelphia, his father then being the first secretary of the treasury. He was about twelve years of age when his father was murdered in the duel with Aaron Burr.

"Christian Reid," the southern novelist, is Miss Frances C. Fisher, whose father, who fell at the head of his regiment at the first battle of Bull Run, was the first rebel killed in the battles of the rebellion.

There are apprehensions that Mr. Eben Parsons, who visited the swamp in Gloucester, Mass., for magnolias, and did not return, has committed suicide, and has chosen a place where it will be very difficult to find his body. The affair is shrouded in mystery, and all search has proved unavailing.

Isaac Turner, colored, was hanged at Lexington, Kas., Friday, for the murder of Abe Ray, another colored man.

The steamboat Carrie A. Ward, a small vessel used for excursions, sank in the river at West Point, N. Y., Friday. There was no loss of life. The boat is out of sight, lying on the river bed in fifty feet of water.

A Portland (Oregon) despatch says E. H. Cummings, agent of the Oregon Railway & Navigation company, at Pomeroy, W. T., was found murdered in his house on Thursday last. His skull was split open with an axe. His money drawer and purses were found rifled of their contents. He was last seen in company with two Chinamen, who are supposed to be the murderers.

Joseph C. Cooke, of Preston, Conn., sixty-nine years old, fell dead from apoplexy on Thursday last, while mowing.

A recent census bulletin shows that the once valuable white pine forests of Vermont are virtually destroyed. There was, in 1880, 775,000,000 feet of available source timber in the state, but 200,000,000 feet of that were cut during the census year.

Miss Emily McTavish, a wealthy young lady of Baltimore, who has a private fortune of $500,000, became a nun on Sunday, July 23d, under the name of Sister Mary Agnes. She belongs to one of the oldest families in the country, and is represented as exceedingly handsome, graceful and well educated.

William Collins, formerly a broker of Brocton, Mass., is under $1500 bonds on charges of receiving stolen goods, and inducing boys to commit larceny.

Delegates from the territories say that the Edmunds bill is not likely to solve the Mormon problem, and that troubles in the other territories, scarcely less than those which now exist in Utah, are likely to arise from the encroachment of the Mormons.

Gov. Blackburn has granted a respite of four months to John Bush, sentenced to be hanged at Lexington, Ky., because Justice Miller of the United States supreme court has granted a writ of error, on account of irregularity in the selection of the jury.

The hog cholera is reported as raging in McLean county, Ill.

New Hampshire Items.

Merrill Hanson, a farmer of Rollinsford, got drunk last Friday, and returned home in that condition. After beating and abusing his wife, and threatening to kill her, she jumped out of a window and ran to Salmon Falls for an officer; while she was gone the ruffian set fire to his barn, under the impression that his wife was in there, and would not come out on his order; and the barn and house were destroyed. Loss $1500; no insurance. Hanson was married a few months ago, and has been drunk about all the time since.

Major Irving W. Drew, of the third regiment, N. H. N. G., has resigned his commission.

Mrs. Zoel Guemond of Manchester was badly burned last week while lighting a fire with kerosene, and a child named Heyworth was scalded to death by overturning a pan of hot water.

Steamer "State of Maine."

The new steamer State of Maine, of the International Steamship company, made her trial trip from Portland July 28th, with a large company, numbering from 600 to 700 aboard. The guests included W. H. Richardson of Boston, of the Stonington line; W. H. Jenney of Boston, of the Rock Island railroad; Ex-Senator Lot M. Morrill, of Maine; Gen. Thom, Col. Blunt and Gen. Henry Thomas, United States army; Capt. Henry F. Picking, United States navy; President Chamberlain of Bowdoin college, and many prominent men of Portland and other Maine cities. The boat proved speedy, making eighteen miles an hour. She is nearly 1,500 tons, accommodates 500 passengers, is very steady, and was pronounced a great credit to Maine workmanship.

—Said the sensible individual to the idiot who was rocking the boat to scare the girls: "Young man, you may not succeed in upsetting the boat and drowning somebody, but you've fixed yourself eternally and forever in the mind of every sensible person aboard as an unmitigated fool, to be loathed always and to be shunned when possible."

—On her wedding day an Indiana girl wrote something, sealed it in an envelope, and gave it to an intimate friend. "If I am alive six months from now," she said; "give this back to me unopened. If I am dead, read it." On the day that the half year expired the bride committed suicide, and the inclosure was found to be a statement that she expected no joy from the marriage, but was willing to give it a trial before deciding to take her own life.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and excites a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from inanition and weariness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither pals upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are inclined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of tissue-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fac-simile signature of Baron von Liebig, and a fac-simile of his Signature, as well as that of A. VOGELER & CO., Baltimore, Md., Sole Agents for America.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Circulars, giving full particulars, may be obtained of

HOTELS.

THE staunch, sea-going steamer Appledore, Capt. Albert Rand, leaves Jones' wharf, near the foot of Deer street, for these favorite and widely-known ocean resorts, daily, (Sunday excepted,) at 11 o'clock A. M., and six o'clock P. M. Returning, leaves the Islands in season to connect with the morning and evening trains on the Eastern railroad for Boston and the west. Baggage checked through from Boston and intermediate stations, and returned free.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, with the best of beds, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

MASONIC ELECTION.

Naval Lodge, No. 184, F. & A. M., of Kittery, Me., held its annual communication on the evening of July 26th, and elected officers for the ensuing term as follows:

Theodore Wilcox, W. M.;
Edwin A. Duncan, S. W.;
Samuel Taylor, J. W.;
Levi L. Goodrich, Secretary;
Jesse Patch, Treasurer;
J. Seibold, S. D.;
A. A. Peterson, J. D.;
Edwin C. Nealley, Lewis B. Gerrish, William W. Locke, Finance Committee.

Coal freights were reported last week as follows: Two schooners for this port, to discharge at Dover, $1.25; one from Port Johnson to this port, to discharge at railroad wharf, $1.25. A schooner from Rondout to this port, cement, twenty-four cents.

Albion P. Philbrick, David J. Lamprey, Joseph Truss and another gentleman, cut and stored twenty acres of grass, in a day and a half, in Greenland, last week.

The ocean excursions advertised for Saturday evening and Sunday afternoon per steamer "City of Bangor" were postponed, the steamer being detained in Boston on a technicality of law. The steamer Wm. Sprague took the City of Bangor's place in the line between Boston and this city.

The handsomest young lady thus far seen at the Wentworth this season is Miss —— of ——.

The fishing schooner Addie & Hattie arrived on Friday from Boston, having since she last previously sailed from this port been mackereling with good success. The most of her fishing was done off Portland, where the fish taken were found to be large and fat; but as they feed on the "red seed" which in years past has been noted as exerting a peculiar influence on the flesh of the mackerel, causing it to decay with astonishing rapidity, the Addie & Hattie had some difficulty in getting her catch to market in good condition, some of it being entirely lost. If fish which have been feeding on the red seed are not cleaned and salted immediately on being taken out of the water, they in a few hours become soft, flabby and unfit for food; when promptly cooked or salted, the seed-eating fish are as good as any, being of extra fatness.

Mr. Isa H. Leveen of this city has been offered the position of principal of the high school in Dallas, Texas, at a salary of $1200. He is considering whether to accept the offer. It is quite a compliment to the young man, and if accepted will introduce him to a thriving city and state.—*Times.*

The new schooner "Annie F. Conlon" will be launched from Fernald's shipyard some day the latter part of this week.

Mason's hotel at North Conway was burned July 28th, at three o'clock in the morning; many of the guests escaped in their night-clothing, losing everything else, and two men and a woman were compelled to jump from a second-story window, their retreat in other directions being cut off by the flames. The building contained twenty-five rooms, and was owned by F. H. Mason; it was uninsured, the policy having recently expired; the furniture was insured; total loss $8000. Mr. John N. Pickering of this city was clerk of the house, and lost all his personal effects.

Mr. Benjamin F. Mugridge, who a few weeks since sold out his grocery store and business on Pleasant street to Mr. John J. Laskey, contemplates locating in Florida, and will very likely go into business there.

The yacht Marion Wentworth, a splendid schooner of 150 tons, hailing from Boston, was in the lower harbor on Friday night.

Christian Heck, of New York, fell down stairs at the home of his son-in-law at the Creek, on Thursday of last week, receiving injuries from the effect of which he died on Friday.

The train from Boston due in this city at 11:05 o'clock Saturday forenoon was fifteen minutes late, and consisted of twelve cars, two of them being Pullmans. Eleven of the cars were filled to their utmost capacity; the twelfth one, labelled "Private," was but thinly tenanted.

President Arthur it is expected will stop at the hotel Wentworth on his eastern trip.

The Exeter Sportmen's Club held their third annual tournament on Thursday of last week, clay birds and glass balls being the marks shot at. Aldermen Chas. H. DeRochemont of Newburyport, a native of Newington who took his early lessons in shooting on the Piscataqua, after water fowl, took part in the tournament, and as usual was one of those who divided "first money" in the first and second "grand events."

"Aw, Mr. Oscar," exclaimed Miss Hamfat of Cincinnati, who leaned over the office counter in an interested way, "and is it not very, *very* dull here in the winter time, now that your brother has taken a wife and goes away in cold weather?" "Dull indeed?" exclaimed the enthusiast of Appledore;" that is the time when the most comfort and happiness can be obtained, and the most freedom enjoyed," and the western belle looked over the register, as if in search of an autograph.

Kennebunk is to be sued for $2000 by John Dow, who claims that he was damaged to that extent while crossing a bridge in the town, owing to a defect in the structure.

Naval Affairs.

Commander Mortimer L. Johnson is detached from torpedo instruction at Newport on the 7th of August, and placed on waiting orders.

Lieut. David G. McRitchie is detached from command of the iron-clad Montauk, and ordered to command the Speedwell.

Commodore John G. Walker, chief of the bureau of navigation, left Washington on Friday, July 28th, for an official visit of inspection to the navy yards at Boston and Portsmouth.

—A Philadelphia tramp started on his annual tour some time ago, but has returned in disgust. He says that everywhere he went he was met by frightful signs of "Help Wanted."

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of you rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup." "It will relieve the poor little sufferer im mediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Stones In the Kidneys

And Bladder Expelled--Long Suffering of one of Troy's Best People--A Lucky Man.

It is by no means a strange thing that Dr. Kennedy should have received the following letter. By reading it you will see in one minute why James Andrews was thankful:

TROY, N. Y., April 8th, 1880.

Dr. D. Kennedy, Rondout, N. Y.:

DEAR SIR:—Until within a recent date I had for several years suffered greatly from gravel, called by the doctors the Brick-dust Sediment. For about a year past this sediment has not passed off in the usual quantity, but has accumulated, causing me untold pain. Having heard of "Kennedy's Favorite Remedy" I tried it in my case, and after using about one one-half bottles, I voided a stone from the Bladder, of an oval shape, 7-16 of an inch long, and rough on its surface. I send you the largest piece that you may see of what it is composed. Since then I have felt no pain. I now consider myself cured, and cannot express my thankfulness and gratitude for so signal a deliverance from a terrible disease. You have my consent to use this letter, should you wish to do so, for the benefit of other sufferers.

Yours truly, JAMES ANDREWS.
No. 10 Marshal St., Ida Hill.

When we consider that the medicine which did this service for Mr. Andrews cost only one dollar a bottle, it would seem that persons afflicted in like fashion can afford the expense of testing its virtues. Get it of your druggist, or address Dr. David Kennedy, Rondout, N. Y. "Dr. Kennedy's Favorite Remedy" for sale by all druggists.

A Mean Pair of Swindlers.

Suit was begun in the United States district court in New York on July 28th, by Thomas Markham of Providence, R. I., and Alfred M. Manning of New Orleans, late sailors on the brig Redowa, against William Simpson, Jr., and Mark Shaw of New York, for an equitable division of salvage money. In June, 1878, while the Redowa was on her way from New Orleans to Fall River, Mass., she fell in with the bark John E. Chase, off Fernandina, Fla. Upon boarding her she was found to be loaded with sugar, valued at over $150,000. She was on her beam ends, and had been abandoned. She was righted and towed into Savannah. Messrs. Simpson & Shaw, owners of the Redowa, paid only $100 each to the libellants, which they accepted, in ignorance of the amount received by the firm, some $30,000. Therefore they pray for an equitable division of this amount.

—Mrs. Grant was altogether the best house keeper the White House ever had, and the most of her eight years was spent in devising how to patch, and turn, and make presentable the well worn furnishings, since so much of the annual appropriation went to the roof, the water spouts and the plumbing. Mrs. Grant left the house in the most perfect condition, with everything spick and span, scrubbed, cleaned and polished about it, and gave a written inventory of every article from the kitchen traps to the rags and crippled furniture of the garret.

I Am an Old Man,

Shall be seventy-nine years of age next June, and for the last six years have suffered from general debility and old age. At times I could not get out of bed without help. I commenced to take Sulphur Bitters. In a week I felt stronger and got a mighty fine appetite. I still continue their use, and to-day I walked over three miles without feeling tired, something I haven't done in five years before. Sulphur Bitters is a right smart medicine. —*G. A Beneficent Action.

The miserable looks and feelings of those confined at desks or work-tables, are caused by weak stomach, kidneys or bowels. Parker's Ginger Tonic without intoxicating has such a beneficent action on these organs and so cleanses the poisonous matters from the system, that rosy cheeks and good health are soon brought back again.—*Express.*

The mail stage and passengers were robbed at Clark's bayou, near Shreveport, La., July 27th, by two masked men.

No Whiskey!

BROWN'S IRON BITTERS is one of the very few tonic medicines that are not composed mostly of alcohol or whiskey, thus becoming a fruitful source of intemperance by promoting a desire for rum.

BROWN'S IRON BITTERS is guaranteed to be a non-intoxicating stimulant, and it will, in nearly every case, take the place of all liquor, and at the same time absolutely kill the desire for whiskey and other intoxicating beverages.

Rev. G. W. RICE, editor of the *American Christian Review*, says of Brown's Iron Bitters:

Cin., O., Nov. 16, 1881.
Gents:—The foolish wasting of vital force in business, pleasure, and vicious indulgence of our people, makes your preparation a necessity; and if applied, will save hundreds who resort to saloons for temporary recuperation.

BROWN'S IRON BITTERS has been thoroughly tested for dyspepsia, indigestion, biliousness, weakness, debility, overwork, rheumatism, neuralgia, consumption, liver complaints, kidney troubles, &c., and it never fails to render speedy and permanent relief.

SULPHUR BITTERS

THE BEST AND GREATEST MEDICINE

It will drive the Humor from your system, and make your skin clean and smooth. *Those Pimples and Blotches* which mar your beauty are caused by impure blood, and can be removed in a short time, if you are wise and use the great blood purifier.

SULPHUR BITTERS. Why suffer with Boils? Why have such terrible Headaches? Why are you so pale, with rheumatism? Why are your nerves so easily shattered? *Sulphur Bitters* is a cheap and good medicine. Try it. Why suffer with Dyspepsia? Why have such a bad appetite? Why are you so costive? *Sulphur Bitters* will assist nature to expel the disease which your excesses have caused. *Sulphur Bitters* is not a cheap rum or poor whiskey drink to be used to excess, but is a gentle soothing tonic to assist nature to expel the disease which your excesses have caused. *Sulphur Bitters* is not a cheap rum or poor whiskey drink to be used to excess, but is a gentle soothing tonic to assist nature to expel the disease which your excesses have caused. *Sulphur Bitters* is not a cheap rum or poor whiskey drink to be used to excess, but is a gentle soothing tonic to assist nature to expel the disease which your excesses have caused. *Sulphur Bitters* is not a cheap rum or poor whiskey drink to be used to excess, but is a gentle soothing tonic to assist nature to expel the disease which your excesses have caused.

Daily Chronicle.

Mrs. John White, aged twenty-one years, residing on Ledge street, in Nashua, met with a terrible accident Saturday evening, which will probably end fatally. She attempted to build a fire in a cooking stove with kerosene oil, holding the can in one hand and a lighted match in the other. An explosion took place, setting her clothing on fire. In her frenzy she threw herself out of an open window into the street. Her legs and arms were so badly burned that the flesh peeled off in shreds as the clothing was removed.

An investigation into the accounts of Robert F. Richards, an absconding clerk in the treasurer's office of the Chicago, Rock Island & Pacific railroad company at Chicago, reveals a defalcation of about $27,000. It is thought the First National bank of Chicago will be the principal loser. His method of appropriating money to be deposited in the First National bank succeeded through his unparalleled audacity for four years. Richards and his mistress, upon whom he lavished the stolen money, are now in Canada.

Dr. Levi Wilson, of Uxbridge, Mass., has been committed to the county jail in Cranston, R. I., in default of $100,000 bail on two suits for $50,000 each brought against him. The first suit is by Miss Hattie A. Engley, of Providence, R. I., for breach of promise of marriage, and the second is brought by her father, Davis B. Engley, for the seduction of his daughter while a minor. Wilson claims that the suits are merely an attempt to extort money from him, and denies ever promising to marry Miss Engley. It is said that Wilson has sold all his property in Uxbridge with the exception of a hotel.

The Iowa prohibitory state convention met last week, and the treasurer presented a report of what the recent campaign to secure a prohibitory amendment to the constitution cost. The figures were: Expenditures and bills contracted, $836,-180; receipts, $266,227; balance in debt, $72,953.

Spring Medicine.

As a remedy to carry off the accumulation of thick bile from the liver and viscid secretion from the other glands of the system, the Swedish Botanic Compound is invaluable. It will arouse all the functions of the body to healthy action, purify the blood, restore the appetite, and carry off those symptoms of languor and heaviness everybody feels more or less as the warm season approaches.—*Adv.*

An Alexandria despatch to the Manchester (Eng.) *Guardian* states that persons competent to judge believe that half the cotton crop of Egypt will be lost, and the greater part of the wheat crop of lower Egypt, in consequence of this year's neglect of irrigation.

Before starting off for the summer get a bottle of German Corn Remover. It will pay you. 25c.

Reward to Enterprise.

Four years ago, James Pyle of New York first introduced his celebrated Pearline to the public, and now the name of Pearline is everywhere a household word, and millions upon millions of packages are annually consumed by our intelligent housekeepers.

Mrs. Mary Reading was arrested at Chicago on Saturday night, with five girls who lived with her on Newburg avenue, and whom she used as shoplifters. The girls' story is a pitiful one.

Good Words from Druggists.

Malt Bitters are the best bitters. They promote sleep and allay nervousness. Best liver and kidney medicine we sell. They knock the 'chills' every time. Consumptive people gain flesh on them. Malt Bitters have no rivals in this town. Best thing for nursing mothers we have. We like to recommend Malt Bitters.

Michael Sullivan, fifteen years old, and Cornelius Lyon, aged fourteen, both of Newburyport, are in Salem jail awaiting trial for breaking into a house in Hamilton, Mass., and stealing about $9. Sullivan was out of the reform school on probation at the time of committing the crime, and both the culprits are noted young hoodlums and thieves.

"Do not grasp at the shadow and lose the substance." Kidney-wort is able to convert you from a shadow of your former self into the substance of established health. Said a sufferer from kidney trouble when asked to try Kidney-Wort for a remedy. "I'll try it, but it will be my last dose." It cured him and now he recommends it to all. If you have disordered kidneys don't fail to try it.

The Washington *Post* says: "The wife of a member of the signal service corps of this city, about a month ago, gave birth to a boy baby. About three weeks afterwards she gave birth to a girl child, thus accomplishing a feat that lies among the possibilities, but does not actually happen oftener than once in 100 years. Mother and children are doing well."

Nerves, brain, and muscles gain strength and the power of endurance by using Brown's Iron Bitters.

Sarah M. Findley of Beverly, Mass., has sued the city of Salem for $4000 for damages alleged to have been received from a rocket fired by the city July 4th. Patrick E. Travers of Salem sues the city for $3000, on the same grounds.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self cure, which he will send FREE to his fellow-sufferers. Address J. H. REEVES, 25 Chatham St., N. Y.

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. The Naval Appropriation Bill.

In the fight between the appropriations committee and the naval committee of the senate, last week, over the naval appropriation bill, many of the important amendments made to that precious document by the two committees were thrown out on a point of order. The bill itself was badly mangled on Saturday, the 29th; the senate adopted Mr. Beck's amendment prohibiting the completion of the Monadnock, Puritan, Amphitrite and Terror until the naval advisory board shall have reported the cost of finishing them to the next Congress; also an amendment reducing the appropriations for the finishing of the Miantonomoh from $1,000,000 to $400,000. It also struck out of the bill the clause abolishing the rank of commodore, and regulating promotion to the rank of rear admiral. An amendment reducing the appropriation for the bureau of steam engineering from $2,400,000 to $1,600,000 was also agreed to.

The Egyptian Trouble.

The despatches to London from Egypt on the 30th ult. were of more length than interest to the general reader, and many of them contradictory. Arabi had not made any overtures of surrender, as had been reported, but was doing all in his power to strengthen himself with his countrymen. The French fleet in Egyptian waters had received orders to remain wholly neutral. De Lesseps was making trouble about the Suez canal, and was suspected of being in daily communication with Arabi. The Aboukir forts had been reconnoitered by the British fleet, but not bombarded.

A letter from Gen. Grant.

Gen. Grant has written a letter to chairman Williams of the house committee on foreign affairs, with reference to the return of the Japanese indemnity fund. He says: I am satisfied the money should never have been collected. Having been collected it should now be refunded. Justice seems to me to dictate that interest as well as principal should be paid just as the house by its action decides. But the principle involved is of much more importance to Japan than all the money in question, and I am satisfied Japan would be much better pleased with the refunding of the money as exacted without any interest, than with a gross amount larger than that with interest added. The eastern countries have been so unaccustomed to "fair play" from the stronger powers of the world, that this action of Congress, if consummated, will be such a new departure as will redound to our credit if we receive no other benefit. * * * I hope you will not regard this as an attempt to interfere with matters of legislation on my part, but as president I took an interest in this matter, and as a traveller since I confirmed the views previously entertained on the subject.

A Boy's Honesty Demonstrated.

A Detroit lawyer took in a new boy the other day, and as he had suffered to some extent from the depredations of the former one, he decided to try the new lad's honesty at once. He therefore placed $15 in bills under a weight upon his desk, and walked out without a word. Upon his return half an hour later, the bills were gone and 75 cents in silver had taken their place.

"Boy! When I stepped out to get a draft on London I left $15 under this weight!"

"Yes, sir."

"And now I find only seventy-five cents!"

"Yes, sir, but you see you hadn't been gone five minutes when a man came in with a bill against you of $14.25, and I paid it. I guess the change is correct."

"You—you paid a bill?"

"Yes, sir—there it is, all receipted. The man said it had slipped your mind for the last four years, and so—"

He didn't get any further before he was rushed for the stairs, and he isn't in the law business any more.—*Detroit Free Press.*

Flirtation with the Hat.

The latest craze is the last flirtation, says the Leavenworth *Times*. The following is the code: Wearing the hat squarely on the head, I love you madly; tipping over the right ear, my little brother has the measles; pulling it over the eyes, you must not recognize me; wearing it on the back of his head, ta, ta; taking it off and brushing it the wrong way, my heart is busted; holding it out in the right hand, lend me a quarter; leaving it with your uncle, I have been to a church fair; throwing it at a policeman, I love your sister; using it as a fan, come and see my aunt; carrying a brick in it, your cruelty is killing me; kicking it up stairs, is the old man around? kicking it down stairs, where is your mother? kicking it across the street, I am engaged; hanging it on the right elbow, will call tonight; hanging it on the left elbow, am badly left; putting it on the ground, and sitting on it, farewell forever.

A Million Dollars Defined.

Up in the town of Hardenbergh one runs across some peculiar individuals. While a man from this city was up there fishing, he stopped in a store one night to have a little chat and to have a smoke. While puffing at his pipe, he heard a discussion between two men regarding "how much is a million dollars." One of the men claimed it was ten thousand dollars, while the other strenuously insisted that it was one hundred thousand dollars. They argued, and argued, and argued, and became very much heated over the controversy. Finally, they agreed to leave it to an ex-supervisor, whom they expected in shortly. This ex-supervisor being a sort of Solomon in wisdom for the town of Hardenbergh people, it was assumed whatever decision he might make would be final.

When he came in the store the two men laid before him their matter, "how much is a million dollars?" and that one claimed that it was ten thousand dollars, and the other claimed that it was one hundred thousand dollars. He shifted the big chew of tobacco in his mouth to the other cheek, and seeing the Kingstonian, a delicate shade of perplexity certainly stole over his face bronzed by exposure, but it was only for a moment. Boldly he said, "Well Dick, I rather guess a hundred thousand dollars is about right." And now one hundred thousand dollars is a million dollars up there, and no man on earth can make them believe different either.—*Kingston (N. Y.) Freeman.*

"Sass."

"Boy, you will end your days on the gallows if you don't reform," was the greeting hurled at Edgar Poe Gould, a ragged gamin of thirteen, as he limped to the chalk-mark.

"I hain't done nuthin'," protested the boy.

"Hain't done nuthin? Don't you call it nothing to throw stones at a dog, talk impudent to a woman, and threaten a man with a wooden leg?"

"Judge, I'm no ruff, and I want to tell you how this thing started. Is the woman here?"

"No."

"Of course she hain't. She dasn't come, and don't you forget it! Last evenin' I was goin' up Brush street to find my little brother who was lost. I stopped to scratch my back on the corner of a house when a woman leaned out of the window and said she'd call the purleece if I didn't skit."

"And you didn't?"

"Was I hurtin' the house any?"

"Perhaps not."

"Of course I wasn't, and I should have gone on if she hadn't call me a loafer. When she said that I called her a lady, and she got whooplin' mad. Then she sot her Skye terrier on me, and finally her husband came out and said he'd eat me alive. I spose I sassed back, and 'spose I dared 'em out, and I spose I could have busted the hull crowd, but they commenced the fuss."

"Are there any witnesses here?" asked the court, as he looked over the audience.

"Didn't I tell you they dasn't come?" chuckled the boy, as no one answered. "Where is the woman with the turned-up nose? Where's her husband with the wooden leg? Where is that Skye terrier who got a stone in the eye?"

"I don't see 'em," sighed his honor, "an' you may go."

"Much obleeged."

"Try and keep clear of further difficulties."

"You bet! I don't purtend to be a hangel, but I never sasses nobody unless I'm sassed fust. Mornin'."—*Detroit Free Press.*

—A shark was recently caught on the coast of California, and upon being cut open thirty-one little sharks were found. Old residents say they have seen nothing like it since the last commencement at the law school.

—A schoolmistress while taking down the names and ages of her pupils and of their parents, at the beginning of the term, asked one little fellow, "What's your father's name?" "Oh, you needn't take down his name. He can't come to school. Ma says he never had brains anyhow."

—Just down the intervale, where the brake ferns grow rank, she placed her easel and sat by it sketching from nature. "Please, ma'a'a," is that me you're drawing milking that cow in the picture?" "Why, yes, my little man; but I didn't know you were looking." "Coz if it's me," continued the boy, unmindful of the artist's confusion, "you've put me on the wrong side of the cow, and I'll get kicked way off the lot."

State of New Hampshire, Rockingham, ss.

By the Judge of Probate for said County.

TO the heirs at law and creditors to the estate of Hannah Caswell, late of Northwood in said County, and all persons interested in said estate, GREETING.

YOU are hereby notified that Charles A. Caswell, Guardian of said Hannah, has filed his second and final guardianship in the Probate office for said County, and will present the same at a Court of Probate to be holden at Exeter in and for said County, on the Wednesday next following the third Tuesday of August next, at 10 o'clock, A. M., for examination and allowance, and will also at the same time and place tender his resignation of said trust.

YOU are therefore hereby cited to appear at said court to be heard thereon, and to make such objections as you may then have. And notice is hereby required to be given by causing this citation to be published three weeks successively in the PORTSMOUTH CHRONICLE, a newspaper printed at Portsmouth, in said County, the last publication whereof to be at least one week prior to said Court. By order of the Judge.

Dated July 25th, A. D. 1882.

WOODBURY M. DURGIN,
Register of Probate.

A tramp rode from Woodsville to Laconia, sixty-three miles, on a truck frame under the night express, last Friday night. He wasn't hurt a bit, and was allowed to clear out.

There were thirty-one cases of sunstroke in New York on Saturday, of which sixteen were fatal.

Among the annual habitues of the Appledore are Pierrepont Edwards of New York, Ex-Mayor Houghton of Cambridge, and Mr. Cornell S. Franklin of this city.

City Clerk Vaughan issued marriage licenses for eight couples during the month of July, two of the couples belonging in this city, and the other six in Maine.

An engineer on the Eastern railroad was bitten on the thumb by a spider a few days since, as his train was passing over Lynn marshes. The thumb began to swell, and increased to such a size that he visited a doctor in Boston for treatment. The remedies first applied proved ineffectual, and the physician stated that it might become necessary to amputate the hand, which at this time had become affected. On the doctor's advice the engineer began to drink copiously of whiskey, which had no effect upon him, so far as intoxication was concerned. The swelling, however, was soon reduced to such an extent as to promise that all danger would soon be passed.—*Newburyport Herald.*

Edward Barnes of Lynn, Mass., states that for over two years he was troubled with frequent spitting of blood, severe cold and cough, night sweats, and general debility, so that I was given up by my friends and my doctors die. Finally I was advised to try your Remedies, which I did for three months, the Swedish Lung Balsam for my lungs, the Swedish Botanic Compound to build up my constitution and restore my appetite, and the Swedish Pepsin Pills to regulate the bowels. The result is that to-day I am entirely cured, and feel as well as ever in my life.

LYNN, March 8, 1882.

DR. F. W. A. BERGENGREN: Dear Sir—I have been using your Swedish Botanic Compound for Kidney Complaint and Scrofulous Humor, and have derived great benefit from it. This is saying a good deal, as before I commenced to use the Compound I was the greatest part of the time unable to work, and I have tried medical advice and all kinds of medicine, but without avail until I used your Remedy. Since taking it I have been feeling like a new man, and been able to attend to my work. You are at perfect liberty to publish this letter. WM. E. KIMBALL,

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Appledore and Oceanic HOTELS.

THE staunch, sea-going steamer Appledore, (Capt. Albert Rand, leaves Jones' wharf, near the foot of Deer street, for these favorite and widely-known ocean resorts, daily, (Sundays excepted,) at 11 o'clock A. M., and six o'clock P. M. Returning, leaves the islands in season to connect with the morning and evening trains on the Eastern railroad for Boston and the west. Baggage checked through from Boston and intermediate stations, and returned free.

LAIGHTON BROTHERS & CO.

THE WENTWORTH,

NEWCASTLE, N. H.

THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, **with the best of beds,** large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of Twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.

THE WEATHER.

U. S. SIGNAL OFFICE,
WASHINGTON, D. C.
August 1, 12:00 A. M.

Probabilities for New England:—

Fair weather followed by increasing cloudiness and local rains, winds mostly southerly, stationary or higher temperature, lower pressure.

The Thermometer at the CHRONICLE Office, at 4:00 o'clock this morning, indicated 64 degrees above zero.

Sky cloudy.

THE WHISTLING BUOY PLACED.

The lighthouse steamer Iris on Monday afternoon took up the can buoy at Kitt's rock, and put down an automatic whistling buoy in its place. She finished the job and moved away just as the steamer Appledore reached the spot on her way in from the Shoals, and the latter's passengers had the pleasure of hearing almost the first "boo-o-o" made by the machine; the sea was very smooth, there being hardly swell enough to move the buoy, but as an earnest of what it may be expected to do when pitched about by a heavy sea it emitted a series of dismal wailings, something like the moans of a sick cow. Hold on till there comes a big southeast storm, and then you'll hear it tune up.

A COMPOSITE CRUISE.

A party started from Exeter in a schooner, Monday forenoon, intending to come down the river in her, the vessel being in tow of a tug; but the tide was so strong that the vessel was abandoned on the way down by her passengers, who got on board the tug and steamed down the river and out to the Shoals. They arrived back to this city about nine o'clock, and took passage for Exeter in a four-horse barge which had been sent down for them.

POLICE COURT.

MONDAY, July 31; *Batchelder, J.*

Nellie Harvey, for drunkenness, was fined $3, costs being taxed at $6.90.

John Schlitz, drunk, fine $3, costs $6.90. We should suppose a man with a name like that would want to keep drunk all the time.

James Sweeney, drunk, fine $3, costs $6.90; appealed, and gave bonds to prosecute the appeal.

RAIN WANTED.

Farmers in this vicinity are complaining that the water in the wells is getting very low, and many springs and small streams have dried up entirely. The hay crop is heavy, and has been mostly gotten into the barns in excellent condition; what grass is yet standing is a good deal dried up, but there is not a great deal of it. Grain has ripened prematurely, in many cases; corn and tree leaves have curled, potato vines are suffering badly, and unless a copious rain soon comes the crops of everything but hay will be seriously "pinched," instead of the rich promise of the early part of the season being carried out.

ACCIDENTS.

Dennis Sullivan and Timothy Reagan were severely hurt on Monday while working in the hold of the steam collier Reading at the Concord railroad wharf. They were working under the hatchway, and a number of lumps of coal were tipped out of the tub through its catching against something when high in the air, one of the lumps inflicting an ugly hurt on the back of Mr. Sullivan's head, while Mr. Reagan was severely cut and bruised about the body.

Mr. Daniel H. Trefethen, nominated for alderman by the democratic caucus of ward one, was badly hurt on Monday while at work repairing Mrs. Kane's house on Deer street, by being struck by a piece of timber which fell from above where he was engaged. It was thought his injuries were such that he would be confined for several days.

A boy tumbled overboard from a boat in which he was playing off the steamboat wharf on Monday, but was pulling in by a fisherman with no other damage than a wetting and scaring.

AROUND HOME.

Election to-day. Vote early, and vote right.

There is no valid reason why any republican should remain away from the polls to-day, or vote a split ticket; the republican candidates are worthy of the full party vote.

The hotels at the Shoals are well filled with guests. There are more visitors at Appledore, but a larger proportion of diamonds at the Oceanic.

The yacht Alert, owned by Tripp & Myers of No. 111 Devonshire street, Boston, arrived at Jones' wharf late Sunday night from a cruise to the eastward, bound home; she had a yachting party of seven persons on board, who took the morning train for Boston. The Alert belongs to the South Boston yacht club, and Capt. Frank Rowe, formerly of this city, is her sailing master.

Over a hundred guests arrived at the Oceanic on Saturday.

Geo. W. Riddle, Esq., treasurer of the New Hampshire state fair, spent Sunday at the Oceanic. He thinks that Concord possesses more advantages for holding the state fair this fall, than does Gosport.

It is announced that the Woods farm, situated in Rye near the Wentworth house bridge, and lying on both sides of the road leading to the bridge, has been purchased by Hon. F. Jones, and will be extensively improved in connection with the big hotel, probably for cottage sites. The price paid is mentioned as $10,000.

C. C. Pearson, Esq., of the Concord *People*, was at the Shoals on Sunday; he came in by the Appledore on Monday, and went to the hotel Wentworth for a brief stay.

Orders were received at the navy yard on Monday to continue operations for the first three days in August, Congress having last week continued the appropriations of last year till August 3d.

A party of twenty ladies and gentlemen went down river in the steamer Fearless on the 30 ult., by invitation of Mr. Dennis J. Lynch, and enjoyed the ocean breeze for some hours while fishing off Gerrish's island. Afterward a run was taken up the river as far as Freeman's point, to enable the excursionists to take a look at the new schooner Annie F. Conlon, the young lady in whose honor the schooner is named being one of the party.

The yachts Tillie, Dillingham owner, and White Wing, Charnock Bros. owners, of Hull; the Vif, Harding owner, and Alice, Locknart owner, of Boston; and the Una, Eckstein owner, of Cincinnati, were at the Shoals last week.

All the cloths, clothing and gentlemen's furnishing goods in the store No. 33 Market street are to be sold previous to Aug. 12th, at whatever prices can be realized; also all the fixtures in the store, including tailor's cutting table, pressing machine, goose and irons, show cases, mirrors, stoves, etc. See advertisement.

The Mystic took sixty passengers to the Shoals on Sunday.

One of the busiest places in this city at the present time is the bottling establishment of Mr. C. E. Boynton on Bow street. It is now the height of the season for his business, and the call for the numerous light summer drinks which he manufactures and bottles—and none better are produced—is such as to test the full capacity of the works.

The police records for July contained the names of 139 persons, an increase over the previous month; this number includes sixty-three drunks, thirty-three lodgers, and nine persons arrested under the tramp act.

Yacht Vif of the Eastern Yacht club, owned by Edgar Harding of Boston, was at the Shoals on Saturday.

The yacht Emily, of East Boston, from Rockland and bound home, came into the lower harbor Monday evening.

The schooner Albert Woodbury of this port, Downs master, carried 285 bbls. of mackerel into Boston on Saturday, stocking $1000.

During the month of July ninety vessels entered inward at the Portsmouth custom house, eighty-nine being from domestic ports and one from a port in the British provinces; twelve were steamers, and seventy-eight sailing vessels. Fifty-six vessels brought coal, aggregating 20,560 tons; four cargoes of cement, 2592 barrels, three cargoes of lumber, amounting to 260,000 feet, two cargoes of cord wood, one of railroad ties, one of sand, and six of general merchandise, were also brought in.

President Phillips of the Eastern railroad was at the Oceanic on Sunday.

Eighty-four degrees is the highest temperature registered on the dock at the Appledore this season. This single instance was only for a brief period on one day.

Good Babies.

'Tis a jolly day from East to West,
For children thrive, and mothers rest,
The darling girls all named Victoria,
And with the boys, they have Castoria,
It is a fact, there is no "may be,"
A mother's milk can't save the baby,
While sweet Castoria digests their food,
Gives them health and makes them good.

Or plain, or beautiful, the while,
No lady can afford to smile,
Unless her teeth are like the snow;
And if she fail in this,
And can't afford to smile or kiss
She must use SOZODONT, I trow.

A Cough, Cold or Sore Throat

Should be stopped. Neglect frequently results in an incurable Lung Disease or Consumption. "Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sad Accident.

Mr. Oscar Craigg Blown up by a Premature Blast in the Rosendale Cement Quarry—Destruction of an Eye—Its Subsequent Removal by Surgical Operation.

Mr. Oscar Craigg was foreman in a cement quarry at Rosendale, Ulster Co., N. Y. By an explosion one day in the quarry he lost an eye—lost it totally. Under the impression that the matter was less serious the local physician told Mr. Craigg that his eye was not lost wholly, but could be saved by treatment. The experiment was tried and failed. Worse remained behind, for he was in danger of losing the other also, through sympathetic inflammation. In this strait he consulted Dr. David Kennedy, of Rondout, N. Y., who told him the injured eye must be taken out to save the other. To this Mr. Craigg demurred, and went back home in doubt. His local physician said: "Go to New York." To New York the patient went, and one of the most eminent oculists in the country, having looked at the case, said: "You have lost one eye entirely; go back and do what you can to save the other." Briefly, Dr. Kennedy removed the ruined eye and treated Mr. Craigg with "Kennedy's Favorite Remedy" to build up the system, and the result was successful.

Dr. Kennedy's great success as a Surgeon is due to the use of "Favorite Remedy" in the after treatment.

Are you troubled with Dyspepsia, Liver Complaint, Constipation or derangement of the Kidneys and Bladder? then use Dr. Kennedy's "Favorite Remedy." It will not disappoint you. Dr. Kennedy's "Favorite Remedy" for sale by all druggists.

LYDIA E. PINKHAM'S

VEGETABLE COMPOUND,

Is a Positive Cure

For all those Painful Complaints and Weaknesses so common to our best female population.

A Medicine for Woman. Invented by a Woman. Prepared by a Woman.

The Greatest Medical Discovery Since the Dawn of History.

It revives the drooping spirits, invigorates and harmonizes the organic functions, gives elasticity and firmness to the step, restores the natural lustre to the eye, and plants on the pale cheek of woman the fresh roses of life in the early summer time.

Physicians Use it and Prescribe it Freely.

It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. For the cure of Kidney Complaints of either sex this Compound is unsurpassed.

LYDIA E. PINKHAM'S BLOOD PURIFIER will eradicate every vestige of humors from the blood, and gives vigor and strength to the system, of most women or children. Judge by having it.

Both the Compound and Blood Purifier are prepared at 233 and 235 Western Avenue, Lynn, Mass. Price of either, $1. Six bottles for $5. Sent by mail in the form of pills, or of lozenges, on receipt of price, $1 per box for either. Mrs. Pinkham freely answers all letters of inquiry. Enclose 3ct. stamp. Send for pamphlet.

No family should be without LYDIA E. PINKHAM'S LIVER PILLS. They cure constipation, biliousness, and torpidity of the liver. 25 cents per box.

A despatch from Danville, Va., says that Saturday morning, about three o'clock, sixty men from the Sycamore neighborhood rode within the limits of Chatham, with the intention of lynching Yeats, who was to have been hanged Saturday, and had been granted a respite of one week. Scouts sent forward by them reported that the jail was lighted up and guarded, and the party, concluding that a determined resistance would be made, retired and dispersed. Yeats was convicted by the county court for he murder of J. D. Adkerson, an intimate friend. The crime was committed the day following Yeats' marriage. The murderer now claims that the provocation for his crime was his discovery, on the morning following his nuptials, that his bride had been criminally intimate with the murdered man before her marriage. Accompanying the prisoner's petition for a respite was an affidavit setting forth these alleged facts.

Julian Boyd, a young planter, was assassinated Friday night on the road near Thomas, Ga., by three brothers named Martin, who were arrested. Boyd had broken a promise to marry their sister.

☞ Nothing so simple and perfect for coloring as the Diamond Dyes. For carpet rags, better and cheaper than any other dye-stuffs.

Miss Katie Havel, aged eighteen years, was taken with cramps while bathing in Spring Lake, N. Y., July 28th, and drowned. Her body was soon recovered.

Novelty Pie.

Soak one pound of salt codfish one hour. Put it on in fresh water to boil with the peel of an orange and a red pepper. Mash eight good-sized boiled potatoes and a lump of butter, adding the juice of an orange. Mix all well together and put in a buttered dish. Take one pint or more of milk and heat in it one teaspoonful of Sea Moss Farine and pour over the fish. Cover the top with bread crumbs. Bake one hour.

Charles H. Reed, of Charles H. Reed & Co., hide and leather dealers of Boston, was almost instantly killed on Monday by a fall into the cellar of his store.

Wheat Bitters reach every part of the human body, through the blood. Do not fail to give them a trial.

Hecker's flour mills in New York city were burned July 31st, throwing 500 men ont of employment. Fisher & Co.'s spice warehouse, three three-story dwellings, and the mill stables, were also burned.

That feeling of languor and debility that follows physical exertion, removed by using Brown's Iron Bitters.

Mary Teevan, a domestic servant in Boston, kindled a fire on Saturday afternoon with kerosene, and died that night from her burns.

Dyspepsia, flatulency, distress after eating, cramps and pains, diarrhœa, dysentery, no appetite or strength, debility and loss of sleep, demand an immediate use of Sanford's Ginger.

Lewis Rosenberg of Vicksburg, Miss., lately acquitted of the murder of Dr. Williams of Mechanicsburg, has been notified to leave the country by a committee of citizens.

That Baby of Mine,

Auntie, three months ago had the salt rheum so bad that his head was a mass of sores, and I had begun to loose all hopes of raising him, but my druggist recommended Sulphur Bitters, and to-day he is as fat and chipper as any baby you ever saw, and he has not a sore on his head, and just think after paying out so much, that a few dollars worth of Sulphur Bitters should cure him.—*Mrs. F. PERRY DAVIS' PAIN KILLER *never fails to afford instant relief* for cramp and pain in the stomach. JOSEPH BURDETT.

NICHOLVILLE, N. Y., Feb. 2, 1881.
The very best medicine I know of for dysentery, cholera morbus, and cramps in the stomach. Have used it for years, and it is *sure cure* every time. JULIUS W. DRE.

MOHNGONA, IOWA, March 12, 1881.
I have used your PAIN KILLER in severe cases of cramp, colic, and cholera morbus, and it gave almost instant relief. L. E. CALDWELL.

CARNESVILLE, GA., Feb. 26, 1881.
For twenty years I have used your PAIN KILLER in my family. Have used it many times for bowel complaints, and it *always cures.* Would not feel safe without a bottle in the house. J. H. IVES.

SACO, ME., Jan. 22, 1881.
Have used PERRY DAVIS' PAIN KILLER for twelve years. It is *safe, sure, and reliable.* No mother should allow it to be out of the family. H. T. NAYES.

ONEIDA, N. Y., Feb. 19, 1881.
We began using it your PAIN KILLER, and find it always gives immediate relief. Would hardly dare to go to bed without it in the house. W. O. SPERRY.

CONWAYBORO, S. C., Feb. 23, 1881.
Nearly every family in this section keeps a bottle in the house. DR. E. MORTON.

U. S. CONSULATE,
CRESFELD, RHENISH PRUSSIA, Feb. 8, 1881.
I have known PERRY DAVIS' PAIN KILLER almost from the day it was introduced, and after years of observation and trial I regard it as a treasure in my household as an *indispensable necessity.* I. S. PORTER, U. S. Consul.

HUNTON-ON-TRENT, ENG.
I had been several days suffering severely from diarrhœa, accompanied with intense pain, when I tried your PAIN KILLER, and found almost instant relief. H. J. NOONE.

31 MONTAGUE ST., LONDON, ENG.
During a residence of twenty-three years in India, I have given it in many cases of diarrhœa, dysentery, and cholera, and never knew it to fail to give relief. R. CLARKOE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

A Trial Package Sent Free.

We feel so near confident that you will send for a box of our medicine after using a sample package and learning how it acts, that we are willing to go to the expense of sending you a trial package free. Thus we offer our

Homeopathic Regulative Tonic,

wholly upon its merits as you are not asked to buy it until after you have given it a trial, and have become convinced that it is an excellent thing, and you don't care to do without it.

Our REGULATIVE TONIC acts exclusively upon the bowels to produce regular healthy action in cases of torpidity and constipation. It does not act as a cathartic, and therefore leaves no sickness or debility, such as follows that class of medicines, but produces a cure in almost every case by getting the bowels in the habit of regular, healthy action.

Send postal card to our office, and address for sample package.

No Whiskey!

BROWN'S IRON BITTERS is one of the very few tonic medicines that are not composed mostly of alcohol or whiskey, thus becoming a fruitful source of intemperance by promoting a desire for rum.

BROWN'S IRON BITTERS is guaranteed to be a non-intoxicating stimulant, and it will, in nearly every case, take the place of all liquor, and at the same time absolutely kill the desire for whiskey and other intoxicating beverages.

Rev. G. W. RICE, editor of the *American Christian Review*, says of Brown's Iron Bitters:

Cin., O., Nov. 16, 1881.
Gents:—The foolish wasting of vital force in business, pleasure, and vicious indulgence of our people, makes your preparation a necessity; and if applied, will save hundreds who resort to saloons for temporary recuperation.

BROWN'S IRON BITTERS has been thoroughly tested for dyspepsia, indigestion, biliousness, weakness, debility, overwork, rheumatism, neuralgia, consumption, liver complaints, kidney troubles, &c., and it never fails to render speedy and permanent relief.

SULPHUR BITTERS

THE BEST AND GREATEST MEDICINE

It will drive the Humor from your system, and make your skin clean and smooth. *Those Pimples and Blotches* which mar your beauty are caused by impure blood, and can be removed in a short time, if you are wise and use the great blood purifier.

SULPHUR BITTERS. Why suffer with Boils, Pimples and Blotches? Why lay and toss on that restless bed, tortured with Rheumatism? Why suffer with that terrible Headache and Nervousness? Why suffer with that Dyspepsia? Why suffer with that Kidney Complaint? Why suffer with that Constipation? Why suffer with that Liver Complaint? Why suffer with that Female Weakness? Why suffer with that Ague? Why suffer with that Fever? Why suffer with that Chills? Why suffer with that Malaria? Why suffer with that Nervousness? Why suffer with that Sleeplessness? Why suffer with that Loss of Appetite? Why suffer with that Dizziness? Why suffer with that Sick Headache? Why suffer with that Pain in the Back? Why suffer with that Pain in the Side? Why suffer with that Pain in the Joints? Why suffer with that Pain in the Stomach? Why suffer with that Pain in the Head? Why suffer with that Pain in the Face? Why suffer with that Pain in the Eyes? Why suffer with that Pain in the Ears? Why suffer with that Pain in the Nose? Why suffer with that Pain in the Mouth? Why suffer with that Pain in the Teeth? Why suffer with that Pain in the Throat? Why suffer with that Pain in the Chest? Why suffer with that Pain in the Lungs? Why suffer with that Pain in the Heart? Why suffer with that Pain in the Liver? Why suffer with that Pain in the Kidneys? Why suffer with that Pain in the Bowels? Why suffer with that Pain in the Stomach? Why suffer with that Pain in the Back? Why suffer with that Pain in the Side? Why suffer with that Pain in the Joints

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

WEDNESDAY, AUGUST 2, 1882.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

The Naval Appropriation Bill.

In the senate, on the 31st, the bill was reported to the house, and nearly all the amendments made in committee of the whole were agreed to. On motion of Mr. Rollins the appropriation for the payment of labor in equipping vessels, etc., in the navy yards, was increased $50,000, making the total $750,000. The bill as amended was finally passed by a viva voce vote. Its salient features are as follows:

The active list of the medical corps of the navy shall consists of fifteen medical directors, fifteen medical inspectors, fifty surgeons, and ninety assistant and passed assistant surgeons. The active list of the pay corps is hereafter to comprise thirteen pay directors, thirteen pay inspectors, forty paymasters, twenty past assistant paymasters, and ten assistant paymasters. The active list of the engineer corps is to consist of ten chief engineers, with the relative rank of commander; forty-five chief engineers with the relative rank of lieutenant commander, or lieutenant; forty passed assistant engineers and forty assistant engineers with the relative rank for each as now fixed by the law. The active list of lieutenants is to consist of 225.

The secretary of the navy is directed to appoint a commission to consider and report to the next session of Congress upon the question whether it is advisable to sell any of the navy yards, and if so, which ones.

For the general purposes of construction and repair an appropriation is made of $1,750,000, with the proviso that no part of this sum shall be applied to the repairs of any wooden ship when the estimated cost of such repairs shall exceed thirty per cent of the estimated cost of a new ship of the same size and like material. Any portion of this sum which is not required for the purposes aforesaid, may be applied to the construction of two steam cruising vessels of war, and the secretary of the navy is directed to organize a naval advisory board to assist him with its knowledge and counsel during the period required for the construction, armament and trial of these vessels.

An appropriation of $400,000 is made to build and fit the turrets and pilot houses of the ironclad steamer Miontonomoh, and to launch to the best advantage the monitors Monadnock, Puritan, Amphitrite and Terror. No further steps are to be taken for the repair or completion of those vessels until the further order of Congress, and the naval advisory board is directed to report to Congress at its next session upon the cost and expediency of finishing them.

News and Notes.

A six-days' go-as-you-please pedestrian contest commenced in Boston on Monday soon after midnight for a diamond belt, the "championship of the world," and the gate money. The contestants starting were John Hughes of New York, "the Lepper;" George D. Cameron, or "Noremac;" Frank Hart of Boston, colored; Charles A. Harriman of Haverhill, Mass.; George Dufrane of New York; "Old Sport" Campana, of Bridgeport, Conn.; and Thomas Gallagher, long-distance champion of Canada.

Sergt. Kelly surrendered himself to the authorities of Bath, Me., Monday, and was examined on the charge of shooting Smith at Fort Popham on Saturday. Kelly testified that the shooting was purely an accident. He merely intended to intimidate the young man. He was holding his pistol in the left hand, grasping the barrel. He was bound over to the August term in $500.

The Duke of Westminster was married to Hon. Catherine Cavendish at Holkham, England, Saturday. The ceremony was private. The bride is thirty-two years younger than her husband, and the Duke's eldest daughter is the wife of her brother, Lord Gresham.

During the debate on the navy appropriation bill in the senate on Monday, Mr. Cockrell, Bourbon democrat from Missouri, attempted to squelch Senator Rollins, who insisted on speaking, and said he proposed to find out whether some one had rights in the senate outside the committee on appropriations. Mr. Ingalls, of Kansas, encouraged Mr. Rollins with the remark: "Go on with the autopsy, Rollins!" Mr. Rollins then made a brief but sarcastic speech against any provision which would throw the navy entirely at the mercy of contractors, also saying that it was beyond Mr. Cockrell's power to throw him off his feet when he rightly had the floor.

Robeson's Appropriation Bill.

The result of the contest over the naval appropriation bill in the senate has taught Mr. Chandler a lesson in politics which it was presumed he had before been familiar with.

While Senator Hale, of Maine, (who singularly has ignored the wishes of his constituents in his course on this bill, and prepared for himself a political grave from the filling of which not all the wealth of his marital relations can save him) was instancing Mr. Sec'y Chandler as being heartily in favor of certain objectionable features of the bill, the two senators from Secretary Chandler's state were the most vigorous opponents of this species of obnoxious legislation, which sought to close navy yards and reduce appropriations for public works, that contractors passed over from the Grant administration might again, with leech-like appetite, come to the treasury and cry for more.

The contractors in selecting the Ellsworth senator made a blunder in their estimate of his influence in the senate.

The senator who comes from the head of navigation on the Union river is not such an able heimsman as was the veteran from the Penobscot, or the able parliamentarian from the Kennebec.

AROUND HOME.

The sloop Gazelle, belonging to the contractors for the removal of Gangway rock, broke adrift about four o'clock Tuesday morning, parting her moorings; she was brought up by her anchors below Clark's island, having drifted through the narrows and by Goat island ledge unharmed, and was towed back by the tug Clara Batemen, and made fast to one of the mooring buoys off the navy yard, where she discharged her cargo of stones into a gondola. The gondola was towed to the Newcastle breakwater in the afternoon by the steamer James Sampson, to discharge.

About a dozen Boston policemen came down to this city on Tuesday, and went to the Shoals per steamer Appledore. One of the visitors, Capt. Ayers of the Charlestown district, is a native of this city. It had been intended by the Portsmouth officers to pay personal attentions to their Boston brethren, but the excursion happening on election day they were unable to carry out the programme.

The Vaughan street railroad crossing in this city is not the only one where freight trains sometimes cause indignation and profanity on the part of would-be crossers. The Dover *Republican* of a late date says: "The afternoon freight on the Portsmouth & Dover railroad causes much inconvenience to pedestrians and conveyances of all kinds, by stopping their train directly across the road on Linden street, at Sawyers Mills. On Friday the thoroughfare was obstructed for twenty-seven minutes."

Hon. Wm. L. Foster, of Concord, has taken the Frisbee cottage at Kittery Point for the summer.

Four new cars, made by the Gilbert & Jones Co. of Troy, N. Y., have been placed on the Eastern railroad. They are handsomely finished in California redwood, with beautifully frescoed head linings, handsome bronze lamps, and nickle arm-rests. The seats are upholstered in scarlet plush.

—It is stated that the Egyptian artillerists suffered from the explosion of their owrl weapons. What! has the toy pistol been introduced into Egypt?

Or plain, or beautiful, the while,
No lady can afford to smile,
Unless her teeth are like the snow;
And if she fall in this,
And can't afford to smile or kiss
She must use SOZODONT, I trow.

A Cough, Cold or Sore Throat
Should be stopped. Neglect frequently results in an incurable Lung Disease or Consumption. "Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25 cts a box everywhere. sod4wtjan22

State of New Hampshire, Rockingham, ss.

By the Judge of Probate for said County.

TO the heirs at law and creditors to the estate of Hannah Caswell, late of Northwood in said County, and all persons interested in said estate, GREETING.

YOU are hereby notified that Charles A. Caswell, Guardian of said Hannah, has filed his account of said guardianship in the Probate office for said county, and will present the same at a Court of Probate to be holden at Exeter in and for said County, on the Wednesday next following the third Tuesday of August next, at 10 o'clock, A. M., for examination and allowance, and will also at the same time and place tender his resignation of said trust.

YOU are therefore hereby cited to appear at said court to be heard thereon, and to make such objections as you may then have. And notice is hereby required to be given by causing this citation to be published three weeks successively in the PORTSMOUTH CHRONICLE, a newspaper printed at Portsmouth, in said County, the last publication whereof to be at least one week prior to said Court. By order of the Judge.

Dated July 25th, A. D. 1882.

WOODBURY M. DURGIN,
12822] Register of Probate.

The press despatches of Monday, July 24th, said: "Arthur Peterson, a prominent young Philadelphian stopping at George Talpey's boarding house at York beach, and Dora Hilton, a domestic at the same establishment, have been missing since Saturday. It is supposed that they have eloped." A Portsmouth paper on the following Tuesday said it was known the parties referred to were in this city as late as Tuesday morning; and the Dover *Democrat* of the 27th contained the following item: "Robert A. Peterson of Malden, Mass., and Elena Hilton, of Cape Neddick, Me., came to this city Tuesday with matrimonial intentions. After securing a license, a minister was hunted up and the loving twain were made one."

The yacht William H. Russell arrived from her cruise to Mt. Desert on Tuesday evening. Fine weather and a pleasant trip is reported.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable food and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the digestive, shortens the appetite, invigorates and builds up the entire system, and excites a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from lactitude and wretchedness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It renews the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for assisting and rapidly restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither palls upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are confined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of fat-producing foods, and its effect is invariably to give fullness and roundness to the female form, and muscularity to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fac-simile signature of Baron von Liebig, and a fac-simile of his Signature, as well as that of A. LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Isles of Shoals.
Appledore and Oceanic
HOTELS.
THE staunch, sea-going steamer Appledore, Capt. Albert Rand, leaves Jones' wharf, near the foot of Deer street, for these favorite and widely-known ocean resorts, daily, (Sunday excepted,) at 11 o'clock A. M., and six o'clock P. M. Returning, leaves the Islands in season to connect with the morning and evening trains on the Eastern railroad for Boston and the west. Baggage checked through from Boston and intermediate stations, and returned free.
LAIGHTON BROTHERS & CO.

THE WENTWORTH,
NEWCASTLE, N. H.
THIS HOTEL has accommodations for 450 guests, and offers more attractions for the pleasure and comfort of its patrons than any other seaside resort on the Atlantic coast. Its high situation affords beautiful views both Inland and seaward; its healthful atmosphere, the easy manner by which it can be reached, its advantages for boating, fishing and bathing, excellent drives and attractive walks, all combine to make it one of the most charming places on the New England coast. The house contains every modern appliance. It has spacious and well-ventilated rooms, furnished in black walnut, with the best of beds, large parlors, halls and rooms for social enjoyment, passenger elevator operated by steam, Music Hall for dancing and theatricals.

An Orchestra of twenty members of acknowledged professional ability, under the direction of Mr. Henry L. Harlow, will furnish music for the season.

At the station in Portsmouth the coaches of the Hotel are always in waiting. Address, Portsmouth, N. H.
